## **Wicoff Elementary School Weekly Update**

### **A Message From the Wicoff Administration**

Dear Wicoff Parents & Guardians,

We have completed our first school week in June. There are two more full weeks and then we will have concluded the 2019-20 school year. We are incredibly proud of the efforts of all our WW-P colleagues and families who joined together to help support our students. We recognize that these are challenging times and we are committed to working towards addressing issues of racism and supporting our students using developmentally appropriate resources that promote tolerance, equity and the importance of taking action. Please see the [resources](#) that were shared in Dr. Aderhold's message to the WW-P community on Confronting Racism. Next week's newsletter will include some additional resources that support our elementary students.

With the warmer weather upon us, it is a good idea to schedule both work time and some break time. Remember the children are used to getting physical activity every day at school. The activity is important to help the brain focus when it is time for the academics. With physical activity in mind, please remember Friday, June 12 is our Virtual Field Day! You have received links to post your photos and videos to show us how you participated in the events. Please click [here](#) to review our school letter and register you and your family for Field Day.

Preparations are underway for the retrieval and drop-off of items at school. This is the time to start gathering up all the books and materials that need to be returned to school. Put the items in a bag marked with your child's name as well as their teacher's name and bring it on the scheduled drop off/pick up days. Please [click here](#) for additional information and details.

If you are moving or planning to move either out of the district or within the district it is **very important** that you notify your child's teacher. This is important for the placement process and to ensure you receive any information that may be mailed out.

We continue to be here to support you and want to assist you as needed. We have resources available to families in need.

- Families who qualify for free or reduced meals are being supported by bi-monthly food distribution. If your circumstances have changed and you need assistance in this area, please contact the guidance counselor, nurse or building administrator.
- Technology is another resource available. Families who are having difficulty with their school-issued device or for those families who need access to a device for their child, please complete this [form](#). Once you complete this form, you may report to High School North on Tuesday, Thursday or Friday between 11 a.m. and 2 p.m. to get the tech support or sign out a device. Please note: The form must be completed prior to going to High School North. You will not receive a notification to report to the high school; please go to High School North on the next Tuesday, Thursday, or Friday following submission of the form.
- In addition to the curriculum that is being provided virtually, we also support any student who is struggling with the circumstances and loss of being at school with peers and teachers. If your child is experiencing difficulty, please reach out to his/her teacher, guidance counselor, CST, or building administrator for support.

Warmest regards,  
Michael Welborn and Lindsay Jablonski
