SCHOOL

- **STEAM Day is coming!: Friday, April 8,** students will be engaged in presentations and activities related to science, technology, engineering, the arts

and mathematics. We are fortunate to have many guest speakers in these fields who will be sharing their expertise in an engaging, age-appropriate manner.

- **Author Day:** We are excited to welcome guest author Josh Funk, author of the *Lady Pancake and Sir French Toast* series, *How to Code a Rollercoaster* and [How to Code a Sandcastle](#), the *It's NOT a Fairy Tale* series, as well as several other stand-alone books. Mr. Funk will be visiting Dutch Neck students virtually **Tuesday, April 12**. You can check out more about Josh at <https://www.joshfunkbooks.com/>.
- **Mr. Argese and Mrs. Bruce Read Alouds:** One of our favorite things to do is join classrooms of students for read alouds and activities. We have recently been reading the books below and enjoying follow-up activities and conversations!
 - Kindergarten: *The Way I Feel* by Janan Cain
 - <https://www.youtube.com/watch?v=MSdSWIfCpJ8>
 - We talked about the different feelings friends have every day and ways to find clues on faces to guess how people feel. Students chose a feeling and drew the feeling on a half paper plate, then tried to guess the feelings of their classmates based upon the clues.
 - First Grade: *Be Kind* by Pat Zietlow Miller
 - <https://www.youtube.com/watch?v=HCmLoRXNtao>
 - We talked about all of the ways we show kindness throughout our day. Students then thought of a way they can be kind, wrote their idea in a sentence and/or drew a picture to express their idea. These will be displayed as a tree of kindness in the hallway for everyone to see.
 - Second Grade: *Wumpers* by Amy Krouse Rosenthal
 - <https://www.youtube.com/watch?v=LH7cQQhTJ0Y>
 - We came up with word/number combinations and saw how many we could include in one sentence. It was 1derful 2 see the classes come up with gr8 ideas!
 - Third Grade: *The Day You Begin* by Jacqueline Woodson
 - <https://www.youtube.com/watch?v=oM3DesXftrQ>
 - We talked about how each of us has a unique quality which should be celebrated. How boring the world would be if all of us were the same? We discussed ways in which students can sometimes feel different and then brainstormed ways that we can support our

friends and their differences and make them feel good and valued about those differences.
