ARTICLE 2

Negotiation Procedure

2:1 The parties agree to enter into collective negotiations over a successor Agreement in accordance with Chapter 123, Public Laws of 1974, State of New Jersey, in a good-faith effort to reach agreement on all matters concerning the terms and conditions of teacher's employment. Such negotiations shall begin after January 1 of the calendar year preceding the calendar year in which this agreement expires. The parties will meet and agree to a scattergram and ground rules for negotiations prior to December 15 of the school year the agreement expires. Any agreement so negotiated shall apply to all members of the unit as defined, be reduced to writing, signed by the Board and the Association, be ratified by the Association, and be adopted by the Board.

2:2 Neither party in any negotiations shall have any control over the selection of the negotiating representatives of the other party.

2:3 Pursuant to Chapter 123, the Board of Education agrees not to conduct negotiations concerning terms and conditions of employment with anyone other than the representative as defined in Article 1, for the term of this Agreement.

2:4 This Agreement incorporates the entire understanding of the parties on all matters which were or could have been the subject of negotiations. During the term of this Agreement, neither party shall be required to negotiate with respect to any such matter whether or not covered by this Agreement and whether or not within the knowledge or contemplation of either or both of the parties at the time they negotiated or executed this Agreement.

2:5 This Agreement shall not be modified in whole or part except by an instrument in writing duly executed by both parties.

2:6 A good faith effort will be made to schedule a minimum of two meetings each month during negotiations. Notification of any cancellation will be made at least 24 hours prior to the beginning of the scheduled meeting, except in case of emergency.

ARTICLE 3

Grievance Procedure

3:1 A "grievance" shall mean a complaint by a teacher that there has been either a personal loss, injury, or inconvenience because of a violation, misinterpretation or inequitable application of Board policy, this Agreement or an administrative decision, affecting the terms and conditions of teacher employment as covered by this Agreement. A grievance to be considered under this procedure must be initiated by the teacher within twenty (20) work days from the time when the teacher knew or should have known of its occurrence.

3:2 PURPOSE - The purpose of this procedure is to secure, at the lowest possible level, equitable solutions to grievances. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.

3:3 PROCEDURE

3:3:1 Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits shall be deemed a rejection of the grievance and permit the aggrieved teacher to proceed to the next step. Failure at any step of this procedure to appeal a grievance to the next step within the specified time limits shall be deemed to be acceptance of the decision rendered at that step.

3:3:2 It is understood that teachers shall, during and notwithstanding, the pendency of any grievance, continue to observe all assignments and applicable rules and regulations of the Board until such grievance and any effect thereof shall have been fully determined.

3:4 LEVEL ONE - Any teacher who has a grievance shall discuss it first with their immediate supervisor or principal in an attempt to resolve the matter informally. A teacher who holds a coaching position and has a grievance related to that position would begin the process with the Director of Athletics. If, as a result of this discussion, the matter is not resolved satisfactorily within five (5) working days, the grievance shall move to level two.

3:5 LEVEL TWO - The grievant shall set forth the grievance in writing to the immediate supervisor or principal, specifying:

- a. The nature of the grievance;
- b. The nature and extent of the injury, loss or inconvenience;
- c. The result of previous discussions; and
- d. The dissatisfaction with decisions previously rendered.

The immediate supervisor or principal shall communicate a decision to the grievant in writing within ten (10) working days of receipt of the written grievance.

3:6 LEVEL THREE - The grievant, no later than five (5) working days after receipt of the decision in the foregoing step, may appeal the decision to the Superintendent of Schools.

The appeal to the Superintendent must be made in writing, reciting the matter as specified above and the grievant's dissatisfaction with the decisions previously rendered. The Superintendent shall attempt to resolve the matter as promptly as possible, but within a period not to exceed fifteen (15) working days. The

Superintendent shall communicate the decision in writing to the grievant and the principal and/or immediate supervisor.

3:7 LEVEL FOUR - No claim by a teacher shall constitute a grievable matter beyond Level Three or be processed beyond Level Three if it pertains to:

- (a) Any matter for which a method of review is prescribed by law or any rule or regulation of the State Commissioner of Education or any matter which according to law is either beyond the scope of Board authority or limited to action of the Board alone.
- (b) A complaint of a non-tenured teacher which arises by reason of not being re-employed.
- (c) A complaint by any certificated teacher occasioned by appointment to retention in, or lack of retention in any position for which tenure is either not possible or not required.

3:7:1 If the teacher is dissatisfied with the decision of the Superintendent and if the grievance pertains to a violation of this Agreement between the Board and the Association, the Association may request the appointment of an arbitrator, such request to be made known to the Superintendent no later than 10 working days after the decision, in writing to the Superintendent.

3:7:2 A teacher, in order to process the grievance beyond Level Three, must have the request for such action accompanied by the written recommendation for such action by the Association.

3:7:3 Within ten calendar days after such written notice of submission to arbitration, the Superintendent and the Association shall attempt to agree upon a mutually acceptable arbitrator. The following procedure will be used to secure the services of an arbitrator.

- a. A joint request shall be made to the Public Employment Relations Commission to submit a roster of persons qualified to function as an arbitrator in the dispute in question.
- b. If the parties are unable to agree upon a mutually satisfactory arbitrator from the list submitted, they will request the Public Employment Relations Commission to submit a second list.
- c. If the parties are unable to agree, within ten calendar days of the initial request for arbitration, upon a mutually satisfactory arbitrator from the second submitted list, the Public Employment Relations Commission may be requested by either party to designate an arbitrator. The arbitrator shall be limited to the issues submitted and shall consider nothing else. The arbitrator can add nothing to, nor subtract anything from, the agreement between the parties or any policy of the Board of Education. The recommendation of the arbitrator shall be binding on both parties. Only the Board, the teacher, the teacher's representative, the Association and the principal and/or immediate supervisor shall receive copies of the arbitrator's report. This shall be accomplished within fifteen (15) working days of the completion of the arbitration hearings.

3:8 COSTS OF ARBITRATION

3:8.1 Each party shall bear the total cost incurred by itself.

3:8.2 The fees and expenses of the arbitrator are the only costs which shall be shared by the two parties and such cost will be shared equally.

3:9 Whenever by mutual agreement of the parties, any representative of the Association or any teacher participates in grievance proceedings during working hours, that person shall suffer no loss in pay.

3:10 Any aggrieved person may be represented at all stages of the grievance procedure by a representative selected by the grievant.

ARTICLE 4
Rights of the Parties

4:1 Pursuant to Chapter 123, Public Laws 1974, State of New Jersey, public employees included in the negotiating unit have, and shall be protected in the exercise of, the right, freely and without fear of penalty or reprisal, to form, join, and assist any employee organization or refrain from any such activity. As a duly selected body exercising governmental powers under cover of the Laws of the State of New Jersey, the Board undertakes and agrees that it shall not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any rights conferred by Chapter 123, Public Laws 1974, State of New Jersey, or other laws of New Jersey, or the Constitution of New Jersey and the United States.

4:2 The Board of Education, subject only to the language of Chapter 123, Public Laws 1974, State of New Jersey, and this Agreement reserves to itself full jurisdiction and authority over matters of policy and retains the right, in accordance with applicable laws and regulations (a) to direct employees of the school district; (b) to hire, promote, transfer, assign, and retain employees in positions within the school district and to suspend, demote, discharge, or take other disciplinary action against employees; (c) to relieve employees from duties because of lack of work, or for other legitimate reasons; (d) to maintain the efficiency of the school district operations entrusted to them; (e) to determine the methods, means and personnel by which such operations are to be conducted; and (f) to take whatever actions might be necessary to carry out the mission of the school district in situations of emergency.

