SCHOOL

- **Summer Programming:** As the summer season approaches, it's a great opportunity for your children to engage in summer programs and camps that will help them to develop important social skills. While the pandemic has caused disruptions to our daily lives, it's more important than ever to help our children to connect with others outside of their immediate families. Participating in summer camps and programs offers children the chance to interact with peers in a safe and controlled environment. These experiences help children to learn how to communicate with others, make new friends, and develop the social skills that are essential for their future success. We understand that it may be challenging to consider signing your children up for camps or summer programs, especially with lingering concerns about the pandemic. However, many camps and programs have implemented safety protocols to ensure that children can participate in activities in a safe and enjoyable way. We strongly encourage you to consider enrolling your children in summer programs and camps this year. Not only will your children benefit from developing their social skills, but they will also have the opportunity to create lasting memories and experiences.
