Larry Shanok, Board Secretary

Elizabeth L. O'Hare

**MINUTES OF SPECIAL MEETING HELD
July 22, 2008**

The Special Board Meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 7:36 p.m. in the Conference Room at Central Office. Upon motion by Mr. Katz, seconded by Mr. Johnson, and by unanimous voice vote of all present, the meeting adjourned immediately into closed session to discuss matters involving negotiations and litigation. The meeting reconvened to open session at 8:16 p.m. in the Conference Room. The following Board members were present:

Mr. Robert Johnson	Mr. Alapakkam Manikandan	Mr. Randall Tucker
Mr. Stan Katz	Mr. Hemant Marathe	Mrs. Ellen Walsh

Ms. Gharpure arrived at 7:44 PM. Board Members Fleres and Kaye were absent. Present also were: Dr. Victoria Kniewel, Superintendent of Schools; Mr. Steven Mayer, Assistant Superintendent for Curriculum and Instruction; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Dr. Thomas Smith, Assistant Superintendent for Pupil Services/Planning, Mr. Russell Schumacher, Special Assistant for Labor Relations and Legislative Affairs, and Mrs. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

PUBLIC COMMENT

Before the public comment period Mr. Katz announced that on August 7, 2008, he will be leaving West Windsor; he formally announced his resignation from the Board of Education, effective on that date. He leaves Board advice in four areas. First, mean what you say when being "customer friendly." Our customers are very intelligent and will take offense when the words are good, but the actions are disappointing. Secondly, never eliminate the one single policy that keeps parents and students in the district: parental override on course levels. It personifies the concept of "customer friendly" and never mess with it. Third, continue to be the leader in the state in per pupil spending on extra-curricular activities. These provide the "best bang for the buck" of any school spending and are part of the reason so few kids transfer to smaller private schools. There will be complaints of such spending – ignore them and stand firm. This is one of the things that makes WW-P special and one of the reasons that we retain most of our best students. Finally, avoid complacency. Right now things are going just about as well as you could hope for, with top people in the central office, a relatively contented set of parents and students, and a district pretty much free of major controversy. It would be easy to sit back and relinquish your decision making role to the administrators. Don't do it. These are high-level professionals and they know they are good. They are not going to be insulted if you challenge them to make strong cases for their recommendations. When you have a group of administrators as good as those you have now, you can almost be assured that the team will not stay in place forever. Good people are in demand and the better the group the more likely that other districts will make offers to provide them opportunities that they won't be able to refuse. There is always a chance that a new person won't work out as well as the one who left and that is not the time to revive your role as an involved Board Member.

On a less serious note, Mr. Katz left the Superintendent a framed letter to the editor of an early Mr. Marathe letter on the subject of premature district expansion. Today Stan and Hemant are the longest serving Board Members, with Hemant doing an excellent job as president. And to give Board Members an opportunity to remember him at the next meeting, he left members each a bar of chocolate.

Mr. Pete Weale reprised his comments of an earlier meeting: how can a district put forward a budget when contracts are not settled and how can three-year contracts be entered into when a future budget is unknown? Where are dollars in the budget to support the recent teacher settlement? When can he see the last five teacher contracts?

Mathematics Program Review Presentation

Mr. Mayer introduced Dr. Angela McIver, the external consultant for the Math Program Review, along with the members of the committee present. In November of 2007, Math Foundations, LLC met with the West Windsor-Plainsboro Math Program Review Committee to develop a plan for carrying out an evaluation of the district's math program. The charge to the committee was to identify the questions that they would like to see answered by the evaluation. Mrs. McIver reviewed the 5 key recommendations, which include: that the k-8 curriculum be redesigned to prepare all students for algebra I by 8th grade; that the elementary curriculum be revised to be more in line with recommendations made by the National Mathematics Advisory Panel; to ensure adequate progress of all students in mastering the critical foundations of algebra; that a quarterly benchmark assessment

process be implemented in grade K-8; that the amount of time allotted for math instruction at the elementary level be increased to at least 60 minutes per day; and to generate a professional development plan to support teachers in meeting high expectations for all students as well as supporting their efforts to differentiate instruction in the regular education classroom. The next step in the process is to form an action committee to address the issues. The report was well received by the board who asked various questions of Mr. Rudnick and the math supervisors.

Mr. Johnson nominated Mr. John Farrell to fill the board position vacated by Mr. Katz who resigned on August 7, 2008. Mrs. Walsh seconded the nomination and by roll call vote with all board members present voting yes, Mr. Farrell was elected.

Oath of Office

STUDENT REPRESENTATIVES COMMENTS

High school representative Andrew Pinelli reported on events and activities at High School South. He reported that students at South sold \$40,000 worth of cheese cakes, netting a profit of \$16,000 for the choir and orchestra's trip to Austria. Andrew also noted that last week's annual craft fair was a huge success as was the Children's Concert on Sunday. Upcoming events include the Holiday Breakfast, the Kwanzaa celebration and a concert by the band.

LEGISLATIVE UPDATE

Russ Schumacher presented an overview of recent legislation. Of particular interest to New Jersey school districts is pending legislation that would move the school board election from April to November and remove the public's vote on the district's school budget as long as the budget is approved by the County Superintendent of Schools and is at or under the "budget cap" set by the state. A vote on this legislation could come as early as next week. Mr. Schumacher will continue to monitor the situation closely and report back to the board.

SUPERINTENDENT'S COMMENTS

As a follow up to last week's report on pending state legislation, Dr. Kniewel said that we will continue to monitor the proposed bill that would change the school board election from April to November, as well as eliminate the public vote on the school budget, as long as it is approved by the Executive County Superintendent and is under the cap set by the state.

HIGH SCHOOL STUDENT COMMENTS

Greg Solak, High School North student representative, reported that the cross country team placed fourth in the recent nationals' competition, which is very impressive. Additionally, there is much fundraising going on at North by both the student council and peer leaders. Peer leaders are currently running a canned food drive to replenish the supplies of local food banks. The student body is also looking forward to the annual "Mr. North" talent competition in early 2009.

PUBLIC COMMENT

Mr. Peter Weale, a West Windsor resident, followed up on correspondence he sent to the Board and administration about working together with the community on challenges facing the district. The Superintendent wished to recognize the community for their consistent support and involvement in making our district into one of the greatest districts in the state. The economic situation makes this coming year a challenging one. Budget preparations and meetings have begun. The first formal budget presentation will be at our next meeting on January 27th. BOARD PRESIDENT'S COMMENTS

Board President Hemant hoped everyone had a good holiday and expressed his warm regards for the New Year.

STUDENT REPRESENTATIVE COMMENTS

Greg Solak, High School North, wished everyone a happy holiday. He provided the Board with a "look ahead" of the events planned at High School North such as Sadie Hawkins Dance, seniors' Battle of the Bands, and the First Film Festival. Congratulations were extended to High School North's Science Olympiad team which placed first at the Science Olympiad Regional Competition. The team will advance to the state championship in March. Mr. Solak acknowledged the fund raising efforts of the cheerleaders who raised \$500 for the homeless. In addition, he mentioned that the sport teams have been performing extremely well; boys' cross country team placed fifth at the National Championship.

Andrew Pinelli, High School South, stated that events are happening at High School South which included a silent auction concert, festivals, a talent show being run by the Junior Class Council, Winter Spirit Day, a handball tournament to raise money for cardiac research, and a pep-rally in the new gym. Recently well attended events were Kwanzaa night and the Student Council 2nd Annual Holiday Breakfast. He also wished to acknowledge the opportunities that are being made available by the Guidance Counselors. He indicated that anticipation is high for the stream-in telecast of President-elect Barack Obama inauguration speech on Tuesday. Mr. Pinelli expressed the students' appreciation to the Board of Education and the community for the passing of the bond referendum and all the improvements being made at High School South. All of the students have benefited from the new turf fields, bleachers, theater, smart boards, and gym. Over-all, construction has not been a problem for the students.

PRESENTATION: STUDENT ENROLLMENT UPDATE

Dr. Tom Smith provided a "snapshot" of current student enrollment. At this point in time, the district's numbers are starting to level off. As developments continue to age, stabilization of the enrollment numbers will be anticipated. Our projections provided to be rather accurate at each school. Wicoff experienced a larger than expected kindergarten enrollment; and High School North had the biggest shift in numbers which had been anticipated. Dr. Smith acknowledged and thanked former Board Member Stan Katz for all his work on the enrollment.