4:3 No teacher shall be disciplined without just cause.

4:4 Representatives of the Association shall be permitted to transact official Association business on school property at all reasonable times, provided that this shall not interfere with, or interrupt, normal school operations and that approval has been granted by the appropriate administrator. Such approval shall not be withheld unreasonably.

4:5 Representatives of the Association shall be permitted to use school office equipment at all reasonable times, provided that this shall not interfere with normal school operations and provided that approval has been granted by the appropriate administrator. Such approval shall not be unreasonably withheld.

4:6 The Association shall have, in each school building, the use of a bulletin board in each faculty room. The Association shall also be assigned adequate space on the bulletin board in the central office of each school building for Association meeting notices provided copies are presented in advance of posting to the appropriate administrator.

4:7 The Association shall have the right to reasonable use of the school mailboxes and the inter-school mail facilities. A courtesy copy of general Association mailings shall be placed in the Superintendent's and principal's mailboxes. The responsibility for the contents of the communications sits wholly with the author. The Association agrees to hold the Board harmless in the event of claims arising out of the distribution of Association materials.

4:8 In the posting of the Association materials and the use of mail boxes, a designated Association representative shall indicate the responsibility for such posting or mailing by signing the material being posted or mailed or by marking with the stamp of the Association.

4:9 Whenever any teacher is required to appear before the Board or any officer of the Board, or any committee thereof concerning any matter which could adversely affect the continuation of that teacher in the office, position, or employment or the salary or any increments pertaining thereto, then the teacher shall be given prior written notice of the reasons for such meeting or interview and shall be entitled to have a representative of the Association present to advise the teacher and represent the teacher during such meeting or interview.

4:10 No teacher shall be prevented from wearing pins or other identification of membership in the Association or its affiliates.

4:11 Whenever, by mutual agreement of the parties, any representative of the Association or any teacher participates in negotiations during working hours, the teacher shall suffer no loss in pay.

4:12.1 The Board shall grant the President of the West Windsor-Plainsboro Education Association the elimination of supervisory duties for a high school teacher, or in the case of an elementary teacher, their presence will not be required until the start of instructional time to perform their duties. In addition, the Board will release the President from in-service days and the President and or one other Association officer for a 1/2 day per month to perform their duties, with no loss in pay.

4:12.2 In lieu of 4:12.1, the Association President may choose on an annual basis to be released from all duties. If the President is a middle school or high school teacher, the president may alternatively choose on an annual basis to be released from duties on a part time basis. The Board will pay full salary and benefits while the release time is in effect, but the Association shall prepay the Board monthly for full salary or partial salary, whichever applies. Seniority and length of service in the district shall continue to accrue. This paragraph expires on June 30, 2027.

4:13 The Board shall grant the 1st and 2nd Vice Presidents, the Building Vice Presidents, Treasurer, Secretaries, and the Grievance Chairperson of the West Windsor-Plainsboro Education Association the elimination of supervisory duties for a high school teacher, or in the case of an elementary teacher, at least 30 minutes (in at least a 20 minute increments) of release time will be provided during the school day. The Negotiations Vice President shall be relieved of all supervisory duties.

4:14 The rights and privileges of the Association and its representatives, as set forth in this Agreement, shall be granted to the Association, as the exclusive representative of the teachers, and to no other teacher representative organizations.

4:15 Each teacher is entitled to an adequate work space for handling all work-related paperwork and to a safe location to lock personal belongings. Except where space is limited, each teacher will have an individual lockable desk and lockable file cabinet/file drawer. Where space is limited, each teacher will have at least a lockable file cabinet/drawer and a suitable work space.

ARTICLE 5

School Calendar and Work Year

5:1 Prior to March 1st of each year, a committee designated by the Association, shall make recommendations to the Superintendent concerning the school calendar prior to its adoption by the Board.

5:2 The Board, in determining said school calendar, shall consider the recommendations of the Association prior to the adoption of the official school calendar.

5:3 The actual in-school work year shall be 183 days. It is within the Board's discretion to determine each school year which days, if any, shall be early dismissal days for students and/or teachers; however, the day before Thanksgiving and the day before winter break shall remain early dismissal days for students and teachers; and parent/teacher conference days shall remain early dismissal days for students only. (See also 6:1.4).

5:3.1 The number of student instructional days shall not exceed 180. Work days in addition to student instructional days shall be used for professional development.

5:3.2 In the event that any school(s) is closed on a student instructional day(s), prior to the completion of an official student day under the Education Laws (e.g., when due to inclement weather, lack of power, lack of water or other circumstances), the Board reserves the right to cancel a professional development day(s) for affected staff, and use that day as a student instructional day(s), in order to make up the lost student day(s).

5:3.3 The Board may require that teachers new to the District attend up to five (5) additional professional development days during the summer recess before and after their first year of service. The total number of days over the two (2) periods of summer recess shall not exceed five (5) days. These days are without compensation. The additional professional development days for new teachers include teachers who return to the District after resignation. Summer recess is defined as the period between the last day of school for teachers in one school year, and the first day of school for teachers in the next school year; however, the additional professional development days must take place within five (5) weekdays (not counting holidays) of the beginning and/or end of the work year for these teachers.

5:4 The in-school work year shall include days when pupils are in session, orientation days and any other days when teachers' attendance is required.

5:5 Principals will make every effort to schedule back-to-school nights in such a manner that teachers will only be in attendance at one back-to-school night.

ARTICLE 6

Teaching Hours and Teaching Load

6:1 As a professional, a teacher is expected to devote to this work the time necessary to accomplish the task at hand. The Association agrees that a teacher's day is not necessarily coterminous with that of a pupil. However, it shall be no less than that which is established for the pupils. The school day for teachers shall not exceed seven hours and fifteen minutes consecutively, except where teachers remain during school emergencies to protect the health and safety of children.

Teachers shall not be required to attend or supervise after school or evening activities such as dances, plays, concerts, movie nights, athletic contests, etc. unless there are no qualified volunteers or insufficient qualified volunteers available. Any teacher assigned to an activity will be paid the appropriate contractual rate. Teachers who have evening activities directly related to classroom assignments would be expected to attend these activities. Teachers of music, for example, would be expected to attend and conduct a concert. Class or activity advisors who receive an extra-duty pay stipend would attend an after-school event involving their group.

6:1.1 No teacher shall be required to attend more than three (3) meetings in any month.

6:1.2 Every effort shall be made to restrict the times for meetings referred to in 6:1.1 to one hour beyond the time that teachers can be expected to be present for the start of such meetings at the end of a school day. The same effort shall be made when staff members from more than one school are meeting together.

6:1.3 Other committees and meetings are permitted under the terms of this Agreement, however, it is understood by the parties that teacher participation in such committees or meetings is voluntary.

6:1.4 Teachers may be required to attend one evening parent conference. Such conference shall be scheduled on a reduced day and shall not be scheduled for longer than the time reduced from the regular work day and shall end no later than 8:00pm.

6:1.5 Each teacher shall be required to complete online training to cover those topics that are assigned by the Administration to fulfill requirements of federal laws and regulations, state laws and regulations, and/or Board of Education policies and regulations. This training must be complete by November 15th or 90 calendar days from date of hire.

6:2 All teachers shall have a duty-free lunch period pursuant to Commissioner's regulations.

6:3 Teachers shall indicate their arrival and departure from the buildings by initialing the "sign-in/sign-out" roster.

6:4 Teachers may leave the building without requesting permission during their scheduled duty-free lunch period, but they must indicate their leaving and return by initialing the faculty "sign-in/sign-out" roster.

