Also present was board attorney, Mark Toscano, Esq.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier. He then spoke about the recent school rankings of our high schools and district. NJ Monthly's ranking for New Jersey noted HS North was ranked #2 and HS South was ranked #9. In 2014, the two schools came in at numbers 23 and 35, respectively. Mr. Fleres congratulated the schools. In addition, niche.com ranked the district as #33 in the nation as best school district and #3 in the state. He noted that even though we are pleased with the rankings, he reminded everyone not to take the rankings too seriously. Groups who do the rankings set their own criteria which change year-to-year. The district rankings and quality of education always comes out near the top which is to the credit of teachers, parents and students who do all the work. This is something we should all be proud of.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold also welcomed everyone to the start of the 2016-2017 school year. He extended his thanks to the staff for their dedication and professionalism during the summer as they worked together to write or rewriting over fifty curriculum documents, attending professional development trainings, building master schedules, hiring new colleagues, working together in committees to review report cards or planning for faculty or morning meetings throughout the year. He then spoke about the passion, purpose and pride the staff brings each day to our school community.

While the district was hard at work this summer, so were the NJ State Board of Education and the NJ State Board of Education. Dr. Aderhold spoke about the significant changes to the regulations for high school graduation requirements and for our parents and students to realize the impact of these changes. He remarked that students graduating in classes of 2017 through 2019 can meet graduation assessment requirements through a variety of ways including: achieving passing scores on certain PARCC assessments; achieving certain scores on alternative assessments such as the SAT, ACT, or Accuplacer; and, submitting a student portfolio through the Department's portfolio appeals process noting that students of Special Education whose IEPs specify an alternative way to demonstrate proficiencies will continue to follow the graduation requirements set forth in IEPs. Beginning with the Class of 2020, students must take all end-of-course PARCC assessments in order to graduate. For those who take the PARCC and do not "pass" this assessment, the portfolio process will be available. Hence, beginning with the current Grade 9 students, all students must take PARCC assessments in order to graduate high school. With the Class of 2021 (current 8th graders) students must take all end-of-course PARCC assessments and pass the ELA 10 and Alg. 1 assessments.

In addition, the State Board of Education also passed changes to Student Teaching with the passing of edTPA which is a Stanford Assessment.

Dr. Aderhold also echoed Mr. Fleres' comments on the recent rankings and congratulated our students, staff, parents and administration.

STUDENT REPRESENTATIVE COMMENTS

Haley Rich, High School South, reported the Pirates have settled back into the school schedules; homecoming and spirit week planning is happening; South has a mascot this year; Student Council is selling Teal Out shirts and volunteering for a 5k run to raise money for Ovarian Cancer research; South's girls tennis team is maintaining their reputation as a powerhouse by already achieving a 4-1 record; and, the girls and boys cross country team made their debut at the Cherokee Challenge, placing 6th out of 60 schools and 3rd for New Jersey schools and the boys placed 4th overall and 2nd out of New Jersey schools. She also spoke about the NJ Monthly magazine rankings for the

top high schools in the state, and South and North have been ranked ninth and second, respectively.

Dillon Henry, High School North, also commented on the new report by the NJ Monthly rating the top 100 public high schools in with North received 2nd place in the state, and South 9th in the state. Last year the schools were in 23rd and 35th places respectively. North's Student Council has been hard at work these past few weeks preparing the grand decorations for the Homecoming weekend with the theme of "international cities," councils have designed everything from the Freedom Tower in NYC, to the Louvre in Paris. Friday the 16th, the North v. South football game takes place at High School South so be ready to wear your blue or green.

The purpose of this day is to build bridges of cultural understanding and to strengthen the idea of peace in our diverse and vibrant community. He also extended his thanks to all of the volunteers, performers, CMS students, HS South Choir and all of our others students who came out to participate in the peace essay contest. PUBLIC COMMENT

Bruce Salmestrelli, WWPEA President, spoke about the NJ Spotlight article and commended Dr. Aderhold’s commitment to the community and his raising important issues. He felt Dr. Aderhold remarks were “spot-on” for his student growth percentages (SPGs) comments.

Two other people spoke on the following: OPRA and electives.

Dr. Aderhold commented on the NJ Spotlight article. He noted that as a school district we have obligations to do certain things. We have to align to standards that are approved by the NJ Department of Education and the NJ State Board of Education; we have to meet teacher evaluation requirements as ordered or per proclamation by the Commissioner or other officials; and, we have to meet the graduation requirements established by the State Board of Education. What we don't have to do is accept student teachers in the district. Starting in the 2017-2018 school year, student teachers and students will be videotaped. Colleges have already signed contracts with providers; this means that any videotaping must be maintained for four-years by the provider. He spoke about his concerns for confidentiality and privacy since this process will now be managed by an outside firm. With this new procedure, student teachers will be faced with fees for filming, scoring and uploading 3-5 lessons that meet scoring standards established by an outside firm who would be videotaping our student teachers and students. If the scoring doesn't meet the standards, then the student teachers will not meet the requirements for licensure. Another concern is that this process has moved teacher licensure from the State to a third party vendor. In the past, to become licensed a student teacher would need a licensed teacher's recommendation, university professor's recommendation, past practice evaluation, and benchmark assessment. Now it will be an individual person's interpretation of the videotaping. This is an evolving issue with several other districts being of the same mind and expressing similar concerns.

A motion to adjourn the meeting was made by Ms. Kaish, seconded by Mr. Zhong. All Board members that were present voted in favor of adjourning the meeting.

The meeting adjourned at approximately 8:20 p.m.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier, so the meeting has already been opened.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold mentioned the upcoming Community Forum for Strategic Planning with consultant, Judith Wilson, who would be hosting the forum on October 29th in the multipurpose room. Ms. Wilson has already held individual and group interviews, and created surveys for students, parents, and community members.

He also remarked that the November 8th BOE Meeting will be held at Grover Middle School's Commons as the Administration Building's multipurpose room will be used for West Windsor Township voting. This removes the voting from Dutch Neck and Village.

STUDENT REPRESENTATIVE COMMENTS

Haley Rich, High School South, reported that the Student Council's homecoming week was very successful; at the dance, a flip book maker was set-up with a large green screen and a photographer shot a 7-second video of the subjects then converted the video into a frame-by-frame book. South's annual "Pink-Out" Football Game was on Friday and the cheerleaders sold "Pink-Out" shirts all week long with proceeds going to Breast Cancer research. In sports, varsity football team won its first game in two years, 29-28 against Hamilton West, then beat the odds to tackle Princeton High School this Friday, 42-18; and, Volleyball's annual "Serve Up For Hope" game will be next Thursday and the team has been selling "Serve Up For Hope" shirts with all the proceeds going towards Alzheimer's research. This year, a few members of South's African-American community collaborated and made a new club, "South Black Student Union." Some of its members held a blackout during America Day of Spirit Week, wearing all black to voice their support for the "Black Lives Matter" movement. The club is now collaborating with the Hispanic Club to make joint events.

Dillon Henry, High School North, remarked that North's sport teams have been performing well and the fencing and ice hockey teams are preparing for the start of winter sports. With the new school year, students have become accustomed to their classes and teachers' expectations of them. The annual homecoming weekend was very successful and fun, especially spirit days, the homecoming football game, and the homecoming dance. Next Wednesday, October 26th, comes the North band, choir, and orchestra's Halloween Concert at 7pm.

TESTING REPORT PRESENTATION

Mr. Smith, Assistant Superintendent for Curriculum and Instruction, began the Fall 2016 Testing Report presentation by noting that this presentation would focus on the following assessments: Partnership for Assessment of Readiness for College and Careers (PARCC); Scholastic Aptitude Test (SAT); and, Advanced Placement (AP). He mentioned that last year the testing report presentation was delayed until January as the PARCC results were late.

Overall, the district's PARCC 2016 test results outperformed the New Jersey and PARCC benchmarks by 30%-40% respectively. These results indicate that our students are on track for college and career readiness. PARCC has five score levels: level 1 indicates not yet meeting expectations while level 5 indicates exceeding expectations. With the focus on Level 4 and Level 5, Grades 3-8 were reviewed in Language Arts; Grades 9-11 in Language Arts Literacy; Grades 3-7 and Grades 7-11 in Mathematics. In Language Arts, Grades 3-8 scored in the 76%-84% range

while the State & PARCC consortium benchmarks were in the 40-55% range. In Grades 9-11 Language Arts Literacy our students scored around 45%-81% while the benchmark averaged 37%-41%. In Mathematics Grades 3-7 total scoring ranged was 75%-81% while benchmarks were at 37%-52%; Grades 7-11, while not tied to an individual grade level, scoring 62%-75% with the benchmarks ranging 25%-41%.

Last year was the first year the district was required by State law to administer PARCC. Using the 2015 data as a baseline, he compared 2016 against 2015 PARCC proficient scoring totals. With the focus on Level 4 and Level 5, Grades 3-8 Language Arts was relatively the same; Grades 9-11 Language Arts Literacy shows improvement in 9, no significant changes in 10 and lower in 11 due to opting out and AP exemptions; Grades 3-7 in Mathematics trend was very similar to language arts; and, Grades 7-11 Mathematics had a slightly higher performance across all grade levels.

Mr. Smith also reviewed SAT/AP results which are typically administered to juniors and seniors in high school. The national comparative data benchmarks are measured against the State of New Jersey and District Factor Groups (DFG). DFG compare students' performances on statewide assessments across similar demographical school districts. SAT data covered the 2010-2015 timeframe comprising writing, critical reading, and mathematics. Essentially, both high schools are performing slightly higher in all three areas. He remarked that this year the College Board has revised the SATs which will reset the baseline next year. A summary of the 2016 AP results by high schools was reviewed indicating a 92% passing grade with strong performance for students at Levels 4 and Level 5.

The Board engaged Mr. Smith on various parts of his presentation. Mr. Fleres thanked Mr. Smith for the presentation.

