## Explanation of Terms

**Basic Generation Service (BGS)** - Generation charges for any consumer who has not chosen an electric generation supplier.

**Billed Load** - Recovers the bulk of distribution facility costs and a portion of power plant investment costs.

**Customer Charge** - Monthly charge that offsets costs for billing, meter reading, equipment, and service line maintenance.

**Delivery Service Charges** - Charges for the use of local wires, transformers, substations, metering, billing, other equipment, and other activities used to deliver electricity to consumers from high-voltage power lines.

**Estimated Reading** - On the months we do not read a meter, we calculate the bill based on past electrical usage.

**Generation Charge** - Charge for the production of electricity.

**KWH (Kilowatt Hour)** - A unit of measure for electricity usage equal to 1,000 watts used for one hour.

**Late Payment Charge** - A charge added to the bill on balances owed after the Due Date.

**Multiplier** - A number used in the calculation of kilowatt hours. The difference between meter readings is multiplied by this number to determine kilowatt hour usage or KW/KVA.

**Non-Utility Generation Charge** - Charge (previously called the Market Transition Charge) that primarily recovers costs of BPU-approved power supply contracts. This charge includes Transition Bond Charges, which JCP&L is collecting as servicer on behalf of JCP&L Transition Funding II LLC, which owns the Transition Bond Charge.

**Price to Compare** - Price per kilowatt hour to be used when comparing to the price of a generation supplier.

**Prorated Bill** - If this is on your bill, the current billing period is for less than 26 days or more than 35 days or a rate change occurred during the current billing period.

**Service Charge** - Charge for opening an account.

**Societal Benefits Charge (SBC)** - Charge to recover costs of low-income assistance and weatherization, energy conservation programs, nuclear decommissioning, manufactured gas plant remediation, and consumer education on competition.