6:5 (a) Grade 6 through 12 classroom teachers, shall in addition to their duty-free lunch period, have preparation time of at least four hundred (400) minutes per week (with not less than forty (40) minutes of preparation time per day). No duty period shall exceed sixty (60) minutes, and total assigned teaching and duty minutes shall not exceed 1,280 in any week during the school year subject to the limitations set forth

in Article 6:8 with no more than two (2) duty periods per week. The foregoing minimum preparation time includes planning time at the middle school level, however, if a teacher has only one (1) preparation period on a given day, that preparation period shall not be a common planning period. During this preparation time, teachers will not be assigned to any other duty. The duty-free lunch period shall be not less than forty one (41) minutes per day.

(b) Teachers represented by the Association shall continue to be eligible to supervise lunches at the middle schools and high schools provided they apply for such positions. Those teachers accepted for such assignments shall be compensated at the negotiated annual stipend for lunch duty as set forth in the collective bargaining agreement and shall not be assigned to a duty outside the lunch period. Teachers who perform lunch duty period supervision shall be entitled to a duty-free 41-minute lunch. Teachers shall be permitted to consume lunch while performing the supervision.

(c) Elementary classroom teachers, shall in addition to their duty-free lunch period, have forty (40) minutes of daily preparation time, during which they shall not be assigned to any other duties.

(d) Elementary teachers shall have at least six (6) forty (40) minute blocks of preparation time per week. During this preparation time, teachers will not be assigned to any other duty.

(e) In lieu of the preparation time for elementary teachers set forth in Article 6:5(c) and 6:5(d), elementary teachers may, in addition to their duty free lunch period, be scheduled for a minimum of 250 minutes of preparation time per week, in no less than 20-minute blocks of time, with no less than one 40 minute block of preparation time each day.

6:6 World language teachers at the elementary level shall receive preparation time under the terms and conditions set forth in Articles 6:5(c), 6:5(d) or 6:5(e); however, they may be assigned no more than eight (8) teaching periods per day and no more than thirty six (36) teaching periods per week.

6:7 When possible, every effort shall be made to limit the number to three preparations assigned to secondary teachers. Departmental staff teachers shall be consulted in the development of such assignments.

6:8 Teachers in the middle school and high school grades six (6) through twelve (12) shall not be required to have more than five (5) teaching periods per day, and not more than twelve hundred thirty (1230) teaching minutes per week.

6:8.1 Middle school physical education, cycle, world language and elective teachers may be required to teach up to six (6) teaching periods per day, but no more than ten (10) teaching periods over a two-day A/B cycle and not more than twelve hundred thirty (1230) teaching minutes per week. In addition to the 10 teaching periods over the two day A/B Cycle, teachers at the Middle School level will be responsible for students and available for students during the teachers' designated office period/student conference period (as of this contract the period known as WIN).

6:9 A supervisory period is one in which a teacher supervises children while they work independently. A teacher shall not be involved in any type of formal instruction during this period.

6:10 Twice a year, with the approval of the principal, teachers will be provided with a half-day of release time to perform professional non-instructional activities. At the discretion of the principal, special education teachers and related services may be granted an additional 2 half days for the purposes of writing IEPs, reports to support parent conferences and/or legal cases, or other essential non-instructional activities.

6:11 Teachers who are required to travel between buildings during some part of their lunch period or planning period in the course of their employment shall be paid a \$1200 stipend per year, pro-rated according to the number of days traveled or shall be guaranteed a lunch period and a professional planning period which cannot be used for travel time.

6:12 Flextime assignments shall only be available to tenured staff. They may voluntarily accept or reject a flextime assignment which begins and ends the workday earlier or later than the contractual workday. The acceptance of a flextime assignment will be effective for the entire school year. Positions shall be posted, as are all other positions in the contract. Assignments shall be offered annually.

6:13 Twelve Month Employees

Twelve month staff will be covered by all aspects of the contract related to ten month staff, with the following exceptions:

6:13.1 12 month staff shall receive thirteen (13) vacation days per year during their first five (5) years of service. After the first five years of service, the number of vacation days shall be 20 days per year.

6:13.2 Vacation days may be accumulated up to a maximum of 40.

6:13.3 Accumulated vacation days beyond the 40 days shall be converted to sick leave, however, no person may increase their total accumulation of unused sick days by more than 15 days in one year.

6:13.4 If a twelve month staff member becomes a ten month staff member, the employee will be compensated for any unused vacation time at the rate of 1/240 of the employee's 12 month salary.

6:13.5 Vacation days for 12 month staff must be approved by their Supervisor. If the 12 month staff member has teaching responsibilities, the employee's vacation schedule must also be approved by their Building Principal.

6:13.6 12 month staff shall receive 19 holidays including the two (2) days for NJEA convention.

6:13.7 12 month staff shall receive 14 sick days per year.

6:13.8 12 month staff may be required to work one hour a day more than 10 month staff throughout the calendar year.

6:13.9 The salary of the 12 month staff shall be computed at the appropriate 10 month teacher base salary, step, longevity and educational level, plus an additional 20 percent.

ARTICLE 7

Class Size

7:1 The number of students to be taught in a particular class is determined in part by the adequacy of the physical facilities and the nature of the course offered.

ARTICLE 8

Evaluation

8:1 The Board and the Association agree that an evaluation of the teacher is essential to uphold the standards of the school system.

8:2 All teachers shall be evaluated in writing by appropriate certified supervisory staff. Non-tenured teachers shall be evaluated a minimum of three (3) times per year. A copy of any observation or evaluation report shall be presented to the teacher at least three (3) days prior to any conference to discuss said report. However, it is understood by the parties that this requirement in no way precludes informal discussions of said observation or evaluation by the observer or evaluator prior to the writing of said report. The formal conference pertaining to the observation or evaluation report shall occur not later than ten (10) school days from the time of such observation or evaluation.

8:3 Each teacher shall be presented with a copy of the evaluation prior to its submission to the Superintendent. The appropriate certified supervisor who conducted the evaluation/observation and the classroom teacher will confer on the positive aspects and weaknesses of the teacher. No evaluations are to be submitted to the Superintendent without offering the teacher an opportunity for signature. The teacher's signature would not necessarily indicate approval of the evaluation, but simply that the teacher has had an opportunity to see the material to be filed. A teacher shall have the right to designate particular areas of disapproval and may request an explanation and the basis for the evaluation in writing. A teacher may request a conference with the Superintendent.

8:4 The sources of all complaints to be acted upon verbally or in writing regarding a teacher, made to any member of the Administration by any parent, student or other persons shall be made known to the teacher, and shall be promptly investigated. The teacher shall be given the opportunity to respond to and/or rebut such complaint, and shall have the right to be represented by the Association at any such meetings or conferences regarding such complaint. If upon investigation a complaint is found to be without basis in fact, it shall not be placed in the teacher's personnel file.

8:5 The teacher shall acknowledge that there has been an opportunity to review such complaint by signing the copy to be filed, with the express understanding that such signature in no way indicates agreement with the contents thereof. The teacher shall also have the right to submit a written answer to such material and the answer shall be reviewed by the Superintendent or designee and attached to the file copy.

8:6 Any material placed in a teacher's file which the teacher has not seen and initialed shall not be used in any proceedings against the teacher, unless the opportunity has been offered to initial said material and the teacher has refused.

8:7 Should a teacher refuse to sign material referred to in this Article, the principal shall invite the designated representative of the Association (building vice-president or Association president) to witness the fact that the teacher has had an opportunity to sign, acknowledging that the opportunity was presented

and the Association representative shall initial to acknowledge that the member had the opportunity to sign acknowledgement of the material.