PUBLIC COMMENT

Tina Preville, Plainsboro resident, expressed her concern about equal opportunity for girls in Winter sports. Currently, middle school students' are offered co-ed wrestling, cross country, and track. More opportunities to play on team sports should be made available to females.

COMMITTEE REPORTS

Administration & Facilities

Mrs. Walsh stated that the Committee was pleased with the progress of the construction. Temporary Certificate of Occupancy has been received for the gym and the same is expected for the arts facility by the end of the month. Moving of a fence near the track area was discussed and supported. The pool bubble has received approval from the Department of Community Affairs. The pool bubble cost is anticipated between \$300-350K. A member of the public inquired about increasing the size of the pool; current footprint of the pool area prohibits anything other than an "in-kind" replacement. The Committee reviewed the draft of the 2009-2010 capital project candidates; infrastructure and safety are the main focus. The district has submitted for grant monies through the School Development Authority. If successful, the grant monies will help off-set the costs of these projects. It was determined that the High School plaques will reflect current, as well as former, board members and administration that were involved when the 2006 referendum was approved by the voters.

Curriculum and Instruction

Mrs. Gharpure reported on behalf of Mr. Kaye that among the items discussed at their recent meeting included the new webhosting software system which will allow the district websites to be consolidated for consistency and control; at the next meeting, the Committee will seek approval to send a district technology employee to the Microsoft Certified IT Professional training program to become certified to reduce consultant costs and seek submission approval to the County of the 2009-2010 Local Professional Committee district plan; reviewed travel and related expenses; authorization of the Oral

Proficiency Interview findings and report; and that STARTALK grants will be submitted for Chinese and Hindi programs this summer. Mrs. Gharpure emphasized the historic nature of this year's inauguration and the live transmission that will be viewed by students and staff.

2009-2010 Budget Discussion

Mr. Shanok led the budget discussion focusing on budget preparation, first draft considerations, National economic concerns, State issues, and district-wide concerns. Because the State requires a preliminary budget be submitted to the County Office by March 4th, we are working on a tight timeline. Mr. Shanok noted that the budget is infused by the Strategic Plan, the impact of salaries and wages, and enrollment. Tonight's special topic will be on enrollment.

Mr. Smith provided a brief "snapshot" of the district enrollment numbers and an estimate for next year enrollment. Basically, the total district enrollment is stabilizing; however, the high school has been increasing while K-3 levels have declined. Being mindful of the economic situation and the potential of parents shifting from private schools, we are keeping a close eye on our enrollment numbers and their impact on the district. This year the district has "open registration" which is an on-going enrollment process providing us with better estimates of the number of incoming students and at what grade levels. Administration will make personnel movement shifts as needed to better serve the students.

Motivating this year's budget efforts is to continue to be fiscally prudent while maintaining educational excellence to the extent possible. For the past six-years, focus has been on budget moderation and realignment. These actions can be measured by the NJ Average Student Spending. In 2002-03 WWP was above the state average; in 2007-08, we are below it while our neighboring districts are considerably above it.

2009-2010 target increase is no more than 2.8 percent or lower while still being fiscally prudent.

Mr. Marathe provided the opportunity for the public to ask any general questions on the budget. There were no questions or comments from the public.

Mr. Marathe noted that at each board meeting a different area of the budget will be discussed.

Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

SUPERINTENDENT'S COMMENTS

The Superintendent mentioned that the students will have an enjoyably long weekend ahead. The faculty and staff will be in district on Tuesday, February 17th, modeling our mission statement as life-long learners and will be involved in a day long professional development opportunity.

BOARD PRESIDENT'S COMMENTS

Mr. Marathe gave a brief comment about the public hearing on the budget. This year the State law requirements are providing a small window as to when a district can hold their public hearing; therefore, the March 24th public hearing date has been moved to March 31st.

STUDENT REPRESENTATIVE COMMENTS

Andrew Pinelli stated that athletes at High School South have been performing extremely well this past month noting outstanding performances for the girls and boys swim and basketball teams. Some very interesting activities are going on as well as Model United Nation team won best delegation for the 3rd time this year; the choir/orchestra festival was last week providing Grover's eight grade band students the opportunity to get a feel for the high school program as well as being a fun experience for all; 100 random students participated in the National Assessment on Educational Progress and National Math Exam involving tests in various subjects, which are averaged, compiled, and placed in a national report card (he noted that both tests were taken in the new theater with portable desks provided in the referendum); the first Black & White

Dance was well attended and a great success; Thursday is China Night in which students who take Chinese classes put on a festival with dancing, fashion show, and a sampling of native food; and, he noted that the seniors are looking forward to their class trip to Disneyworld. The new art room has been opened and students have made favorable comments. A Winter Concert 2008 CD was provided to the Board Members, which is the first formal recital in the new Concert Hall. The orchestra students are highly anticipating their "Tour of Austria" where they will perform in Haydn's Music Hall in Vienna. Infinite Campus opened this week and has been a tremendous resource for the students.

Greg Solak expressed High School North's delight in receiving a Model United Nation Honorable Delegation Award. North has not won one since 2003. Spirit Week progressed well with good student participation especially with the "wing eating" contest. Also, the Sadie Hawkins Dance was a success with very good participation. Currently, the Student Council is selling chocolates and roses for Valentine's Day with record-breaking sales this week. The Battle of Bands was a great show with a good mix of music and instruments; but, the original music performed by the students was truly outstanding. North is really excited about their sports achievements, especially in winter track, basketball, and the swim team. The swim team should be highlighted with breaking nine County records. Some of the upcoming events are: Film Festival, Mr. North, Peer Leader Retreat, Washington Seminar, and the Model Conference trip. Mr. Solak stated that Infinite Campus has been very beneficial for interaction between teachers and students. He then related his own personal experience with the open grading system and his positive experience.

PRESENTATION: GUIDANCE: GETTING INTO COLLEGE

Nancy Icenhower, Director of Guidance, presented an overview of getting into college. She described the work of the Guidance Department and the programs offered for parents and students as they prepare for college. In recent years, college admission has changed due to the increase in student applications and greater competition for seats. Colleges have decreased their acceptance rates and have been increasing their selectivity. Standardized College Admissions Testing is still important, but Advance Placement Exams scores and classes have increased in priority. Starting student preparation earlier has kept students above the curve and competitive at historically popular schools. Guidance will continue to strive to keep our students at the top while expanding their choices.

PUBLIC COMMENT

Pete Weale, West Windsor resident, expressed a very positive opinion about the comments heard tonight from the students and the Guidance Department. He provided a brief summary of the economic conditions and was very pleased to see that the discussion tonight would be on the budget. He requested that the budget information be provided earlier.

The Board President reminded the public that starting with the second meeting in January that there will be budget discussions at every meeting. Public input is welcome.

COMMITTEE REPORTS

Administration & Facilities

Mrs. Walsh stated that the construction project is coming to completion. The temporary certificate of occupancy is expected for the art rooms this week. Additional site work is still required such as fencing and paving which will be done in the spring. The pool bubble project is currently out to bid and a request by the South Swim Team Booster Club was made to consider painting the pirate logo

on the side of the bubble. A committee will be formed for the erection of a memorial at South in the grassy knoll between the new athletic plaza and the science wing. The High School North and High School South Football Booster clubs attended the meeting to present the topic of lights for the turf fields at both high schools at no cost to the district. This topic will be reviewed in the future. The capital projects list, with the additional funding from the State, was reviewed reflecting projects that maintain our infrastructure or the need to maintain a safe environment for our students. With the additional funding from the State, this list does not exceed the Committee's target of \$1.5 million for annual capital outlay budget.

Curriculum and Instruction

On a personal note, Mr. Kaye commented that when he listens to the students and staff he can hear the quality and passion they bring to their topic. Listening to them speak about it is exciting and makes such a significant difference to anyone who hears them.