SPECIAL PUBLIC HEARING ON THE 2015-2016 ANNUAL DISTRICT REPORT OF VIOLENCE AND VANDALISM AND HARASSMENT, INTIMIDATION AND BULLYING

The hearing opened at 8:04 p.m. In accordance with the State's Sunshine law, adequate notice of this Special Meeting was provided by sending a notice of the time, date, location, and, to the extent known, the agenda of this meeting, to *The Princeton Packet*, *The Times*, *The Home News Tribune*, and West Windsor and Plainsboro Public Libraries. Copies of the notice also have been posted in the Board Office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

Mr. Dalton commented that during the month of October, the district is required to present the Annual District Report of Violence and Vandalism to the Board of Education in accordance with state statutes. He noted that during the winter and at the end of the school year, Lee McDonald, Director of Guidance and Anti-Bullying Coordinator, does presentations which focuses on harassment, intimidation, and bullying (HIB).

He started the presentation with a review of the district's mission statement: "WW-P is committed to providing all students with a safe learning environment that is free from HIB. This commitment is an integral part of our comprehensive efforts to provide learning, and to prevent and eliminate all forms of HIB through the following practices: adhering to the 2011 New Jersey Anti-Bullying Bill of Rights legislation; training all staff to identify, report, and address HIB behaviors in a timely fashion; and proactively educating parents, students, Board of Education members, and the community to establish HIB expectations and the communication of our commitment to safety and respectful behavior for all."

He spoke about the types of activities that took place at the elementary, middle, and high schools during the designated “Week of Respect” which takes place the first week in October. At all grade levels, activities centered on providing age appropriate instruction focusing on preventing HIB and to engage students to think about their actions. Even though this is officially a “week of respect” the district engages and encourages this concept all year long.

Mr. Dalton then reviewed the State’s definition of HIB is: “Any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L. 2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students.”

The “Anti-Bullying Bill of Rights” was signed into law in 2011 with on-going revisions and guideline changes. Basically, the law amends the definition of HIB; clarifies responsibility for conduct away from school grounds; creates school safety teams; requires anti-bullying specialist and coordinator in every school district; and, new procedures for investigation, reporting, discipline, and appeals. He remarked that the state defines, sets specific criteria, and scenarios for reporting incidents in the categories of violence, vandalism, weapons, and substance abuse; only incidents that meet the criteria are reported; not every incident is reported nor is every incident considered in the same category depending on factors such as circumstance and grade level. He did note that the definitions for HIB vary from items reported in the EVVRS system; therefore, comparisons are not directly correlated.

A three-year trend of investigations and confirmed HIB were reviewed; he noted that one incident may have a multiple number of students involved. Then he reviewed other statistics including: patterns and trends; count of incidents by reporting category and school totals; cost of vandalism; victim information; and offender information. A comparison for the 2014-2015 school year was reviewed with other local and similarly size districts.

Additionally, he spoke on other in-district classroom activities and lessons later in October to recognize “Violence and Vandalism Awareness Week” as well as recommendations to continue proactive programs for student development and current administrative focus.

Overall, the district’s investigations are down and data is fairly consistent with last year’s. He did note the continual increase in HIB incidents involving unsupervised cellphone usage during non-school hours. The district will continue to provide proactive programs for awareness and educational training.

The Board engaged in a brief discussion about the presentation.

COMMITTEE REPORTS

Ms. Kaish stated that the committee met on October 10, 2016. Topics included: submission of NJQSAC; reviewed the number of OPRA requests data; discussed the continued monitoring of potential housing developments in West Windsor Township; filling the liaison for the planning boards in both townships; and, updated code references for two policies and a regulation: P2417 Student Intervention and Referral Services, P2481 & R2481 Home or Out-of-School Instruction for a General Education Student for Reasons Other Than a Temporary or Chronic Health Condition.

Curriculum and Instruction

Ms. Krug reported that the committee covered the following on October 10, 2016: review of the annual testing report which will be presented tonight; reviewed the data from this past summer's Option ii course taking and examined it to the 2014 and 2015 data which indicated a number of students getting a 70 or better on the equivalent WWP exam; reviewed and support the agenda items: new and revised curricula; acceptance of a telescope donation; NJQSAC submission; professional development consultants and travel; and, overnight field trips.

Finance

Ms. Ho remarked that on October 13, 2016, the committee reviewed the agenda items and supported them. Other topics included: 2015-16 audit with the auditors indicating that the district is in a strong financial condition and has received the highest possible audit opinion. It was noted that the district has received the Association of School Business Officials International “Certificate of Excellence in Financial Reporting” for its Comprehensive Annual Financial Report for the past eight years and it is anticipated we will earn it for this cycle. The Board will receive a draft of the CAFR prior to accepting the report for the November 8th meeting. The Management Report on Administrative Findings was reviewed which is based on a series of tests of the district's internal controls. The auditors remarked that there were no findings this year; generally, most districts have one or more findings. As the 2017-18 budget parameters were discussed, it was mentioned that the State Employees Health Benefit Plan premium increase will be 8.1%. While well above the level of the 2% tax levy cap, it is lower than expected. This budget cycle, attention will be given to areas increasing by over 2%. In addition, the district's facility inspections by the Buildings & Grounds interims have revealed a number of physical plan deficiencies that are being addressed.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold commented that November 14-18, 2016, is American Education Week and an opportunity to celebrate public education and acknowledge the individuals who are making a difference in ensuring that every child receives a quality education. He remarked that he was proud of the schools, staff and students. As a district, we have much to be proud of.

STUDENT REPRESENTATIVE COMMENTS

Haley Rich, High School South, reported that the Student Council's first annual powder puff football game was on October 22nd where all female teams competed against each other in a tournament while some of the varsity football team players served as coaches. The event was successful and the game will be an annual tradition. Student Council also held its annual Teacher's Costume Contest. Each department at South dressed up with a different theme and a mug for each department was placed in the main office with students dropped money into whichever department they liked the best. The winner was the LA department who dressed up as the characters from the movie "Inside Out." All proceeds went towards "Bianca's Kids" which is this year's charity for all New Jersey councils. Fall sports have been winding down, with football's last game on Friday night which was also the football and cheer team's Senior Night. All the players and parents celebrated the effort the seniors have made over the past four years. Cross country's season is still in full swing with the girls winning their fifth Mercer County Championship in a row; and, both the boys and girls placing in the top three at sectional meets. The National Honors Society held its annual Cake Walk, where participants get three attempts at winning a cake, musical-chairs style, for \$3. All the money went towards "Enable," our local home for senior citizens.

Dillon Henry, High School North, remarked that the first marking period is ending and on November 28th the much anticipated report cards will be released. This year's fall drama "The Adding Machine" will start next week; and, North's symphonic band, wind ensemble, and symphony orchestra will be performing another show for the district to enjoy. Last year's was a great success. In addition, many of North's fall sports are coming to a close, and most definitely on a high note: North's girls tennis team finished the season strong 14 and 7; boys cross country was good with 11 and 2; and, girls cross country going 9 and 4. Also, all 7 competitors on the North XC team ended up qualifying for the state competition after finishing second at their sectional tournament. In addition, the girls field hockey team finished their season 9 and 8; and, the boys soccer team made it all the way to the state competition finals after a great season 16 victories and of 6 losses. And, better than before, our football team topped their year off with 3 wins and 6 losses.

COMPREHENSIVE ANNUAL FINANCIAL REPORT PRESENTATION

Mr. Shanok introduced the public auditor Scott Clelland of Wiss & Company, LLP, who performed this year's audit as well as prior audits for the district. He thanked both Mr. Clelland's audit team and district comptroller Mr. Locastro's team for all their efforts.

Mr. Clelland expressed his pleasure for the opportunity to be here to present the June 30, 2016 audit results. He thanked the administration and staff members for all of their efforts and assistance during the course of the audit. He noted that the audit process doesn't take a few days,

but a number of weeks over several months. Part of the audit process is requesting a substantial amount of information, testing control procedures, and checking for compliance. Overall, the audit went very well. It was completed on time and within the statutory deadlines.

Mr. Clelland presented the results of the audit of the 2015-2016 fiscal year indicating that the embodiment of the audit is in the documents: Comprehensive Annual Financial Report and the Management Report on Administrative Findings. Mr. Clelland stated that he had appeared at the recent meeting of the BOE Finance Committee for a full discussion on the audit. He noted that the opinion is an unqualified or unmodified opinion - the highest opinion that can be earned with sound reporting and good internal controls. The district is in very good financial condition.

In addition, in recognition of its strong financial reporting process, the district has received the Association of School Business Officials International's Certificate of Excellence in Financial Reporting for the eighth year in a row. WW-P is one of twenty-five school districts that receive this honor in the state.

The district continues to be very prudent in the way it manages its finances. The district has a high bond rating and utilizes its capital, emergency, and maintenance reserves to the district's maximum advantage. He noted that, more than other districts, WW-P refunds debt when allowable to take advantage of favorable rates; the recent refunding of debt saved the district \$2.8M in interest. In addition, WW-P aggressively pursues the State's Regular Operating District Grants, when they are available, to facilitate many of its capital projects. These grants fund 40 percent of these projects costing the district 60 cents instead of 100 cents on the dollar.

Mr. Clelland remarked that the Business Office has strong internal controls and that the Management Report on the Administrative Findings had no material findings. This was a first for the district. This is a very good reflection of how seriously management takes their financials and the audit process.

Board President Fleres thanked Mr. Clelland for attending the meeting; and, thanked the administration and staff for all their audit preparation and support, especially Mr. Shanok and Mr. LoCastro.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold noted that due to an emergency, the board meeting will not be videotaped this evening.