8:8 State mandated continuing education: Teachers are encouraged to make use of contractual provisions governing in-service opportunities, college courses at the graduate and undergraduate levels, professional growth days and professional conferences to assist in acquiring the mandated 100 hours of State-approved continuing professional development and/or in-service every five years. In addition, the Board will actively assist and support a teacher's effort to meet the State requirement by seeking appropriate approval of all in-service opportunities. Such approval shall appear on in-service registration forms. The Board shall provide a certificate of attendance to all teachers who complete a district in-service program.

ARTICLE 9
Teacher Assignment

9:1 All teachers shall be given written notice of their step-on guide, tentative class and/or subject assignments for the forthcoming year, not later than May 30th of the then current school year.

9:2 Schedules of teachers who are assigned to more than one school shall be arranged so that no such teacher shall be required to engage in an unreasonable amount of inter-school travel. Such teachers shall be notified of any changes in their schedules as soon as practicable.

9:3 Teachers who may be required to use their own automobiles in the performance of their duties and teachers who are assigned to more than one school per day shall be reimbursed per mile at the rate established by the State and/or Department of Education for school districts.

9:4 Teachers who desire a change in grade and/or subject or who desire to transfer to another building may file a written statement of such desire with the Superintendent not later than March 1. Such statement shall include the grade and/or subject to which the teacher desires to be assigned and the school or schools to which transfer is desired, in order of preference.

9:5 When an involuntary transfer or reassignment is necessary, a teacher's area of competence, major field of study, length of service in the West Windsor - Plainsboro School District, length of service in the particular school building and other relevant factors, including, among other things, State and/or Federal laws, rules, regulations, or administrative directives, shall be considered in determining which teacher is to be transferred or reassigned.

9:6 In the event that a teacher objects, an involuntary transfer or reassignment shall be made only after a meeting between the teacher involved and the principal if requested. In the event that a teacher objects to the transfer or reassignment at this meeting, the Superintendent will meet with the teacher upon request. The teacher may have an Association representative at all such meetings.

9:7(a) In the event that a teacher is assigned a transfer during a school year, the employee will be given two (2) days release time or compensation at the summer rate of pay for up to two (2) days, provided the employee will work in their building for at least two (2) days, (6) hours per day.

ARTICLE 15

Sabbatical Leave

15:1 The Board, upon recommendation of the Superintendent of Schools, may grant sabbatical leaves of absence to eligible teachers. The underlying purpose of the sabbatical leave is to improve the teacher's quality of teaching and to enable the teacher to gain enriching and broadening experience by professional study and research. Major consideration must be given to the benefit which will accrue to the pupils and community through the individual's growth. The Board shall annually budget funds for such purpose, subject to the approval of the electorate. Should conditions be such that in order to budget for such leaves, the Board believes that it will be necessary to reduce programs, staff and/or other necessary items, said funds may not be budgeted or may be reduced if the Association is consulted and approves of such a decision.

15:2 Eligibility - A teacher shall be eligible for a sabbatical leave for the year immediately following the completion of each six (6) consecutive years of service in the school district. A teacher shall not be eligible for more than one (1) sabbatical leave in any seven (7) year period.

The granting of sabbatical leaves shall be solely within the discretion of the Board. However, same shall not be arbitrarily or capriciously withheld.

15:5 Purpose of Leaves - Sabbatical leaves will be granted for the purpose of professional study and research. A teacher whose objectives do not clearly fall under these categories may submit an application provided the objectives are fully substantiated.

15:6 Application - The request for a sabbatical leave shall be submitted on Form A-50 prior to December 1 of the school year preceding the academic year for which the leave of absence is desired. All materials pertinent to said leave must be submitted no later than February 1st following the submission of the application.

15:6.1 Applicant's statement of purpose and plan for the sabbatical leave should reflect professional maturity commensurate with ability and experience.

15:6.2 The written application should outline in detail the proposed professional improvement plan to be undertaken and how it is expected to improve the quality of instruction, and any additional information which will be helpful in evaluating the request.

15:6.3 The application shall include details of the plans for one or more of the following:(a) Research - The topic, the objectives and methods to be followed in completing the research;(b) Study - The courses and objectives of the program of study (see 15:9 below).

15:7.1 In making this evaluation, the Superintendent of schools shall give first consideration to those plans which involve greatest self-improvement and greatest benefit to the school system. A secondary consideration will be the seniority of the teacher applying for leave.

15:7.2 The Superintendent of Schools may request the presence of the applicant at the Board meeting at which the request is to be considered. This will provide the Board with the opportunity to explore to the fullest extent possible the plan and purpose of the teacher.

15:8 Condition of Leave - As a condition for the granting of the sabbatical leave, the teacher shall enter into a contract with the Board to continue in service for a period of at least two (2) years after the expiration of the leave of absence. Upon failure to continue, the teacher may be required to repay to the Board a sum bearing the same ratio to the amount received while on sabbatical that the unfulfilled portion of the two subsequent years' service bears to the full two years. However, the teacher shall be released from such payment if the failure to serve the stipulated two years be due to illness or disability, or if the teacher is discharged from the position. In addition, no repayment will be due from the teacher's estate, if the teacher should expire before the end of the two-year period.

15:9 Salary and Benefits - A teacher on sabbatical leave shall receive a salary based on the following:

- a. A teacher on sabbatical leave shall receive a salary equal to 100% of the salary received were the teacher teaching in the school system that year, when such leave is for the purpose of graduate study in the area in which the teacher is presently assigned.
- b. A teacher on sabbatical leave shall receive an salary equal to 50% of the salary received were the teacher teaching in the school system that year, when such leave is for the purpose of graduate study in an area not presently assigned.

15:9.3 The Board will continue its normal contribution for major medical insurance and other fringe benefits for the teacher during such leaves of absence.

15:9.4 During a sabbatical leave, the teacher shall continue to accumulate sick leave.

15:9.5 The leave of absence shall be counted for purposes of seniority and advancement on the salary guide. A teacher returning from sabbatical leave shall be placed on the step of the appropriate guide the teacher would have attained had the teacher taught the entire previous year in the school district.

15:9.6 The tuition reimbursement provisions of Article 19 of this Agreement shall not be applicable during sabbatical leave; however, the Board will reimburse the teacher for all tuition (up to the New Jersey State College level), textbooks, lab fees, and all other mandatory charges rendered by the college and/or university attended.

15:10 Notification to Teacher - notification of the action taken by the Board on requests for sabbatical leaves will be given in writing by April 1, following the submission of the application.

15:11 Interruption or Termination of Leave - In the event that injury or illness compels the teacher to interrupt or to terminate the sabbatical leave, the teacher must notify the Superintendent of Schools immediately.

15:11.1 Upon receipt of such notification, the Superintendent of Schools shall notify the Secretary of the Board and the teacher that the provisions of the sick leave policy will be applicable from the first day of the next pay period following receipt of such notification.

15:11.2 The teacher shall have the medical reasons for interruption of the leave verified by a medical doctor, and have a report forwarded to the Superintendent of Schools.

15:11.3 Upon release by the teacher's private physician, and the approval of the school medical inspector, the teacher will return to regular duty for the remainder of the school year.

15:11.4 For the balance of the academic year, the teacher will be assigned as needed at the discretion of the Superintendent of Schools within the area in which the teacher is certificated.

15:11.5 In instances where the leave is terminated by illness or injury, the teacher will receive sick pay for a period of time equal to the accumulated sick leave. If the accumulative sick leave is exhausted and the teacher is either unable to resume the leave of absence and carry out the objectives or to return to school, the Board shall determine whether to grant a leave of absence for the balance of the academic year and under what conditions.

15:11.6 If a leave is abrogated, the teacher shall not be restricted from requesting a leave in any subsequent year.

