Upon motion by Mr. Fleres, seconded by Mr. Johnson, and by roll call vote with all Board Members present voting yes, the following resolution was adopted:

Resolution Agreement – Case No. 02-08-1283

To resolve the allegations in the above-referenced case, the West Windsor Plainsboro School District assures the U.S. Department of Education, New York Office for Civil Rights (OCR) that pursuant to the requirements of Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. §794 and its implementing regulation at 34 C.F.R. Part 104, and Title II of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101 *et seq.*, and its implementing regulation at 28 C.F.R. Part 35, the District will take the following steps:

Action Item 1: Effectively immediately, the District assures OCR that it will make individual determinations regarding whether a disabled student requires In-Class Support (ICS) as a related aid or service in any world language, honors and/or advanced level class currently offered by the District.

Reporting Requirements: By June 30, 2013, the District will provide OCR with a list of disabled elementary, middle and high school students who enrolled in world language, honors and/or advanced level classes for school year 2012-2013. The list shall identify the world language, honors, and/or advanced level course in which the student was enrolled, and indicate whether ICS was provided for any such course listed. If ICS was not provided in a student's world language, honors, and/or advanced level course, but was provided in at least one other course, the District will indicate whether the group of knowledgeable persons making decisions regarding related aids and services considered ICS, and why the group determined that ICS was not an appropriate related aid or service for the student's world language, honors, and/or advanced level course. The District will provide any documentation the group relied upon in making that determination.

Action Item 2: Throughout school year 2012-2013, in conjunction with annual reviews of students' individual educational programs (IEPs), the District will convene a group of knowledgeable persons, including parents/guardians, to review the IEPs of all disabled elementary, middle and high school students who were enrolled in a world language, honors and/or advanced level class for school years 2011-2012 and/or 2012-2013, and had ICS in at least one other academic subject but not in the world language, honors and/or advanced level class. For each of these students, the group of knowledgeable persons will do the following:

- make individual determinations about whether a student needs ICS in any world language, honors and/or advanced level course for school year 2012-2014; and

- consider whether the student should receive compensatory and/or remedial educational services because the student did not receive ICS in a world language, honors and/or advanced level course during school years 2011-2012 and/or 2012-2013.

Reporting Requirements:

- a) By June 30, 2013, the District will provide OCR with a list of all disabled elementary, middle and high school students who were enrolled in a world language, honors and/or advanced level class for school years 2011-2012 and/or 2012-2013, and had ICS in at least one other academic subject but not in the world language, honors and/or advanced level class.
- b) By June 30, 2013, the District will provide OCR with a copy of the IEPs developed at the IEP team meetings convened pursuant to Action Item 2 above, along with an explanation of any decision made regarding ICS and the need for compensatory and/or remedial services.
- c) By December 31, 2013, for any student determined to need compensatory and/or remedial services pursuant to Action Item 2 above, the District will provide OCR with documentation demonstrating that compensatory and/or remedial services were provided.

The District understands that OCR will not close the monitoring of this agreement until OCR determines that the recipient has fulfilled the terms of this agreement and is in compliance with the regulations implementing Section 504, at 34 C.F.R. §104.33, and the ADA, at 28 C.F.R. § 35.130(b)(1)(iii), which were at issue in this case. The District also understands that by signing this agreement, it agrees to provide data and other information in a timely manner in accordance with the reporting requirements of this agreement. Further the District understands that during the monitoring of this agreement, if necessary, OCR may visit the District, interview staff and students, and request such additional reports or data as are necessary for OCR to determine whether the District has fulfilled the terms of this agreement and is in compliance with the regulations implementing Section 504, at 34 C.F.R. § 104.33, and the ADA, at 28 C.F.R. § 35.130(b)(1)(iii), which were at issue in this case.

The District understands that its entry into this Resolution Agreement does not constitute an admission of fault or noncompliance with the regulations implementing Section 504, at 34 C.F.R. § 104.33, and the ADA, at 28 C.F.R. § 35.130(b)(1)(iii), which were at issue in this case. The District further understands that while it strongly disagrees with any allegation or finding of noncompliance with any applicable law or regulation, it has agreed to the terms of this Resolution Agreement in order to avoid time-consuming and costly litigation and to focus its resources on its primary mission of meeting the educational needs of its students.

At 7:21 PM Board Members Walsh and Johnson departed.

Upon motion by Mr. Kaye, seconded by Ms. Feldman Hurwitz, and by unanimous voice vote, the meeting reconvened to closed executive session at 7:21 p.m. for negotiations.

We received very positive feedback about the retreat from district administrators and we will continue this work throughout the year.

COMMITTEE REPORTS

Curriculum and Instruction

Mr. Kaye reported that the Committee met on August 6, 2012. Special Services Program Review presentation was discussed; and, the Committee reviewed the first draft of the Executive Summary and Final Recommendations which combines the findings of both the external and internal program review reports. Two commendations of note in the Executive Summary are that the NJDOE has recognized Special Services as a model of excellence for its delivery of programs and services and that eighty-six percent of students in special education programs pursue post-secondary schooling after the completion of high school as noted in a survey of students with disabilities who exited during the 2009-2010 school year. Other topics included: review of a job description for a Teacher Resource Specialist for Special Education; discussed the WW Democratic and Republican Municipal Committees sponsoring an initiative that will bring broad community resources to help middle and high school students understand and participate in the 2012 election season; reviewed the rules governing Title I; discussed coach and advisor access for student progress in Infinite Campus; recommend approval for the proposed criteria for the Middle School Math Placement; reviewed upcoming district professional development; discussed the Committee's long-range goals for the 2012-13 school year; reviewed research project proposal from Dr. Griffin to examine the role of comprehension in literacy development; new curriculum resource adoptions; Foundation for Educational Administration to provide mentoring management services; submission of the entitlement grant for the No Child Left Behind Act; reviewed overnight field trips; and, the Community Education summer enrichment programs.

Mr. Marathe noted that the other committees will be reporting in September.

ADMINISTRATION

Discussion: Education Jobs Consolidated Monitoring Report

Mr. Shanok opened the discussion with some background information about the New Jersey Department of Education's program review process. On March 28, 2012, a ten-person team came to the district for a three-day review of six programs. To prep for the review, the State provided twenty-one pages of elements in various areas for intense review. State funds received by the district for these programs exceed \$2.5 million. It was noted that none of the findings indicated that dollars needed to be returned.

Dr. Aderhold stated that the six programs that reviewed were: Ed Jobs, Title I, EDEA Basic, IDEA Preschool, Title II and Title III. The Ed Job program has ended, but the other five title grants will continue. The review affected multiple areas in many district departments. The reviewed emphasis was placed on enhancing grant usage; NJDOE focuses were on teaching and learning and about the additional opportunities available for the district. With collaborative efforts, the corrective action will address twelve findings. He spoke on several of the findings including: Title I's entrance/exit enhancement of the program by updating some Board of Education policies; and, each building having parent meetings at the start of school in addition to the annual meeting. Basically, overall, the recommendations underlining emphasis is to enhance what we are doing. The corrective action plan will be adopted in September.

Mr. Smith noted that Title II, professional development, did not have any findings. Under Title III, English language learning program, the letter to parents need to be revised and that funds are used to support students.

Dr. Aderhold also noted that the Ed Jobs program did not have any findings. IDEA, special education, had several recommendations. The district has already begun inaugurating many of these recommendations in the district's program. A check and balance process is commencing to

make sure all paperwork is consistent at all grade level cycles and developing measureable goals for other areas of growth.

A discussion ensued on various areas of the report including: corrective action plan; cycle basis of monitoring; Ed Job Program; steps initiated; goals; and, implementation schedule.

BOARD PRESIDENT'S COMMENTS

Mr. Marathe welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier, so the meeting has already been opened.

Mr. Marathe remarked that today was 9/11; and, spoke of the events of that day and the impact it had on our students, parents, and community. He requested a moment of silence in remembrance.

Mr. Marathe then commented on the recent high school rankings and noted it was important to remember that rankings are subjective and use criteria set forth by specific groups performing the rankings. He spoke about our strong student performance, the percentage of students going to college, and our high test scores. Mr. Marathe did note our teacher-student ratio is higher than other schools; yet, our students continue to perform with excellence.

STUDENT REPRESENTATIVE COMMENTS

Adam Kercheval, High School North, commented on the freshman orientation; the smooth opening of school with the new parking arrangement; and, the welcome for the new freshman and faculty with balloons, banners, and cheerleaders as they entered the school.

SUPERINTENDENT'S COMMENTS

Dr. Kniewel spoke about the school activities that had taken place in remembrance of 9/11 and remarked about the smooth opening of the 2012-2013 school year. Students and faculty seemed excited; and, special activities were taken place across the district. She noted that we have 61 new

teachers which was the same number as last year. However, administrators with less than five-years of experience now outnumber administrators with more than five-years of experience. Transportation services and technology successes and updates were mentioned.

Another area that was talked about was the number of facilities projects that were done this summer such as Wicoff's new roof; Community's two new air handlers and sidewalk replacement; Grover's work on their cupola replacement and exterior entryway painting and new carpet; work on HS South's bleachers; Millstone River's paving; Hawk's progress with the air conditioning for the library and faculty room; and, HS North's stair tower door hardware replacement. Dr. Kniewel also spoke about West Windsor Township's continuing work on widening Penn Lyle Road and the collaboration of efforts that have minimized disruptions.

Dr. Kniewel then spoke about the high level of Infinite Campus usage by parents – 99 percent; the information available to students and parents; and, that bus information was available on line.

PRESENTATION: Special Services Program Review

Dr. Aderhold led the presentation by commenting that the Special Education Program Review has been a three-year process. This review process provides an opportunity for continued program improvements. The Board of Education has had a long standing practice of studying our programs and curricular offerings to determine if we can enhance the product provided to our school community. During the past several years, program reviews have been conducted; and, in 2009-2010 school year a standardized process for program reviews to follow was adopted. The process included the following areas of exploration: curriculum, instruction, assessment and student performance, professional development, and resources. The area of Special Education Code was also examined during this review. The district utilized both an internal and external review process by which our programs were reviewed and measured. Dr. Aderhold then provided the background steps that lead us to tonight's presentation.

Dr. Aderhold introduced the external consultant, Michele Wilson Kamens, Ed.D. who is a Rider University Professor with extensive knowledge and background in Special Education programs and services. Dr. Kamens provided the Board with highlights from her report. She approached this as a research project gathering perspectives, information, and data from all stakeholders. She provided details to the information review process and her summary of findings which included the district's strengths and challenges. Her overall recommendations included: develop structures for consistent; accurate data collection across the district related to program and procedural effectiveness; plan for comprehensive, consistent, and focused professional development related to special education programs; create a focused, organized plan to develop positive relationships with parents; use turnover in administration as an opportunity to make a fresh start in changing the culture of interactions with parents; and, ongoing review of the continuum of services, with attempts at a long-term plan for program growth and development.

Dr. Kamens concluded her presentation by stating that the district has strong programs and strives for continuous improvement; and, at all levels during this extensive process, everyone focused on the children and their progress.

The Board of Education engaged Dr. Kamens in discussions regarding: parent survey; data driven questions; survey distribution; litigation cases in Mercer County; WWP number of litigation cases being pretty comparable to other districts in Mercer County; and, the district providing sufficient support in Honors and AP classes.

President Marathe thanked Dr. Kamens for all her work. Dr. Aderhold also thanked Dr. Kamens and also thanked all of the parents for coming out this evening for the presentation.

Dr. Aderhold then introduced Dr. Deborah Batchelor, who introduced the Internal Committee. She spoke about the internal team process of holding meetings to review programs and services, breaking into subcommittees divided by grade level in the areas of: curriculum, student assessment and performance, instruction, resources, professional development, and special education code. This process included staffing assessment of special education teachers, instructional assistants, child study team members, and related services. Dr. Batchelor spoke about each of the areas of the subcommittees and their findings and recommendations noting the following: that instruction for each student is differentiated; Child Study Team working collaboratively with parents; 82.9% of parents reported WW-P facilitated parent involvement as a means of improving services; 86% of WW-P special education students pursue post-secondary schooling; and, that the NJ Office of Special Education Programs indicated that WW-P served as a model of excellence in its delivery of special education programs and services for review by the NJ State Legislature Office of Legislative Services of the State Auditor in June 2012.

A Board discussion ensued. Topics included: process for choosing recommendations; phases for implementation; and, the decision to postpone others.

Dr. Aderhold acknowledged and thanked the special education administrators, parents, and volunteers, who worked together to enhance this program by serving on the Internal Committee. He stated that the report is comprehensive with recommendations that will help us realize our district mission for every student.

STUDENT REPRESENTATIVE COMMENTS

Kushal Gandhi, High School South, reported that South had a great start to the school year especially with the new lights on the football field; the Homecoming Game was Friday night where South beat Northern Burlington. On Saturday, the Student Council held a brunch and later the Homecoming Dance with a theme of “Hollywood” - both events were a success. On September 13th and 14th, South held its annual Club Fair where upperclassman from clubs inform underclassman about the different clubs South has to offer and what is encompassed in each. This Saturday, the flea market and clothing drive will take place to benefit post prom. In addition, the College Fair will be on October 10th where representatives from a variety of colleges will be available to answering student questions. During lunch and periods after school, college representatives have been visiting students to answer questions about the college application process. Back-to-School Night is this Thursday, October 4th, and peer leaders will be there to help direct parents to the correct classrooms.