He spoke about the upcoming Thanksgiving recess and offered his colleagues and the members of the Board a "thank you." He commented that the schools and offices will be closed on Thursday and Friday which will allow everyone to spend time with family and friends. It is an important time for all of us to feel connected and strengthened by the bonds of people who are important to us. There are many times when we go without a "thanks" for the work we do, yet as educators, we know that a word of kindness to our students can be the difference between a good day and a not-so-good day. A word of encouragement can help a student feel accepted and a word of praise or reassurance can make someone feel respected.

He thanked the Board members for volunteering their service to the students, staff and community. Board members put in countless hours to understand and ensure the school district runs well. Also, he thanked the administrators, teachers and staff members. In classrooms, theaters, labs, and athletic fields, they invigorate, challenge, and strengthen the minds and imaginations of our students. They find time to cheer them on, and to find time to carefully explain complex issues.

Dr. Aderhold thanked the parents of our students for their continued support of the school district and for understanding the importance of having well-rounded and well-balanced

young men and women. He noted that we should never underestimate our impact as parents, educators, or as Board members.

Dr. Aderhold then wished everyone a wonderful Thanksgiving.

Mr. Fleres stated that if there were no objections, he would take an agenda item out of order for an administrative appointment since the candidate is with us tonight.

Upon motion by Mr. Zhang, seconded by Ms. Ho, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

| Name (Last, First) | Nature of Action | Position | Step | Salary | Loc. | Date Effective | Date Term. | Discussion |
|--------------------------|---------------------|------------------------------------|------|--------------|------|-------------------|---------------|--|
| A. Administration | | | | | | | | |

Mr. Fleres, on behalf of the board, congratulated Ms. Slagle on her appointment.

PUBLIC COMMENT

A community member wished everyone a Happy Thanksgiving.

COMMITTEE REPORTS

Finance

Ms. Ho commented that the committee met on November 15, 2016, and supported the agenda items. During the summer, West Windsor Township notified us that the long-term lease arrangement for the Transportation Department location will not be renewed. The Superintendent was successful in having the August 2016 date moved to June 30, 2017; we will need to finalize plans immediately. Currently, we have fourteen buses which will reach maximum age limit this June. Determining the number of buses the district should retain will dictate how many drivers are needed. Other issues such as fueling and bus maintenance will also need to be addressed. Last year's budget cycle concluded that having some in-house bus capacity is good from several dimensions: flexibility to deal with emergencies and an ability to serve as a baseline capacity for field trips and athletics are among those elements. Recent actions by the State of New Jersey to make it more difficult for drivers to qualify to drive school buses emphasize the value of such flexibility. In that regard, the current budget includes \$300,000 for potential new vehicles. Other topics included: committing to an auditor for the June 30, 2017 audit; 2017-2018 budget discussions on health expenditures and position control analysis; reviewed some data comparing expenditures; discussed potential impact of future higher inflation; and, update on progress in identifying candidates for the district's open positions.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier. He hoped everyone had a good holiday.

STUDENT REPRESENTATIVE COMMENTS

Haley Rich, High School South, reported that on Friday, students from American History High School in Newark came to visit High School South as part of our Youth Teaching Youth (YTY) program. South's YTY students gave them a tour and a rundown of the history of our school. In February, our YTY students will visit their school in Newark and do the same activities. The purpose of the program is to highlight the differences between urban and suburban schools; students in both programs are aspiring teachers. Pirates are in the holiday spirit and as part of the Winter Giving Campaign "Pirates for Paws" are conducting a pet supplies drive for struggling community families; and, "Home Front" is conducting a cereal drive for local families in need. This week is South's Career Week, where volunteers come in to speak about each day during lunch about different selected occupations such as Computer Science, Social Work, Education, Business, and Law & Criminal Justice. This past Saturday, student council held its annual Holiday Breakfast. The event is for young children to play holiday-themed games like "Pin the Carrot on the Snowman," make crafts, and enjoy a brunch with their parents. Also, on December 3rd and 4th, the orchestra performed its annual Children's Concert. They perform short scenes with themed music in between. This year's theme was the "Wild Wild West."

Dillon Henry, High School North, stated that South's musical and theater groups have been very active with December performances as follows: Symphonic Band, Wind Ensemble & Symphony Orchestra Concert on the 13th with their final show; Philharmonic & Symphony Orchestra Concert on the 17th; Capella Concert on the 18th with their winter show; and, the final musical performance will be the Jazz Band Concert on the 22nd. In addition, the spring musical has been selected for this year based on Dr. Seuss entitled "Seussical." In winter sports, basketball has its first meet tonight; and, first meets have been scheduled in fencing, ice hockey, swimming and wrestling. The cheerleading team, for the third year in a row, has qualified for the nationals after placing third in the regional competition.

2017-2018 PROGRAM OF STUDIES PRESENTATION

Mr. Smith reviewed the revisions to the Program of Studies (POS). With adoption tonight, the POS will be posted on the district web-site in January and the scheduling process will begin in February. He noted revisions to five areas: art, engineering, math, social studies, and speech/drama. The Art Department will have no substantive changes; AP Studio Art pre-requisite has been updated to specifically state the courses needed as a pre-requisite or by Portfolio Review. The Engineering Department has updated the Principles of Engineering course description and the "Architecture Design & Fabrication" course has been renamed "Engineering Design & Fabrication." The Mathematics Department will no longer be offering Algebra I, Part II (Algebra I, Part I ended last year); and, the Pre-Calculus course criteria has been updated to: a minimum 70% Sem. 1 Course Avg. in Advanced Algebra II or complete either Advanced Algebra II Honors or Algebra and Trigonometry. In the Science Department, Chemistry and Chemistry Honors pre-requisites have been updated to eliminate Biology or Biology Honors. The Social Studies Department will add AP Microeconomics. Also, Theatre Arts will be offered to students in grades 9-12 as part of the newly created "Theatre" department which replaces the Speech/Drama class.

It was noted that the Administration and the BOE Curriculum Committee have considered and studied these changes. Curricular review is an on-going process of improvements and updates. It

is believed, that these revisions will continue to enhance, strengthen, and broaden the learning environment for students.

Board Members and administration engaged in a discussion on various aspects of the presentation.

PUBLIC COMMENT

Seven people spoke on the following topics: thanks for all the hard work the Board has done this past year; importance of communication; WWPEA; teaching changes/assignments/dismissals; curriculum changes; robotics' program/competition; A&E math; Option ii; and, balance between learning and stress.

Several people thanked out-going Board Member Scott Powell for his service to the community.

WWPEA President, Bruce Salmestrelli, commented that teachers have opportunities to express their opinions and concerns. He makes a point of speaking to all union members at least once or twice during the course of the year. Mr. Salmestrelli then thanked the Human Resource Director, Alicia Boyko for her service and wished her the best as she moves forward with her retirement plans.

Mr. Fleres stated that if there were no objections, he would take an agenda item out of order for an administrative appointment since the candidate is with us tonight.

Upon motion by Mr. Powell, seconded by Ms. Juliana, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

| Name (Last, First) | Nature of Action | Position | Step | Salary | Loc. | Date Effective | Date Term. | Discussion |

| A. Administration | | | | | | | | |

COMMITTEE REPORTS

Administration & Facilities

Ms. Kaish stated that the committee met on December 6, 2016. Topics included: reviewed 2017-2018 and 2018-2019 calendars and requested multiple versions to be developed to review all options; reviewed the recent proposed capital projects list and waiting for further cost estimates; reviewed the initial enrollment numbers; and, reviewed seven policies and five regulations in the 5000 series due to changes in NJ Code and are on tonight's agenda for a first reading.

Curriculum and Instruction

Ms. Krug reported that the committee met on December 5, 2016, and covered the following: reviewed the final draft of the 2017-2018 Program of Studies; reviewed and recommend approval of the 2016-2017 Participation Rate Action Plans for submission to the County Office; and, reviewed and recommend approval of the Innovative Designs for Education professional development consultant and two overnight field trips for HS North.

Finance

Ms. Ho commented that the committee met on December 6, 2016, and supported the agenda items. Support the selling of the Solar Renewable Energy Credits and that South's reporting of generation of electricity after a year of spotty performance has been resolved. Previously it was determined to sell the SREC certificates twice a year, generally in January and July. Reviewed the draft November Report of the Secretary and discussed why the district appears to be in about the same financial situation overall as a year ago. Discussed the property development issues within the district's two townships; with the current use of district classrooms, there is little unused capacity available. Capacity issues will need to be addressed. A review of the past years' experience shows that the district remains in a rough balance between unemployment compensation contributions into this fund and expenditures out of this fund. It was noted that several districts are issuing Board of Education resolutions on PARCC teacher evaluations and new student teaching.

ADMINISTRATION

Two administration addendums were included: (1) two professional services and a grant amendment; and, (2) resolution agreement.

WWPEA President, Bruce Salmestrelli, noted that there is an official process for teacher complaints.

The Superintendent then spoke about the future impact of potential developments that are being proposed or underway. He encourages community members to attend the West Windsor Township meeting on January 18th.

XXXIII. PRESENTATIONS/REPORTS

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to this portion of tonight's meeting and thanked them for coming out tonight. He looks forward to a very successful 2017.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold remarked that January is School Board Recognition Month. He took the time to recognize and thank the Board Members for their valuable community service and contributions to the district as well as their dedication and commitment to our 9,700 students. He requested the board members enjoy the book, *Sing for Your Life*, which is about a young man whose life was positively changed by his teachers.

Dr. Aderhold also noted that the Howard Hughes Corporation did not submit their proposed development paperwork in a timely manner to West Windsor Township for their meeting scheduled on January 18th. He encouraged community members to attend this meeting since other potential developments are still on the townships' agenda.

Also, Dr. Aderhold noted that at the January 24th board meeting, Facilitator Judith Wilson and members of the Core Team will be giving a Strategic Planning Presentation to the Board of Education.

STUDENT REPRESENTATIVES REPORTS

Haley Rich, High School South, started her report with a quick thank you to the board for allowing her and her counterpart Dillon to be a part of the district's Strategic Core Planning Conference on December 15th and 16th. They both took a lot out of the experience and appreciated being able to shape the direction in which our district will move in the coming years.

