

Team COMMUNITY

95 Grovers Mill Road, Plainsboro, NJ 08536

December 2019/January 2020
Volume 6, Issue 3

It is hard to imagine that the **T.E.A.M. COMMUNITY** school year is half-way complete! Students and teachers are **working hard** to transition to **Marking Period 3**. There have been dances and assemblies, unique learning opportunities and trips, and continued work on **being our best selves**. We are reminded that middle school is truly a **journey**, and comfort on this journey can be found in our motto **We Got This!** We hope you and your family have had a great start to the **New Year**. We look forward to continuing to **serve** you and your students! Be sure to use our **Daily Announcements** to stay aware of all upcoming activities for students, school-based events, and more! Below, please enjoy some snapshots from the end of 2019 and start of 2020.

Social Emotional Learning is being integrated into the work we do at TEAM COMMUNITY!

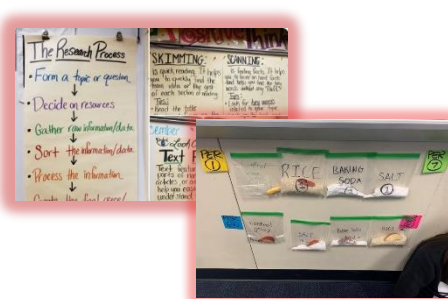

CMS staff continue to explore district strategic goals and apply strategies to their classrooms.

Students and staff continue to use the Panther Pause to take time and learn more about wellness strategies!

Students spread messages of kindness and positivity inside and outside of CMS!

Teachers have continued to use the middle school model to offer interdisciplinary learning experiences.

Students designed a marketplace to raise funds for our sister school in Democratic Republic of Congo!

TEAM COMMUNITY students and staff had a blast at our end-of-2019 Pep Rallies!

CMS welcomed and hosted students from Shenzhen Hongling Junior High School in China.

As a part of our Barnes & Noble Book Fair, staff read favorite stories to children!

All of our instrumental and vocal ensembles had successful winter concerts.

Congratulations to all of our Panther athletes who participated in Winter Athletics!

CMS invited Dr. Matt Bellace to speak with our families regarding supporting teens and ourselves in reducing stress.

Did you know you can get involved in a variety of ways through our community support groups? Click the pictures for more information!

Quote of the Month

"We are capable of transforming the world, for the good, but this work starts from within; it is our simple, but intentional, behaviors where significant change takes place. The gesture of us smiling, acknowledging the existence of another, is as powerful as any other deed done in the world."

- Dr. Michael "Mykee" Fowlin