Mr. Kaye reported that there were three major areas that were discussed at the meeting: Community Education; professional development; and the budget. Community Education's summer offerings were supported. The major part of the evening was spent on professional development. On February 17th a district professional development day is scheduled; it will focus on best practice and best reflection. Topics discussed were: building professional learning communities for K-5; 6-12 school-level professional development committees; middle schools intermediate and advanced smart board usage and how to take advantage of the internet resources; and, high schools differentiating instruction and using technology to enhance instruction. The 2009-2010 Budget priorities associated with the program review process, staffing, and curriculum development were reviewed. Focus was on spending dollars for direct services to students offering them the maximum we can so they may compete successful in the world.

2009-2010 Budget Discussion

In January student enrollment projections were discussed. The last meeting centered on the district’s past six-years of budget moderation and realignment while still having favorable outcome in our ability to provide programs at a relatively moderate cost. Tonight’s focus will be on instruction and special education; both primary areas of the district.

Curriculum and instruction’s costs are directly related to what we value in the district classrooms. Costs are attached to staff salaries and benefits and program offerings and reviews. Currently, we are on a five-year review cycle. The review cycle will include: student/teacher ratios, shifting of district staffing, reducing substitute costs, trends and patterns of enrollment, program review, curriculum writing, and staff turnkey training. Potential savings that are being explored, while acting responsibly, included reduced summer expenditures and continuing study of student enrollment.

Student Support Services supports children through pupil services which includes guidance, nurses in every building, and media centers. Special Services serves more students in-district. Programs developed to serve our students have been successfully meeting their needs. Programs include STARS, LARKS, K-3 MD Program, The Academy, 4/5 MD/Autistic program, Preschool Disabled program, LLD/K Program, 1-3 MD/Autistic Program, 4/5 MD Program, 6-8 MD/Autistic program, Integrated preschool, and MD/Autistic Program PreK/K. No program expansions are planned.

The proposed budget target increase is no more than 2.8%. We will continue to work hard as we proceed to take a careful look at the 2009-2010 budget while still being fiscally prudent. We will continue to review district-wide cost savings and reductions while still maintaining our educational excellence.

Budget information is on the district web site. Please note the following deadlines: register to vote by March 31, 2009; last day to apply by mail for an absentee ballot is April 14, 2009, and the school board election and budget vote is on April 21, 2009 with the polls being open from 7 a.m. to 9 p.m.

NEW BUSINESS (None)

PUBLIC COMMENT

Quentin Walsh, West Windsor resident, complimented the Board and administration for getting out the budget information early and seeking community participation. He mentioned that the economy continues to weaken and that Princeton and Hamilton Board of Educations are aiming for "0" increase in their budgets. By looking carefully at our budget and being as "tight fisted" as we can, he would like to see the district's budget focus on "0" increase, if possible. Areas suggested to look at were: minimum class sizes; German, TV productions at the middle school, and discretionary items such as the technology refresh and smart boards. Mr. Walsh wished us luck in crafting the budget and requested we please be as frugal as possible in evaluating necessary items vs. wants.

Upon motion by Mr. Johnson, seconded by Mr. Tucker and by unanimous voice vote, the meeting adjourned at 9:13 p.m.

**MINUTES OF BOARD OF EDUCATION MEETING HELD
February 24, 2009**

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 7:00 p.m. in the commons area of the Community Middle School. Upon motion by Mr. Tucker, seconded by Mr. Fleres and by unanimous voice vote of all present, the meeting adjourned immediately into closed session to discuss matters involving personnel, litigation and negotiations. The meeting reconvened to open session at 7:32 p.m. The following board members were present:

Mr. John Farrell	Mr. Robert Johnson	Mr. Randall Tucker
Mr. Anthony Fleres	Mr. Richard Kaye	Mrs. Ellen Walsh
Ms. Anjani Gharpure	Mr. Hemant Marathe	

Board Member Alapakkam Manikandan was absent. Present also were: Dr. Victoria Kniewel, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Dr. Thomas Smith, Assistant Superintendent for Pupil Services/Planning, Mr. Steven Mayer, Assistant Superintendent for Curriculum and Instruction; and, Mrs. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

PUBLIC COMMENT

Linda Geevers, West Windsor resident, announced that the township council held a lengthy meeting last night with many revisions to the land use ordinance. A township public hearing is scheduled for March 23rd on the redevelopment plan.

Jerry Speldman, West Windsor resident, had read a recent newspaper article that mentioned the district budget increase was at 2.8 percent; now, the district has acknowledged the number to be 1.6 percent. The district still needs to work harder to reduce the budget; any increase is too much. Mr. Speldman has faith that the district will continue to try to reduce the percentage to create a budget the voters will pass.

Pete Weale, West Windsor resident, concurred with Mr. Speldman's statements and stated he would like to see a zero increase. He thanked the Board for their work and moving towards this goal.

COMMITTEE REPORTS

SUPERINTENDENT'S COMMENTS

Before our Assistant Superintendent of Finance, Larry Shanok, begins the third budget presentation and discussion, I'd like to make some comments.

Preparing a budget for the Board of Education, and for the public, is a demanding task; and, even more demanding in these current economic times. As superintendent, I spend much time in school buildings and in meeting with community members, parents, township officials, and students. I listen carefully to all these individuals, as these thoughts and comments are important to me.

As I bring forth a tentative budget to the Board of Education, I want the public to understand that we spend many hours – days and weeks – working on preparing a budget that is reasonable and fair and allows for a valuable education experience. It is consistent with our strategic plan, while sensitive to these economic times.

What we do well as a district is we think and plan together. We consider and include all constituencies and make difficult decisions. With a dedicated Board of Education, administration, a professional faculty and staff, and a community that supports education, I believe that the proposed 2009-2010 school budget reflects our values and our mission and is fiscally responsible.

BOARD PRESIDENT'S COMMENTS

Hemant Marathe, commented that we are continuing our review process, reducing where we can without affecting the programs that have made our district what it is today. We will continue our meticulous review and assessment; many long hours have been spent discussing the budget to date and the Board and administration will continue to do so.

Last week the State informed the district that the proposed budget will need to be approved between March 12, 2009 and March 17, 2009, and will need to be submitted to the County Office no later than March 18, 2009. To accommodate these changes, the March 10, 2009 Board of Education meeting will be re-scheduled to March 17, 2009. Last meeting it was noted that the State requirements provided for a limited period as to when a district can hold their public hearing; therefore, the March 24, 2009, public hearing date was moved to March 31, 2009.

2009-2010 BUDGET DISCUSSION

While the moderate budgets of the past six years called for some realignment of resources each year, this budget employs adjustments in response to enrollment changes and focusing on reasonable class sizes on a more comprehensive basis than in the past. The focus was on maintaining the quality of our educational experience to the maximum extent possible while

curbing growth in the budget by realignment of resources as best as possible and as we engaged a commitment by the stakeholders. The Board of Education continues its budget discussion, noting that the school budget increase will be 1.6 percent for 2009-2010.

Details about athletics, co-curricular activities, administrative costs, operations, transportation, and buildings and grounds were discussed. It was noted by Marty Flynn, Athletic Director, that his areas are taking a very conservative approach to the athletic budget. Some of the steps being taken are: limiting uniform purchases, reducing non-conference games and matches. In the area of Co-curricular, auditing of all the programs will continue studying student participation, and exploring ways to combine programs to reduce costs. These programs do provide an excellent experience for students; therefore, this is a careful and meticulous review process.

Committed to our ongoing consistent conservative planning, we reviewed the needs of the various areas, realigned positions where possible, and sought both potentially small and large district-wide savings, especially in the area of energy. One such savings would be a 220 KWH solar project, especially if stimulus funds become available to the district. Another would be to consider 3-Tier Busing for the 2010-2011 school year.

Mr. Shanok noted that the budget increased by 1.6 percent. The local taxes associated with that budget increase are up +0.6 percent due to a greater utilization of surplus. These are the only factors directly under district control.