15:11.7 If a leave of absence is terminated, the teacher's seniority and credit shall continue just as if the sabbatical leave had continued.

15:12 Additional Compensation - Since the purpose of this leave is study or research, the applicant shall not accept other employment during the period of leave unless it pertains directly to the objectives and then only upon the approval of the Superintendent of Schools.

15:13 Reports - At the completion of the leave, the teacher shall submit a written evaluation of the experiences in light of the objectives for which the leave was granted. In addition, an oral report may be requested by the Board.

15:14 Revocation of Leave - If the Superintendent of Schools is convinced that the teacher is not fulfilling the purposes for which the leave was granted, the Superintendent shall report this fact to the Board.

15:14.1 If the Board believes that the leave should be revoked, it shall provide the teacher with the opportunity to be heard.

15:14.2 After evaluating the merits of the case, the Board shall either continue the leave of absence or revoke the leave, and return the teacher to service.

15:15 Return to Service- A teacher returning to service after sabbatical leave shall be considered for the same position that was held at the time the leave began, if vacant, or if not, to a substantially equivalent position.

ARTICLE 16

Maternity Disability Leave

16:1 Any regularly appointed employee shall notify the Superintendent of her condition and, if she elects to remain in her position, may be required to submit periodic certification of her continuing fitness to perform her duties.

16:2 During the four weeks preceding and the four weeks following childbirth, when the employee is presumed to be disabled, she will be entitled to sick leave benefits. Should disability occur earlier in the pregnancy or continue for more than one month following birth, the employee may use additional sick leave benefits if she presents a physician's statement attesting to her continued disability.

16:3 The Board reserves the right to request a statement of health from said employee's physician and further reserves the right to require the maternity disability leave to start sooner should her condition (mental or physical) warrant this action. Any such action shall be subject to the procedure described in 16:4, 16:4.1 and 16:4.2 of this Article.

16:4 The Board shall not remove any teacher from her duties during pregnancy, except on any one of the following bases:

16:4.1 Performance: Her teaching performance has substantially declined from the time immediately prior to her pregnancy.

16:4.2 Physical Incapacity: Her physical condition or capacity is such that her health would be impaired if she were to continue teaching, and which physical incapacity shall be deemed to exist only if:

- a. The pregnant teacher fails to produce a certification from her physician that she is medically able to continue teaching, or
- b. The Board's physician and the teacher's physician agree that she cannot continue teaching, or
- c. Following any difference of medical opinion between the Board's physician and the teacher's physician, the Board may request expert consultation in which case a third impartial physician, agreed upon by the teacher and the Board, shall be appointed to examine the teacher and render a medical opinion which shall be conclusive and binding on the issue of medical capacity to continue teaching. The expense of any examination by an impartial third physician under this paragraph shall be shared equally by the teacher and the Board.

16:4.3 Just Cause: Any other "just cause" as defined in NJSA Title 18A.

16:5 When the anticipated period of disability occurs early in the school year and therefore could substantially disrupt the continuity of the educational process, it may be in the best interest of both parties for the leave to start at the beginning of the school year. Should both the Board and the teacher agree, the employee may use up to two months of accumulated sick leave, despite the requirement that to receive disability payments an employee must work until one month before childbirth.

16:6 In the case of pregnancy, the commencement date of the requested maternity disability leave may be any time prior to birth.

16:7 The Board recognizes that pregnancy does not necessarily disable an employee. Thus, no employee will be required to take unpaid leaves of absences for pregnancy. As described in Articles 16:3, 16:4, 16:4.1, and 16:4.2, the Board may at its discretion require periodic physician certification of the employee's continued fitness to perform her duties.

16:8 As the Board permits employees to work until they are disabled by pregnancy, should an employee choose to take an unpaid leave prior to any actual disability, this employee will not be able to receive sick leave payments when disability does occur.

16:9 Except as otherwise provided in this Article, no tenured or non-tenured employee on maternity disability leave shall be barred from returning to work after the birth of her child by any prescribed waiting period between the birth of her child and the date of return to work; however, each such employee shall be required to file, at least two weeks prior to the date of her return or at the time of giving the required notice of intention to return, whichever is earlier, a certificate from her physician stating that she is physically capable of resuming her full duties, provided that if the Board's physician is not in agreement, that conflict of medical opinion shall be resolved in the same manner as set forth in 16:4.2(c) of this Article.

ARTICLE 17

Child Care and Adoption Leaves of Absence

17:1 The Board shall grant child care or adoption leaves of absence without pay (See Article 14:4 regarding temporary adoption leave with pay.) to employees under the following terms and conditions:

17:2 Any employee may request an unpaid leave of absence to care for a newly born or adopted child.

17:3 Employees seeking an unpaid leave of absence for child care or adoption shall, when possible, make written application to the Superintendent not less than 90 days prior to the requested commencement date of the leave. This 90-day notification period may be reduced by agreement between the employee and the Superintendent.

17:4 Any tenured or non-tenured employee may return to work within the school year in which the leave begins, provided they shall have requested to do so in the application for a child care or adoption leave of absence and shall have specified the month when they desire to return. Any change of the date of return within the same school year shall only be allowed at the discretion of the Board provided application is made following the original grant of the leave of absence but prior to the announced commencement date thereof. Such change may be granted by the Board for reasons associated with the pregnancy, birth, adoption, or for other proper causes provided that such change will not substantially interfere with administration of the school. Any tenured employee granted a leave of absence with a return date during the same school year, who wishes to extend said leave beyond the school year in which it commences, shall be permitted to do so if the employee makes application at least three weeks prior to the commencement date of their leave of absence and subject to the provisions of 17:5 of this Article.

17:5 An employee under tenure shall be granted a child care or adoption leave without pay for not more than two (2) years from September of the school year in which the employee requests the leave. When the leave is granted, the employee will return as a tenured employee. Members on such leave on June 30, 2023 shall have access to up to 3 years of childcare leave for the duration of their current childcare leave.

17:6 The Board shall not be required to extend the leave on non-tenured employees beyond the school year for which they were hired. Non-tenured employees wishing to return for the following school year shall be considered by the Board for re-employment for the following year.

17:7 Any tenured employee may return to work in a school year subsequent to the school year in which their leave begins, provided they shall have requested to do so in their application for a leave of absence. Any such employee shall be permitted to return to work at the beginning of any of the two school years following the school year in which their leave commences, provided such employee has given the Board written notice of their intention to do so by no later than the date of January 1 prior to the beginning of the school year in which the employee wishes to return.

17:8 Any employee granted a leave of absence under this Article shall be eligible for an increment in the following year (or in the year in which the employee actually returns from such leave) provided they have at least 91 or more working days (10-month employee) of service to the district in the year in which the leave commences.

17:9 No employee on child care or adoption leave shall, on the basis of said leave, be denied the opportunity to substitute in the West Windsor -Plainsboro School district in area of their competence.

17:10 An employee granted a leave of absence under this Article shall continue to have their medical, prescription, and dental benefits (as set forth in Article 20 of this Agreement) paid by the Board for a period of three (3) months after the beginning of such leave.

17:11 Return to Service - A teacher returning to service after a child care or adoption leave shall be considered for the same position that was held at the time the leave began, if vacant, or if not, to a substantially equivalent position.

ARTICLE 18

Salaries

18:1 The salaries of all teachers covered by this Agreement are set forth in the Appendix which is attached hereto and made a part hereof. In the event the 2012-13 Agreement expires without a successor agreement in place, there will be no requirement to pay any increments pending the outcome of negotiations.

Any occupational therapist and physical therapist staff member on payroll as of June 30, 2008, whose annual salary for 2007-08 exceeds the top step of the applicable column of the salary guide for any year of this Agreement, shall continue to be paid at their annual salary in effect for the 2007-08 school year.