Adam Kercheval, High School North, stated that, like South, Thursday night is Back-to-School Night where parents are able to meet the teachers and get to know the layout of North with help from Peer Leaders and Student Council members. A special performance of “Bystander: Portrait

in Apathy” is at 6 PM; a group of HS North students will be performing this play. The play will shed light on how students can appropriately intervene as a bystander and work together as a school community to eliminate bullying. The Club Fair was held last Thursday with school clubs stationed in the auxiliary gym to recruit new members for the school year. In addition, the Teen Volunteer Fair was held yesterday; students looking for volunteer positions could meet with representatives from West Windsor and Plainsboro volunteer organizations to see what opportunities are available for them to participate in. Also, the Washington Seminar meeting was held today for all interested Juniors. And, this year’s “superhero-themed” Homecoming will take place next Saturday; and, Spirit Week is next week.

NOTICE

Mr. Marathe announced that at the Board of Education meeting on October 16, 2012, there will be a Special Public Hearing on the 2011-2012 Annual District Report of Violence, Vandalism, & Harassment, Intimidation and Bullying.

SUPERINTENDENT’S COMMENTS

Dr. Kniewel remarked, that like the students, she also wanted to acknowledge that October 1-5, 2012, is known as “The Week of Respect.” New Jersey public schools observe this week to recognize the importance of character education as part of the curriculum, and we observe this week by providing age-appropriate instruction focusing on the prevention of harassment, intimidation, and bullying as defined in state regulations. She encouraged the public to attend the October 16, 2012, Board of Education meeting for the presentation on the Annual District Report of Violence, Vandalism, & Harassment, Intimidation and Bullying.

PRESENTATION: District Goals

Dr. Kniewel spoke about the 2012-2013 district goals: Goal 1 - Enhance communications in the district as supported by technologies and structures; Goal 2 - Provide improvement in district operations; and Goal 3 – Review, evaluate, and revise district curriculum, enhancing consistency and utilize technology tools to support this work. Dr. Kniewel remarked that a key to attaining our goals is communication, and when technology and communication are interwoven, district goals are achievable.

Goal 1: Enhance communications in the district as supported by technologies and structures. Tasks assigned were: to assess and make recommendations for the use of the current web site and Infinite Campus; and, to update and communicate strategic goals for the use of technology for the management of the school district. Overall progress for Goal 1 has included: new and revised district web site making categories and documents easier to find; community survey to assist in revising web site for parent and community friendly usage; enhancing Infinite Campus to increase parent usage to 96 percent; new hardware that includes 300 new desktops replacing obsolete desktops, 137 projectors installed across the ten schools so that 83 percent of classrooms have an installed projector, every Grade 3 classrooms will have a SMARTBoard providing opportunities for actively engaging students as they develop presentation skills; and technology initiatives that include develop a database of high-quality SMARTBoard lessons to be shared among teachers, doubled internet bandwidth while reducing monthly costs, and opening wireless upgrade to allow any network-enabled device to connect to the internet proving numerous iPad APPs secure internet access, and provide easy access to internet for guests.

The district’s Goal 1 endeavors included efforts towards consistency and equity. Actions included: iPads for Grades 1 and 2; placing three iPads for classrooms to replace the student computers; students will use APPs to supplement the classroom curriculum as well as develop tactile

navigation skills and experience with cloud-based data; staff professional development for teachers to use iPads; all Grade 8 students and teachers have been provided Google Docs accounts to develop digital study skills which will help students use technology to support learning; and, a group of high school teachers are part of a one-year pilot program to use iPads as an instructional tool.

Goal 2: Provide improvement in district operations. The district continually strives to improve functions. Tasks for Goal 2 include: develop and implement a successful bond refunding in 2012-13; conduct a successful audit of 2011-12 fiscal year; complete new construction projects and leverage the use of Regular Operating District grant dollars from the State; improve metrics in year three of the Buildings & Grounds Department; complete a demographic study during the 2012-13 school year; and, complete the revision of the policy and procedure manual.

Goal 3: Review, evaluate, and revise district curriculum, enhancing consistency and utilize technology tools to support this work. Consistency and use of technology, to support this goal, are quintessential. Tasks include: assess student growth toward attaining 21st Century Competencies; implement a process for reviewing lesson plans that ensures consistency of alignment to district curriculum and standards; update and communicate strategic goals for the use of technology in instruction; and, develop a process for regular updates regarding the progress on program reviews.

Dr. Kniewel commented that our mission statement drives everything we do. Ten years ago, community members, parents, teachers, administration, and all other stakeholders, developed this mission statement: "The mission of the West Windsor-Plainsboro Regional School District, valuing our tradition of excellence, is to develop all of our students as passionate, confident, lifelong learners who have competence and strength of character to realize their aspirations and thoughtfully contribute to a diverse and changing world."

Dr. Kniewel stated that at future meetings she will offer a periodic review of the three district goals.

COMMITTEE REPORTS *(None)*

Finance

Mr. Fleres remarked that the Committee met on September 18, 2012, reviewed the agenda items and supported them. He noted a failure to get bids for HS South's climbing course which the Board needs to formally acknowledge. The Committee reviewed the former Budget process Review Committee's suggestion that the Board should discuss values and priorities for the upcoming budget in October. The Board will have a retreat in October to cover this topic. The auditor's field work is nearly done on the 2011-2012 audit and the substance of the report will conclude by November as in the past. The Finance Committee will review the draft audit at their meeting on November 7th; and, the Board presentation will be on November 13th. The lengthy process of the bond refunding that kicked off in March concluded in early September. The successful refunding saves nearly \$2.8 million in debt service payments over the next eight years. As part of the process, Standard & Poor's and Moody's each affirmed the district bond rating as the highest they give. Other topics discussed were: summer construction; 2013-2014 proposed capital projects; SRECs

being sold periodically through participation in auctions outlined in NJ regulations; NJ QSAC paperwork; and, update on the start of school buildings and grounds conditions.

ADMINISTRATION

It was requested to vote on Administration No. 3 separately.

Upon motion by Mr. Johnson, seconded by Ms. Walsh, and by roll call vote with all Board Members present voting yes, the following board action was unanimously approved:

2. To approve Jeanne Nelson, as a school social worker at Dutch Neck Elementary School, not to exceed 36 days at a rate of \$400 per diem effective October 1, 2012, through December 18, 2012.

School and Facility Names

Mr. Johnson spoke about the history of the existing policy and 1) how it addresses new facilities not existing ones and 2) its limitations. He commented that a policy provides guidance to help govern a committee as it goes through its decision-making process. It was noted that the Committee spent a great deal of time on the revised policy; it was a slow process with so many interested stakeholders, generated controversy, and points of views. The Committee recognizes that this policy will not appease everyone, but it will help guide, reflect, shape, and give value to the process as the Ad Hoc Committee works through the steps in the criteria. The wait period also had considerable consideration; the five-year wait period is reasonable so that it reduces the likelihood of decisions made in haste or with emotion.

Mr. Johnson requested a change to the policy before the vote under II. Naming New Schools or Facilities, Criteria, f., to add the wording “decision be made to name a” so that it reads as follows:

- f. In no event shall a decision be made to name a school or facility after a person until at least five years after the individual’s death or at least five years after the end of individual’s formal association with the district.

The Board engaged in discussion. Topics included: other ways to recognize an individual or their achievements; five-years vs. ten-years wait period; difficulties in making a policy for all situations that could arise in the future; policy has criteria and steps for an Ad Hoc Committee to be appointed with a specific charge; ways to significantly honor someone on a smaller scale; and, the pros and cons of naming a building or grounds after an individual.

Upon motion by Mr. Johnson, seconded by Mr. Fleres, and by roll call vote with all Board Members present voting yes, the amended policy was unanimously approved:

BOARD PRESIDENT'S COMMENTS

Mr. Marathe welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier, so the meeting has already been opened.

Mr. Marathe remarked that today there is a special public hearing on violence, vandalism and harassment, intimidation, and bullying.

SPECIAL PUBLIC HEARING ON THE 2011-2012 ANNUAL DISTRICT REPORT OF VIOLENCE, VANDALISM, & HARASSMENT, INTIMIDATION, AND BULLYING

The hearing opened at 7:34 p.m. In accordance with the State's Sunshine law, adequate notice of this hearing was provided by sending a notice of the time, date, location, and, to the extent known, the agenda of this meeting, to *The Princeton Packet*, *The Times*, *The Home News Tribune*, and West Windsor and Plainsboro Public Libraries. Copies of the notice also have been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district's schools.

Dr. Aderhold presented the Annual District Report of Violence and Vandalism for 2010-12 to the board in accordance with state statutes. He explained that the state defines, sets specific criteria, and scenarios for reporting incidents in the categories of harassment, intimidation & bullying, violence, vandalism, weapons, substance abuse and threat. Only incidents that meet the criteria are reported; not every incident is reported nor is every incident in the same category depending on factors such as grade level and circumstance. Overall, on a comparable basis, the district saw a small decline in incidents.

Dr. Aderhold reviewed the district mission statement and discussed the activities of the “Week of Respect” October 1-5, 2012 that is in accordance with the Anti-Bullying Bill of Rights. Throughout the district grade appropriate activities focus on instruction to prevent harassment, intimidation and bullying. Activities at the elementary, middle school and high school were described.

In terms of patterns and trends he noted that offenders tended to be male; special education students; and incidents tended to occur outside of the classroom, in the playground, on the bus or in the cafeteria. Online cases occur including texting and Facebook. Unstructured, minimally supervised settings are prevalent. Recommendations were noted and the number of incidents in each category was reviewed. There were 72 HIB incidents – this category was not reported a year ago. Violence, vandalism and weapons saw fewer incidents than a year ago. Substance abuse incidents increased. Overall on a consistent basis, 43 incidents were reported compared to 46 a year ago.

Actions taken were noted: 17 police notifications where there was no complaint and three police notifications where a complaint was filed. There were no expulsions or removals to alternate programs. A review of victims showed that of the total of 73 victims, 50 were regular education students and 21 were students with a disability. Among the 53 offenders: 31 were regular education students while 22 were students with a disability.

Activities at every grade level were noted in the district efforts to recognize School Violence and Vandalism Awareness Week. There was a discussion of proactive programs for student development and the current administrative focus on the student code of conduct, HIB policy implementation, and the district crisis plan.

Board members asked questions that elicited further discussion. It was noted that repeat offenders have not been a problem to date; parents have a range of responses to incidents; and the evolving state input on record keeping was noted.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON THE 2011-2012 ANNUAL DISTRICT REPORT OF VIOLENCE VANDALISM & HARASSMENT, INTIMIDATION, AND BULLYING

There was no public comment.

Upon motion by Mr. Johnson, seconded by Mrs. Walsh, and by roll call vote with all members present voting yes, the following board action was unanimously approved:

The special Public hearing on the 2011-12 Annual District Report of Violence and Vandalism adjourned at 7:58 p.m.

The regular board meeting reconvened immediately.

PUBLIC COMMENT *(None)*

COMMITTEE REPORTS

Administration & Facilities

Mr. Johnson noted the wide variety of subjects discussed at the committee. These included: the memorandum of Agreement with each county that must be approved; a first review of potential capital projects for the 2013-14 budget; the possibilities relating to a mixed use space to address issues of additional space for Community education activities and adequate space for district administrative activities; Janet's law dealing with defibrillators – the district has this equipment but its age may lead to a need for replacements; student attendance; and the continuing effort to update policies – the 8000 series are a focus now. The High School North field lights were discussed; subsequently that matter came before the Plainsboro Planning board and received a go ahead from that body.

Curriculum and Instruction

Mr. Kaye reported that the committee discussed a large number of topics. Economics is the number one course that students are taking for option ii; this allows students to fulfill the financial literacy graduation requirement thus opening their schedules to take other courses. The majority of option ii courses are math, social studies and science. Final exams serve to verify the quality of learning.

On-line courses for high school and college credit is under investigation with Mercer County Community College. An exploration of entering into education as a profession would be aided should an agreement with Rider University to allow students enrolled in Youth Teaching Youth to take it for college credit be reached. Additionally changes to the program of studies, summer assignments, program review updates, adoption of the Charlotte Danielson Framework for teaching as the teacher evaluation instrument, Renzulli license renewal, STARTALK grant, IDE to provide non-tenured teacher training, and a wide variety of field trips were discussed..

Finance

Mr. Fleres highlighted some of the committee's topics of discussion. The committee supports the agenda items and accepting the Archway Program settlement at a future meeting. The NJQSAC Statement of Assurance and Comprehensive Maintenance Plan were discussed. The 2013-14 budget received a lot of review and continued use of a multi-year perspective suggests that the board adopt a mix of budget actions similar to the last cycle: a combination of tax relief and adding to allowed reserves; one action for 2013-14 may be to increase the capital outlay budget. With over \$200 million of physical plant, a forty year replacement cycle suggests that capital outlay should be in excess of five million dollars a year – the present level of capital outlay is \$1.5 million. The audit is nearly completed and will be the topic at the November 7, 2012 Finance Committee meeting, followed by its presentation at the November 13th board of education meeting.