She then reported that this year, South's theatre department will be performing "9 to 5" as a musical. The show will take place in the beginning of March and casting and crew is already working diligently. Student Council will be holding its annual winter event in a few weeks. Because

of last year's huge success, South has decided to put together another dodgeball tournament. Teams of 8 will compete to come out on top, but also for a "Best Uniform" prize. All proceeds will be donated to charity. On December 16th, choir held its annual winter concert that included chorale, women's choir, and chamber choir. At the very end, it is tradition for the choir to sing Hallelujah and Danny Boy, and at that time, the choir alumni join them on the stage to sing with them. South students have been spending time with their families and taking a break from school work thanks to the No-Homework Policy. Many seniors like her spent a lot of time polishing the final touches on their college applications.

Dillon Henry, High School North, also thanked the board for the opportunity to participate with the strategic planning. He noted that North is fully engaged in activities including Junior College Planning Night in the HSN Auditorium; Improv Show; Midnight Inventor Lab Opening Ceremony this Saturday; Poetry Slam; and, Class Council ProSkate Fundraiser at the ProSkate Ice Rink. He noted that in sports, the Girl's Basketball Team won the "War of the Worlds" Tournament.

BOARD OF EDUCATION ANNUAL ETHICS TRAINING

Mr. Toscano, school board attorney, remarked that the Board of Education is required to annually review and discuss the School Ethics Act at a public board meeting.

Mr. Toscano's presentation included the following: review and analysis of the School Ethics Act *N.J.S.A. 18A:12-24.1*; negotiations; chain of command; and, new guidance or retractions. He provided examples and scenarios about the areas of concern and being an ethical and responsible board member. He spoke about the School Ethics Commission; ethics complaints, advisory opinions; conflicts in definitions between the Ethics Act and Nepotism Regulations; confidentiality; collective negotiations participation; hiring/evaluation of superintendent/school administrators; ethics and legal issues; and, school ethics violations.

Mr. Fleres thanked Mr. Toscano for the presentation.

BOARD PRESIDENT’S COMMENTS

Mr. Fleres welcomed everyone to the meeting and remarked that there was a closed session earlier so the meeting has already been opened.

He noted that the required public hearing on harassment, intimidation and bullying would be next on the agenda and a special opportunity for public comment will follow the presentation.

SPECIAL PUBLIC HEARING ON HARASSMENT, INTIMIDATION AND BULLYING

The hearing opened at 7:38 p.m.

Mr. Lee McDonald, Director of Guidance and Anti-Bullying Coordinator, started the presentation of the semi-annual 2016-2017 Harassment Intimidation & Bullying (HIB) report noting that it is in compliance with the 2011 Anti-Bullying Bill of Rights Act (ABR) (N.J.S.A. 18A:17-46) and as required by the New Jersey State Department of Education (P.L. 2010, c.122).

Mr. McDonald revisited the State’s definition of HIB and the seriousness of the distinguishing characteristics of the definition. “Any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L. 2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students.”

Since its adoption in 2011, we continue to use the categorized data of the ABR. He then provided a “snapshot” on how factual evidence of findings is defined and reviewed the investigations and confirmed HIB data for a three-year period (September 2013 through June 2016). During this timeframe and with clearer clarification of HIB definition, the pattern tends to be consistent. There has been an “uptick” in investigations due to training and protocols as well as best practices in investigations.

Then he focused on the applicable data for the September-December 2016 timeline, including findings by category and grade level investigations. Overall, there were 40 investigations with 23 confirmed HIB. K-3 had no incidents, while the other grade levels patterns were consistent noting that the middle schools were still the “hot spots” for investigations.

Mr. McDonald shifted focus to “school culture and climate” referring to the current quality and character of school life. It is based on people’s experiences of schools and reflects norms, goals, values, interpersonal relationships, teaching and learning practices, and organizational structures. He talked about some of the qualities that connects and establishes a “positive” school climate, best practices, data driven decisions, stakeholder feedback, NJ DOE annual HIB Anti-Bullying Rubric, and, WW-P and Campaign Connect-NJ, Safety Teams at 6-12 grade levels, and NJ Center for Supportive Schools. He then provided an update on district-wide resources.

The Center for Supportive Schools’ “Campaign Connect-New Jersey” is a movement designed to encourage schools to become safer, more supportive, engaging, and inspiring and provide them with the tools and resources to do so focusing on grades 6-12. Schools will increase their capacity to more effectively address students’ social and emotional needs and accelerate student achievement. He also spoke about the Campaign Connect School Certification Cycle and the six steps for certification: register/renew; establish stakeholder team; collect and analyze data; develop climate and culture action plan; implement action plan and track progress; and, apply for certification.

Starting last year for grades K-5, the district's mission statement embraced "The Whole Child" tenets and cross school collaboration. Every elementary school has an action plan; steps were reviewed for continued HIB implementation.

He also spoke about bring in outside presenters for school climate assemblies. Recently, at the middle schools, in Dr. Mykee Flowlin's one-man presentation, "You Don't Know Me Until You Know Me," took the audience on an experiential journey to reexamine core precepts that were taught to us from as early on as 1st grade. And, at the high schools, a program was started to engage students to have conversations on various racial, ethnic and cultural topics; and, to engage in dialogue relating to life in general for a "Day of Dialogue."

He then spoke about the survey created in 2012 by the NJ Department of Education (DOE) in collaboration with the Bloustein Center for Survey Research at Rutgers University. The "NJ School Climate Survey" was designed to reinforce positive conditions and address vulnerabilities for learning. Two years ago, the survey focus was on grades 6-12; last year, the survey was on K-5. This spring another survey will be implemented switching between grades 6-12 and K-5. Mr. McDonald ended the presentation with the current mission statement.

The Board Members engaged Mr. McDonald in a brief discussion on various areas of the presentation. Mr. Fleres thanked Mr. McDonald for the report.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON HARASSMENT, INTIMIDATION, AND BULLYING

There were no public comments forthcoming at this time.

Upon motion by Mr. Cheng, seconded by Ms. Juliana, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

1. To accept the "July 1, 2016, to December 31, 2016, District Semi-Annual Report of Harassment, Intimidation, and Bullying" as required by the New Jersey State Department of Education (P.L. 2010, c.122).

At 7:55 p.m. the Special Public Hearing on Harassment, Intimidation and Bullying ended and the business meeting reconvened.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold remarked that it is bitter-sweet as he recognized Alicia Boyko who will be retiring in February. Ms. Boyko has been with the district for 19 years and he wished her well in her new endeavor. He also recognized another retirement, Larry Shanok, who will be retiring at the end of the school year. Dr. Aderhold noted several of Mr. Shanok's achievements and his expertise and knowledge of multi-year financial planning. Under his leadership, the district has received eight consecutive Certificates of Excellence in reporting in its audited Comprehensive Annual Financial Report from the Association of School Business Officials (ASBO) International. In addition, the district became the second NJ school district to receive ASBO International's Meritorious Budget Award, an award it received for the last three years. Further, since 2006, WW-P has been recognized with an AAA bond rating by Standard and Poor's, a distinction few school districts have accomplished.

Dr. Aderhold then thanked the 28 member Strategic Planning Core Team who participated in the strategic planning process. He remarked that Ms. Wilson was the facilitator and would be presenting the strategic planning process and Core Team's recommendations tonight.

PRESENTATION: STRATEGIC PLANNING

Facilitator Judith Wilson began the presentation with a glimpse of the background, charge and rationale for the strategic plan. At the close of the 2015-2016 school year, West Windsor-Plainsboro Regional School District Board of Education sought proposals for the facilitation of a strategic planning process. Recognizing the importance of organizational focus, the power of a unified direction on student achievement, the swiftly evolving context and demands of our society and the value of targeted resource allocation, the Board moved forward with an inclusive process to determine the points of pride within the district and across the community and stakeholders' hopes, ideas and needs for the next three to five years. Essential to this process was the specific choice and determination on the part of the Board and administration that this be an open, transparent and inclusive process. The strength of many opinions, varied experiences and genuine hopes for the students of the district made this an exceptionally productive process and made the final recommendations meaningful and promising for *all* students.

The process of information-gathering between August and December 2016 included: 15 individual interviews with board members and administrators; 12 small group interviews with association presidents, PTA-PTSA officers and presidents, K-12 directors, HS students, K-5 administrators, 6-8 teachers PK-5 teachers, K-12 supervisors, 6-12 administrators, 9-12 teachers and K-12 support staff; a community open forum with approximately 85 in attendance; and, 10 electronic surveys with 6,486 responses from support staff (42), PK-5 faculty (145), 6-12 faculty (158), parents of elementary (746), middle (517), and high school (482), grades 4-5 students (1,163), grades 6-8 students (1,148), grades 9-12 students (2,059), and non-parent community members (26).

The Strategic Planning Core Team (SPCT) considered all the data to be inclusive of “all” voices and evaluated the points of pride and their key elements. WW-P has a strong foundation to build on, a deep appreciation for high expectations, and a deep love of learning. For goals to become a reality the SPCT developed a mission statement that would relate to current values and have a common thread to the goals since the mission statement and goals will impact the future of the district. The proposed mission statement and goals as presented were:

Mission Statement: The mission of the West Windsor-Plainsboro Regional School District is to empower all learners to thoughtfully contribute to a diverse and changing world with confidence, strength of character, and love of learning.

Strategic Goals: We believe that every individual has intrinsic worth, that embracing diversity enriches and empowers our community, and that people reach their full potential when encouraged to believe it is possible. Therefore, building upon our tradition of excellence, we will guide and support our students' growth, empowering them to value their individual learning journeys.

Goal 1: Understanding that all students have diverse needs, backgrounds, and approaches to learning, we will integrate tools and structures to appropriately challenge and enable students to realize their full potential.

