This bill reflects a BPU approved change to the Delivery portion of your electric bill, effective March 1, 2017, resulting from an increase in the Electric Base Rates due to Energy Strong investments. Due to these changes, a typical residential customer who purchases supply from PSE&G, and uses 750 kilowatt-hours in a summer month and 7,200 kilowatt-hours annually, will see an annual increase of \$3.20 or approximately 0.25%. Tariff information may also be found by visiting pseg.com/tariffs.

You can't see, smell or taste carbon monoxide, but a buildup of this gas can cause illness or even death. Install a carbon monoxide detector on every floor in your home.
