

# West Windsor-Plainsboro Regional School District Orchestra Grade 7

# Unit 1: Fall Semester

Content Area: Music

Course & Grade Level: Orchestra, Grade 7

## Summary & Rationale

Orchestra is an academic subject with its own special body of knowledge and skills, which has its unique way of developing critical thinking. It is an integral part of other curricular areas. Music creates a bridge between the school and the community. Musicianship is knowledge-based and developed through practicing, critical listening, performing, and creating. Orchestra fosters creative growth and cultivates self-confidence and self-discipline. This creative art form allows use of the whole brain and promotes self-expression through performance, composition, and the use of technology.

Orchestra provides many opportunities for all students, at all levels and abilities. In ensemble and small group settings, students explore the mechanics and skills of becoming a musician, a collaborative team member, and a connoisseur of music. The knowledge and experiences acquired serve to broaden their perspective and provide them with skills that encourage lifelong learning.

In this course, students will acquire the critical thinking to assess the music they hear and perform, responding with a music vocabulary and an understanding of the creative process. The skills students learn in orchestra will prepare them for future courses in the visual and performing arts, as well as other content areas.

Instructors, as well as peers when appropriate, will evaluate students' work. Most of the assignments and projects are performance based; therefore, preparation, delivery, and classroom participation are integral to the productivity of the course, and are included in grading and evaluations.

The elements of this curriculum are designed to maintain consistency with other music courses. The learning objectives, questions, and understandings are taught and learned interdependently. Occurring on a regular basis, music education results by connecting all elements.

In middle school, students and teachers will build on the knowledge and experience accumulated from the lower grades' curricula. The 21st century competencies, learned as individuals, will come together to focus on developing the sensitivity to an aesthetic. This is created by the group and is necessary for the orchestral experience which, at this level, constitutes continuation of building technique, ear-training, and exploration of musical expression.

|        | CREATING, students will know and be able to:  |
| •      | Create and imitate rhythmic bowing patterns (i.e. hooked bowings) and execute these bowings       |
| _      | on a scale.   |
| •      | Create and imitate simple melodic ideas based on new notes learned in class (i.e. "high" and      |
|        | "low" fingers, upper position fingerings).  |
| •      | Compose and improvise measures of notes OR rhythms based on concepts learned in class (i.e.       |
|        | cut time).  |
| •      | Compose 4-8 measure exercises that combine rhythms, notes, or finger patterns learned in          |
|        | class, utilizing ideas from warm-up patterns, scales, technical exercises, or concert music.      |
| •      | Demonstrate proper notation (i.e. clefs, time signatures, key signatures, note heads and stems)   |
|        | using pencil and manuscript paper and/or digitally.   |
| •      | Demonstrate basic knowledge of various digital recording methods utilizing such devices as        |
|        | chromebooks, tablets, and smartphones.  |
| •      | Discuss and analyze with peers the next steps to refine and expand compositions.                  |
| •      | Add/Refine expressive markings to existing compositions, as developmentally appropriate.          |
| •      | Perform compositions in lessons for and/or with peers.  |
| •      | Share digital recordings with class and/or instructor.  |
| When   | PRESENTING, students will know and be able to:  |
| •      | Sight-read, as an ensemble, a variety of repertoire and collectively discuss and select the most  |
|        | appropriate piece(s) based upon individual and ensemble skill level and musical maturity.         |
| L      | appropriate prece(s) susce upon manual and ensemble skin ever and musical maturity.               |

- Perform music in a variety of ways (i.e. one section at a time, layered groupings, unison playing of a given line) and analyze how each of the different parts affect and complement the overall composition.
- Identify and perform music utilizing artistic elements such as dynamics, articulations, tempo, musical form, style, and phrasing.
- Create an exercise (i.e. warm-up worksheet) out of a difficult technical excerpt.
- Record a portion of a rehearsal and listen to and reflect on the group performance, offering suggestions for improvement.
- Discuss and evaluate individual and peer performances using appropriate musical terminology.
- Experiment with different stylistic approaches to repertoire based on peer feedback and come to consensus with teacher guidance about how to perform with the chosen style.
- Perform with proper standing and sitting posture.
- Demonstrate the proper instrument and bow hold.
- Follow a conductor.
- Display proper orchestral protocol.
- Continue to refine tone quality by demonstrating, on all strings, the correct relationship between bow speed, weight, and placement.
- Correctly execute notes, rhythms, and techniques, as developmentally appropriate:
  - Continue to play and refine all first position 1 and 2-octave scales in key signatures up to two sharps/flats.
  - Shift to, play, and read in 3rd position (violins and violas).
  - Shift to, play, and read in 2nd, 3rd, and 4th positions (cellos).
  - Play using 3rd position pivots (basses).
  - Play 2-octave shifting scales in the key signature of D Major (violins) and G Major (violas, cellos, and basses).
  - Use and play with harmonics (cellos and basses).
  - Begin playing double stops with two fingered notes.
  - Play tremolo, trills, and grace notes.
  - Tune using perfect fifths (violins, violas, and cellos).
  - Tune using harmonics (basses).
  - Play in 2/2 and 3/2 time signatures.
  - Sight-read music in 2/4, 3/4, 4/4 time signatures.
- Perform expressively by observing dynamic markings, articulations, tempo markings, style, and phrasing.
- Investigate, research, and/or discuss the history (i.e. composer background, time period, etc.)
  pertaining to a musical selection and apply this knowledge to individual and group
  performances.