18:1.1 All employees shall be paid through a direct deposit system under the laws and regulations of the State of New Jersey. The bank selected by the employee must participate in the electronic transfer system and be a member of the Federal Reserve System.

18:2 The Board may withhold the salary raise and/or increment of any teacher upon recommendation of the Superintendent in accordance with New Jersey Law (RS18A:29-14).

18:3 In cases where the Superintendent is aware by February 1 that a salary raise and/or increment may be withheld from a teacher, a warning notice of deficiencies in performance, and/or any other applicable reason(s) for such withholding of a salary raise and/or increment, shall be given to said teacher by March 1 of the school year preceding each school year in which the salary raise and/or increment is to be withheld. Said teacher shall be notified of the intent to withhold salary raise and/or increment by April 1st following the issuance of the warning notice. Notwithstanding the above referenced dates, nothing shall prevent the Board from continuing to evaluate a teacher's performance after the above dates to determine whether an increment should be withheld.

18:4 In the event of the failure of the Board to re-employ a non-tenured teacher, said teacher may request (1) a meeting with the building principal, (2) a meeting with the Superintendent of Schools, and (3) a meeting with the Board during which the teacher may stipulate their position relative to the matter.

18:5 Newly hired certificated employees with prior teaching experience, either private or public shall be placed on the same step of the guide as currently employed teachers with the same experience on the salary guide. The following exceptions shall apply:

- (a) Non-certified teachers will not receive credit,
- (b) Certified teachers who have nursery school experience will receive one full year credit for every two years of previous experience. However, once established, the credit agreed upon shall serve as the base from which future progress on the salary schedule will occur.
- (c) Newly hired teachers who have teaching experience at a college or university may be granted credit on the salary guide for prior experience as members of a college or university faculty. Experience as an adjunct faculty member shall not be credited.
- (d) New employees serving under educational services certifications who have prior experience in the same positions with employers other than public or private schools may be granted credit on the salary guide for analogous experience in such positions (e.g., media specialist receiving salary guide credit for service as a county librarian). Only prior experience that involved working with school age children (pre-K to 12) can be credited under this paragraph.

(e) In addition to experience in a public or private school, nursing personnel with a RN or Bachelor of Science in Nursing (BSN) who have worked with employers other than public schools or private schools may be granted up to eight (8) years credit on the salary guide for prior work experience as a nurse. Only years worked after attaining a RN license are creditable.

18:6 Mentoring - Teachers who are assigned mentoring duties shall be guaranteed a minimum of one day per month and more as needed with the approval of the principals. Days worked above the contractual number of days actually required shall be paid pro rata. Mentors shall be paid a stipend of \$2,010 per school year and released to perform the necessary duties of mentoring. If more than one teacher acts as a mentor to a provisional teacher, the stipend shall be equally divided among the members. Mentors shall not be required to directly or indirectly evaluate provisional teachers. The foregoing stipend is applicable to persons mentoring a first year teacher. Persons mentoring a second year teacher will receive one-half of that stipend.

ARTICLE 19

Reimbursement of Tuition

19:1 Eligibility - Teachers within the district are eligible to receive reimbursement for the costs associated with the enrollment and attendance in approved courses for professional improvement according to the following regulations.

19:2 The total amount of annual reimbursements to employees represented by the Association pursuant to this provision shall be limited to \$450,000. Reimbursement shall be paid in order of approval. The \$450,000 will be allocated as follows: \$400,000 will be available for courses taken in the summer and fall semesters; \$50,000 will be set aside for courses taken in the spring semester. If any of the \$400,000 for summer and fall semester courses is not utilized, the unspent funds will carry over and be available in the spring semester, in addition to the \$50,000 that was set aside. Unspent funds at the end of the school year will not carry over into subsequent years. Reimbursement shall cover 100% of the cost of tuition, registration, lab fees and all other mandatory charges at the college and/or university that the employee attends.

If attendance or enrollment at a seminar, workshop, or course is specifically requested by the administration, then the Board shall reimburse the teacher for 100% of approved costs. Attendance or enrollment shall be considered “specifically requested” only if it is assigned and required by the administration. Courses, seminars, etc. taken in the context of State mandated continuing education shall not be considered “specifically requested”. However, courses, seminars, etc. taken in the context of State mandated continuing education shall be eligible for reimbursement under 14:11 and the remaining provisions of Article 19.

19:3 Criteria for Courses Eligible for Reimbursement - The following criteria will be applied to determine whether a course is eligible for tuition reimbursement:

- (a) A course necessary to renew existing substandard emergency or provisional certificates is not eligible for reimbursement.
- (b) A course may be taken at any institution of higher learning accredited by a regional accrediting organization recognized by the United States Department of Education.
- (c) A course may be taken at the graduate or undergraduate level.
- (d) A course may require class attendance or be taken online.
- (e) A course which is taught primarily through videotaped lessons is eligible for reimbursement only if the Superintendent gives advanced approval to the course based on its instructional methodology.
- (f) (1) The course must be credited toward a degree program, which will broaden or strengthen the teacher’s professional background, or (2) the course itself must broaden or strengthen the teacher’s professional background. (A teacher may be requested to submit the course description).
- (g) A maximum of 12 credits per year at 100% of college tuition shall be covered by these regulations; however, approval will not be granted for more than six (6) credits during each semester between September and June.

19:4 Approval of Courses – Written course approval by the Superintendent of Schools/designee is required prior to enrolling in courses for which tuition reimbursement is desired. Subject to the tuition cap limitations set forth in Article 19:2 and criteria set forth in Article 19:3, approval for

tuition reimbursement shall be granted in order of submission of course pre-approval requests for courses. All requests for course approval must be submitted via the district's online course approval system in advance of enrollment in accordance with following schedule:

19:4.1 Summer session (covers all courses that begin May 1 or later that are completed after June 30 but prior to the beginning of the school year): Requests for course approval shall be accepted no earlier than April 1 and no later than July 1.

19:4.2 Fall semester (covers all courses that begin August 1 or later that are completed by January 31): Requests for course approval shall be accepted no earlier than July 15 and no later than September 15.

19:4.3 Spring semester (covers all courses that begin January 1 or later that are completed by June 30): Requests for course approval shall be accepted no earlier than November 15 and no later than January 15.

19:5 Notice of Pre-Approval – Teachers shall be informed in a timely manner (a) if the courses submitted for pre-approval are determined to be eligible for reimbursement based upon the course content and (b) whether funds are available for reimbursement. If funds are not available because the pre-approved tuition monies have reached the cap, the teacher shall be placed on a waiting list based upon receipt of the request. If the final reconciliation of tuition reimbursement costs reveals that the cap was not exceeded, teachers who have pending requests that were not pre-approved due to unavailability of funds shall be advised by email and a telephone call in their order on the waiting list that they may submit requests for reimbursement of eligible courses. Such requests must be submitted within fourteen (14) calendar days of notification of availability of funds.

19:6 Payment - Reimbursement shall be made to the teacher only after submission of proof of the satisfactory completion of the course(s), with a grade of "B minus" or better (or "pass" in a pass/fail course), and evidence of payment of tuition costs. Individual consideration for reimbursement will be given in those instances where it becomes necessary for the registrant to withdraw from a course before the course is completed. Teachers must be in the employment of the district on the date of filing their Application for Tuition Reimbursement in order to qualify for reimbursement.

19:7 Forms and Procedures – All requests for course approval and tuition reimbursement must be made via the district's online course approval and tuition reimbursement system. Reimbursement will be made as promptly as possible upon submission of all required documentation and in accordance with the Board's normal payment of bills. Any requests for tuition reimbursement made more than sixty (60) days after completion of the course may be denied. Employees who do not return to the school district will not be reimbursed for courses taken during the previous year, unless their failure to return is of an involuntary nature.