The Public Hearing is scheduled for Tuesday, March 31, 2009. Budget information is on the district web site; register to vote by March 21st; last day to apply by mail for absentee ballot is April 14th; and the school board election and budget vote is April 21st with the polls open from 7 a.m. to 9 p.m.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

SUPERINTENDENT'S COMMENTS

A special thank you for being here this evening and, in particular, to the students and staff members who have just returned from the High School North trip as well as to all of our students and staff members who travel overall as ambassadors of the district. This morning I had an opportunity to read an unsolicited email from a community member about the High School North trip who stated "they were great ambassadors for the school, district, and community at large." The community member encountered our students on the plane and in the airport; he was amazed and proud of the behavior and interaction of the students. At times like this, while we are focused on our tasks to build agendas for the public and working on a spending plan for the budget, we are our reminded that our mission leads us to educate students to be the caretakers of our future. This community member, as well as others I hear from who see our students out and about, make me certainly proud to have them the caretakers of my future. I would like to thank all the faculty members who there with them. Who also appeared to be clearly enjoying what they were doing; and, clearly enjoying educating our students so thank you.

BOARD PRESIDENT'S COMMENTS

The Public Hearing on the 2009-2010 Proposed Budget will be held at the special meeting on Tuesday, March 31, 2009. Please note that the State requirements provided for a limited period as to when a district can hold their public hearing.

STUDENT REPRESENTATIVE COMMENTS

High School South, Andrew Pinelli, stated that the Seniors' trip to Disney World was last week and everyone enjoyed themselves; it was a great way to celebrate the end of their high school careers.

The Juniors' Washington Seminar trip is this week which will highlight stops at the Israeli Embassy, Newsuem, and the Holocaust Museum; this is a great educational experience supplemented with fun. And, the highly anticipated "Tour of Austria" will depart in two weeks. As their farewell concert, on March 30, 2009, West Side Story Suite will be performed by the Music Department. The Science Olympiad State Competition was today and South took first place in the high school division. In addition, the WW-P Robotics Team, a South and North collaboration, was a top winner in the NJ Regional 2009 FIRST Robotics Competition. "Gypsy," South's Spring Musical, was phenomenal; even in the midst of a power outage the stars of the show really shined. On March 27th, there are two events taking place: the spring blood drive by the Red Cross Club and the National Honor Society Fashion Show. Next month elections for all classes and the Student Council will take place. Testing at South: Juniors and Seniors anxiously await their results of their National Honors Society applications; All Juniors took the HSPA exam; and, AP Exams are fast approaching. Andrew noted that the AP Exams will be taken in the new theater provided in the referendum with portable desks instead of going out of district. Sports are doing really well: girls swim team captured the State Championship and South's boys' basketball team went to the State Semi-Finals.

High School North, Greg Solak, expressed his congratulations to both high schools for their spring musicals which were excellent performances by the casts. He commented that North's Spring Musical "Camelot" was a great show with a terrific turn-out. Student Council has been busy with the Mr. North contest and Film Festival. Mr. North, a talent show of the seniors, is scheduled for March 20, 2009. The sophomores hosted the Film Festival; it was a new idea and there was a good turn-out. Winter sports ended with great records, including swimming which attended the nationals, boys/girls basketball, and wrestling. Spring sports have started and tryouts are still going on. The Disney trip was good with everyone enjoying themselves. Coming up is the Washington Seminar trip and it will be great seeing Washington and the White House first hand as well as watching and being able to speak with individuals from congress. Last week, at the Johns Hopkins Model United Nations Conference, North won 16 individual awards; and, seven individual awards at UPenn Model Congress Conference providing students with a new experience in utilizing their individual talents. This week there is a retreat for the new peer leaders being held at Pine Tree Center in Tabernacle. Congratulations were extended to the Robotics Team for an outstanding job and to the Science Olympiad team in which North took second place. Mr. Watson, district staff, interviewed some students about the opportunities offered by WWP; it was a great opportunity and experience to express their opinions and thoughts.

PUBLIC COMMENT

Jerry Speldman, West Windsor resident, feels nothing has changed in the past two-weeks. In the present economic times, he feels a 1.6 percent budget is not acceptable. With foreclosures and reduction in businesses, we must cut the budget not increase it; and, the district can do so without jeopardizing educational excellence. The district recently received State funds; with these funds and careful planning by the administration, we do not have to increase our budget. Thank you for your time.

Marcia Smith Fleres, Plainsboro resident and executive director of the WW-P Education Foundation and a sponsor, announced the success of the WW-P FIRST Robotics team as a top winner in the NJ Regional 2009 FIRST Robotics Competition. They also won the Judges Award for building their robot in a short time frame with few resources and incredible challenges. Team captain Libby Kamen, spoke of her pride in the team which was a joint effort between North and South. They look forward to the next competition.

Suzanne Dicker, West Windsor resident, stated she was grateful to the district for providing her son with the opportunity to participate as a robotic team member and to work so closely with engineering professionals. This was an incredible educational experience that her son could not have acquired

during a school day. She also expressed her gratitude to the district for their hard work in reducing the budget to a 1.6 percent increase. She trusts this Board and all they have done. It had to be a difficult task. Thank you.

COMMITTEE REPORTS

Administration & Facilities

Mr. Tucker provided an update on the bond referendum; the majority of the work has been completed with punch list items remaining and a few items that will need to be completed in the spring. Attending the meeting were several members of the swim boosters with their main interest on the status of the pool bubble. All issues have been resolved on the pool bubble and the district has received final approval from the Department of Community Affairs. We had eight firms bidding on this project; the Committee felt good about the pricing and has placed it on the agenda for approval tonight. It was noted that two-thirds of the cost was dictated by DCA in areas such as ventilation, firewall, and other safety matters. The target completion is this summer. The district has been exploring the possibility of solar panels since 2004. With attractive rebates and ever increasing electrical cost, the district will be moving forward with panels at both high schools. Two building-use requests were discussed. A request to use the parking lot at High School North for a NJ DARE fundraiser; there are concerns about the impact of a carnival on our facilities. The second, from the WW-P Soccer Association for an agreement to use our fields; the Committee supports the idea. The policy on Surrogate Parent and Foster Parent Policy is on the agenda for its first reading. From last month's meeting, the topic of turf field lighting was briefly discussed. All Board Committees will discuss this issue then it will be brought to the full Board.

Curriculum and Instruction

Mr. Kaye reported that at their meeting on March 9th, the preliminary curriculum documents and course concept for the Enriched Science Course for eighth grade was discussed. Three options were presented and reviewed; an option was decided upon. It is currently in the development process and should be ready to go in the fall as a pilot program. The feedback from the District Professional Development Day on February 17, 2009, was assessed and discussed. The conclusion was that all areas reported that the sessions planned for them were relevant to their work and valuable as learning opportunities. The District Testing Report will be presented at the meeting on March 31, 2009. Program review updates continue: ESL/Bilingual and Science; Math is currently being done; and World Language and Exceptionality is now in progress. A review and discussion of the three-year program on the Curriculum Development Software Licensing Agreement with Rubicon Atlas ensued. This program is in its second-year and has provided district-wide mapping of curriculum, use of a consistent template and curriculum format, easy access to assessments and scope and sequence, and sharing of ideas and resources. Public review will be available soon. The Committee supports the agenda items being voted on tonight.

FINANCE

The Finance Committee met tonight. Mr. Johnson stated the Committee supports the agenda items. The budget was tentatively discussed and a slight adjustment was made to the final budget numbers due to the slight change in state-aid. This proposed budget will be voted on tonight for presentation to the County Office tomorrow. A brief review and discussion on technology refresh ensued and possible discounts that may be available. District policies will start to be reviewed at the next meeting for recent changes in regulations and compliance.

2009-2010 Budget Discussion

Mr. Shanok commented that this is our fourth public discussion of the budget and underpinning the budget is the Strategic Plan with its emphasis on teaching and learning. We are pleased to have several of our principals here today, as we have had in the past, to lend their thoughts on the budget activity. This year we did have a more difficult task than usual for both the administrators at the district and building levels.

To cover some of the ground we have before, this is the seventh year of moderate increases. We have been applying consistent and conservative planning rather than making large moves on short notice which can be disruptive to the organization and the learning goals of the organization. These moderate increases are reflected in the State's per-pupil costs. In 2002-2003, WW-P was \$532 above the State average; in 2007-2008 we are \$319 below the State average and considerably lower than our neighboring districts. Our focus continues to be on being fiscally prudent while maintaining educational excellence to the extent possible.