Goal 2: Embracing a rapidly changing world, we will empower learners to assume active roles in their communities, to face and engage global challenges and to contribute proactively toward a more peaceful, just, inclusive, and secure world.

Goal 3: Recognizing that children need to balance physical, social, emotional and academic needs, we will maintain a supportive culture and build structures for the health, safety, and well-being of the Whole Child.

Ms. Wilson then spoke about what happens once the goals and mission statement are Board adopted; they will be widely communicated throughout the district and the community (a specific communication plan will guide this phase). The Superintendent will appoint co-chairs for an action team for each of the goals. The strategic plan facilitator will meet with co-chairs and committees in order to provide clarity of process, supportive resources and general guidance so that all committees are launched well and there is a structure for productive work moving forward. Committee members from within and outside of the district will work from February through June 2017 to create a detailed action plan for each goal. Action plan templates will include: specific steps to be taken; resources needed; responsible persons; measurement or benchmarks; and evaluation of progress. It is the responsibility of the action plan co-chairs and committees to continually review progress and to adjust specific work as necessary. The Board of Education will schedule semi-annual public updates on the progress of the action plans from 2017-2022.

The Board Members engaged Ms. Wilson on various areas of the presentation.

Mr. Fleres thanked Ms. Wilson and the Strategic Planning Core Team for their time and effort.

COMMITTEE REPORTS

Administration & Facilities

Ms. Kaish stated that the committee met on January 17, 2017. Topics included: consideration for review the proposed district capital projects for the 2017 summer; reviewed mandatory/new/suggested/revised policies and regulations: P2415.30 Title I Educational Stability for Children in Foster Care; P1520/R1520 Americans with Disabilities Act; P2418/R2418 Section 504 of Rehabilitation Act of 1973–Students; P5116/R5116 Education of Homeless Children; P5330.04 Administering an Opioid Antidote; and, P8330/R8330 Student Records; discussed 2018-2019 School Calendar; listened to a proposal for a student and parent program focusing on social media awareness, internet safety and cyberbullying; and, discussed classroom space considerations for special education and general education programs.

Curriculum and Instruction

Ms. Krug reported that the committee met on January 18, 2017, and covered the following: discussed a small-scale pilot for alternative evaluation for highly effective teachers for the 2017-2018 school year; discussed two proposed research projects; reviewed the Speech and Drama revised curriculum; discussed two professional development opportunities; reviewed the Community Education Spring/Summer 2017 classes and trips; discussed two middle school students attending a 12 week theatre program at Middlesex County Arts Middle School; disposal of instructional materials; and, overnight field trips.

Finance

Mr. Zhong commented that the committee met on January 17, 2017, and supported the agenda items. The finance agenda had a number of special purpose items and among them were the 2017-2018 budget discussion cycle, upcoming staff training, and a long list of potential vendors on state or co-op contracts. The West Windsor Township deadline for the district's departure from the Wallace Road property looms closer as the district works on some alternatives for possible action. The district's financial advisor noted that in September, over ten million of district bonds become callable. With

rules that allow a refinancing at most 90 days in advance, a bond sale is possible, should the financial markets remain favorable. Sensitive budget items such as tuition and benefits were discussed. It was noted that the State has just ruled on allowable tuition rates for private schools for 2017-2018. Unlike public school districts, private schools are not held to the general fund tax levy cap rules. The district architect had suggested at Administration & Facilities Committee meeting, capital projects for action based on his participation in discussions with principals and his knowledge of the facilities of the district. The earlier total project list exceeded \$40 million. His identification of the greatest needs totals nearly \$16 million, but does not include the million dollar allocation for technology, nor replacements of the soon to be ten year old turf fields or replacement of the High School South track. It does include an addition at the Hawk school to allow for the imminent growth in enrollment due to likely residential construction. With those projects, the total spending is about \$19 million. Even if the budget allows an increase in the capital outlay portion of the budget to 3.6 million dollars, there remains a clear need for capital reserve dollars.

ADMINISTRATION

It was requested to vote on Administration Item No. 6 separately.

An administrative addendum was added for a legal settlement.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming. He noted that the meeting was opened earlier.

STUDENT REPRESENTATIVE COMMENTS

Haley Rich, High School South, reported that the National Honors Society held its annual South's Top Model event with a boy and girl from each grade competing together in a talent section, question and answer section and a dance performance. All proceeds were donated to Enable, West Windsor's home for senior citizens. Academic clubs are in full swing, with MUN traveling to Washington D.C. to take part in the American Invitational Conference; the team won "Outstanding Large Delegation" over competitive teams from all over the country. Seniors are currently working hard to raise money needed for post prom this year. In February, class council ran a Krispy Kreme donut selling fundraiser, designed new South spirit shirts to sell, and planned out a food truck festival in the south parking lot in March. Participants pay a two dollar entry fee to enjoy a variety of treats from dozens of food trucks. In sports, we have had several successful athletes this winter season: a junior broke the school and county meet record for the long jump; and, another senior won the county wrestling tournament for his weight class for the second year in a row.

Dillon Henry, High School North, stated that he was pleased to take part in the new WWP Mission Statement and Goals effort. He noted the following events: Harlem Wizards will be playing against the WW-P teachers on February 24th; "Seussical" the musical will be on February 23rd; North Science Olympiad received 1st Place at the Princeton University Invitational Conference; a senior scored her 1000th point on the girls' basketball team; three students were signed to play soccer at the following universities: St. John's, George Washington and Fairleigh Dickinson; a senior was recently recognized as a "scholar athlete" by the Delaware Valley Football Chapter; boys' fencing epee squad qualified for the State Championships; and, the cheerleading team competed again at the National Championships in Orlando, Florida.

CMS MAKER AMBASSADORS PRESENTATION

Dr. Aderhold introduced Dr. Rebecca McLelland-Crawley, PRISM Facilitator at Community Middle School. Dr. McLelland-Crawley and nine Community MS students showed a short video about the student-led "Marker Ambassadors" program which merges engineering and technology in a fun and exciting way. The students spoke passionately about their projects and discussed how they solved their problems using creative solutions, learning from mistakes, exploring options, and feeling empowered when they succeed. A larger group of Maker Ambassadors from grades 6-8 were on hand before the meeting began to showcase the types of learning activities that takes place in the Maker program.

Thanks to a substantial grant by the West Windsor-Plainsboro Education Foundation to support STEAM efforts in WW-P, our students are finding ways to invent and think outside of the box. The littleBits, electronic modules that snap together magnetically, have found their way into the hands of 1st through 12th graders. Middle school students serve as Maker Ambassadors to both Community and the upper elementary school the teachers use littleBits within the existing curriculum to investigate the properties of electricity. Students may build model flashlights, test different materials for conductivity, and create circuits that illustrate concepts of energy transfer and energy conservation. In the middle school, littleBits supplement existing curriculum, where students investigate circuits, but also support the engineering practices of the Next Generation Science Standards. Students also work with Dash and Dot robots and write code to program

movements, sounds, and lighting effects. They develop challenges for other students to solve on Maker Fridays and introduce the school community to engineering and programming in fun ways.

This program puts innovative materials in the hands of the students and recognizing that there is an ongoing need to foster a collaborative culture of creativity, innovation, and experimentation at a young age to encourage students to become interested and aware of engineering as a potential career field. We want to support our learners with creative tools to expand the way they think about the world. Through the support of our Education Foundation, we are able to inspire a maker mentality in our schools.

2017-2018 Budget Discussion

Mr. Shanok “kicked off” the budget discussion noting that the annual budget process has a good foundation and framework. The Board of Education has had two retreats to discuss the 2017-2018 budget. He then touched on the district’s mission philosophy for the “whole child – every child;” spoke about fundamentally what a school budget represents: a planning tool, considers contingencies, manages risk and must be fiscally responsible; gave an idea of the budget process and timelines noting the March 20th deadline for submission of a tentative budget to the County Office; talked about the “big picture” budget topics; and, district’s rankings; actual per pupil costs. At the next meeting, March 14th, a tentative budget will be voted on for State submission.

PERSONNEL

Two personnel addendums were added: 1) a change and leave under B. Certificated Staff, changes and a resignation under C. Non Certificated Staff; and a reappointment and change under F. Community Education; and, 2) a leave under B. Certificated Staff.

Mr. Fleres acknowledged two retirements: Audrey Courtney-Quinn, teacher, 22.5 years, and Kathleen Bertram, administrative assistant, 25 years and thanked them for their service to the district.

Upon motion by Ms. Ho, seconded by Ms. Juliana, and by roll call vote with all board members present voting yes, the following board actions were approved by all board members present

PRESENTATION:

Update: Impact of Residential Developments on Hawk Elementary School

Dr. David Aderhold and Mr. George Duthie conducted a presentation for the Board on planning for future capacity to prepare for increased enrollment projections across the district. Dr. Aderhold and Mr. Duthie emphasized that, other than the Phase I expansion at Maurice Hawk, the presentation outlined district properties and footprints of possible expansion areas to inform the board of what could be done and was not a proposal of what should be done. At the end of the presentation, a discussion ensued regarding anticipated residential construction projects, enrollment projections, demographic reports, building capacity, and project funding.

PUBLIC COMMENT

Seven people spoke about the following topics: The Fine and Performing Arts program review, district growth, building capacity, class size, retrofitting classrooms, and Policy 2460 on electronic communication.

COMMITTEE REPORTS

All committees met on March 21, 2017.

Administration & Facilities

Ms. Kaish stated that the committee meeting included the following topics: discussion with Mr. George Duthie, district architect, on district expansion and planning for future capacity; review of a new policy, 1511, to address district website accessibility for individuals with disabilities; review of special education policies required by the State to be updated by May 5, 2017, including policies 2468, 2460, 2460.1, 2460.8, 2460.9, 2460.15; review of additional policies either as per the most recent policy audit by Strauss Esmay, or to address current district practices, including policies 3215.2, 3144, 3218, 4140, 4431.3, 6220, 6311, 6362, 6424, 6471, 6472, 6620, 6740, 6810, 6820; recommended a training session, called Not Even Once for the prevention of heroin addiction; recommended to move forward with a vote on the 2018-2019 academic calendar at the April 25th meeting.