**BOARD OF EDUCATION
RETREAT MEETING MINUTES
November 8, 2012**

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 5:55 p.m. in the media center at Grover Middle School. The following board members were present:

Mr. Anthony Fleres
Ms. Michele Kaish

Mr. Richard Kaye
Ms. Dana Krug

Mr. Hemant Marathe

Board Member Xu arrived at 7:17 PM. Board Members Feldman Hurwitz and Johnson were absent. Present also were: Dr. Victoria Kniewel, Superintendent of Schools; Dr. David Aderhold, Deputy Superintendent; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Russell Schumacher, Special Assistant for Labor Relations; and, Ms. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

SUPERINTENDENT'S COMMENTS

Dr. Kniewel welcomed the board to the retreat. Its purpose is to understand and come to consensus on three major issues surrounding the 2013-14 school year.

BOARD PRESIDENT'S COMMENTS

Mr. Marathe welcomed everyone to the meeting and noted that with the October 26, 2012 resignation of Mrs. Walsh, the district has 65 days to appoint a replacement. It was the consensus that an invitation to the community should be extended for qualified candidates. The model followed for the 2008 Stan Katz resignation would be followed. This means soliciting candidate applications, interviewing at the November 27, 2012 board meeting and appointing an individual at the December 11, 2012 board meeting.

SETTING THE CONTEXT

The Superintendent reviewed ground rules for the retreat. She noted that for each of the topics, the goal would be to understand the background of the issue, its associated timeline, and a likely process. She reviewed the "Flame Diagnostic Exercise" as a useful means of reaching deeper into the tone and identity of each issue and sidestepping a premature jump to action. Over the years earlier boards have also had difficult issues to address; some of those were listed to provide perspective.

SCHOOL BOARD ELECTION and BUDGET VOTE

Our goal is not to reach a decision but to understand the background, timeline and process to change. To come to a consensus on a timeline to make a decision/public vote on the issue.

Last April only 73 school districts retained the budget vote, other districts moved to November. Four of the 73 districts were in Mercer County. The Frequently Asked Questions by the NJSBA from last Spring were reviewed. While no rules are now known for April 2013, it appears likely that a district must make such a switch no later than mid-February. February has disadvantages both of getting close to the time that prospective board members must commit for April and of getting rather close to budget discussions. On the other hand discussions in November/December are not likely to attract the attention of the public with the competition of the holidays.

Extensive discussion followed as the board identified “Reasons to Change” the April election date, “Reasons Not To Change” and “Questions to Consider.” A consensus developed to mention this topic at each board meeting starting on November 13, 2012. This will allow for public comment as well as for opportunity for the topic to appear in the media. Expectation would be that a move to November would be on the January agenda.

MIXED USE SPACE ADDITION

The Superintendent outlined a “Consultancy Protocol” for use in this portion of the meeting. It has been used to facilitate several district discussions recently to positive results. She noted Dave Aderhold would present the essential dilemma. The board members would then ask clarifying questions of the administration. Then the board would have an opportunity to talk among themselves about the dilemma, covering probing questions related to the dilemma.

Dave Aderhold noted that the Central Office has long been inadequate as the home of the district’s administrators, with strong reservations being held by staff, especially about the quality of life in the basement. These inadequacies came to a head with the impact of Hurricane Irene in August 2011. The basement had to be evacuated and even with cleanup, is not adequate for eight hours a day, five days a week use by staff. Temporary moves of Community Education, Human Resources and Payroll allowed operations to continue but do not reflect a stable long term solution. Unaddressed over the years of district growth is the placement of administrators all over the district, making chain of command, communication and control difficult. In comparison, Hopewell Valley a district half our size, has a central office four times as large.

Another associated dilemma involves space at the schools. On the one hand there is evidence that Community Education could meet additional unmet needs of the community if space was available. At the same time individual schools covet spaces now used by Community Education. How can these dilemmas be dealt with effectively? The district briefly examined possibilities associated with leasing, renting and buying space and had serious reservations with each option.

What emerged as most attractive was adding space to an existing site. Village was long ago identified with an eventual standalone administration building and shifting to an addition ameliorates some problems associated with a standalone.

Larry Shanok explored the financing dimension of the space issue. The standard approach to a new building or addition in any school district is a referendum; referendums add to the tax levy. The district, if it chooses, can act on the space issue without impacting the tax levy. For the mixed use space, the balance in the Community Education fund now stands at \$5.4 million. The Capital Reserve of the general fund stands at \$4.8 million and the 2012-13 budget will add \$3.6 million to that total. With the June 30, 2012 excess surplus, \$5.0 million could be added during the coming budget cycle. Thus as much as \$18.8 million is potentially available. Other possible additions of funds were touched upon but not added to the total cited.

It was noted in a clarifying question that some would want the dollars spent on teachers. There are two problems with that: one, capital reserve cannot be used for other than for construction; secondly, these are one time dollars, if teachers were added in the first year, the teachers would have to be terminated in the second year after the funds were spent.

The board engaged in a conversation amongst themselves. The positive aspect of not having to add to the tax levy was noted. A consensus emerged that space is definitely needed. It was noted that administrative space is just as legitimate a need as roof repairs. What needs might be served with a \$8-12 million project? A \$15-16 million project? With these discussions the need to develop more specific plans was noted.

BUDGET PLANNING 2013-14

Martin Smith spoke of the need to understand the multi-year approach to budgeting that has so successfully served the district over the years. After that, an effort would be made to reach a consensus on the preliminary big picture target for the budget effort. To facilitate this topic members are asked to think of the data that they reviewed prior to the retreat. State "I observe..." type statements about the data. "I see a pattern or trend of..." statements too. Were any "surprises" noted in their examination of the data?

Board members made such statements concerning the data. Along with the educational successes of the district over the years, it was noted that those successes were accompanied by moderate increases in costs. using comparable state data, where the average large district added \$3,092 to their per pupil costs, WWPRSD added only \$1,728. This leaves our above average academic performance accompanied by cost per student a thousand dollars per student below the state average.

Examination of widely varying increases in some spending areas through the years, such as health benefits, special education and energy demonstrated the wisdom of adequately budgeting and thus avoided sudden changes in programs to accommodate unbudgeted blips in costs. The district has been good at adding such favorable experiences to excess surplus. It has proven prudent to split the excess surpluses between good levels of tax relief and prudent additions to legal reserves.

In recognition of the entire discussion a consensus emerged to target a zero total tax levy increase in 2013-14 by a judicious combination of tax relief, changes in capital outlay and reserves.

SUMMATION OF THE EVENING

The Superintendent asked for board member reactions to the evening's process. Members found the session productive, that it dealt with important issues of the district, that excellent

collaboration was demonstrated and that more meetings such as this would be good. Our committee system is very productive but there is no substitute for all board members engaging together. The Superintendent and Mr. Marathe thanked everyone for their participation.

Upon motion by Ms. Kaish, seconded by Ms. Krug, and by unanimous voice vote of all present, the meeting adjourned at 10:07 p.m.

The meeting reconvened to public session at 7:30 p.m. in the commons. The following board members were present:

Mr. Anthony Fleres	Mr. Richard Kaye	Mr. Hemant Marathe
Mr. Robert Johnson	Ms. Dana Krug	Mr. Yibao Xu
Ms. Michele Kaish		

Board member Feldman Hurwitz was absent. Present also were: Dr. Victoria Kniewel, Superintendent of Schools; Dr. David Aderhold, Deputy Superintendent; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; and, Ms. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

Mr. Marathe noted that there was a closed session earlier, so the meeting has already been opened.

SUPERINTENDENT'S COMMENTS

Dr. Kniewel commented on American Education Week, November 11-17, 2012, which also includes Education Support Professional Day and Substitute Educators Day. She thanked all the contributors to our educational success in the district.

BOARD PRESIDENT'S COMMENTS

Mr. Marathe welcomed everyone to the meeting and thanked the teachers and both churches (St. David the King and Princeton Alliance Church) that cooperated so effectively to open the district Monday November 5th.

The President thanked Board Member Ellen Walsh for her service to the district and noted that indications of interest in filling a board vacancy for Plainsboro should be conveyed to the board secretary by the deadline noted on the district website.

At future Board meetings, several topics will be gaining attention, including: possibility of moving the board election to November as 468 districts have already done; developing a plan to deal with shortcomings in administrative space and pressure for additional classrooms; and, 2013-2014 school year budget considerations include a target of a zero total tax levy increase for the district.

STUDENT REPRESENTATIVE COMMENTS

Lev Gedrich, High School South, reported in the absence of Adam Kercheval, that the varsity boys' soccer team made it to the first round of the state tournament which was good news and very difficult to make it that far. Boys cross country had an unfortunate loss in sectionals, but their contributions and drive was outstanding. The music department just got back from Germany where they performed in three different cities and met local musicians. Everybody had a phenomenal time; a lot of people have already declared it their most memorable high school moment. Junior Statesmen of America recently attended a competition and brought home several awards. Also, the Model Congress is heading to Yale Model Congress and Model United Nations is heading to Princeton for their competitions as well. Student Council's annual "Entertainment ToKnight" is coming up in a few weeks; they are working hard to make it the most successful of all time.

Kushal Gandhi, High School South, stated that HSS was ranked 11th out of all STEM (science, technology, engineering, and math schools) in the nation. To support a teacher and their family, HSS will be holding a "Super Samara" day; the student has been diagnosed with a rare type of cancer. In addition, a benefit concert called the "School of Rock" has been rescheduled to January; proceeds will also be in support of the family. At HSS the following events will be taking place: play "Fool" each night between November 15-17; Craft Show on December 1st; and, Student Council's Holiday Breakfast on December 15th where children will enjoy crafts, face painting, pictures with frosty, and a coloring contest. In sports: Brian Schoenauer set a new Mercer County all-time rushing and touchdown record; boys soccer, field hockey, football, and girls tennis all won the colonial divisions; girls tennis went to the Group IV State Championship; and, both girls and boys cross country won the Mercer County Tournament and will compete in States.

PRESENTATION: 2011-2012 Comprehensive Annual Final Report

Mr. Shanok introduced Scott Clelland of Wiss, the district's public auditor. Mr. Clelland noted that the district's audit was completed on schedule despite the storm and, most importantly, the financial statements earned an Unqualified Opinion, the highest rating. Similarly, he noted that the district's financials have earned the Association of School Business Officials International Certificate of Excellence in Financial Reporting for the fourth straight year in a row. And, he commented that he would expect the current financials to earn a fifth award. Only 20 New Jersey districts earned the certificate last year.

He observed that the district has been proactive in refunding debt at a significant financial savings to the district and is among the few districts with a AAA bond rating.

The district is in sound financial condition. The district has prudently utilized reserves including getting matching funds (40 cents on the dollar for selected projects) from the State of New Jersey. Its excess fund balance has been used in an effective mix of tax relief and reserves. A district must be careful in its use of excess surplus as they are one time funds; districts that have spent it on recurring items have found themselves in difficulty.

Mr. Clelland noted that three non-material findings had been made; two of them involve Community Education. A Corrective Action Plan will address these findings. Board members asked if there were any areas of concern; the response was that there were not such areas. Board questions served to illustrate a side-effect of the use of capital reserves for state matching grants – a large number of pages in the CAFR relate to such capital projects; once the long process of documentation has resulted in collection of the state funds those pages will cease to be needed. A final question asked was whether there were anything a taxpayer should be aware and concerned about; the response was "No."

PRESENTATION: WW-P Education Foundation Presentation

The Superintendent stated that while we had heard about the business side of the district, we now would see evidence of the true business of the district – the students.

Dr. Kniewel introduced the President of the Education Foundation, Ed Rosenzweig. Mr. Rosenzweig noted that the Education Foundation is a “best kept secret” but he would be working to end that secrecy. The Education Foundation has a new web site and film; he added that recent grants impacted over 3,000 students. Marcia Smith Fleres noted that all grant projects can be seen via the foundation’s web site: www.wwpeducationfoundation.org

Students and teachers involved in two grants addressed the Board of Education. In a project involving the use of iPads, entitled “Art Talks,” Grade 3 students from Maurice Hawk Elementary School utilized technology to showcase their art; teacher Tina Carr had students create a piece of artwork and she used the iPad to film students explaining their work. In a weather station project at Millstone River School, teachers Sven Strnad and Vicki Gurzau remarked on the efforts of Grade 5 students to collect and analyze weather data and to give the school a morning weather report.

STUDENT PERFORMANCE PRESENTATION: Revised NJDOE Accountability System

Mr. Smith explained the annual progress targets formulated by the State of New Jersey Department of Education as part of its ESEA Waiver. The district has met 82 of the established 88 targets. Mr. Smith reviewed the concepts of participation rates, student mobility, subgroups, and confidence intervals and how these play a role in establishing the progress targets. Mr. Smith also described the district’s efforts to work with all students so that they meet success in their learning. Board discussion noted the statistical anomaly of the methodology: with a larger “N” a school might not meet its target while due to small “N” all its subgroups could meet their targets.

PUBLIC COMMENT

Linda Geevers thanked Ellen Walsh for her years of service to the district and lauded the strong audit results; Debbie Baer spoke about American Education Week and thanked everyone for their actions relating to the storm and the success of using the two alternate locations.