As it has been mentioned, the proposed budget reflects a 1.6 percent increase. This brings the expenditures embodied in this budget to the \$155.9 Million level which is the 1.6 percent or \$2.4 Million year-to-year increase. The proposed categories for expenses were reviewed noting the redistribution of cost, cost containment in utilities, and no increase in staff benefits. Included is \$1.5 Million for Capital Outlay which allows the district to stay on top of the most important structural and safety items such as roofing. A transfer of funds from the capital reserve to augment the \$576,500 rebate is included; this transfer supports the solar projects at the two high schools.

The principals have played a major role in realigning the district's costs. Some of the areas covered were: student: teacher ratios, realign positions when possible, reduce substitute costs, align program review cycle, decrease travel costs, reduce summer expenditures, limit athletic uniform purchases, review future costs for co-curricular, explore potential energy savings, and review costs of late buses, field and athletic trips.

Mr. Mayer expressed his appreciation to all the principals for being here tonight and for all their labors to find ways to share resources, services, and to reduce costs where appropriate while still maintaining the commitment we have for the kind of programs the community has come to value.

Scott Feder spoke about the K-5 efforts; relaying that all the building principals worked together to be respectful of the economic times, figured out ways to share resources, assessing enrollment, and making hard decisions on what can be done and what can't, always keeping in mind that K-5 is the foundation for the higher levels.

Dennis Lepoid stated the 6-8 levels are the lynch pin or cornerstone of the high schools. For all the same reasons as Mr. Feder stated, the middle school principals worked to maintain the same high level of learning experience at both schools while reassessing and streamlining elective expenditures. This year, Community has increasing enrollment while Grover is experiencing a decline; by sharing staffing and resources, no additional staffing will be required.

Mike Zapicchi, 9-12, also targeted a number of reductions. Areas such as: co-curricular programs were evaluated, cost reduction in printing, postage, and mailings; substitute use reduction; and, more internet use to disseminate information. Even though they expect an increase in enrollment, the principals are committed to maintain a comprehensive and competitive high school program.

Board President Marathe thanked the principals on behalf of the Board for their hard work and the difficult decisions that they had to make to help get the budget to the 1.6 percent level.

Mr. Shanok noted that the budget increased by 1.6 percent; but, the local taxes associated with that budget increase are up only +0.5 percent due to a greater utilization of surplus. These are the only factors directly under the district control.

MINUTES OF SPECIAL MEETING
Joint Meeting with Township Governing Bodies
Public Hearing on the Proposed 2009-2010 School Budget
MARCH 31, 2009

The Joint Meeting with the Township Governing Bodies on the School Budget of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 6:00 p.m. in the Community Middle School Media Center. The following board members were present:

Mr. John Farrell	Mr. Robert Johnson	Mr. Hemant Marathe
Mr. Anthony Fleres	Mr. Richard Kaye	Mr. Randall Tucker
Ms. Anjani Gharpure	Mr. Alapakkam Manikandan	Mrs. Ellen Walsh

Present also were: Dr. Victoria Kniewel, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Dr. Thomas Smith, Assistant Superintendent for Pupil Services/Planning, Mr. Steven Mayer, Assistant Superintendent for Curriculum and Instruction; Mrs. Alicia Boyko, Director of Human Resources; and Mr. Russell Schumacher, Special Assistant for Labor Relations and Legislative Affairs.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

JOINT MEETING: TOWNSHIP GOVERNING BODIES

The township leaders were welcomed and introductions were made. This is the seventh year of moderate increases. The Board and administration have worked diligently to construct a budget that continues to apply consistent and conservative planning. The proposed budget reflects a 1.6 percent increase; however, the local taxes associated with that budget increase are up only +0.5 percent due to a greater utilization of surplus. The 2009-2010 budget reflects the district's commitment to strong education programs and high student achievement while being cost effective and sensitive to the impact on taxpayers.

A presentation of the key parameters of the proposed budget, highlighting components containing information that compares expenses and revenues of the proposed budget with the current budget, showing increases/decreases, realignment of resources, and the estimated tax impact that the proposed budget will have on both West Windsor and Plainsboro.

A discussion period followed the presentation with a specific question on the increase difference between the two townships: Plainsboro \$0.09 and West Windsor \$0.05. Two years ago, the community voted to change the way the schools were being funded from equalized valuation to enrollment. Since a calendar year includes two different tax years, the 2009-2010 budget is working with a split-funding situation. The second part of last years' is based on equalized valuation; the first part of this years taxes is based on enrollment. This transition budget combines both types of funding; next year the taxes collected will be based only on enrollment.

At 7:46 p.m. the Board convened in the commons for the Public Hearing on the Proposed 2009-2010 School Budget.

PRESENTATION: DISTRICT TESTING REPORT

Mr. Steven Mayer, Assistant Superintendent for Curriculum and Instruction, provided the Board with an update on the Annual District Testing Report. These tests provide a limited, but objective measure of students' knowledge and skill in the areas of reading, writing, language arts, mathematics, and science. The New Jersey ASK (Assessment of Skills and Knowledge), the newly given WrAP (Writing Assessment Program), and SAT (Standardized Achievement Tests) serve as reliable performance indicators which allow the district to celebrate progress, identify successes, and target areas for growth. Mr. Mayer detailed the results of various test scores and provided a "snapshot" of the district's assessment program. Highlighted were student success on the SAT, Advanced Placement exams, and the NJ ASK for students in Grades 3-8 and the WrAP testing, for elementary students. Mr. Mayer reviewed professional development programs designed to improve teaching skills. He noted that student participation in taking the advance placement tests have gone up by fourteen percent this past year. The district's overall performance compares favorably to schools in our District Factor Group.

PUBLIC COMMENT

Mr. Girish Ananthashankarm, Plainsboro resident, expressed his appreciation to the Board and administration for their focus on the financial aspect of the budget especially in this economic time, but he expressed his concern for reducing the district funding for students activities. He would like to see the per student financial budget expenditure increased especially for the Science Olympiad team.

Dee Dee Dodson, Plainsboro resident, expressed her agreement with Mr. Ananthashankarm. There is not enough time to raise funds for the upcoming Science Olympiad and any assistance would be appreciated. What is the best way to tap into the district's funding?

Mr. Marathe congratulated the Science Olympiad teams for their great success in the NJ Science Olympiad championships. But, he expressed that all student activities must be treated fairly and equally; therefore, the Board had adopted a funding formula per student.

SUPERINTENDENT'S COMMENTS

Dr. Kniewel expressed her appreciation to everyone for working together through this difficult budget cycle. A budget doesn't come together overnight; working hard and yet maintaining an excellent school district is a year round process. High School North student representative, Greg Solak, at the last meeting, spoke about a district staff member, Mr. Watson, interviewing some students about the educational opportunities offered by WWP. The DVD was played. Students' comments included our strong academic program, the music and art programs, sports, student council, diversity of talent, and clubs and organizations which allowed them to pursue interests outside of the district such as the Model UN and Science Olympiad. Students expressed their concern that only 10 percent of the community comes out to vote at the school election – they would like to see more voters.

BOARD PRESIDENT'S COMMENTS

Board President Marathe thanked the townships for their support of the budget.

PUBLIC HEARING ON THE 2009-2010 BUDGET

Mr. Hemant Marathe opened the 2009-2010 Public Hearing on the Budget at 8:05 p.m. in the commons. His budget comments began with praising the educational programs of the district; the district continues to offer outstanding programs. He thanked the Board and administration for all their efforts to craft its seventh consistent conservative budget.

Mr. Shanok presented an overview of the budget details including the proposed expenditures and revenues totaling the budget. He spoke of the items that are within the district's control such as the budget increases and the local tax for the budget increase. He also discussed the items that the district cannot control such as equalized values, enrollment, shifts in ratios, and assessed values. The proposed budget reflects a 1.6 percent increase. The local taxes associated with that budget increase are up +0.5 percent due to a greater utilization of surplus. This brings the expenditures embodied in this budget to the \$155.9 Million level which is the 1.6 percent or \$2.4 Million year-to-year increase. It was noted that this budget included savings in the following areas: student-teacher ratios, realignment of positions, reduction in substitute costs, program review cycle alignment, decreased travel costs, reduction of summer expenditures, limit athletic uniform purchases, co-curricular costs, invest in potential energy savings, and review costs of late buses, field and athletic trips.

