

West Windsor-Plainsboro Regional School District
Band
Grade 6

Unit 1: Fall Semester

Content Area: Music

Course & Grade Level: Band, Grade 6

Summary & Rationale

Band is an academic subject with its own special body of knowledge, skills, and unique way of knowing and thinking. It is an integral part of other curricular areas. Music creates a bridge between the school and the community. Musicianship is knowledge-based and is developed through practicing, critical listening, performing, and creating. Band fosters creative growth and cultivates self-confidence and self-discipline. This creative art form allows use of the whole brain and promotes self-expression through performance, composition, and the use of technology.

Band provides many opportunities for all students, at all levels and abilities. In ensemble and small group settings, students explore the mechanics and skills of becoming a musician, a collaborative team member, and a connoisseur of music. The knowledge and experiences acquired serve to broaden their perspective and provide them with skills that encourage lifelong learning.

In this course, students will acquire the critical thinking to assess the music they hear and perform, responding with a music vocabulary and an understanding of the creative process. The skills students learn in this course will prepare them for future courses in the visual and performing arts, as well as other content areas.

Instructors, as well as peers when appropriate, will evaluate students' work. Most of the assignments and projects are performance based; therefore, preparation, delivery, and classroom participation are integral to the productivity of the course, and are included in grading and evaluations.

The elements of this curriculum are designed to maintain consistency with other music courses. The learning objectives, questions, and understandings are taught and learned inter-independently. Occurring on a regular basis, music education results by connecting all elements.

In middle school, students and teachers will build on the knowledge and experience accumulated from the lower grades' curricula. The 21st century competencies, learned as individuals, will come together to focus on developing the sensitivity to an aesthetic. This is created by the group and is necessary for the band experience, which, at this level, constitutes continuation of building technique, ear-training, and exploration of musical expression.

Instructional Focus	
Unit Enduring Understandings	

- The creative ideas, concepts, and feelings that influence musicians' work are influenced by their expertise, context, and expressive intent.
- Analyzing creators' context and how they manipulate elements of music provides insight into their intent and informs performance.
- To express their musical ideas, musicians analyze, evaluate, and refine their performance over time through openness to new ideas, persistence, and the application of appropriate criteria.
- Through their use of elements and the way in which structures of music are manipulated, creators and performers provide clues to their expressive intent.
- The personal evaluation of musical work(s) and performance(s) is informed by analysis, interpretation, and established criteria that vary across time, place, and cultures.
- Musicians connect their personal interests, experiences, ideas, and knowledge to creating, performing, and responding.
- Understanding connections to varied contexts (social, cultural, and historical) and daily life enhances musicians' creating, performing, and responding.

Unit Essential Questions

- How do musicians generate creative ideas?
- How do musicians improve the quality of their creative work?
- How does the understanding and interpretation of the structure and context of musical works inform and improve the quality of performance?
- How do we discern the musical creators' and performers' expressive intent?
- How do we judge the quality of musical work(s) and performance(s)?
- How do musicians make meaningful connections to creating, performing, and responding?

Objectives

When **CREATING**, students will know and be able to:

- Improve 2 to 4 measure melodic and/or rhythmic exercises, utilizing ideas from such things as warm up patterns, scales, technique exercises, band music, etc.
- Compose 2 to 4 measure melodic exercises, utilizing ideas from such things as warm up patterns, scales, technique exercises, band music, etc.
- Demonstrate proper notation symbols (i.e. clefs, time signatures, key signatures, note heads and stems) using pencil and manuscript paper.
- Discuss and analyze with peers the next steps to refine and expand compositions.
- Consider adding or refining expressive markings to existing composition, as developmentally appropriate.
- Perform compositions in lessons for and/or with peers.

When **PRESENTING**, students will know and be able to:

- Perform music in a variety of ways (i.e. one section at a time, layered groupings, unison playing a given line, etc.) and analyze how each of the different parts affect and complement the overall composition.
- Perform utilizing artistic elements such as but not limited to: dynamic levels, articulations, tempo, musical form, and style.
- Record a portion of a rehearsal and listen to and reflect on the group performance offering suggestions for improvement.
- Make an exercise out of a difficult technical excerpt.
- Discuss and evaluate individual and peer performances, utilizing appropriate musical terminology.
- Correctly execute notes, rhythms, and articulations, as developmentally appropriate.
- Perform with proper tone quality, posture, and hand position.

- Perform with appropriate dynamics, phrasing, tempo, balance, and blend.
- Acquire and apply knowledge of proper rehearsal techniques.
- Investigate and discuss history on composer, time period, etc. pertaining to the selection and apply knowledge to individual and group performances.
- Understand and appreciate the mechanics of their instrument.
- Develop and make use of a musical vocabulary.
- Develop an awareness of how to work cooperatively in creative learning endeavors.
- Utilize music technology as a tool for learning.
- Identify and perform compositions that contain various combinations of whole, half, quarter and eighth notes/rests.
- Review and define what a dot does to the value of a note.
- Demonstrate, practice, and perform selections with various meters (2/4, 3/4, 4/4).
- Demonstrate, practice, and perform selections/exercises/scales using the concert F, Bb, & Eb major scales.
- Demonstrate, practice, and perform selections/exercises/scales using the concert D, G, C natural minor scales.
- Percussionists should demonstrate, practice, and perform selections/exercises using the single stroke roll, multiple bounce roll, 9 stroke roll, 17 stroke roll, single paradiddle, and flam.
- Describe and demonstrate the appropriate concert etiquette for a performer and audience member during a concert.

When RESPONDING, students will know and be able to:

- Reflect, through group discussion, on the musical elements that attracted them to a particular composition.
- Follow a conductor's gesture with regard to phrasing, articulation, and interpretation.
- Identify and discuss how expressive markings convey the intent of the composer to create meaningful performances.
- Listen critically to and reflect on performance and rehearsal recordings.
- Describe personal experiences and goals through participating in performances.

When CONNECTING, students will know and be able to:

- Reflect, through group discussion, on the musical elements that attracted them to a particular composition.