Whereas, the DOE has audited Archway's allowable expenses for such years and determined that Archway improperly allocated certain expenses to its public school program resulting in excess tuition charges; and

Whereas, the DOE has directed Archway to reimburse tuition charges to each affected district and Archway has appealed those determinations; and

Whereas, the District and Archway are desirous of resolving the tuition reimbursement issues expeditiously without the further delays and uncertainties inherent in the appeal process; and

Whereas, the District recognizes Archway's non-profit status and the likelihood that closure of Archway would result in no reimbursement as well as the dislocation of students currently served by Archway.

Now, therefore, in settlement of all claims that exist or may exist between Archway and the District for the fiscal years 1994-1995 through and including 1998-1999, the parties do hereby agree as follows:

2. The funds to pay all the settlements to all the districts are being provided by outside sources. All settlements are contingent on the approval by the NJ DOE and other State Agencies of the funding sources and related matters connected thereto and payment will be made after such approvals are issued.
3. The District is not, by virtue of this Agreement, required at any time to enroll students at Archway, nor is Archway required to accept students from the District.
4. By entering into this Agreement, the District hereby releases Archway and waives any claims it may otherwise have against Archway with respect to tuition or tuition reimbursements for the fiscal years 1994-1995 through and including 1998-1999.
5. This Agreement is not intended to and shall not impact the determination of initial or tentative annual tuition charges or to adjustments thereto and final tuition charges, as set pursuant to DOE Regulations for any year other than the years covered by the DOE Audits referenced herein.
6. This Agreement was duly approved and adopted by the West Windsor-Plainsboro Regional School District and has been similarly approved and adopted by the Board of Directors of Archway and is binding on each, its successors and assigns.

Also, in November, "Entertainment ToKnight" was held and was very successful. Many students performed, and the audience was shown talents ranging from Chinese Yo-Yos to magic tricks. The Junior Statesmen of America club participated in the Fall State competition and four members of the club brought home best speaker awards from the event. Congratulations were expressed to Mrs. Nicosia, a biology and genetics teacher at North, who was presented with an Outstanding Biology Teacher award by the National Association of Biology Teachers. In addition, the High School North sports program was recently voted by members of the Colonial Valley Conference to receive the 2012 New Jersey State Interscholastic Athletic Association Sportsmanship Award.

Kushal Gandhi, High School South, reported that the Model United Nations Club won the Best Small Delegation award at the Rutgers Model United Nations Conference and won a number of individual awards at the Princeton Model United Nations Conference. South's musical performances: Orchestra had their children's concert on December 2nd, the Band will be having their Winter concert on the 14th, and the Choir will be having their Winter concert on the 18th. The initiative at HSS has been going well with the 2BRØ2B signs put up around the school; every month will have its own theme such as "be there" or "be a friend." During the first marking period, gym classes took one period where students were randomly put into groups to discuss topics about bullying. Also, "Super Samara" day was a huge success as a picture of all those in the school wearing pink was taken in support of a student diagnosed with a rare type of cancer. The event is estimated to have raised a couple of thousand dollars for the family. In addition, the National Honors Society had their cake walk fundraiser for the nonprofit organization called Enable which helps people with disabilities live full lives.

Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

BOARD PRESIDENT'S COMMENTS

Mr. Marathe welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier, so the meeting has already been opened.

SUPERINTENDENT'S COMMENTS

Dr. Kniewel spoke about the district's safety protocols that continue to be reviewed and modified. She expressed her thanks for the comments and input she has received. The district-wide collaboration and communications by all stakeholders has been remarkable. Representatives from the district will be attending the "Safe and Secure Schools: Perspectives after Newtown," an NJSBA conference to be held Jan. 18 at The College of New Jersey.

STUDENT REPRESENTATIVE COMMENTS

Adam Kercheval, High School North, stated that last week Juniors were given an assembly regarding genocide to supplement their social studies classes. Speakers with first-hand experiences in the Rwanda, Bangladesh, Darfur, and Nanking genocides, as well as the Holocaust, spoke about their experiences in a forum-like manner and urged students to be as active as possible in preventing genocides like these from happening in the future. In the Science Olympiad competition held recently, many students received awards in categories such as thermodynamics and forestry. The Student Council went to the Annual State Student Council conference last week; this year they took a role in running presentations during the conference,

discussing how to run a successful event, and the importance of a Special Assignments Officer. The 25th Annual Gator Ball tournament will be held with teams signing up to play against each other in a large competition. Based on last year's turnout, it should be very successful! Also, on December 19th "Out of the Blue" held their annual winter concert; and, last Friday, January 11th, the Improv Club hosted its semi-annual show.

Kushal Gandhi, High School South, reported that the Science Olympiad team placed 2nd at the Union County College Regional Tournament; now, they will go to the Tiger Invitational Competition and then the States Competition. Spirit week began January 14th and will end with a pep rally on Friday. Student Council will hold a dance on Saturday to raise dollars towards the Hugs for Brady Foundation which funds research to find a cure for pediatric cancer. Alumni, Avik Khaneja, who is a musician, started his tour with a performance at High School South for his "Live Album." Relay for Life is sponsoring the event and money raised will go to the American Cancer Society. A benefit concert, School of Rock, was held by the Princeton School of Rock at South to raise dollars towards the medical expenses to support a child diagnosed with a rare type of cancer. In sports, the Basketball Team had an exciting start to the season with a 69-61 victory against Ewing at home.

HIB PRESENTATION: Recap of the New Law

Lee McDonald, Director of Guidance, presented an update on the 2011 Anti-Bullying Bill of Rights which included: new definition of bullying; Anti-Bullying Specialist and Coordinator requirement; creating school safety teams; new investigation, reporting, discipline and appeal procedures; new State reporting requirements on incidents of bullying; new grading procedures; and, new training requirements. The presentation included a review of the harassment, intimidation or bullying (HIB) definition:

"Any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L.2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students."

He spoke about the district's efforts for HIB awareness such as parent, student, community presentations, parent, student, staff handbooks and power-point presentations; week of respect activities, guidance curriculum initiatives; pro-active anti-bullying programs; and, school safety team meetings.

The September to December HIB investigations were reviewed as well as their patterns and trends.

Presentation: Plainsboro Township

Neil Lewis, Deputy Mayor of Plainsboro, presented a plaque to David Aderhold, Deputy Superintendent of Schools, for all his work for the community's quality of life and safety during the recent emergencies, such as Storm Sandy, and the steps that were taken to ensure the schools would be made available if the need arose. Then, Mr. Lewis spoke about the collaborative efforts between the two organizations.

PRESENTATION: Language Arts Program Review: External Consultant Report

Martin Smith commented that the district's instructional programs are reviewed about every five-years. This review process aids the district in making recommendations, changes, and updates so that the programs continuously improve. In the fall of 2012, the district contracted with Public Consulting Group (PCG) to conduct an external review of the Language Arts Program for grades K-12 in preparation for the implementation of the Common Core State Standards. Mr. Smith introduced the external consultant, Bethany Rice, Ed.D., who would be making the presentation.

Dr. Rice began her report with the purpose of the program evaluation, a review of the data she collected and analyzed. She commented that, overall, the district is a high achieving district with many students achieving advanced levels of proficiency on NJASK and HSPA. She noted that student proficiency levels dropped during transition years, particularly grades five to six. Her findings were organized into six categories: curriculum and instruction; resources for struggling learners; assessment and data use; student transitions; collaboration and communication; and, materials and technology. Dr. Rice spoke about each of these categories and her recommendations for the district. A consistent theme of the recommendations is to strengthen consistency throughout the district.

There was a discussion about the presentation on various aspects of the report with a focus on consistency of implementation of the workshop model, levels of students proficiency, and Common Core State Language Standards.

The Board thanked Dr. Rice for her presentation.

PUBLIC COMMENT

Linda Geevers spoke on several topics including the district's demographic study. Peter Perla and Eris Carmel spoke about school safety.

COMMITTEE REPORTS

Administration & Facilities

Mr. Johnson stated that the committee met January 9, 2013. Topics included: update on the potential relocation of the Central Office and building capacity; attendance of a local Boy Scout troop at the meeting to learn more about the role of the Board of Education; HS North's field lights project is progressing and is close to receiving their permit; and, reviewed and discussed the demographic study that will be presented to the Board at the January 29th meeting.

Curriculum and Instruction

Mr. Kaye reported that the committee met on January 7, 2013, and covered the following: 8th Grade Exit Assessment results from June 2012; reviewed findings of the External Report Language Arts Program Review; discussed the possibility of changing the high school mid-term exam schedule for next year; discussed the proposed research project by a Rutgers University doctoral student; providing 3 one-day Sheltered Instruction Observation Protocol training sessions for ELL teachers; reviewed professional development training; reviewed Community Education spring/summer 2013 course listing; and, overnight field trips.

Finance

Mr. Fleres remarked that the committee met on December 11th and reviewed the agenda items and supported them. The Committee continued their discussion of the 2013-2014 budget. Budget topics included: rollover, mixed use space, capital spending, support for instruction, evaluation and data analysis, and class sizes. These topics will provide insight into the feasibility of the budget target: no increase in the total district tax levy. It was noted that six capital projects will consume \$1.5 million in the budget; therefore, if additional projects are desired a higher budget may be necessary. Updates were provided on: Storm Sandy's damage, W-2 Reporting, and construction issues. Efforts continue in the development of concepts and plans for the mixed-use space; the architect will be engaged for a conceptual design and cost estimates which will be on the agenda in January.

Mr. Marathe noted that the Demographic Study is available for review on the district's website www.wv-p.org. A presentation on this study will be at the Board of Education meeting on Tuesday, January 29, 2013.

BOARD OF EDUCATION MEETING MINUTES
January 29, 2013

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Board Secretary Shanok and Board Member Fleres at 6:34 p.m. in the faculty dining room of Grover Middle School. Upon motion by Ms. Feldman Hurwitz, seconded by Ms. Krug, and by unanimous voice vote of all present, the meeting adjourned immediately into closed executive session to discuss matters involving negotiations and litigation. The meeting reconvened to public session at 7:36 p.m. in the commons. The following board members were present:

Ms. Rachelle Feldman Hurwitz
Mr. Anthony Fleres

Ms. Michele Kaish
Ms. Dana Krug

Mr. Alapakkam Manikandan
Mr. Hemant Marathe
Mr. Yibao Xu

Board Members Johnson and Kaye were absent. Present also were: Dr. Victoria Kniewel, Superintendent of Schools; Dr. David Aderhold, Deputy Superintendent; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Russell Schumacher, Special Assistant for Labor Relations; and, Ms. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

BOARD PRESIDENT'S COMMENTS

Mr. Marathe welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier, so the meeting has already been opened.

SUPERINTENDENT'S COMMENTS

Dr. Kniewel provided an update on the district's work in the area of security. Today, Dr. Aderhold convened a meeting of administrators and law enforcement representatives from both townships. They reviewed security protocols and developed recommendations for the immediate, the short-term and the long-term. These recommendations will be prepared for discussion at the board level.

At the State level, today she received a message from the NJ Commissioner of Education who reiterated that districts across the State are all struggling to find the right balance between overly prescriptive safety protocols and creating a warm and positive learning environment for children. New Jersey has already one of the strongest safety policies in the country and will monitor the implementation of the law to identify whether revisions state-wide need to be made.

Safety will be one of the areas highlighted during our budget discussions at the public board meetings in February.

PRESENTATION: District Demographic Study

Dr. Aderhold introduced Dr. Richard S. Grip who will be presenting the demographic study tonight. Dr. Grip had presented his findings at the January 9, 2013, Administration & Facilities Committee meeting.

Dr. Grip commented that Statistical Forecasting LLC was engaged to completed a detailed demographic study for the West Windsor-Plainsboro Regional School District. He provided a brief summary of his background and qualifications. Usually, projections are for a five-year period; the district requested a ten-year period computing grade-by-grade enrollment projections for 2012-13through 2021-22. Information was collected related to community population trends, birth rates, historical enrollment data, and new housing starts. In addition, historical housing turnover rates were reviewed to determine future distribution of homes at various lengths of ownership using student yields to project future enrollment. Analyzing all the data took six-months, June to December 2012, to complete.

Dr. Grip reviewed the historical and projected populations data from 1940 to 2030; townships' demographic characteristics; current district overview; and, provided insight to the National Cohort-Survival Ratio method that was used to project enrollment over the next ten-years. He also covered the changing birth rates and housing/apartment trends and turnover rates in our attendance areas.

The results show a relative smoothing of student enrollment over the coming years compare to what we have experienced in the past indicating only a slight increase in the student enrollment. Dr. Grip projections indicate that the largest gains will be at Hawk and Wicoff; with similar gains at Millstone and Village. Grover will have a small decline while Community increases; and, North will gain and South will decline. Overall, increases will occur at the K-8 levels with a small decline at the 9-12 levels. Numbers will vary over the next ten-years and the base-line projections will need to be revisited as developments are approved and neighborhoods shift.

A lengthy discussion ensued covering: Cohort-Survival Ratio method; housing trends; changing neighborhoods; student yield; factor groups; projections based on current existing data; birth rates; annual reviews; class sizes; and, townships' populations.