Included in this budget is \$1.5 Million for Capital Outlay which will allow the district to stay on top of the district's most important projects. Also, within the budget in the area of energy, a transfer of funds from the capital reserve to augment the \$576,500 rebate to support the 220 KWH solar projects at the high schools. In addition, this budget includes funding for specific district capital projects under the new state construction grant program. The \$1.5 million for construction when combined with the state grants, support over \$2 million of projects.

The public was urged to vote on the School Board Election and Budget on April 21st. The polls will be open from 7 a.m. to 9 p.m. The last day to apply by mail for absentee ballot is April 14th.

PUBLIC COMMENT ON THE BUDGET

Sylvia Ascarelli, West Windsor resident, would like to see the board reduce costs by promoting bicycling and walking to school and to work with the townships to extend sidewalks.

Quentin Walsh, Plainsboro resident, commented on the solar saving project. He feels this is a great idea and concept, but not a real payback project to pursue at this time.

Kenneth Capps, Plainsboro resident, thanked the Board for all their personal time, energy, and efforts they put forth for the community. He expressed his concerns about the assessed values and the administrative budget. He would like to see zero additional administrative cost. The district does deliver a valuable service by educating students and does it well; but, it is discouraging that there are as many Board Members as there are taxpayers in the audience. The lack of interest in this process is disheartening. He would like to see the district continue to set the bar high, but continue to look at ways to do it better; not only in the quality of education but to set the bar higher for ourselves on how to do it better at a lower cost.

Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

BOARD PRESIDENT'S COMMENTS

Mr. Marathe thanked everyone for their patience; there was a closed session and we are starting late. He hoped everyone over the age of eighteen voted today. He expressed his thanks to the administration who worked very hard on the budget and in trying to getting the vote out. Hopefully, the outcome will be very positive.

SUPERINTENDENT'S COMMENTS

Dr. Kniewel also thanked everyone for voting and to the students for their concerted effort on their civic responsibility in getting students registered and voting. It was wonderful. She also announced that High School South's graduation will be held on Friday, June 19, 2009. This is the date that was advertised and approved by the Board. High School South administration, working with parents and staff, will be deciding on the details and time.

STUDENT REPRESENTATIVE COMMENTS

High School North, Greg Solak thanked the Board of Education for the opportunity to go on the Washington Seminar. It wasn't just a trip to Washington; we went to so many places. Highlights included: visiting and asking questions of the press corps; listening to a member of the Secret Service speak at the National Press Club; sitting on the floor of the House and listening to two Congressmen speak about the role Congress plays in our government. It was just amazing. In other news, the peer leaders went on a retreat; it was a great opportunity. They were able to get to know each other,

discuss peer pressure, and what was going on in the school. The Model UN club attended the Seton Hall Model United Nations last week; HS North won the big delegation award. The Model UN officers are currently planning an eighth grade mock delegation for Community Middle School in June. This is an opportunity for the Model UN club to reach out to the eighth grade students to let them experience political international negotiations. Mr. North competition was very successful and a fun event. Student Council is planning a floor hockey tournament next month. In sports, HS North continues in excellence. The tennis team is performing really well. As an update to Infinite Campus, students have warmed up to the idea and have started to really use the program.

High School South, Andrew Pinelli stated that the Austria Trip was phenomenal. They were completely immersed in the Austrian Culture. And, when they performed at the Esterhousie Palace, they received a standing ovation from the 700 Austrians in attendance. Many underclassman orchestra players are looking forward to their trip to Toronto in just about a week. Last Friday was our Mr. South male beauty pageant. It was a great time and extremely well attended. This event flowed much better and was easier to run in our new theatre. Last month in Hightstown, there was a student council symposium. All the student councils in the area attended which builds relations with other school districts and they get to share ideas. Elections are in full swing at South; Student Council results will be announced next week. The joint North South Robotics team made it all the way to the quarter finals of their national competition in Atlanta. Also, the South Science Olympiad Team will be going to Atlanta for their national competition next week. Scheduling for the 2009-2010 school year is finished and courses are up on Infinite Campus. Students have been reviewing them. Sports teams have been doing extremely well. Both boys and girls lacrosse team are undefeated. Most impressive is the girls team which had won 5 games in the past three years so this season shows tremendous growth on their part. This year we did something new at South. It was called "Extra Makeover South Addition" similar to the NBC show. The student council made a list of items that would improve the school such as planting flowers, dusting, and cleaning out old cabinets. For three-hours this was a proactive approach to improve the look of the school. Feedback from faculty and support staff was very positive and appreciated all the efforts.

PUBLIC COMMENT - There were no public comments forthcoming at this time.

COMMITTEE REPORTS

Administration & Facilities

Mrs. Walsh reported from the April 14th meeting. The architects provided an update on the final bond referendum projects; punch list is 90-95% complete and outside site work is being finished. The pool enclosure is on schedule and is expected to be completed this summer. Summer projects are on schedule and on budget. The committee is reviewing the architect's request for additional fees for additional time spent addressing the DCA issues with the pool and for the access control project. The parking situation at South was discussed. The donation request by Dutch Neck PTA of a play structure will be placed on the agenda. West Windsor Township Committee requested the school assistance with flyers for the GroWW event taking place on October 3, 2009. DARE NJ request for a carnival using High School North will not be supported. Special Education Policies are being reviewed and will be placed on the next agenda. The committee reviewed the final draft of the referendum building plaque. A I-20 visa request was discussed and approved to be brought before the board.

Summary for 2008-2009

Committee Members: Chair Ellen Walsh, Tony Fleres and Randall Tucker. Efforts have been focused on addressing the important items facing the district such as policies, special services, guidance, enrollment, athletics, building-use, facilities management, and, most importantly,

completion of the \$27.5M referendum project that the voters approved in January 2006. The referendum addressed the classrooms at Dutch Neck and HS South, core-facilities at HS South were upgraded to provide a new auditorium, gymnasium, art and music classrooms, and an auxiliary gym. Both high schools benefited from the construction of turf fields. Areas of three elementary schools got interior facelifts and another science lab was added at HS North. This work has been our focus over the last three-years. We are proud to state that these projects were completed ahead of schedule and fiscal constraint was exercised. The bond referendum will reach completion in June when the HS South pool enclosure is opened. These new facilities will provide an environment that reflects our commitment to excellence in education.

Curriculum and Instruction

Mr. Kaye reported that at the April 13th meeting, we dealt with the following topics: program review of English as a Second Language (ESL) and the selection of an external consultant for that program review; ESL Summer Camp as an enrichment camp collaborating with the Plainsboro Recreation Department, equally funded by the township and the district; Weighted GPA Calculation was reviewed and a decision was made to maintain current practices since the current process gives the largest number of students the best profiles to take to their colleges; a consultant to assist with the development of a district action plan designed to combat the achievement gap that exists among minority and economically disadvantaged students; Program Review Update will be performed for our five-year cycle review of social studies and language arts for the 2009-2010; Field Trip requests were reviewed; and, Proctoring for K-3 Exceptionality Testing personnel to administer testing.

Summary for 2008-2009

Committee Members: Chair Richard Kaye, Hemant Marathe and Anjani Gharpure. Chairman Richard Kaye presented an annual report for the curriculum committee focusing upon the following: Program Review Cycle – The committee continues to support the five-year cycle of program review and curriculum renewal so that strategic decisions can be made regarding resource allocations for professional development and curriculum writing. Following are brief summaries of each area under investigation. (a) *Reviews in Process (2009)*. Two program reviews were initiated this year: K-12 Science and K-12 ESL/Bilingual. These reviews are expected to report to the committee in May and June 2009 with recommendations developed in collaboration with district and external teams. (b) *World Language (2006)*. This review continues to serve as the prototype review as its recommendations have resulted in direct and sustained reform to the program. Most noteworthy is the shift to using the Oral Proficiency Interview (OPI) to assess student progress, level high school courses and refine teaching practice. (c) *Exceptionality (2006)*. Professional development with differentiation and parallel curriculum has resulted from the recommendations in this review, paving the way for all students to experience the benefits of direct instruction at their level. In addition, the internal committee is in the final stages of implementing an enriched science experience for eighth graders as a pilot for 2009-2010. (d) *Mathematics (2008)*. In order to move toward the major goal of Algebra I for every eighth grade student, all seventh graders will be enrolled in a pre-algebra course in September 2009. Toward this end, summer curriculum writing in 2009 will center in expanding the K-7 math curriculum to include the algebra focal points sponsored through the National Council of Teachers of Mathematics (NCTM). Elementary Supervisor – The committee provided insight to discussions about how to best leverage administrative personnel to meet district needs at the K-5 level. Shifting two elementary content supervisors to one elementary supervisor (director) fosters greater consistency and continuity of programs at the K-5 level and also leverages principals and assistant principals as effective instructional leaders. District Testing – Following substantive discussion related to achievement data in the district, the curriculum committee celebrated gains in language arts instruction in grades K-8. This success reflects positively upon previous decisions by the curriculum committee to