Curriculum and Instruction

Ms. Krug reported that the committee discussed the following items: PARCC summer testing and its relation to Option ii; Fine and Performing Arts program review external report; February 17 professional development day survey results; rationale for a shift in the Language Arts summer reading program; implementation of a dual language immersion program; and, the number of AP exams to be administered in May. The committee also reviewed and recommends the approval of the following agenda items: the creation of 2 AP exam assistant coordinator positions; the approval of C.H. Lopez Educational Consulting, LLC to serve as the external consultant for the K-12 Media Center program review; 3 teachers to attend Teachers College Summer Institute in June; a proposal from Corwin for Jim Knight's Instructional Coaching workshop; ComCore Connect, Inc. to provide EdGems instructional materials; an award from 2017 Verizon Foundation for the Robotics team; a donation from Wicoff PTA for document cameras; a non-public technology expenditure; the disposal of obsolete items in accordance with R7300.1; additional Community Education programs; and, several overnight field trips.

Finance

Ms. Ho commented that the committee supported the agenda items. The committee reviewed the travel accountability regulations resolution and supports the stated maximum level of expenditure even though there is no expectation of reaching that level (the regulations require a firm ceiling be set that cannot be exceeded). Preparation for the bond referendum continues including the first reading of the bond refunding ordinance on tonight's agenda. The committee reviewed the February draft board secretary's report, discussed the 2017-18 budget, and discussed the capital reserve level of twenty million dollars and its uses over the next few years. Discussions also took place regarding the following: the termination of the district's Transportation use of the Wallace Road property; the successful reduction in the per copy copier fee; the insistence by the State of New Jersey that the district pay tuition for two students attending an East Brunswick charter school, which appears contrary to State of New Jersey charter school regulations so the district is looking into it.

ADMINISTRATION

An administrative addendum was added for a resolution. Clarifications were made to Policy 6362 and Policy 6471. A discussion ensued regarding policy review and approval.

Mr. Zhong left the room.

Upon motion by Mr. Cheng, seconded by Ms. Herts, and by roll call vote with all Board Members present voting yes, the Administration Items 1 through 4 and the addendum were approved by all board members present.

5. Approve the following resolution:

Resolution to West Jersey Football League and NJ Interscholastic Athletic Association

WHEREAS, the West Windsor-Plainsboro Regional School Board of Education recognizes that the West Windsor-Plainsboro Regional School District is a district in good standing in the New Jersey Interscholastic Athletic Association and a participant in the West Jersey Football League and the Colonial Valley Conference; and

WHEREAS, the West Windsor-Plainsboro Regional School Board of Education believes that the safety of our student-athletes is a paramount concern; and

WHEREAS, that despite the competitiveness of our respective teams from High School North and High School South in prior seasons and with full recognition that we enjoy a combined student enrollment of over 3,000 students (Grades 9 through 12), we have no more than 53 (25 High School North and 28 High School South) returning athletes (current 9th-11th graders) who plan to return for the fall 2017 season; and

WHEREAS, High School North anticipates the return of 25 players (current 9th-11th graders) for the fall 2017 season of which 16 will be sophomores; and

WHEREAS, based upon our projected participation of future athletes, we do not anticipate our down trend in participation to reverse in the near term; and

WHEREAS, during the past two seasons we have not fielded a freshman team at High School South, only played a partial JV schedule during the 2016-2017 school year, and will not run a JV team during the 2017-2018 school year; and

WHEREAS, during the past two seasons we have not fielded a JV team at High School North and will not be able to run a JV team during the 2017-2018 school year; and

WHEREAS, extremely low numbers of participating students creates a safety concern in both practice and games as students are prematurely asked to play both undersized and against more experienced athletes. Further, athletes are asked to play in excess thereby increasing the risk of injury; and

NOW THEREFORE BE IT RESOLVED, that it is a concern of the West Windsor-Plainsboro Regional School District Board of Education that based upon the continued decline in numbers within our Football program that we will not be able to safely compete in the fall 2017 season without immediate relief granted by the NJSIAA; and

NOW THEREFORE BE IT RESOLVED, that our ability to safely field teams in comparison to other districts in the league and division is diminished and places the safety of our athletes at jeopardy; and

NOW THEREFORE BE IT RESOLVED, that without the ability to enter into a cooperative agreement for High School North and High School South, which requires a rule change from the

NJSIAA or waiver from the rule, the West Windsor-Plainsboro Regional School District may not be able to field a team at High School North during the fall 2017 season; and

NOW THEREFORE BE IT RESOLVED, absent relief granted by the West Jersey Football League or the NJSIAA, the administration of the West Windsor-Plainsboro Regional School District will make an ultimate decision regarding the status of our 2017-2018 Football season for High School North based upon the outcome of the NJSIAA determination. Our decision will be made based upon our responsibility for the safety of our students.

STUDENT REPRESENTATIVE COMMENTS

Haley Rich, High School South, reported

The Mr. South event was very successful, raising over \$2,500 for March of Dimes. The winning student performed a comedic reenactment of a Bruce Springsteen music video. Two raffle winners won a free dinner at Carlucci's. HS South's Mathematics Honor Society held its induction on April 6th. This past month, there was a schoolwide badminton tournament held by the gym teachers, a schoolwide chess tournament put together by the Chess Club, and Relay For Life's annual volleyball tournament. Four South students passionate about ensuring that South students' voices are heard, decided to help students express their opinions to the school principal. On April 3rd and 4th, Principal Lepold visited students' study halls for open conversations about school policies and prospective changes, the setting resembled a town hall forum. Topics of discussion included parking lot procedures, mental health, and attendance policies. The girls track team made history by winning their 100th meet in a row. The girls also won 1st or 2nd place in seven out of the nine track events at Mercer County Relays. Boys' lacrosse held a Cystic Fibrosis Research fundraiser game on April 22nd, donating all proceeds from concessions, t-shirts and lacrosse merchandise to help cure the disease.

Dillon Henry, High School North, stated

Marking Period 3 grades will be finalized on April 26th. The Mr. North annual show will take place on Saturday, April 29. The Improv Show will be held on Thursday, May 11, followed by the One Act Festival aka Freshman Sophomore Play on Friday, May 12. Boys Tennis is competing well at the Mercer County Tournament; all starters (3 singles and 2 doubles) have made it to the semi-finals. The Boys Volleyball Carwash will be held on Saturday, May 6. Girls golf is ranked 4th in the state currently. Peer leaders will sell pizza to AP test takers for the two weeks of AP test taking. The Junior Prom was a great success with nearly 300 attendees.

PUBLIC HEARING ON THE 2017-2018 BUDGET

Board President Fleres opened the 2017-2018 Public Hearing on the proposed budget at 7:51 p.m.

Mr. Shanok gave a presentation outlining the proposed 2017-2018 budget, noting that the budget is a culmination of a long series of activities involving the board of education, district administrators and the public. The comprehensive budget process began last fall and included board retreats, finance committee meetings, public presentations, and submission of the budget in March. The budget was put together with the district's mission in mind. The budget is not simply about the dollars, but is put together in a multi-year way to address multi-dimensional qualitative and quantitative issues that continue to reflect our value of excellence in education.

Niche's November 2016 H.S. Rankings were displayed showing that High School South ranked 11th and High School North ranked 18th in New Jersey. Compared to neighboring high performing districts, WW-P High Schools are at the lower end of cost per student educational spending, yet have the highest SAT scores. A brief synopsis was given outlining student achievements in many academic areas. Building on our excellence, while restraining the rate of increase in costs, is the purpose of the budget process. Mr. Shanok noted the achievements of the finance department, having received the Association of School Business Officials International's Certificate of Excellence in Financial Reporting Award for the ninth year and the Meritorious Budget Award for the fourth year.

Mr. Shanok touched on the township percentage enrollment changes over the past 9 years, noting the small variation between years. This year, Plainsboro residents constitute 42.2% of student enrollment and West Windsor students makeup 57.8%.

He then provided a "snapshot" of the allocation of expenditures and revenues, touching on the operating expenditure categories. The budget includes an additional \$931,111 for regular instruction, adding several staff positions to assist in keeping our student:teacher ratio low. Co-curricular (athletics and clubs) received additional funding to support afterschool activities. The addition of \$1 million to Special Education (instruction, tuition, child study team and support services) is due to the rising costs of providing services. Student support services (media centers, nurses and guidance) includes the addition of \$189,738, bringing this category to approximately the level it was at 2 years ago. Other areas, such as administration, facilities and transportation, reflect small growth. The increase in the benefits category for this year was negligible. The Capital Outlay category totals \$3.6 million which includes \$1 million for technology and \$2.6 million for other capital outlay. To put the capital outlay amount in perspective, historical costs of our facilities total over \$250 million. If one figured a 30-year replacement schedule, the total annual capital outlay needed would exceed \$8 million. In the past, we have been able to successfully maintain our buildings through the use of capital reserves. In the debt service category, there have been no new net bond issues recently, so our total debt service continues to decline. Overall the budget-to-budget increase is 1.76% for a total budget of \$174,720,946, an increase of \$3,027,928 in spending. Last year's increase was 3.6 million.

Mr. Shanok provided a brief review of the allocation of revenue. The overall revenue increase matches the increase in expenditures of 1.76%. The four sources of revenues are: fund balance; local tax levy; state-aid; and miscellaneous. The budget provides \$5 million in tax relief, on par with last year. The revenue categories have not changed much from year-to-year. We are within the tax cap regulations of the state.