The full report and power point presentation is available on the district web site: http://www.west-windsor-plainsboro.k12.nj.us/about_us/WW-P_Fast_Facts

PUBLIC COMMENT

Linda Geevers spoke on several topics: demographic study, housing, and township zoning. Bruce Salmestrelli, WWPEA, remarked on School Board Recognition Month in New Jersey and thanked the Board Members for the commitment to the district. Taylor Yu Zhong talked about the demographic study. Eris Carmel and Joanne Lasky spoke about school safety.

COMMITTEE REPORTS

Administration & Facilities

Ms. Kaish stated that the committee met on January 22, 2013. They discussed the possible building expansion at Village Elementary School with the architect. The Committee examined the district's current enrollment projections and current building capacities. Discussions included building capacities, challenge of meeting district program requirements within existing space limitations, and enrollment constraints that will push several of our buildings in the next five-years. Discussed

the utilization of Google drive as a way to review the policy and regulation of the 8000 Series by posting comments on a virtual spreadsheet.

Finance

Mr. Fleres remarked that the committee met on January 22, 2013, reviewed the agenda items and supported them. Topics included: discussion on class size data with a review of the class figures for each of the schools; contract renewal for a fourth year with Aramark; new county executive business administrator's preference for different annual audit language and the possibility of revising our resolution; and, majority of the discussion centered on the 2013-2014 budget. Initial work indicates that the target of zero total tax levy increase is possible under current assumptions; unusual cost increases or arbitrary actions by the State could imperil achieving this goal. Aiding this effort are several elements: significant tax relief from excess surplus generated by last year's frugality, removing one million dollars for charter schools from this budget, and a decline in debt service.

ADMINISTRATION

Dr. Kniewel stated that Governor Christie has proclaimed January as School Board Recognition Month in New Jersey and in doing so, the district would like to acknowledge, with gratitude, the School Board Members for their contributions to the success of the district and our students for the time they volunteer to set policy and oversee the operations in our schools and to recognize the following resolution:

Whereas, the Governor of the State of New Jersey has declared January 2013 to be School Board Recognition Month, a time that all residents might acknowledge the contributions made by our local school board members; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education is 1 of more than 600 local school boards in New Jersey that sets policies and oversees operations for public school districts; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education embraces the goal of high-quality education for all New Jersey public school students; and

Whereas, New Jersey's local school board members, who receive no remuneration for their services, act as advocates for public school students as they work with administrators, teachers, and parents for the betterment of public education; and

Whereas, Boards of Education strive to provide the resources necessary to meet the needs of all students; and

Whereas, Boards of Education provide accountability to the public; they communicate the needs of the school district to the public; and they convey to school administrators the public's expectations for the schools; now, therefore be it

Resolved, that along with the governor of the State of New Jersey, we recognize January 2013 as School Board Recognition Month by honoring the following nine individuals:

Hemant Marathe, President; Robert Johnson, Vice-President; Rachelle Feldman Hurwitz; Anthony Fleres; Michele Kaish; Richard Kaye; Dana Krug, Alapakkam Manikandan; and Yibao Xu.

Dr. Kniewel stated that two books, “building Resilience in Children and Teens” and “Letting Go with Love and Confidence: Raising Responsible, Resilient, Self-Sufficient Teens,” speak to us as educators and as parents. In honor of School Board Appreciation Month, copies of these books will be sent to the Board Members.

Mr. Marathe stated that last year the Board discussed the moving of the annual school election and budget vote from April to November when the legislation was signed into law. The law states that

a Board of Education can eliminate the annual vote on its proposed general fund tax levy as long as it is within the statutory cap and the election of school board members would occur at the annual general election in November. Currently, all of the other Mercer County districts have approved a resolution to move their elections to November. Adopting a resolution to move to November will lock a district for four years; saving money by moving; and, it can be revisited in a future year. Mr. Marathe commented that last year the Board Members wanted to take a “wait and see” approach. At this time, moving forward would save the district money by combining the elections and the districts that did move last year, did not seem to be negatively impacted.

Several Board Members made similar comments.

Upon motion by Ms. Kaish, seconded by Mr. Manikandan, and by roll call vote with all Board Members present voting yes, the following board action was unanimously approved:

Budget Vote and Election of Board of Education Members

1. Establishing the election of members of the West Windsor-Plainsboro Regional School District Board of Education as the first Tuesday after the first Monday in November.

Whereas, P.L. 2011, c. 202 authorizes changing the election date of school board members from the third Tuesday in April to the first Tuesday after the first Monday in November (the General Election); and

Whereas, such action requires the adoption of a resolution by a school district or the municipality or municipalities constituting such district, as set forth in P.L. 2011, c. 202; and

Whereas, P.L. 2011, c. 202 requires that the change to a November election remain in effect for four years; and

Whereas, P.L. 2011, c. 202 eliminates the annual voter referendum on the proposed general fund tax levy, (i.e. the base budget, which is at or below the statutory tax levy cap) in school districts where board of education members are elected at the General Election; and

Whereas, P.L. 2011, c. 202 requires that an additional general fund tax levy proposal (i.e., for an expenditure in excess of the tax levy cap) be presented to voters as a separate question at the General Election; and

Now, therefore be it resolved, that pursuant to P.L. 2011, c. 202, the West Windsor-Plainsboro Regional School District Board of Education changes the annual election date for school board members from the third Tuesday in April to the November General Election, beginning in 2013; and, be it further

Resolved, that pursuant to P.L. 2011, c. 202, the annual organization meeting of the West Windsor-Plainsboro Regional School District Board of Education will take place in the first week of January following the November General Election and that the Board of Education's next organization meeting will take place in the first week of January 2014; and be it further

Resolved, that pursuant to P.L. 2011, c. 202, members of the West Windsor-Plainsboro Regional School District Board of Education whose terms would have expired by May 2013 will continue to serve in office until the January 2014 organization meeting; and be it further

Resolved, that this resolution be transmitted to the Mercer and Middlesex County Clerks; the Mercer and Middlesex County Board of Elections and Superintendent of Elections; the West Windsor and Plainsboro Townships municipal clerks and school board secretaries; the Department of State, Division of Elections; the Department of Education's Executive County Superintendent; and the Department of Community Affairs, Division of Local Government Services; and be it further

Resolved, that a copy of this resolution also be provided to the New Jersey School Boards Association and New Jersey State League of Municipalities.

2013-2014 Budget Discussion

Mr. Marathe noted that just because the election has moved to November, budget discussions and presentations will still start in January. A preliminary budget will still need to be adopted for submission to the County Office by the end of February and a public hearing will still take place in March.

Dr. Kniewel introduced the 2013-2014 budget discussion by noting that in this global economy, expectations for student success are higher than ever before. Aspirations for doing more with our resources are also higher in these economic times. It is important to invest in our students and in our facilities. Students are our future; planning for the future is necessary. Our resources continue to be focused on the children.

“The mission of the West Windsor-Plainsboro Regional School District, valuing our tradition of excellence, is to develop all of our students as passionate, confident, life-long learners who have competence and strength of character to realize their aspirations and thoughtfully contribute to a diverse and changing world.” This mission statement exemplifies learning in the 21st century. “Whole child/every child” means all children. She spoke about how the 21st Century Competencies impact the current education system. The framework for professional practice such as the teacher evaluations being part of the infrastructure and the role of teachers as facilitators and role models. She spoke about the assessments as a means to measure the effectiveness of the 21st Century Competencies and to determine if it encompasses all children.

Dr. Kniewel mentioned that more details will be provided as we go forward with the 2013-2014 school budget presentations.

Larry Shanok presented an overview of what changed when the Board moved the school election to November ; this will set the foundation for the other upcoming budget discussions. Basically, the actual move from April to November impacts the budget process very little. The proposed budget must be at or below the mandated cap of 2 percent for the general fund tax

levy; the Board must submit a preliminary budget to the county by March 7th; the Board will hold a public hearing on the budget on March 27th; and, there will not be a vote on the budget in April if it remains under the cap.

Mr. Shanok spoke about the budget being fundamentally a planning tool that works within the statutory timeline. Planning is a multi-year perspective; not a one-year. With multi-year planning, budgets have fewer large shifts per year. The budget process has to consider contingencies, manage risk, and be fiscally responsible. There is a need to be consistent in our budget approach and he commented that the school district operates under strict State rules and regulations which need to be followed. Consistency year after year is important since a school district operates differently than a corporation. In the private sector, a company can borrow when they need to; a school district cannot, it must operate within their approved annual budget. Therefore, reserves are necessary. At the end of the year, when feasible, unspent budget dollars are allowed to flow through the fund balance into tax relief dollars and reserves.

Mr. Shanok then provided a “snapshot” of the comparative cost per pupil in which WWP was below the state average; recent budgets showing the budget-to-budget increases, tax relief, state aid and total tax levy. When WW-P’s cost per student is compared to the other districts, WW-P still remains among the lowest in the areas of both administration and facilities. He noted that this is the fourth year in a row with a budget-to-budget increase below 2 percent. Mr. Shanok then spoke about the allocation of revenues with the local tax levy as the main source of revenue. By continually focusing on the district’s spending plan along with the district’s core values, mission statement, strategic plan from several years ago, and input from our stakeholders, our budget decisions have made a difference for children.

Mr. Shanok also noted that when reviewing various student performance measures, comparisons can vary depending on the emphasis chosen by the assessor. For example, NJ Monthly publication for ranking school districts indicated some top ten high ranking districts average SAT scores were 1750 to 1814 and AP scores of 3 or higher of 88.6 to 95.5; yet, WWP was ranked much lower with average SAT scores of 1845 and 1857 and AP scores of 3 or higher of 90.2 and 91.9. Therefore, depending on the assessor and their categories, some of these articles must be viewed within limits. Even with the NJ Monthly rankings, our high schools are above or close to the top rankings in critical parameters with little statistical difference.

Enrollment by school and grade was briefly covered; but, will be discussed in more detail at a future budget presentation. The underlying considerations for the 2013-2014 budget will include: realization of the district mission; need for fiscal restraint; identification of continuous improvement; recognition of special considerations such as: negotiations, school safety issues, technology, and state requirement for teacher/administrator evaluations.

Mr. Shanok mentioned the tentative topics to be discussed are: major budget areas on February 12th; technology, school safety, capital plans and preliminary budget on February 26th; review of the proposed budget on March 12th; and, the public hearing on March 27th.

STUDENT REPRESENTATIVE COMMENTS

Kushal Gandhi, High School South, reported that the North vs. South faculty basketball game will be tomorrow at South where faculty from both schools will participate in a game with the money raised going to support the class of 2013 at both high schools. AP Government students along with their advisors have organized a voting drive where every day during lunch students sit in the senior hallway asking seniors who will be 18 next year to register to vote. He mentioned that South’s musical “Dirty Rotten Scoundrels” will be held on the nights of March 7-9. The Model United Nations Team won the best small delegation award at the Ivy League Model United Nations Conference (ILMUNC) which took place at the University of Pennsylvania; next, they will be going to Georgetown. The Model UN Club attended the ILMUNC competition and five members of the club were given the outstanding delegate award and four other members received honorable mentions. In addition, the Science Olympiad Team placed first at the regional competition in which they medaled in all thirteen events achieving 6th place or above in each. A sophomore recently won a \$1,000 essay scholarship from the NJ Department of Agriculture for an essay about her love for horses and how her experiences with them have effected who she is now. North’s Boys’ and Girls’ sabre fencing squads both came in first place at the NJSIAA Tournament this year something the team has never accomplished before. Last weekend, Model Congress attended the Penn Model Congress Competition and won the best large delegation award and 25 individual awards; this is one of the best performances the club has ever had and they hope to keep their momentum going in future competitions.

2013-2014 Budget Discussion

Dr. Kniewel opened the budget discussion by commenting about the district's mission statement and core values and that the foundation of our budget centers on all children - "whole child/every child" philosophy. She imparted some of the expectations for student success and how the 21st Century Competencies inspires our current education system. Professional Development for our staff will be on Thursday, with sessions related to these 21st Century Competencies. The 21st Century Competencies skills are: effective communicator; collaborative team member; creative and practical problem solver; flexible and self-directed learner; globally aware and responsible student-citizen; and, information literate researcher. The diversity in sessions/workshops being offered will support our framework for professional practice and assessments as ways to measure progress of achieving our mission statement for our students.

Dr. Aderhold spoke briefly about what a school budget also acts as: a planning tool, considers contingencies, manages risk, and being fiscally responsible. He touched on the comparative costs per pupil spending and how the district compares to other districts; we continue to maintain a high level of education at a per pupil cost below the State average.

Then, Dr. Aderhold then talked about student enrollment, about past staffing reductions, and the enrollment challenges currently facing the district. Enrollment projections reflect current residential trends, designated neighborhood paths, and programmatic designations with the school community. Class size guidelines for current grade levels were reviewed and, in combination with Dr. Grip's demographic study, projected class sizes for 2013-14 were estimated. The district is monitoring and shifting enrollment to maintain stability in numbers and class sizes. He noted that presently Village, grades 4-5, are being watched closely.

Besides class size, other considerations include: New Jersey code requirements, varying physical size of classrooms, grade levels, safety, equipment availability such as lab sciences, number of kindergarten students, number of preschool students, special education programs and placements, economic conditions, and new residential developments.