invest in ERB's writing assessment and in professional development offered by Teacher's College at Columbia University. Delaware Valley Minority Student Achievement Consortium (DVMSAC) – After examining the achievement data related to the differences in achievement among minority groups in the district, the committee took an active stance to partner with the DVMSAC and the African American Parent Support Group to strive toward eliminating the gap. This partnership with the University of Pennsylvania is a big step forward toward becoming a school district where every member, regardless of background, culture or socio-economic status, is able to access the best the system has to offer. Rubicon Atlas – District curriculum was made available to the public through a link to Rubicon Atlas as a “work in progress” in November of 2008. The use of the Rubicon electronic warehouse has become a part of regular practice among teachers most familiar with the software where sharing of ideas and instructional strategies is facilitated because of the interactive nature of the program. Professional Development Programs – The committee supported district led professional development this year working to see that programs and ideas are turnkey trained by our own faculty, believing that, as this occurs, the sustainability of each program will be highest. New Teacher Induction – Part of an ongoing dialogue about how to best train, retain and evaluate faculty, the committee reviewed work to establish a formal three-year new teacher induction program. The syllabus for the program will be based on a set of characteristics expected of every WWP teacher, which can then be restructured to serve as an evaluation tool as well. Support for District Programs, Field Trips and Tours – Among the myriad of professional development and curricular initiatives reviewed by the committee, direction, oversight and support for district programs and trips continues to be a function of the group's purpose.

FINANCE

Mr. Johnson stated that the committee convened early this evening. The committee is in support of the agenda items to be voted on tonight. Topics discussed at the meeting included: budget and the longer term impact of the move to an enrollment split of the tax levy; financial planning policies; new regulations for policies on purchasing and purchase orders; new regulations affecting standard operating procedures; professional services contracts; architect's fees and the bond referendum.

Summary for 2008-2009

Committee Members: Chair Robert Johnson, Alapakkam Manikandan and John Farrell. A dominant topic this year has, of course, been the budget. Early on in the process at a board retreat the board set a very conservative target, which led to a budget year to budget year increase of 1.6 percent, and a tax levy increase of ½ percent. This is the seventh consecutive year of significant moderation and constraint, which has resulted in below state average per pupil costs. We are cautiously optimistic that we can carry this pattern into the future, and, in fact, we furthered the discussion of long-range financial planning at our meeting earlier this evening. This moderation and constraint has been brought about by the extraordinary efforts of all the principals, special services staff, certainly the assistant superintendents and other central office staff; but, a special thanks to Victoria Kniewel, Larry Shanok and Larry LoCastro for their really extraordinary efforts this year. They devoted an enormous amount of effort and energy to the budget and this was a tough year. To recap other significant items this year: the 2007-2008 public audit was very positive and the auditor applauded the district's sound financial planning and practices; submissions to the new round of state construction grants which resulted in awards totaling almost \$900,000; solar energy rebate application approval in the amount of \$576,500; IRS changes to 403(b) retirement plan regulations and meeting the January 2009 deadline; assessing the state accountability regulations, the most recent iteration was the 215 pages issued in January 2009; and, a new food service contract when the state invalidated all existing food service contracts last year. Finally, our review of technology refresh issues which included lengthy review and discussion of how best to meet the district's requirement to provide for legally mandated archiving of e-mail and other digital

communications. As a result, a storage area network design, involving server virtualization was approved.

Resolved by the West Windsor-Plainsboro Regional School District Board of Education that it hereby rejects the offer of a deferral by the New Jersey Public Employees Retirement System and authorizes the Board Secretary or designee to pay the 2009 PERS pension obligation in full before April 30, 2009.

STUDENT REPRESENTATIVE COMMENTS

High School South, Andrew Pinelli acknowledged the great sport season this spring. The track team has performed extremely well and Sam Macaluso set a new school record for the mile, an impressive 4:16 seconds; boys lacrosse team is entering the group IV state tournament; and, the softball team is expected to go to the states. Other student activities included: the student council's Mr. South male beauty pageant raised over \$5,700 for the March of Dimes; and, the Junior Extravaganza was a tremendous success with the council keeping the cost down, which made it more accessible to students. The first week of May is math week; students participating in the math challenge ended the week with the annual math feud style game against the seniors which was a blast. The senior one act plays were last weekend, which was great considering they write, cast, design sets, and perform with very little funding. Coming up on June 4th is the advanced placement play "The Drama of Obama," a massive production involving over 300 students. Striving For Excellence awards were presented to students that had achieved much while overcoming obstacles in their life; this was organized by the African American Parent Support Group. The Battle of the

Bands will be on May 16th, which is a great fund raiser for the Post Prom. Kudos to the Future Problem Solving Team, which writes essays to solve some of the most complex problems facing our country and planet, has been invited to the international competition in Michigan. During the past two-weeks, AP testing has been going on in the new theatre with the portable desks; it was so much better and less stressful then having to go off premise.

Andrew ended the night by thanking everyone on the Board for affording him the opportunity to serve this year. He has enjoyed the meetings and loved reporting about High School South.

High School North, Greg Solak stated that this was a stressful week with the AP testing. The testing is going well and the students feel it has been well organized and executed. The student council had the executive board elections for the school offices. Greg was elected vice-president; congratulations were extended. Class council elections are underway; new students will be able to participate in election for their class. The Junior Prom was held at the Camden Aquarium, which was really great. The freshman hosted their first formal dance, which was a really big hit especially with the under-freshman and raised about \$3,000. The Science Bowl Team attended the competition in Washington, D.C., and placed 8th in the nation. The National Honor Society had its induction with a guest speaker who is the governor's senior advisor. Senior pictures were being taken this week for the year book. On Saturday, the Red Cross is hosting a professional floor hockey tournament combining several clubs. The students are excited about it since it brings back memories from the fall tournament. Overall, High School North is winding down the year and things are much easier.

Greg expressed his thanks for the opportunity to serve on the Board this past year and to be able to relay the successes of High School North.

SUPERINTENDENT'S COMMENTS

Dr. Kniewel stated as educators we spend time talking about how we will know if we are successful. I can't thank Andrew and Greg enough for showing us every time they are here, what it looks like when we are successful and do our jobs really well. Not only in the way have they presented themselves and speak, but their enthusiasm that they bring to the meetings. But, also the kinds of things they talk about and report that do show our success and represent all of the best that we do and that the Board of Education works so hard to provide to the students. Thank you for bringing our mission statement to life for us.

BOARD PRESIDENT'S COMMENTS

Mr. Marathe joined in with Dr. Kniewel to express his thanks and congratulations to the students for participating in the meetings. He also noted that neither Andrew nor Greg were seniors; therefore, he hopes to see them back next year.

DISCUSSION: New Business from Meeting on May 26, 2009

Mr. Tucker introduced the preliminary discussion on the philosophy for accepting donations for district facilities, with particular attention to the field lights for the high schools' turf fields after Mr. Boyle and Mr. Efstathios' presentation last week proposing to put together a nonprofit athletic foundation in order to raise funds to support various sports related projects throughout the district. The first project they would like to undertake is fundraising for field lights for both high schools. To date, the group has meet with the high school principals, athletic director, and several board committees. Mr. Efstathios was present to answer any questions and concerns and to seek board support before efforts are to be expended.