19:8 Those employees who have received reimbursement and elect not to return to the district for the following year will not be eligible for tuition reimbursement. Those persons will have tuition reimbursement received during the previous year deducted from their final paycheck. In the event that this is not possible, the teacher will return tuition reimbursement received during the past year.

ARTICLE 20

Insurance Protection

20:1 All benefits coverage shall be subject to individual employee contributions for medical and prescription at the rate required by law, which shall be in addition to any contribution as may be required by the terms of Article 20:8.

20:2 The Board will, if the teacher so requests, make premium payments for all full-time employees and part-time employees (who work a sufficient number of hours per week to qualify for coverage under the New Jersey School Employees' Health Benefits Program) and their dependents for the medical, surgical and hospitalization insurance. The level of benefits shall be equivalent to the current West Windsor – Plainsboro Regional School District fully-insured Aetna private plan.

20:3 Any contemplated change in the carrier now specified shall be discussed with the Association prior to such change. However, the coverage, if changed, shall be subject to negotiations between the parties.

20:4 The Board, if the teacher so requests, will pay the cost of Aetna dental insurance provided by the Board. Regardless of identity of the carrier providing medical, surgical and hospitalization insurance under Article 20.2, the Board shall pay the full premium.

The coverage shall be:

Preventative and Diagnostic:	100%
Remaining Basic Services:	100%
Prosthodontic Benefits:	60%
Orthodontic Benefits:	70%

The above program is based upon Usual, Customary, and Reasonable (UCR) Fee concept. The maximum amount payable by the dental plan for the above dental services, excluding Orthodontic Benefits, provided an eligible patient in any calendar year is \$1,500.00.

Orthodontic Benefits are subject to a \$1,500.00 maximum per case which is separate from the \$1,500.00 maximum mentioned above applicable to Basic and Prosthodontic Benefits. The Orthodontic Benefits are applicable to both children and adults covered by this plan.

20:4.1 The annual dental deductible shall be \$50 individual/maximum \$100 per family with deductible waived for preventative services.

20:5 The Board, if the teacher so requests, will pay the cost of the Aetna Prescription Plan, including oral contraceptive coverage to employee, spouse, civil union partner and domestic partner (as defined by the New Jersey School Employees' Health Benefits Program), and children, to age 23, or in accordance with law (currently age 26), whichever is higher, with the following co-pay levels. The co-pay levels shall be \$10 for generic drugs; \$30 for preferred brand-name drugs; \$40 for non-preferred brand name drugs; and two times (2x) the applicable co-pay for a 90 day mail order supply (\$20 generic, \$60 for preferred brand-name drugs, \$80 for non-preferred brand name drugs).

20:6 Upon retirement from the district, with at least 25 years of service to the district, the Board will pay the cost of the employees' present dental coverage provided by the Board for a period of ten (10) years from the effective date of retirement.

20:7 For teachers who begin employment 9/1/97 or later who work from 50% to 75%, the Board shall pay pro-rated insurance premiums for the first three years of service for dental and prescription plan coverage. Any employee who starts with full coverage or achieves full coverage during their first three years will maintain coverage throughout the three year period. The three years will run concurrently with the employee’s tenure track.

20:8 When applicable, the teacher and the Board must adhere to the conditions of the Board’s Section 125 plan.

20:9 Waiver of Benefits

20:9.1 To the extent permitted by law, employees who have alternate medical and/or dental and/or prescription coverage may elect to waive coverage in one or more of the insurance plans provided in this Article by signing a waiver form.

20:9.2 To the extent permitted by law, an employee who waives coverage shall receive payment equal to 25% of the cost of the premium the Board would have paid had the employee not waived coverage or five thousand dollars (\$5,000), whichever is less. Effective July 1, 2025, employees who waive coverage shall receive the following:

Level of Waiving	Medical	Prescription	Dental	Total per year
Single	\$1,300	\$400	\$300	\$2,000
Employee/Spouse	\$2,100	\$500	\$400	\$3,000
Employee/Child/ren	\$2,100	\$500	\$400	\$3,000
Family	\$2,700	\$800	\$500	\$4,000

20:9.3 An employee who has waived coverage, but later loses coverage in their alternate insurance plan, may resume coverage under the Board’s plan, upon reimbursement of the amount paid (prorated for each month of insurance coverage) and subject to rules and regulations of the insurance carrier.

ARTICLE 21

Association Payroll Dues Deduction

21:1 The Board agrees to deduct from the salaries of its teachers dues for the West Windsor-Plainsboro Education Association, the Mercer County Education Association, New Jersey Education Association and the National Education Association, or any one, or any combination of such Associations as said teachers individually and voluntarily authorize the Board to deduct. Such deductions shall be made in compliance with Chapter 233, N.J. Public Laws of 1969 (NJSA 52:14-15.9e) and under rules established by the State Department of Education. Said monies, together with current records of any corrections, shall be transmitted to such person as may from time to time be designated by the West Windsor-Plainsboro Education Association by the 15th of each month following the monthly pay period in which deductions were made. The person designated shall disburse such monies to the appropriate association or associations.

21:2 Each of the associations named above shall certify to the Board, in writing, the current rate of its membership dues. Any association which shall change the rate of its membership dues shall give the Board written notice prior to the effective date of such change.

ARTICLE 22

Miscellaneous Provisions

22:1 The Board and the Association agree that during the period of this Agreement neither will directly or indirectly engage in or assist in any unfair labor practices.

22:2 Nothing in this Agreement shall require the Board to keep schools open in the event of severe inclement weather or when otherwise prevented by health hazard or acts of God. When schools are closed to students due to the above conditions, attendance of teachers will not be required.

22:3 The Board, on its own behalf and on behalf of the electors of the District hereby retains and reserves unto itself, without limitation, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the laws and the Constitution of the State of New Jersey and the United States.

22:4 The exercise of the foregoing powers, rights, authority, duties and responsibilities by the Board, the adoption of policies, rules, regulations and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only to the specific and express terms of this agreement and then only to the extent such specific and express terms hereof are in conformance with the Constitution and laws of the State of New Jersey and the Constitution and laws of the United States.

22:5 Nothing contained herein shall be considered to restrict or deny the Board of its rights, responsibilities, and authority under the New Jersey School Laws or any other national, state, county, district or local laws or regulations.

22:6 If any provision of this Agreement or any application of this Agreement to any teacher or groups of teachers is held to be contrary to law, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

22:7 Nothing in this Agreement which changes pre-existing Board Policy, rules or regulations shall operate retroactively unless expressly so stated. The parties agree that teachers shall continue to serve under the direction of the Superintendent of Schools and in accordance with Board and Administrative Policies, Rules and Regulations provided that the provisions of this Agreement shall supersede and prevail over any conflicting provisions.

22:8 It is understood that, under the ruling of the courts of New Jersey and the State Commissioner of Education, the Board of Education is forbidden to waive any rights or powers granted it by law. Anything to the contrary notwithstanding, nothing contained in any section, paragraph, or sub-section of this Agreement shall be interpreted in any manner or be so construed as to indicate that the Board has waived rights which are expressly required by the courts to be retained by the Board.

22:9 The Board and the Association agree that there shall be no discrimination in the hiring, training, assignment, promotion, transfer or discipline of teachers or in the application or administration of this Agreement on the basis of race, creed, color, religion, national origin, sex, domicile or marital status.

22:10 Incidental Purchases - Teachers shall be paid an annual stipend of fifty (50) dollars to cover the cost for teaching supplies purchased on their own, for specific class, education or cultural projects. The stipend will be paid once per year in the first check in December.

