This bill reflects BPU approved changes to the Delivery portion of your gas bill, effective September 1, 2017, resulting from an increase in the Gas Base Rates due to Energy Strong investments as well as the approval of the new Energy Efficiency 2017 Program included in the Green Program Recovery Charge. Due to this change, a typical residential heating customer who purchases supply from PSE&G, and uses 165 therms per winter month and 1,010 therms annually, will see an annual increase of \$2.26 or approximately 0.26%. Tariff information may also be found by visiting pseg.com/tariffs.