Overall, based upon current enrollment projects, staffing projections will remain relatively flat. However, he did note that there may be a need to realign some teaching assignments to manage class size.

Mr. Smith presented current class size for Language Arts classes in the middle and high schools. He discussed several variables that impact average class size. These include room size, staffing, level of placement, Option ii classes students take during the summer, and choice of electives at the high school. This provides challenges for current and future budgeting. He noted that these "drivers" will continue to impact student course enrollment and class size.

Mr. Shanok stated as work on the 2013-2014 budget is progressing, the budget-to-budget increase will be at or below the 2 percent general fund tax levy cap. Moving the school board election to November still means the Board will hold a public hearing on the budget; the public hearing will be on March 27th even though there will not be a public vote on the budget.

He reviewed the recent budget-to-budget increases (0.0% 2010-11; 1.4% 2011-12; and 1.89% 2012-13) commenting that tax relief varies as does the state aid. Mr. Shanok reflected that the 2010-11 budget was a difficult one because at the last minute we lost \$7.7M in state-aid. Uncertainty seems to be the norm pertaining to state-aid; February 26th the Governors' address will refer to the amount of state-aid the district will receive and the actual number is expected February 28th.

Mr. Shanok proceeded to review the allocation of revenues. Basically, there are four sources of revenues: fund balance; local tax levy; state aid; and, miscellaneous. Overwhelmingly, the local tax levy is the main source of revenue. The Board is planning that the total general fund tax levy dollars for the 2013-14 budget is anticipated to be zero (as long as all factors remain unchanged) with little impact on how we provide programs to students. Balancing educational excellence and fiscal restraint is challenging; multi-year planning is essential.

Budget discussions will continue in the upcoming meetings.

A brief discussion ensued on class sizes, in-class support services, and enrollment.

Mr. Marathe reiterated that the Special Meeting of the Board on March 5, 2013, is to vote on the resolution for the final approval of the preliminary budget since the Governor's address is scheduled for February 26th with the state aide numbers to be released two days later.

PERSONNEL

A Personnel Addendum was added for an appoint and resign under B: Certificated Staff and a change under C: Non-Certificated Staff.

Mr. Marathe acknowledged the retirement of Ronnie Epstein, teacher, 17 years, and thanked her for her service to the district.

Upon motion by Ms. Krug, seconded by Ms. Feldman Hurwitz, and by roll call vote with all board members present voting yes, the following board actions were unanimously approved:

COMMITTEE REPORTS

Administration & Facilities

Mr. Johnson stated that the Committee met on February 19, 2013, and covered the following: discussed school security and reviewed the school security recommendations provided by both townships' police departments; presentation by the district architect for the potential building expansion at Village proposing two options with the primary difference between the options is

that Option 2 includes conference spaces and an enhanced multi-purpose space; reviewed the revisions to the 2013-2014 school calendar due to a date conflict; update was provided on the HSN field lights installation; discussed the damage sustained to the tennis courts at HSS due to several high wind incidents – the court will not be functional for the Spring season and other arrangements are being pursued; and, the 8000 Series was not addressed, but will be at a future meeting.

Finance

Mr. Fleres remarked that the Committee met on February 19, 2013, reviewed the agenda items and supported them. WWPSSA president spoke about the aging district bus fleet and the limited availability of the current district bus garage and parking area. It was noted that fifteen busses will age out of service in 2017; and, the displacement of the current garage in connection with the Transit Village since it is located on West Windsor Township property. Discussed the 2013-14 budget and noted the probability of still achieving the district zero total tax levy goal; the overall budget will include dollars out of the capital reserve for potential safety-related capital projects. Other topics included: a brief discussion on selling the SRECs from its solar panels in a March auction; 2013-14 general fund capital budget being \$1.7M for associated technology projects; and, continued the discussion on renewing Aramark for next year.

ADMINISTRATION

A correction was made to Administration Item No. 2.

Mr. Marathe noted that the revision to the 2013-2014 school calendar was due to the fact that the Sun Center was no longer available for the graduating Class of 2014 as the facility would be hosting the Special Olympics on that date. The district was offered alternative dates which created the need to revise the calendar. He thanked all parties for their collaboration and understanding.

Upon motion by Mr. Johnson, seconded by Ms. Kaish, and by roll call vote with all Board Members present voting yes, the following board action was unanimously approved:

Harassment, Intimidation, and Bullying

1. To affirm the superintendent of school's recommendation for disciplinary consequences and/or remedial actions as required by the State of New Jersey under the Anti-Bullying Bill of Rights for report dated February 12, 2013, and for the following case numbers: 8174, 8183, 8207, and 8209.

Calendar - Revised

2. To approve the revised 2013-2014 school year calendar.

CURRICULUM AND INSTRUCTION *(None)*

FINANCE

President Marathe commented that the Executive County Superintendent will not accept the preliminary budget for the 2013-2014 school year until after the Governor's address and the release of the state-aid numbers on February 28th. At this meeting, we will continue our practice of discussing the budget and adopting a preliminary budget. However, we have had to schedule a special meeting on March 5, 2013, to adopt the "revised" preliminary budget for the 2013-2014

school year which will include the released state-aid numbers. State regulations require us to submit the proposed budget to the Executive County Superintendent by March 7th.

2013-2014 Budget Discussion

Mr. Shanok remarked that this was the third budget discussion. He provided a quick review of topics previously covered at the budget discussions: 21st Century Competencies and the framework for professional practice and assessments as ways to measure progress of achieving our mission statement for all of our students; and, that the budget being fundamentally a planning tool that works within the statutory timeline and that planning is a multi-year perspective that needs to consider contingencies, manage risk, and be fiscally responsible.

Reviewing the allocation of expenditures showed the regular instruction had an actual decrease, largely due to the removal of the charter school expense. Basically, co-curricular and athletics, student support services, administration, transportation, and employee benefits, remained similar to last year. It was noted that administration included areas such as school administrators, human resources, payroll, etc. Even though total employee benefits were nearly flat, increases did occur; however, reduced workers compensation expenses and employees contributions did help to offset the increase in health costs. Mr. Shanok stated that when we are working on a multi-year perspective, if increasing health costs consume most of any 2 percent general fund tax levy increase then other cost increases must be small. Other small increases would include: government mandated programs such as HIB, teacher/administrator evaluation programs, or contractual increases.

Special Education is the third largest category (behind regular instruction and employee benefits) and has an increase of 3.5 percent. Professional development also showed an increase of 7 percent mostly due to the needs of various unfunded mandates. In addition, operations/maintenance had an increase of \$0.9M to the general fund budget for safety implementations, the impact of Storm Sandy and Hurricane Irene.

Mr. Shanok then provide a brief review of the allocation of revenue. The four sources of revenues are: fund balance; local tax levy; state-aid; and, miscellaneous. The main source of revenue is from the local tax levy – 89 percent. The total tax levy is still anticipated to be zero in the proposed 2013-2014 budget. He provided a snapshot of the proposed 2013-2014 capital projects which included roof repairs, fire alarm panel replacements, lighting upgrades, chiller replacement, technology refresh, and safety measures.

Dr. Aderhold started his security presentation by thanking the West Windsor and Plainsboro Police Departments for all of the time they have spent with the school district. Working with multiple departments in two counties and two towns can be challenging. Shared thoughts and conversations led to collaboration and communication for WW-P assumptions about safety and security. Our school community values: participation of parents and community members in the educational opportunities provided to students; a welcome and friendly learning environment; to make sure our students are safe; and wants measured security enhancements.

After our joint conversations, immediate security steps were taken. We started to practice drills during non-traditional times such as lunch periods; established a security-minded culture with parent participation and education; reviewed the building-use policy since the district holds over 3,000 non-school related events; increase parent and student education; improve signage on front doors; expand communications at front doors and buzzer systems; establish PTA Security Advisory Committee; update EDP Security Plan; Enhance Substitute Plans with security procedures and lockdown/evacuation locations; utilize exterior cameras by main office staff and install computer and monitor screens; increase number of walkie-talkies for Crisis Team;

purchase megaphones; buy secured key boxes; and, continue on-going conversations with police and fire officials.

The district is looking for systems that have wide-usage and are approved and practiced by multiple school districts. With the recent incidents, the Department of Community Affairs, Division of Fire Safety, Bureau of Fire Code Enforcement, has allowed classroom doors to be locked to prevent entry from the outside of the classroom if it is in compliance with their fire code regulations such as magnetic strips that cover the latch opening or panic bar straps. While we explore these classroom doors security options, additional facility improvements include: review classroom door security; consider camera installation to act as a deterrent; upgrade PA intercom system; control entrance ways to monitor entry/exit flow; review exterior doors control for different access points from a regular school day; study interior barriers for evening use to limit access (within the law); purchase front door bollards as a physical barrier to prevent driving directly into a building such as large planters or benches; and to investigate pull gates and alarm systems.

Another key element will be training and intervention. During the recent lockdown, the staff did an incredible job mostly because of the district's routine drills that are performed. However, expanding flexible thinking during a crisis situation is crucial. We need to create a culture so that we can act immediately and take preventive measures. The district will continue drills in schools; enhance staff training; revisit the Crisis Plan for new information/training each year; prepare parent and student education; reinforce "see something, say something" so we can address a possible threat immediately; review visitor protocols; and increase random police presence or activity.

Two district school buildings will be participating in a pilot project entitled "Eyes on the Door" (EOD). This will take a real time look at visitor flow within the buildings. The pilot project will help us determine the soundness of the project and what enhancements, if any, are needed before it is expanded to other buildings.

Currently, approximately \$100,000 will be used from the 2012-13 budget for safety implementation; the proposed 2013-14 budget will include \$500,000 for recurring costs. An additional \$500,000 will be included for capital projects; projects will be determined on a prioritized basis. The district architect will work with us as we appraise the buildings and develop building specific evaluations keeping in mind fire and building code issues.

Mr. Shanok then spoke about the total tax levy for the previous years; county comparisons for student:teacher ratio, student:administrator ratio, and total cost per student; high-performing district comparisons; comparative costs per pupil spending; and, the recent district budget focusing on tax relief, budget-to-budget percentages; state-aid numbers; and total tax levy.

It was reiterated that there is a special meeting on March 5, 2013, to vote on the resolution for the preliminary budget, a review of the proposed budget will be at the March 12, 2013, meeting; and, the public hearing will take place on Wednesday, March 27, 2013.

Typographical corrections were made to Finance Items Nos. 1 and 10.

Upon motion by Mr. Fleres, seconded by Mr. Xu, and by roll call vote with all Board Members present voting yes, the following board actions were unanimously approved:

FINANCE

Mr. Shanok remarked that the only resolution to be voted on tonight is for the final approval of the preliminary budget since the Governor's address was on February 26, 2013, and the state aid numbers were released on February 28, 2013. Total general state aid is \$7,277,104, unchanged from a year ago. Debt Service aid is \$496,000, an increase of \$1,148. The State is charging the district \$63,692 as an assessment for debt service on SDA funding.

The district achieved the district goal of a zero total tax levy increase for the 2013-2014 school year. Contributing to this result was our frugal approach towards spending; working hard to keep expenses under control; charter school not opening; reduced workers compensation expenses; and employee health contributions did help to offset some of the increase in health costs. Overall,

this allows the 2013-2014 budget to use an unusually large amount of tax relief from fund balance. This proposed budget reflects a 0.88 percent budget-to-budget increase.

With our practice of thinking in multi-year terms, future budgets will be challenging. Consider:

- Despite employee contributions, health care payments by the district will rise \$1.8 million.
- A 1.5 percent pay increase would consume \$1.3 million.
- The addition of \$0.5 million for security expenditures.
- Special education costs continue to rise (the proposed budget adds four certified staff and four aides).
- Storm Sandy/Hurricane Irene add to property insurance premiums.

In most years, the only offset to such cost increases is the 2 percent cap on the general fund tax levy – about \$2.8 million. This suggests that reductions in programs/personnel will be necessary in the future.

Mr. Shanok also noted that discussion of the proposed budget will be at the March 12, 2013, meeting; and, the public hearing will take place on Wednesday, March 27, 2013.

A substitution was made to Finance Item No. 1.

Upon motion by Mr. Fleres, seconded by Mr. Xu, and by roll call vote with all Board Members present voting yes, the following board actions were unanimously approved:

Preliminary 2013-2014 Budget

1. To approve the revised preliminary budget for the 2013-2014 school year for submission to the County Superintendent of Schools for Department of Education review as follows:

Be It Resolved to approve a school district budget for the fiscal year 2013-2014 school year:

	<u>Budget</u>	<u>Local Tax Levy</u>
Total General Fund	\$ 172,433,891	\$ 145,116,301
Total Special Revenue Fund	\$ 2,006,776	N/A
Total Debt Service Fund	\$ 9,275,965	0
Totals	<u>\$ 183,716,632</u>	<u>\$ 145,116,301</u>

Included in the general fund budget is \$8,770,459 to be deposited in capital reserve to transfer to repayment of debt.

Included in the general fund budget is \$5,900,000 to be withdrawn from the Board of Education’s approved Capital Reserve Account to support funding of capital projects.