Mr. Shanok then reviewed the new capital projects, which include turf field replacements at both High Schools, resurfacing the HS South track, restoration work on the HS North roof, and upgrades to technology. Past budgets were also reviewed, including the history of tax relief amounts; budget-to-budget increase percentages; state aid; and total tax levy for each school year.

As an additional reference point, Mr. Shanok reviewed a fifteen-year range of actual comparative per pupil expenditures, as per the Department of Education, and how the district compares to other high-performing districts of similar size. In 2002-2003, WW-P was \$336 above the state average, with spending on par with Princeton and Hopewell Valley. The district set out to deliberately inhibit the rate of spending increases while building on educational excellence. The growth in the gap between the per pupil expenditures in our district as compared to similar districts and the state average reflect these efforts. We continue to maintain a high level of educational excellence at a per pupil cost below neighboring high performing districts

Tax implications of the 2017-2018 budget show an increase in the Plainsboro tax rate to \$1.437 per \$100 of assessed property value for an increase of 4.8 cents. For a home assessed at the township average, this

would be an increase of \$215. For the owner of a home at the township average of \$451,500, school taxes are estimated to be \$6,488, only slightly higher than they were 2 years ago due to the dynamics between assessed values and tax rates. At the time of the budget hearing, the effect of the school budget on the West Windsor tax rate had not yet been determined.

The user-friendly budget will be posted on the district website within 48 hours after the public hearing on the budget. Copies of budget presentations are also available on the district web site: http://www.ww-p.org/about_us/budget_information.

The Board discussed some of the items reviewed in the budget presentation.

PUBLIC HEARING ON THE 2017 BOND REFUNDING

Board President Fleres opened the public hearing on the 2017 Refunding Bond Ordinance at 8:27 PM.

PUBLIC HEARING ON THE REFUNDING BOND ORDINANCE OF THE WEST WINDSOR-PLAINSBORO REGIONAL SCHOOL DISTRICT, NEW JERSEY PROVIDING FOR THE REFUNDING OF ALL OR A PORTION OF THE OUTSTANDING CALLABLE REFUNDING SCHOOL BONDS OF THE SCHOOL DISTRICT, DATED JANUARY 4, 2007, ISSUED IN THE ORIGINAL PRINCIPAL AMOUNT OF \$17,500,000, APPROPRIATING NOT TO EXCEED \$10,500,000 THEREFOR AND AUTHORIZING THE ISSUANCE OF NOT TO EXCEED \$10,500,000 REFUNDING BONDS TO PROVIDE FOR SUCH REFUNDING.

Mr. Shanok presented an overview of the district's history of refunding. Bond refundings occurred in 2002, 2005, 2006, 2007, 2012, and 2015. Mr. Shanok provided a brief background on bond refunding regulations, noting that formerly it was voluntary for a district to refund if the present value savings was more than 3%. Several years ago, the Accountability Regulations Act was enacted changing the rules so now you must proceed with the refunding if the present value savings is in excess of three percent. He also noted that the refunding is a process with advice and assistance from the district's bond attorney and financial advisor. The Board of Education did a First Reading of the proposed refunding at the March 28, 2017 meeting.

If the decision tonight is to proceed with the refunding, then the district will enter the bond market during the summer with bonds issued around June or July of 2017. Currently, the proposed refunding amount is up to \$10,500,000 with estimated cost of issuance (excluding underwriter's discount) not to exceed \$150,000. Projected present value savings is approximately \$700,000.

OPPORTUNITY FOR PUBLIC COMMENT ON THE REFUNDING

The board of education invited the public to comment specifically on the bond refunding ordinance. Two community members spoke on the following bond refunding topics: cost of issuance, legal fees, and the utilization of bonds.

Resolution of the West Windsor-Plainsboro Regional School District Concerning Participation and Programmatic Efficiencies for Athletics and Co-Curricular Activities

WHEREAS, the West Windsor – Plainsboro Regional School Board of Education (“Board”) believes in the inherent value that students need to balance physical, social, emotional and academic needs, and will maintain a supportive culture and build structures for the health, safety, and well-being of the Whole Child; and

WHEREAS, the Board believes that the educational goals and objectives of the District are best achieved by a diversity of learning experiences and opportunities, including those that take place outside the regular classroom environment and program; and

WHEREAS, the Board recognizes and appreciates the educational, social and emotional value of a program of athletic competition for both boys and girls as an integral part of the total school experience in that games and practice sessions provide opportunities to learn the values of competition and good sportsmanship. In addition, programs of athletic competition, both intrascholastic and interscholastic, offer students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that offered by the class or school or school district alone, and an opportunity for career and educational development; and

WHEREAS, programs of athletic competition in the District include, but are not limited to, high school interscholastic athletic programs, and middle school interscholastic athletic programs where school teams or squads play teams or squads from other school districts, and/or intramural athletic programs within a school or among schools in the district and any cheerleading program or activity in the school district; and

WHEREAS, Board believes that the program of co-curricular activities provided by the District should be sufficiently varied to meet the wide range of pupils' vocational, recreational, social, and cultural needs and interests; and

WHEREAS, for purposes of this resolution, co-curricular activities shall be those activities which are sponsored or approved by the Board but are not offered for credit toward graduation. Such activities shall generally be conducted outside the regular school day, available to pupils who voluntarily elect to participate, marked by pupil participation in the processes of initiation, planning, organizing and execution and shall ordinarily include marching band, band clubs, dramatic or musical presentations, co-curricular clubs and intramurals; and

WHEREAS, Board Policy 2430, Co-Curricular Activities and Board Policy 2431, Athletic Competition clearly set forth the Board's core principles underlying the development, implementation and Administrative guidance for those programs – namely principles of equal access and opportunity for participation, and maintenance of the health, safety and emotional and physical well-fare of students. To that end, the Superintendent has been tasked with and has prepared procedures to implement co-curricular and athletic programs in the District that ensure all athletic and co-curricular activities are open to all eligible pupils and that all pupils are fully informed of the opportunities open to them; and

WHEREAS, the goal for each pupil participating in such activities shall be a balanced program of appropriate academic studies and activities to be determined by the school, the parent(s) or legal guardian(s) and the pupil; and

WHEREAS, all pupils in good disciplinary and academic standing in the District have equal access to all co- curricular activities regardless of race, color, creed, religion, sex, gender, national origin, ancestry, social or economic status, disability or handicap; and

WHEREAS, the District has a long-standing tradition of sharing resources, leveraging budgetary efficiencies and providing opportunities for all students. Examples of that tradition include the offering of both academic and co-curricular programs such as ESL, Senior Options, magnet Special Education programs, shared staffing, robotics and most recently the Board cooperative agreement making the opportunity to participate in Ice Hockey more readily available to students; and

NOW THEREFORE BE IT RESOLVED, that Board hereby reaffirms its belief and conviction all District pupils shall have the right to participate in athletic and co-curricular opportunities; and

BE IT FURTHER RESOLVED THAT, District pupils must always satisfy all eligibility regulations (academic, behavioral, residential and attendance) in order to participate on co-curricular or athletic programs;

BE IT FURTHER RESOLVED THAT, the Board will continue to make programmatic determinations to establish or re-establish an athletic program based upon sufficient student interest, budgetary considerations and the ability to safely field a team. In that regard, the Superintendent will make the recommendation to the Board in line with the two-year scheduling cycle established by the NJSIAA; and

BE IT FURTHER RESOLVED THAT, the Board may, upon recommendation of the Superintendent, make determinations to eliminate, establish or re-establish a program, as necessary, based upon participation numbers, student safety, and budget efficiencies; and

BE IT FURTHER RESOLVED THAT, in order to afford District High School pupils equal access and the opportunity to participate, such pupils will continue to be required to participate in the co-curricular and/or athletic programs at their school of residence, which is where they attend for their academic program, unless a particular athletic program and/or co-curricular program (excluding student run clubs) is not offered at their school residence, but is offered at another District High School;

BE IT FURTHER RESOLVED THAT, in a such circumstance where a particular athletic program and/or co-curricular program (excluding student run clubs) is not offered at a pupil's school residence but is offered at another District High School, that pupil is hereby afforded the access and opportunity to participate in that particular athletic program and/or co-curricular program at another District High School;

NOW THEREFORE BE IT RESOLVED, should a student register to participate for a sport or co-curricular activity that is not available at their home school, that the student must remain at their home school for their academic program, but will be allowed to participate at the neighboring school on a seasonal basis; and

BE IT FURTHER RESOLVED THAT, pupils at the Middle School level will also continue to be required to attend their school of residence for their academic program, and will only be allowed to participate on another athletic program if that program is not available at their school of residence, but is offered at another District Middle School; and

BE IT FURTHER RESOLVED THAT, in the case that a program is eliminated and is unable to maintain a program due to participation rates, student safety or budget efficiencies that students impacted by that programmatic reduction will be allowed to participate at the middle school and high school level; i.e. (HSS to HSN or HSN to HSS) (GMS to CMS or CMS to GMS); and

SPECIAL PUBLIC HEARING ON HARASSMENT, INTIMIDATION, AND BULLYING

The Special Public Hearing on Harassment, Intimidation and Bullying opened at 7:31 p.m.

Mr. Fleres introduced Lee McDonald, Director of Guidance and Anti-Bullying Coordinator, to present the semi-annual report on harassment, intimidation, and bullying (HIB), as required by the State of New Jersey.

Mr. McDonald opened the presentation by reviewing the definition of HIB and how factual evidence of findings is defined. He reported the district’s investigations and confirmed HIB incidents over a six-month period starting from January 2017 through June 2017. He also reviewed the three-year snapshot containing applicable data for September 2014-June 2017, including the number of investigations and confirmed HIB, types of incidents, demographic information on the offenders and victims, location of incidents and data on those who reported such incidents. Overall, during this timeframe, investigations/confirmed HIB have increased. Mr. McDonald cited improved reporting as well as improved investigation protocols, staff training and overall awareness as probable causes for the increase.