Mr. Johnson did make the following comments: the board does not generally get involved with the actual fundraising efforts of the Education Foundation; district policies and regulation changes would need to be looked into; can we get a sense as to whether or not the night lights would be supported by the surrounding neighbors; preliminary cost estimates; the type and amount of lights to be used; and, how does the athletic foundation envision itself going forward and how much district involvement would there be regarding planning and zoning and insurance. Mr. Johnson did acknowledge that lighting technology and energy efficiency has advanced over the last few years. He also recommended speaking to other districts that currently have field lights to ascertain additional information.

A discussion followed which included: concept of a sports foundation as part of the Education Foundation; board involvement in fundraising; new policies for banners, advertising, sponsorships, conditions and use of fields; restrictions on hours of operation; automatic timers and curfews; type of activities and noise factors; traffic; parking issues with other events; light pollution; energy efficiency of lighting; security; planning and zoning requirements; informing and neighbor support; extra costs over and above the donation and installation costs to the district; and on-going maintenance issues.

Mr. Efstathios stated that there would be a systematic approach to the utilization of the fields similar to the West Windsor Community Park system. Maximum energy efficiency lighting would be used to minimize operating cost and light pollution; and, lights off at 10 PM for noise/lighting

issues. They are also considering becoming their own 501(c)(3) foundation. Fundraising would not be at the schools, but through other means such as golf outings, home tours, and a "Hall of Fame" dinner. They have some preliminary estimates for lighting already; and, some companies have a 25 year warranty. He would include this in the bidding process. Preliminary estimates have been at \$240,000-\$260,000 with approximately 50 candlelight of power. Mr. Efstathios and Mr. Boyle reiterated that they willing to work will all the stakeholders.

Mr. Manikandan inquired about the district's obligation to this project in areas such as facilities usage, advertising, outside influences, over usage of fields, demand on schools, zoning requirements, maintenance expenses, and future cost issues. He wanted to know what the district is missing by not having these night lights.

Marty Flynn, WW-P Athletic Director, stated that the positives for the field lights would include the following: two games could be held in the evenings - basically it would be like the athletic department is gaining two extra fields; in the fall, field hockey and soccer can play on the same field; more opportunities for parents to attend games; in the spring season it would allow for double headers; and, football practices can be held, then a game. In addition, the bands would be able to practice at night.

Mr. Efstathios emphasized that if the board policies on advertising changed, then fundraising would be much easier. He acknowledged that the board would need to address the issues regarding facility usage as far as the rules and regulations for the fields and the type of usage. Mrs. Walsh informed them that currently the board attorney is reviewing this issue with focus on how it affects the district in areas such as business, liabilities, and obligations. However, a separate discussion would need to be made on sponsorship, advertising, banners, etc.

Mr. Hochman stated that this was a good idea; but, expressed his concern regarding the noise level for the community. Mr. Boyle stated that noise can be more problematic than lighting, but having a curfew in place can address this. He stated that WW Township has a 10:00 PM curfew with the lights turning off automatically which has addressed this issue successfully. Mr. Boyle also stated that community support for lighting would have to be at both schools; or, they will not proceed. He anticipates that the fields would be used approximately 10-12 times a year in the evenings.

Both High School Principals spoke on this issue. Mr. Zopicchi was very much in support of this endeavor. Mr. Rudnick expressed his support for this project; even though he has been opposed to the idea in the past based on his concerns for the neighbors. But, from his perspective, Mr. Efstathios and Mr. Boyle are handling this the proper way and gave his full backing to this effort.

Mr. Tucker did comment that the turf fields are a \$2.5M investment and utilizing the fields at night will extend the investment with additional playing on the fields and improve playing conditions. It will open the fields up to all sport activities not just football, including the band and all-year usage with practices. However, it was noted that it will shorten the life of the original investment and may have long-term budget ramifications.

Mr. Marathe and Mrs. Walsh expressed their thanks to Mr. Efstathios and Mr. Boyle for taking the time to speak with the full board on this subject. Mr. Marathe stated that his consensus is that no one is philosophically opposed to the project. The board action item is to proceed with the policy investigation and any governmental approvals.

Mr. Efstathios and Mr. Boyle will investigate their action items such as engaging community/neighbor support for the project and work with the residents who might express concern; develop a preliminary plan so that the board and both townships' planning boards can view it to reduce any hurdles; and to finalize the foundation details to form their actual

organization. They will keep the Administration and Facilities Committee abreast of their progress; and, at a future date will meet with the full board to continue the discussion.

The meeting reconvened to open session at 7:22 p.m. in the commons. The following board members were present:

Mr. John Farrell		
Mr. Anthony Fleres	Mr. Robert Johnson	Mr. Hemant Marathe
Mr. Todd Hockman	Mr. Alapakkam Manikandan	Mrs. Ellen Walsh

Board Members Kaye and Tucker were absent. Present also were: Dr. Victoria Kniewel, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mrs. Alicia Boyko, Director of Human Resources; and Russell Schumacher, Special Assistant for Labor Relations.

Board Members Walsh had arrived at 6:38 p.m. and Farrell arrived at 6:58 p.m.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

SUPERINTENDENT'S COMMENTS

Dr. Kniewel recognized and congratulated everyone involved in the 8th Grade Salute last week and the High Schools graduations. Both graduations were exceptional and she thanked everyone for their involvement.

BOARD PRESIDENT'S COMMENTS

Mr. Hemant thanked everyone for another successful school year and noted that this is the last meeting at Community and that the July meeting will be held at Thomas Grover Middle School.

PUBLIC COMMENT

Vanessa Johnson, Plainsboro resident for 31 years, expressed her concerns about the High School North basketball program. The coach is not guiding and nurturing towards the players, nor is he an educator or a resident. She has spoken to several administrators including the Athletic Director, but to no avail. Main concerns are the health, welfare, and psychological impacts of this coach on students. Water breaks are too infrequent. Four seniors have quit the team and her son is thinking of quitting. This is a wonderful district, but this situation is really upsetting. She thanked the board members for listening to her and hopes it will be addressed.

A series of individuals spoke on behalf of Julie Lora-Ruiz. (Mrs. Lora-Ruiz was not renewed and declined to exercise her Donaldson Hearing rights with the Board of Education.):

- Susie Zhas, Bilingual Teacher, was Mrs. Lora-Ruiz's mentor and feels that she is an outstanding teacher and a life-long learner.
- Gail Mitchell, ESL Teacher, spoke of her active participation in the Africa American Parents Group.
- Erika dela Llura, district resident and mother of three, spoke of Mrs. Lora-Ruiz's helpful nature.
- Two High School North students spoke about how helpful she was to them.
- Antoinette Calabro, West Windsor resident and retired teacher, stated that no one can fill her shoes. Mrs. Lora-Ruiz is an outstanding and loving person and teacher.
- Henry Wieck, Plainsboro Resident, supports Mrs. Lora-Ruiz. He stated that her involvement goes well beyond that of the classroom. This does not seem right. He requested the board to do the right thing and reinstate her.
- Two more students spoke on Mrs. Lora-Ruiz's behalf. She is a good teacher and a good person.
- Peromila Lopez, parent of three girls, stated that when she arrived five-years ago, the children did not speak any English. Mrs. Lora-Ruiz has helped them so much. Please do not remove her.
- Kevin, former Hawk student, commented that when he came here he did not speak any English. Mrs. Lora-Ruiz has helped him to learn.

Julie Lora-Ruiz, Plainsboro resident of 24 years, stated that she started in this field because a colleague told her that she would make a good teacher. She provided the board with some of her background in teaching, degrees, volunteering, workshops, her years of service as ESL-Bilingual substitute, and her excellent reviews. She believes the district has made a tenure mistake and asks the board to reconsider. She is not asking for special consideration, but just the same consideration that has been shown to other teachers. Mrs. Lora-Ruiz expressed her appreciation for those present who spoke on her behalf.

Jacqueline Alberts, West Windsor resident, congratulated the class of 2009. She spoke briefly on the high school curriculum. Freshman honor or accelerated courses are offered in 4 out of the 5 core subjects that colleges are looking for. It does not offer freshman honor courses in social sciences, but does offer AP courses. This looks inconsistent. She then spoke on the district's finances and possible savings (summer office hours, furloughs and pay freezing). Residents are strapped, reduce expenses not teachers or programs.

Mr. Marathe thanked the public for their comments. It takes a lot to speak in front of a crowd. He also stated the superintendent contract was not on the agenda because it is still being finalized.