#### When RESPONDING, students will know and be able to:

- Reflect, through group discussion, on the musical elements that attracted them to a particular composition.
- Follow a conductor's gestures with regard to phrasing, articulation, and interpretation.
- Identify and discuss how expressive markings convey the intent of the composer to create meaningful performances.
- Listen critically to and reflect on performance and rehearsal recordings.
- Describe personal experiences and goals through participating in performances.

When CONNECTING, students will know and be able to:

• Reflect, through group discussion, on the musical elements that attracted them to a particular composition.

|                                   | students will know and be able to:  |  |
|                                   | imitate rhythmic bowing patterns (i.e. hooked bowings) and execute these bowings  |  |

|                                   |   |  |

- Create and imitate simple melodic ideas based on new notes learned in class (i.e. "high" and "low" fingers, upper position fingerings).
- Compose and improvise measures of notes or rhythms based on concepts learned in class (i.e. cut time).
- Compose 4-8 measure exercises that combine rhythms, notes, or finger patterns learned in class, utilizing ideas from warm-up patterns, scales, technical exercises, or concert music.
- Demonstrate proper notation (i.e. clefs, time signatures, key signatures, note heads and stems) using pencil and manuscript paper and/or digitally.
- Demonstrate basic knowledge of various digital recording methods utilizing such devices as Chromebooks, tablets, and smartphones.
- Discuss and analyze with peers the next steps to refine and expand compositions.
- Add/Refine expressive markings to existing compositions, as developmentally appropriate.
- Perform compositions in lessons for and/or with peers.
- Share digital recordings with class and/or instructor.

### When PRESENTING, students will know and be able to:

- Sight-read, as an ensemble, a variety of repertoire and collectively discuss and select the most appropriate piece(s) based upon individual and ensemble skill level and musical maturity.
- Perform music in a variety of ways (i.e. one section at a time, layered groupings, unison playing of a given line) and analyze how each of the different parts affect and complement the overall composition.
- Identify and perform music utilizing artistic elements such as dynamics, articulations, tempo, musical form, style, and phrasing.
- Create an exercise (i.e. warm-up worksheet) out of a difficult technical excerpt.
- Record a portion of a rehearsal and listen to and reflect on the group performance, offering suggestions for improvement.
- Discuss and evaluate individual and peer performances using appropriate musical terminology.
- Experiment with different stylistic approaches to repertoire based on peer feedback, come to consensus with teacher guidance about how to perform with the chosen style.
- Perform with proper standing and sitting posture.
- Demonstrate the proper instrument and bow hold.
- Follow a conductor.
- Display proper orchestral protocol.
- Continue to refine tone quality by demonstrating, on all strings, the correct relationship between bow speed, weight, and placement.
- Correctly execute notes, rhythms, and techniques, as developmentally appropriate:
  - Continue to play and refine all first position 1 and 2-octave scales and arpeggios in key signatures up to two sharps/flats.
  - Shift to, play, and read in 3rd position (violins and violas).
  - Shift to, play, and read in 2nd, 3rd, and 4th positions (cellos).
  - Play using 3rd position pivots (basses).
  - Play 2-octave shifting scales in the key signatures of D and C Major (violins), G and F Major (violas, cellos), and G Major (basses).
  - Use and play with harmonics (cellos and basses).
  - Begin playing double stops with two fingered notes.
  - Begin playing triple stops with open strings for the lowest note.
  - Play tremolo, trills, and grace notes.
  - Tune using perfect fifths (violins, violas, and cellos).

- Tune using harmonics (basses).
- $\circ~$  Play in 2/2 and 3/2 time signatures.
- Sight read music in 2/4, 3/4, 4/4 time signatures.
- Perform expressively by observing dynamic markings, articulations, tempo markings, style, and phrasing.
- Investigate, research, and/or discuss the history (i.e. composer background, time period, etc.) pertaining to a musical selection and apply this knowledge to individual and group performances.

#### When RESPONDING, students will know and be able to:

- Reflect, through group discussion, on the musical elements that attracted them to a particular composition.
- Follow a conductor's gestures with regard to phrasing, articulation, and interpretation.
- Identify and discuss how expressive markings convey the intent of the composer to create meaningful performances.
- Listen critically to and reflect on performance and rehearsal recordings.
- Describe personal experiences and goals through participating in performances.

#### When CONNECTING, students will know and be able to:

• Reflect, through group discussion, on the musical elements that attracted them to a particular composition