Mr. McDonald spoke about the Department of Education’s Anti-Bullying Rubric (ABR) and school grading system. ABR is a district’s self-assessment checks and balances to address HIB incidents. This grading system is a tool for self-reflection and improvement. Overall, the district is in excellent shape being above average in most schools with strong HIB programs, approaches, and other initiatives. He also emphasized areas of strength and areas in need of growth as we continue forward.

Proactive programs were reviewed, such as the Campaign Connect-New Jersey, a certification and recognition system for schools ran by the Center for Supportive Schools which is designed to encourage schools to become safer, more supportive, engaging, and inspiring and provides them with the tools and resources to do so. The program focuses on middle and high school students. Mr. McDonald commented

that Campaign Connect School Certification Program requires a team effort and collaboration to meet the milestones set to become certified and Grover Middle School reached this milestone this year. GMS Principal Lamont Thomas spoke about the GMS theme “Health and Balance: Whole Child Community Approach to Understanding and Embracing the Middle School Experience.”

The presentation ended with Mr. McDonald’s review of the district’s mission statement: WW-P is committed to providing all students with a safe learning environment that is free from harassment, intimidation, and bullying (HIB). This commitment is an integral part of our comprehensive efforts to provide learning, and to prevent and eliminate all forms of HIB through the following practices: adhering to the 2011 New Jersey Anti-Bullying Bill of Rights legislations; training all staff to identify, report, and address HIB behaviors in a timely fashion; and proactively educating parents, students, Board of Education members, and the community to establish HIB expectations and the communication of our commitment to safety and respectful behavior for all.

The Board engaged in a brief discussion regarding various aspects of harassment, intimidation and bullying.

Mr. Fleres, on behalf of the Board Members, thanked Mr. McDonald for his presentation.

Upon motion by Mr. Ho, seconded by Ms. Kaish, and by roll call vote with all Board Members present voting yes, the following board actions were approved:

1. Accept the “January 1, 2017, to June 30, 2017, District Semi-Annual Report of Harassment, Intimidation, and Bullying” as required by the New Jersey State Department of Education under the Anti-Bullying Bill of Rights Act (P.L. 2010, c.122).
2. Verify that the School District and School Grade Report issued by the New Jersey Department of Education was reviewed as required by the Anti-Bullying Bill of Rights Act (P.L. 2010, c.122) and that this report was posted on the district’s web site pursuant to *N.J.S.A. 18A:17-46*.

The Special Public Hearing on Harassment, Intimidation and Bullying adjourned at 7:53 p.m. The regular board meeting reconvened immediately.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold made a brief announcement in regards to an accident that occurred earlier in the day. The accident involved a twelve year-old bicyclist, who is currently in the hospital in critical condition, and a motor vehicle. Both the bicyclist and the driver of the motor vehicle are district residents. Dr. Aderhold asked that the public be respectful of the sensitive nature of the incident and keep both the family of the victim and the family of the driver in their thoughts.

Dr. Aderhold recognized that this is the last Board meeting Larry Shanok will be attending. Larry is retiring after 15 years of service with the district. Dr. Aderhold congratulated Mr. Shanok on his retirement and summarized many of the district’s accomplishments under Mr. Shanok’s direction, including the district’s

receipt of the Certificate of Excellence in Financial Reporting Award for 9 consecutive years, the Meritorious Budget Award for 4 consecutive years, and a AAA bond rating.

He announced that the Howard Hughes Corporation will be presenting at the West Windsor Township Planning Board meeting on July 26, 2017 at High School South at 7 p.m. This meeting is a continuation of the May 10, 2017 Planning Board meeting on the Howard Hughes concept plan.

Dr. Aderhold introduced Ms. Rebecca McLelland-Crawley to recognize students involved in the NuYu program. NuYu is an 18 member Community Problem Solving Team from Community Middle School and is supported by Principal Shauna Carter. They attended the International Competition for Future Problem Solvers in Wisconsin in June where they received first place honors for their two-year evolving project on stress and mental health. Their project, called Mindful Panther Pause, included presentations to students, parents, and teachers across the district, state, and globally through Mindful Mondays where the team conducted Google Hangout sessions with students and teachers around the world. The website created by the group is nuyuchallenge.weebly.com. Ms. McLelland-Crawley handed out certificates to the students and she and Dr. Aderhold congratulated the students on their accomplishments.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres congratulated the NuYu program students on their accomplishment. Mr. Fleres then clarified the purpose and reasoning behind the agenda item renewing the superintendent's contract. Mr. Fleres explained that the New Jersey superintendent salary caps, which are based on student enrollment, were recently increased, triggering a special circumstance clause in the superintendent contract allowing for a revision of the current contract. The Board discussed the contract during the May 9 closed session and asked the attorney to start to renegotiate the contract with the superintendent. Once an agreement was reached, the renegotiated contract was submitted to the executive county superintendent for approval and was approved on June 6. A Press release was issued on June 8, 2017, announcing that the contract would be voted on by the board this evening.

PUBLIC COMMENT

24 members of the public spoke in regards to the following topics: Dr. Aderhold's contract, the science bowl program, racial divides in the community, teaching the whole child, the A&E Math program, and various program changes in the district.

COMMITTEE REPORTS

All committees met on June 13, 2017.

Administration & Facilities

Ms. Kaish stated that the committee met at Maurice Hawk on June 13 for a brief tour of the building. George Duthie, the district architect, guided the tour and provided an overview of the changes that would occur with the proposed expansion project. After the tour, the committee returned to the Board of Education office to review the policies and regulations being put forth for a vote on tonight's agenda. The committee also discussed Policy 5112 regarding enrollment age. Although a parent has appealed the October 1 deadline, the committee supports the deadline and is not recommending any change to policy or practice. The parking license agreement with the First Presbyterian Church of Plainsboro was reviewed and authorization by the board to renew is recommended. The committee reviewed one of the merit goals for the Assistant Superintendent for Pupil Services and recommends submission to the County Superintendent for approval.

Curriculum and Instruction

Ms. Krug reported that the committee discussed the June new teacher orientation day, which is a day of reflection and goal setting. The committee reviewed the merit goals of the Superintendent and the Assistant Superintendent for Curriculum & Instruction and recommends submission to the Executive County Superintendent for approval. The job description for Assistant Principal/Secondary Supervisor of Special Services was reviewed – the committee supports its adoption. The committee recommends the approval of the curriculum items being voted on this evening, including: The use of American Council on the Teacher of Foreign Language's Assessment of Performance toward Proficiency in Languages to determine appropriate placement for native speakers in World language courses; the acceptance of additional funding for the StarTalk Hindi and Urdu Summer Immersion Camps; Professional Development travel for ten teachers and three administrators at various locations; the approval of three High School South Junior Statesmen of America field trips, the High School South Washington Seminar field trip, and the High School South Cheerleading Squad trip to Cheerleading Camp.

Finance

Ms. Ho commented that the committee reviewed and discussed the finance items on tonight's agenda. The committee supports the agenda items. The discussion included: The district's choice to use New Jersey Schools Insurance Group for workers compensation coverage while remaining with School Alliance Insurance Fund for all other district insurance coverage; the renewal of transportation contracts for 2017-2018, many of which are being renewed at an increase of 0.3%; entering into a shared services agreement with East Windsor Regional School District for transportation maintenance services as transportation will no longer be housed on Wallace Road; and the auction of the district's solar renewable energy credits. The committee reviewed Edvocate's May inspection, which found the district's facilities to be in good custodial shape overall, scoring an 86%, which compares favorably to last year's 81%. On June 13, the district was informed that it would receive AAA bond rating for the upcoming refunding and that the saving from the June 20th sale was just over one million dollars. The 2016-2017 audit status was reviewed, as were the capital projects for the upcoming summer, of which there are many, including pavement work at a number of buildings, roof work at North, the removal of trailers at several locations, and the toilet renovation project at Hawk. Some bigger projects, such as the turf fields, will not begin until later in the year. The committee discussed and supports the superintendent merit goals, and set the dates for future committee meetings.

WHEREAS, the Parties have subsequently identified, and have reached agreement on the specific application of certain provisions that are included in the CNA for a limited circumstance; and

NOW THEREFORE, the Parties have agreed to the following:

- 1) Article 11:8 will be amended, in relevant part, as follows:

11:8 Effective June 7, 2017, teachers shall be compensated at the rate of \$47.09 per hour for preparation and presentation of workshops and in-service programs in accordance with the schedules below. This paragraph applies only to workshops and in-service programs presented to district staff, and to programs for non-district staff if the teacher is assigned to present such a program.

11:8(a) Teachers will be paid for preparation and presentation as follows:

| Presentation Category | Preparation | Presentation | Total Paid Hours |
|---|---|--|------------------------------|
| During school day | 2 hours per presenter, per hour of presentation given by one or two people* | No Pay | Preparation only |
| Outside school day, during school year or summer | 2 hour per presenter, per hour of presentation given by one or two people* | Pay for each hour of presentation, per presenter | Preparation and presentation |
| Repeat presentation within a school year - during school day | No Pay | No Pay | No Pay |
| Repeat presentation within a school year - outside school day or summer | No Pay | Pay for each hour of presentation, per presenter | Presentation only |

*If the number of presenters entitled to pay for presentation exceeds two (2) presenters for any one (1) presentation, the number of paid preparation hours will be limited to the preparation hours for a maximum of two (2) presenters.

Formula

| A = number of hours of presentation | B = total payable preparation hours | C = number of presenters | D = payable preparation hours per presenter |
|-------------------------------------|-------------------------------------|--------------------------|---|
|-------------------------------------|-------------------------------------|--------------------------|---|

$$[A \times 2] \times 2 = B$$

$$B \div C = D$$

$$[3 \times 2] \times 2 = 12$$

$$12 \div 3 = 4 \text{ payable preparation hours per presenter}$$

| Presentation Category | Preparation | Presentation | Total Paid Hours |