The school district has proposed programs and services in addition to the core curriculum content standards adopted by the State Board of Education. Information on this budget and the programs and services it provides is available from your local school district.

Peer Leaders work with the Guidance Department to facilitate an easier high school experience for all students, especially freshmen and transfer students.

PRESENTATION: LANGUAGE ARTS PROGRAM REVIEW

Mr. Smith remarked that at the January 15, 2013, Board of Education meeting, a presentation was made by Dr. Bethany Rice, Public Consulting Group, to conduct an external review of the Language Arts Program for grades K-12 in preparation for the implementation of the Common Core State Standards. Tonight, is the district's Internal Report of the Language Arts Literacy Program Review along with the Executive Summary and Final Recommendations which takes into consideration the external program evaluation report.

Mr. Martin acknowledged and thanked Deirdre Bova, former K-12 Supervisor of Language Arts Literacy, who had spearheaded this process, Denise Mengani, Principal, Maurice Hawk, who would be presenting tonight, and the other committee members for their dedication and time to this review. This review process has taken one and half years to complete.

Denise Mengani began her presentation with a quote from Paulo Freire, "Reading does not consist merely of decoding the written word or language; rather it is preceded by, and intertwined with, knowledge of the world...Literacy involves not just the reading of the word, but also the reading of the world." Language arts literacy is the responsibility of all teachers not just the language arts teachers.

Some of the commendations she noted were: student scores indicate a high level of academic achievement; challenging curriculum that has begun to be aligned with Core Content State Standards (CCSS); rigorous course offerings including AP; highly dedicated, collaborative, and professional staff; teacher resource specialists; and, commitment to the workshop model.

The presentation included an overall view of the process and recommendations. Recommendation areas included: Instruction: expand current best practices across grade levels and all classes to align with CCSS including literacy across the content areas, and continue to look at ways to support achievement of all students; Curriculum: align curriculum with CCSS, and provide further vertical and horizontal curriculum articulation; Assessment: examine how we assess student progress and how we use that data to inform practice, and continue to look for ways to support achievement of all students; Materials Resources Including Technology: ensure reliable and equitable access to technology to support instruction, and update classroom libraries, print and digital, to engage a new generation of readers; Leadership and Professional Development: continue ongoing professional development across, curriculum including literacy in the content areas, and assess level of support for coaching and supervision of teachers; and, Communication and Grading: examine how we assess student progress, consider using portfolios to document student growth to foster successful transitions, and revise report cards to reflect changes made in the curriculum.

There was a discussion about the presentation on various aspects of the report with a focus on the recommendations and implementation of the Common Core State Language Standards.

Mr. Marathe thanked everyone who worked on this report for their invested time and collaborative efforts. It was well done.

2013-2014 Budget Discussion

Mr. Shanok remarked that this was the last board budget discussion before the public hearing on March 27, 2013.

Martin Smith remarked briefly on the 21st Century Competencies and the framework for professional practice and assessments as ways to measure progress of achieving our mission statement for all of our students indicating that the 21st Century Competencies inspires our current education system. Professional Development for our staff relates to these 21st Century Competencies and supports our framework for professional practice and assessments as ways to measure progress of achieving our mission statement for our students. The budget supports excellence in education.

Martin Smith began the budget presentation by focusing on the proposed regulations released by the NJ Department of Education (NJDOE) on March 6, 2013. These regulations set the parameters for teacher observation and evaluation beginning in the next school year.

The new regulations propose two types of observations: long (40 minutes) or short (20 minutes); these observations are time consuming and add considerably to administrator workload: all non-tenured teachers in years one and two would at a minimum be observed three times (2 long and 1 short observations); all non-tenured teachers in years three and four would be observed three times (2 short and 1 long observations); all tenured teachers, rated effective or highly effective, would be observed three times (3 short observations); and, all tenured teachers, rated ineffective or partially effective, would be observed four times (4 short observations).

The proposed regulations also outline the measures of student achievement to be used as part of the new teacher evaluation process: all teachers in Grades 4 through 8 in the subject areas of Math and Language Arts will receive a Student Growth Percentile (SGP) score based upon student results on the NJ ASK; the scores will be provided by the state; all teachers will develop Student Growth Objectives (SGO) to measure student learning during the school year; all teachers in Grades 4 through 8 in the subject areas of Math and Language Arts will develop one SGO; and, all other teachers will develop two SGOs.

Mr. Shanok then spoke about the 2013-2014 allocation of expenses and the nine operating expenditure categories which are: regular instruction, co-curricular and athletics, special education, student support services, professional development, administration, operations and maintenance, student transportation and employee benefits. Noting that 60% of administration is in our schools such as principals' staff and a good portion of the balance is used for organizational needs such as human resources, payroll, and accounts payable. The three largest expenditure categories are: regular instruction; special education; and, employee benefits.

Regular Instruction consists of regular school programs, but it also will include basic skills, ESL/bilingual; and, charter schools. In such a large group, personnel tend to balance out with arriving and/or departing employees. Overall, regular instruction showed an actual decrease, largely due to the removal of the charter school expense.

Special Education, on the other hand, has had an increase of 3.5 percent. Special Education consists of: instruction; tuition; child study team; and, other support services. In the past, the district has largely been able to lessen the dollar impact in this area by bringing out-of-district students back into the district. However, certified special education professionals continue to increase each year. The proposed addition at Village School will include additional classroom space which will provide us with some needed breathing space and some flexibility for the district's future growth.

Another category is student support services: health services, guidance, and library/media. Overall, student support services is critical to the educational process especially the increasing call for nursing services. In the area of guidance and library/media, contract agreement obligations such as longevity, leave of absences, salary guides, can influence increases/decreases in any given budget; this year it was a slight decrease. However, professional development showed an increase of 7 percent mostly due to the needs of various unfunded mandates such as the TEACHNJ Act which Mr. Martin spoke early about.

In the future, we expect unfunded mandates to continue to consume our dollar resources. With our county comparisons using 2010-2011 actual data shows that our student:teacher and student:administrator ratios are among the highest in county. If this trend continues, something will need to be done in the future. These unfunded mandates will create very challenging future budgets and for problematic multi-year planning.

Mr. Shanok then provided a brief review of the allocation of revenue. The four sources of revenues are: tax relief from fund balance; local tax levy; state-aid; and, miscellaneous. The main source of revenue is from the local tax levy – 89 percent. The State gives and takes in three “pots.” State aid basically has two pots: general and debt service. Starting last year, the State assesses a fee for having utilized the SDA program. General state aid was flat; debt service aid had a very small addition of \$1,148; and assessment for debt had us deducting \$63,692 from the total we received. The State increased the assessment for debt by 60% - when there is a 2% cap in place for us.

Mr. Shanok commented that with what we squeezed out of surplus, we were able to meet the challenge of creating a budget that focuses on the educational needs of all students while we achieved the district goal of a zero total tax levy increase for the 2013-2014 school year. This proposed budget reflects a 0.88 percent budget-to-budget increase even with these newly imposed unfunded mandates. With careful planning, we have worked hard to keep expenses under control and, at the same time, to allow for all students to have an excellent education.

Reminder: The public hearing will take place on Wednesday, March 27, 2013; April 30, 2013 is the "Interim" BOE Reorganization Meeting; and, November 5, 2013 will be the election of the School Board members.

A discussion ensued, topics included: unfunded mandates and how they will affect the future budgets; the assessment for debt; TEACHNJ proposed regulations; additional work required by administrators; volume of observations; test results being less important; measuring level of student growth; need for a commonality; and, impact of current/future budgets for supporting evaluating of teacher performance. Board Members noted that the additional administrative workload equates to 4-6 additional staff.

Mr. Shanok noted that by moving the election to November, the reorganization meeting will now be in January. To provide a guide during the transition, we will hold an "interim" reorganization meeting for the period between July and January.

Mr. Marathe commented that the timeframe to hold the public hearing is directed by State regulation and not the district. At this time, the district anticipates to have both townships' tax rates and assessed property values available for the presentation at the Public Hearing on March 27th at which time the Board will vote on the final budget. Several years ago for greater consistency in taxation, the district moved away from equalized value to township enrollment. He stated that the dollars distributed between the townships are based on student enrollment numbers.

PERSONNEL

A typographical correction was made under B: Certificated Staff.

Mr. Marathe acknowledged the retirement of several employees and thanked them for their service to the district: Virginia Baner, teacher, 13 years; Philip Millstein, teacher, 29 years; and, Susan Tunnacliffe, teacher, 15 years.

Upon motion by Mr. Kaye, seconded by Ms. Krug, and by roll call vote with all board members present voting yes, the following board actions were unanimously approved:

MINUTES OF SPECIAL MEETING
Joint Meeting with Township Governing Bodies
Public Hearing on the Proposed 2013-2014 School Budget
MARCH 27, 2013

The Joint Meeting with the Township Governing Bodies on the School Budget of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 6:23 p.m. in the Community Middle School Media Center. The following board members were present:

Mr. Anthony Fleres	Mr. Richard Kaye	Mr. Hemant Marathe
Mr. Robert Johnson	Mr. Alapakkam Manikandan	Mr. Yibao Xu

Board Members Feldman Hurwitz, Kaish and Krug were absent. Present also were: Dr. Victoria Kniewel, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; and, Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction.

CONVENE

In accordance with the State’s Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro’s and West Windsor’s township clerks and in each of the district schools.

JOINT MEETING: TOWNSHIP GOVERNING BODIES

Mr. Marathe welcomed the attendees from both townships.

Dr. Kniewel also welcomed the township leaders. She noted that the 2013-2014 budget was a difficult one; in this global economy, expectations for student success are higher than ever before. Aspirations for doing more with our resources are also higher in these economic times. It is important to invest in our students and in our facilities. Students are our future; multi-year planning for the future is necessary. Our resources continue to be focused on the children.

Mr. Smith set the stage of what this budget is all about. The district’s mission statement and core values are the foundation that our budget centers on for all children – the “whole child/every child” philosophy. He provided a brief summary of the 21st Century Competencies and the framework for professional practice and assessments as ways to measure progress of achieving our mission statement for all of our students. Mr. Smith conveyed some of the expectations for student success and how the 21st Century Competencies inspires our current education system. He also spoke about the proposed regulations released by the NJ Department of Education (NJDOE) on March 6, 2013. These regulations set the parameters for teacher observation and evaluation beginning in the next school year. The new regulations propose two types of observations: long or short; the observation process is time consuming and adds considerably to administrator workload. They also outline the measures of student achievement to be used as part of the new teacher evaluation process. These unfunded mandates will create very challenging future budgets and will continue to consume our resources.

Mr. Shanok noted that these unfunded mandates are problematic especially for multi-year planning. Professional development showed an increase of 6.8 percent mostly due to the needs of various unfunded mandates. He then presented an overview of the 2013-2014 allocation of expenses and the nine operating expenditure categories. He noted that under administration, 60% is in our schools such as principals' staff and a good portion of the balance is used for organizational needs such as human resources, payroll, and accounts payable. The three largest expenditure categories are: regular instruction; special education; and, employee benefits. Regular instruction declined by a million dollars with the exclusion of the PIACS charter school. It consists of regular school programs, but it also includes basic skills; ESL/bilingual; and, charter schools. Special Education has had an increase of 3.5%; and, the number of special education personnel continues to increase each year.

Mr. Shanok then provided a brief review of the allocation of revenue. The four sources of revenues are: tax relief from fund balance; local tax levy; state-aid; and, miscellaneous. The main source of revenue is from the local tax levy – 89 percent. The State gives and takes in three “pots.” State aid basically has two pots: general and debt service. Starting last year, the State assesses a fee for having utilized the SDA program. General state aid was flat; debt service aid had a very small addition of \$1,148; and assessment for debt had us deducting \$63,692 from the total we received. The State increased the assessment for debt by 60% - when there is a 2% cap in place for us.

Mr. Shanok then provided a snapshot of the proposed 2013-2014 capital projects which included roof repairs, fire alarm panel replacements, lighting upgrades, chiller replacement, technology refresh, and safety measures. In addition to the capital projects, he spoke about the proposed addition at Village School and the need to find space within the schools for classrooms. The addition will include six classrooms, special education/ guidance classrooms and offices, Community Education with multi-purpose rooms, and the administration offices (4,860 sq. ft.-28%). The additional classroom and special education spaces will provide the district with some needed space and some flexibility for future growth. The current plan is to add this space without incurring any tax levy impact.

Safety measures is another item in the budget. Our school community values: participation of parents and community members in the educational opportunities provided to students; a welcoming and friendly learning environment; to make sure our students are safe; and wants measured security enhancements. After conversations with both police departments and various stakeholders, the district is looking for actions that have wide-usage and are approved and practiced by multiple school districts. The proposed 2013-14 budget will include \$500,000 for recurring costs. An additional \$500,000 will be included for capital projects; projects will be determined on a prioritized basis. The district architect will work with us as we appraise the buildings and develop building specific evaluations keeping in mind fire and building code issues.

Projected class sizes and enrollment were reviewed. The district is regularly monitoring enrollment to maintain class sizes. There may be a need to realign some teaching assignments to manage class size. Then Mr. Shanok spoke about county comparisons for student:teacher ratio, student:administrator ratio, and total cost per student; high-performing district comparisons; college admissions data from 2006-2012; comparative costs per pupil spending; and, the total tax levy for the past few years.