22:11 Copies of this Agreement shall be printed in booklet form and distributed to the members of the bargaining unit promptly. The booklet form referred to will be approximately similar to other booklet forms in use within Mercer County between school districts and education associations. The costs shall be shared between the Board and the Association.

22:12 The Board agrees to provide separate checks or pay stubs showing compensation for each activity performed. Pay stubs shall report regular salary and any other salary as separate categories.

22:13 Effective with the 2019-2020 school year, the parties agree that teachers shall be paid twenty times per year, twice per month rather than bi-weekly. Effective for the 2024-2025 school year, these payments will be scheduled for fifteenth (15th) and thirtieth (30th) of the month.

22:14 Notices under this Agreement shall be given by either party to the other by telegram or registered letter as follows:

Agency Shop

23:1 Purpose of Fee - If a teacher does not become a member of the Association during any membership year (i.e., from September 1 to the following August 31) which is covered by this Agreement, said teacher will be required to pay a representation fee to the Association for that membership year. The representation fee will be deducted, prospective only, beginning September 1, 1981. The purpose of this fee will be to offset the employee's per capita cost of services rendered by the Association as majority representative.

As covered by statute, employees may appeal for the recovery of that portion of the fee intended for the aid of activities or causes of a partisan, political, or ideological nature only incidentally related to terms and conditions of employment.

23:2 Amount of Fee

23:2.1 Fee Notification - Prior to the beginning of each membership year, the Association will notify the Board, in writing, of the amount of the regular membership dues, initiation fees and assessments charged by the Association to its members for that membership year. The Association will certify to the Board prior to the start of each membership year that the amount of the representation fee to be assessed does not exceed 85% of dues, fees and assessments and does not include any amount of dues, fees and assessments that are expended toward the cost of benefits available only to members of the major representative.

23:2.2 Fee for Part-Time Employees - Teachers who are employed on a part time work schedule equal to at least 50 percent time and who choose not to become Association members will pay the representation fee. Teachers who are employed less than 50 percent time will not be required to pay the fee.

23:2.3 Fee for Those Employed After the Start of the School Year - Teachers who are employed after January 1 of any year who choose not to become members will not be required to pay a representation fee for that year.

23:3 Prior to the deduction of the representation fee in any membership year, the Association will certify to the Board in writing that the requirements of applicable laws, including NJAC 19:17-3.1 et. seq. have been met. The Association shall also provide to the Board prior to the deduction of representation fees a copy of the demand and return system.

23:4 The Association shall indemnify and hold the employer harmless against any and all claims, demands, suits and other forms of liability, including liability for reasonable counsel fees and other legal costs and expenses, that may arise out of, or by reason of, any action taken or not taken by the employer in conformance with this provision.

APPENDIX A

1. CHANGE IN GUIDE STATUS

Such proof may include transcripts of records, official notification of the completion of degree requirements, or the degree itself indicating that the requirements have been completed applicable for placement on the next highest guide. New contracts will be issued, with a corresponding movement to the appropriate guide at the same level of experience for the following periods: (a) If such proof is submitted before September 15, a revised contract will be issued retroactive to September 1 for the entire school year; (b) If such proof is submitted between September 16 and February 15, a revised contract will be issued, on a pro-rated salary base, effective February 1.

2. WITHHOLDING OF INCREMENT

The salary guide has been constructed so as to recognize professional improvement and competency. Although normal progress on the guide is the attainment of the next highest step for the subsequent school year, this progression is not automatic. Movement from one step on the guide to the next step is dependent upon satisfactory service and the recommendation of the Superintendent of Schools, in addition to experience. The Board may withhold, for inefficiency or other good cause, the annual increment or adjustment increment or both.

Increments may be withheld upon a majority vote of the full Board and a written notice to the teacher giving the reason(s) for the withholding of the increment. Such written notice shall be forwarded to the teacher within ten (10) days of the Board's action.

3. MILITARY SERVICE CREDIT

Every teacher who has served on active duty in the military forces of the United States of America shall be entitled to receive equivalent years of employment credit for such service as if the teacher has been employed for the same period of time in the district. This will apply to Guide A of the longevity guide as of 1989.

- a. Such credit will not exceed four (4) years.
- b. Credit will be computed to the nearest not to exceed four (4) years.

4. CONTRACTUAL OBLIGATIONS

All contracts are subject to the recommendation of the Superintendent of Schools and the approval of the Board.

Advancement to any step is dependent upon competency, experience, degree, certification and the satisfactory fulfillment of the obligations of the teaching profession.

It is the intention of the Board to place any teacher, whose services have been evaluated to be at least "satisfactory" at the appropriate step in the particular salary guide applicable to training and/or degree. This intention shall be implemented when contracts for the contractual period covered by the Agreement, of which the salary guide(s) is a constituent part, are extended to the staff for the subsequent school year. Failure to place a teacher at the appropriate place on guide shall be governed by paragraph "3" of this section, WITHHOLDING OF INCREMENT.

APPENDIX C: Index Ratio System for Paid Extra-Curricular Positions

Pay for extra-curricular positions shall be determined by an index ratio multiplied by:

2023-2027: \$52,000

The index ratio shall be the sum of four factors:

Factor A - Number of Students

Factor B - Number of Extra-Curricular Hours

Factor C - Time of Activity

Factor D - Supervisory Responsibilities;

which sum shall then be multiplied by the fifth factor:

Factor E – Experience.

Factor A - Number of Students

The numerical value of this factor shall be determined from Table A. The standard shall be the number of students who, in the judgment of the WWPEA Negotiating Committee and the Board of Education, would typically be involved in the activity.

Factor B - Number of Extra-Curricular Hours

The numerical value of this factor shall be determined from Table B. The standard shall be the number of hours that in the judgment of the WWPEA Negotiating Committee and the Board of Education are needed to satisfactorily carry out the assignment.

Factor C - Time of Activity

The numerical value of this factor shall be determined from Table C. The standard shall be determined by the WWPEA Negotiation Committee and the Board of Education.

Factor D - Supervisory Responsibilities

The numerical value of this factor shall be determined by Table D. The standard shall be determined by the WWPEA Negotiating Committee and the Board of Education. Consideration shall be given to both the number of professional staff requiring supervision and the kind of supervision required.

Factor E - Experience

The numerical value of this factor shall be determined by Table E. The standard shall be determined by the number of years' experience an individual has in that activity in the West Windsor-Plainsboro School District. Experience as an assistant will be counted when a person moves to the head of any activity in the amount of one (1) year for every two (2) years of service to a maximum of five (5) years. Assistant coaching positions in the same sport are considered equal. Moving from one position to another is considered a lateral move on the experience guide.

The categories represent positions with comparable coaching responsibilities taking into consideration the number of student participants, the time commitment, and the scheduling of games (e.g. frequency of night and weekend games). After the beginning of the spring season in the last year of the term of the agreement, the WWPEA and the Board will review the placement of positions into the categories to assess whether any changes should be made. Athletic Trainers teach class, no duty assignment, stipend added to salary.

*Diving stipend is for 1 coach for both high school teams provided the teams practice and compete at the same time.

A staff member who serves as an NJSIAA Independent Athletic Chaperone "Coach" shall receive \$70 per meet attended.

The categories represent positions with comparable coaching responsibilities taking into consideration the number of student participants, the time commitment, and the scheduling of games (e.g. frequency of night and weekend games). After the beginning of the spring season in the last year of the term of the agreement, the WWPEA and the Board will review the placement of positions into the categories to assess whether any changes should be made. Athletic Trainers teach class, no duty assignment, stipend added to salary.