Mr. Shanok noted that there is a need to be consistent in our budget approach since the school district operates under strict State rules and regulations. Fundamentally, a budget is a planning tool that works within the statutory timeline. Planning is a multi-year perspective; not a one-year. With multi-year planning, budgets have fewer large shifts while the budget process has to consider contingencies, manage risk, and be fiscally responsible.

The proposed budget would increase the Plainsboro tax rate 0.5%, for an increase of 0.8 cents per \$100 of assessed property value. For a home assessed at the township average of \$385,500, this would be a decrease of \$6. The Plainsboro tax rate would be \$1.650 per \$100; for the owner of a home at the township average, the school taxes are estimated to be \$6,361.

In West Windsor, the proposed budget would decrease the tax rate 0.7%, for a decrease of 1.0 cent per \$100 of assessed property value. For a home valued at the township average of \$552,864, this would be a total tax decrease of \$68. The West Windsor tax rate would be \$1.419 per \$100; for the owner of a home at the township average, the school taxes are estimated to be \$7,419.

Mr. Shanok reviewed the district's recent budget history, levels of tax relief, and state aid. He noted that this is the fourth year in a row with a budget-to-budget increase below 2 percent. Mr. Shanok commented that with what we squeezed out of surplus, we were able to meet the challenge of creating a budget that focuses on the educational needs of all students while we achieved the district goal of a zero total tax levy increase for the 2013-2014 school year. Last year we were able to meet our instructional goals and with prudent spending didn't consume all of budgeted dollars. He noted, in the future, that the level of tax relief for the past several years may not be able to be maintained as our resources continue to have more and more demands place on them.

Mr. Shanok noted that on April 30, 2013, the Interim Board of Education Reorganization Meeting will be held; and, that on November 5, 2013, will be the election of the School Board Members.

A discussion period followed the presentation with specific questions on the proposed Village School Addition; safety measures pilot program; transportation costs; and, equalized values.

Mr. Marathe thanked everyone for coming to this joint meeting of the townships and for their support of the proposed budget.

At 7:17 p.m. the joint meeting ended. The meeting reconvened in the commons at 7:42 p.m.

BOARD PRESIDENT'S COMMENTS

Mr. Marathe welcomed everyone to the meeting and thanked them for coming; there was a joint meeting with both township's officials earlier, so the meeting has already been opened. He noted that after the public hearing on the 2013-2014 school budget there will be an additional opportunity for public comment on the budget.

Board President Hemant Marathe announced that he has received notification from Dr. Victoria Kniewel, superintendent of schools, of her intent to resign as superintendent. Dr. Kniewel has accepted a position as superintendent of schools for a public school district outside the state of New Jersey.

Mr. Marathe praised Dr. Kniewel for her involvement and attentions at every level throughout the WW-P Regional School District: "As superintendent and assistant superintendent of Curriculum and Instruction, Dr. Kniewel has led the district with distinction through some challenging times. She has helped to put into place structures that will help us realize the mission statement of the district. "

On behalf of the Board of Education, parents, and students, Mr. Marathe added, “I would like to thank the superintendent for her valuable contributions during the past nine years. She will be missed, and WW-P will build-up from the foundations she has created.”

PUBLIC COMMENT

Michelle Diatz spoke about the superintendent’s departure.

PUBLIC HEARING ON THE 2013-2014 BUDGET

Mr. Hemant Marathe opened the 2013-2014 Public Hearing on the proposed budget at 7:48 p.m. in the commons. He noted that this is the same presentation that was presented early this evening to the Township Council and Committee Members.

He commented that the Board of Education and administration met the challenge of creating a budget that focuses on the educational needs of all students while working with the 2% general fund tax levy cap requirement. Mr. Shanok noted that we achieved the district goal of a zero total tax levy increase for the 2013-2014 school year. This proposed budget reflects a 0.88 percent budget-to-budget increase. With careful planning, we have worked hard to keep expenses under control and, at the same time, to ensure all students have an excellent education.

Dr. Kniewel thanked everyone for being here this evening to hear about the proposed budget. She spoke about the budget process and how it is a multi-year process.

PUBLIC COMMENT ON THE BUDGET

There were no public comments forthcoming at this time.

COMMITTEE REPORTS

STUDENT REPRESENTATIVE COMMENTS

Kushal Gandhi, High School South, reported that the Student Council will be hosting Mr. South which will be taking place on Friday, April 26, where male seniors will participate in a fundraising talent show. The money raised from this event will go to the March of Dimes which is an organization that helps to save premature babies. HSS Community Problem Solving Team placed 1st in the State with their 21st century competency project and they will attend the International Competition in Indiana. Junior Extravaganza will be on Friday April 19th at the Adventure Aquarium and on April 15th, many students will be wearing pink, Samara Sheller's favorite color, in honor of Mrs. Sheller's return to teaching at South. In addition, the South Asian American Student Association (SAASA) had their show on Friday; the show featured a variety of cultural dances as well as a fully catered dinner.

Adam Kercheval, High School North, stated that the Junior Statesmen of America club traveled to Washington D.C. to participate in Winter Congress, a convention consisting of over 1,000 delegates. During the same timeframe, the Model United Nations team traveled to Boston to take place in the BOSMUN conference for the first time in the team's history; they returned home with

the Outstanding Large Delegation award. The students in the Legal and Political Experiences class, after winning first place in New Jersey's We the People competition, will attend the national competition later this month. And, the Robotics team competed in another competition in March, this time building a robot that can throw Frisbees and play Ultimate Frisbee; they will proceed to St. Louis for the national competition. In addition, two High School North teams won honors at the recent Moody's Mega Math Challenge. The Challenge requires students to solve an open-ended, realistic, math modeling problem in 14 hours. Both teams won Semi-Finalist Team Prizes, which means that they finished between 7th and 12th overall, out of 1,054 teams. Also, twenty-two North students recently competed in the Philadelphia Classic Programming Competition at the University of Pennsylvania, where student teams had four hours to write nine computer programs; overall, a team of four students earned third place.

FUTURE PROBLEM SOLVERS PRESENTATION

Dr. Joan Ruddiman introduced the officers of Community Problem Solving from High School South. The officers talked briefly about the importance of the 21st century skills; they stressed that Future Problem Solving (FPS), a long-standing program in the district, is fundamentally based on the six competencies. Another aspect of FPS is Community Problem Solving(CmPS); the problems are not futuristic, but rather from students' school/community which apply the FPS Six Step method to solve an identified problem. In the presented case, South CmPS team addressed how to deepen understanding and application of the competencies. Furthermore, officers discussed initiatives, including creation of a problem solving class at Millstone and Village to be taken up by Ms. Shanna Weber, the GT Teacher Resource Specialist, next year as part of the programming she offers for students. They also discussed their written recommendations for an information literacy cycle class for grades 4-7 that came from work with Mr. Wise on the MDG 8th grade exit project. Also, the programs run at the local library to spread awareness of the competencies to parents; and, the prospects of creating a national Girls Scout badge for the 21st century.

XXIX. PRESENTATIONS/REPORTS

BOARD PRESIDENT’S COMMENTS

Mr. Marathe welcomed everyone to the meeting. Mr. Marathe acknowledged the resignation of Robert Johnson who has served as a board member for the past nine years. A small festivity to thank Bob for his service to the students, staff, and community, will be held before the next meeting on May 14, 2013.

He also commented that tonight the Board would be interviewing candidates for the board member vacancy for West Windsor Township. The replacement appointment will be announced and sworn in at the May 14, 2013, Board of Education meeting.

PRESENTATION: Technology Strategic Plan

Martin Smith, Assistant Superintendent for Curriculum and Instruction, reviewed the 2013-2016 WW-P Technology Plan. The plan presents a mission, vision, and goals for instructional technology; the Technology Plan supports the district’s mission statement, and aligns with the instructional program and the 21st Century Competencies. The vision of the plan shows that technology is an essential tool that can be utilized to support a student-centered instructional paradigm. The instructional technology mission of the West Windsor-Plainsboro Regional School District is to ensure that all learners, through a variety of opportunities, develop the knowledge, abilities, and competencies needed to create, share, and communicate in a world of evolving and innovative technologies. Mr. Smith noted that the four goals focus on reliability; access; equity; and support.

A brief discussion ensued on various areas of the presentation.

Mr. Marathe thanked all committee members who participated in developing the plan. Several Board Members commented on the great work that was done on the plan and presentation.

XXX. PUBLIC COMMENTS

Ed Meara, president, Village Grande, spoke on several topics: congratulated Dr. Kniewel on her new assignment, thanked Mr. Marathe and Mr. Shanok on their budget presentation, thanked and expressed good wishes to Bob Johnson, and wished Dr. Aderhold continued success in his new position. Paul Pitluk thanked the Board and administration for their continued cooperation with Arbor Day and the Sr. Olympic Committee. Linda Geever thanked Dr. Kniewel for her leadership, congratulated Dr. Aderhold, and thanked Bob Johnson for serving the community for the past nine years. Debbie Baer, president, WWPEA, spoke about Bob Johnson and the great relationship with him and the Board in general; he will be missed for all his service to the students, teachers, and community.

XXXI. BOARD OF EDUCATION COMMITTEE REPORTS

Administration & Facilities

Mr. Johnson stated that the committee met April 23, 2013, and completed their review of the 8000 Policy Series. A brief discussion of the 2014-15 school calendar was held; the proposed date for HS graduation was no longer available at the Sun Center. The Committee is re-examining the calendar at this time.

Finance

Mr. Fleres reported that the committee met on April 17, 2012, reviewed the agenda items and supported them. Technology was discussed in length for the technology refresh candidates, the technology plan and the 1:1 Pilot Program. The district's Technology Plan is about instruction and not about equipment. The plan and pilot suggest that technology will need to be an integral, continuing part of the annual budget process rather than the past tactic of largely dealing with the technology funding issue through the refresh discussions. A brief discussion ensued on the impact of the State of NJ's PARCC timetable (taking of tests through use of technology). The State appears to have set a timeframe that districts will not be able to meet, especially since the goal comes without State dollars to support it. Update on the Village addition and discussed the topic of using a construction manager for the project. During the past few years, the district has been satisfied in using the architect and district staff; we will continue in that manner. It was mentioned that State is basing state aid based on average daily attendance; it is not clear on what basis state aid would be affected. While School Boards has suggested districts go to legislators, at this time the Committee will wait until more information is available.

Curriculum & Instruction

Mr. Kaye reported that the committee met April 3, 2012, and discussed the results of the world languages parent and student surveys. The results indicated that one third of respondents would like to see Hindi added as an additional language; the next choice was Italian. The Committee will continue to discuss this and its implications for the world languages program. Curriculum issues would include when we might be able to start a program and in what grade, staffing, and funding. Also, the survey indicated that parents would be interested in enrolling their child in a dual language immersion program if it was offered. The Committee supports continuing to investigate this possibility and partnering with Princeton Regional Schools to work with the consultant they have hired as they explore the possibility of beginning a dual language program. An overnight field trip was reviewed and supported.

XXXII. MEETING

A. ADMINISTRATION

It was requested to act upon Administration Item No. 1 separately.

Several Board Members expressed their satisfaction in the appointment of David Aderhold as the district's next superintendent of schools; and, yet, they were melancholy over the loss of the current superintendent, Victoria Kniewel, as she moves out of district. It was noted that this was a very important decision and with both of these individuals being outstanding leaders, the district was very fortunate and honored to have them both.

Upon motion by Mr. Johnson, seconded by Mr. Fleres, and by roll call vote, with all board members present voting yes, the following board action was unanimously approved:

Superintendent of Schools

1. To approve the appointment of David Aderhold, EdD, as Superintendent of Schools, from July 1, 2013, through June 30, 2018. The annual salary at the state cap is set at \$175,000 plus \$2,500 for districts with high schools.

Mr. Marathe expressed the congratulations of the Board to Mr. Aderhold; and, commented that the district is honored to have his leadership and dedication.

Dr. Aderhold stated that it has been his privilege to serve this school community for the past four years, and it has been his distinct honor to be named the next Superintendent of Schools. He thanked the Board of Education for its overwhelming support; and, he stated that he is looking forward to serving the West Windsor-Plainsboro school district and supporting the tradition of excellence that reflects the values of our communities.

Dr. Aderhold also thanked Dr. Kniewel for her leadership. She has been an outstanding mentor and he wished her well as she moves to her new position. During the last nine years, Dr. Kniewel's focus was on the mission of the district in meeting the needs of our students which has provided a roadmap for the district.

He noted his pleasure to be joined in service to our mission by a dedicated and highly capable faculty, staff, and administration; what we do would not be possible without the support of the entire WW-P community. We have amazing students and involved parents and guardians who care deeply about their children's progress and development. Our township officials and local law enforcement agencies have been supportive of our work and he looks forward to the continued partnerships. Dr. Aderhold commented that the level of care and responsiveness of the entire community is remarkable.

Dr. Aderhold has enjoyed the opportunity to see our students excel both in the classroom and beyond; he has always been impressed by their level of skill and enthusiasm in all that they do. Our students are embracing the 21st Century Competencies through their academic, artistic, and athletic accomplishments. It is with much appreciation and great enthusiasm that he enters this new role as superintendent.
