

**BOARD OF EDUCATION MEETING MINUTES**  
**July 23, 2013**

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 7:38 p.m. in the commons. The following board members were present:

Ms. Rachelle Feldman Hurwitz	Ms. Michele Kaish	Mr. Hemant Marathe
Ms. Louisa Ho	Mr. Richard Kaye	

Board Members Fleres, Krug, Manikandan, and Xu were absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; and, Ms. Alicia Boyko, Director of Human Resources.

**CONVENE**

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

**BOARD PRESIDENT'S COMMENTS**

Mr. Marathe welcomed everyone to the meeting and thanked them for coming during the summer. The Board of Education welcomed Dave Aderhold to his first meeting as Superintendent of Schools.

Mr. Marathe also thanked everyone for another successful school year and noted that the 2013-2014 meetings will be held at Thomas Grover Middle School.

**SUPERINTENDENT'S COMMENTS**

Dr. Aderhold remarked that it was a great honor to be here serving in this position. He also commented that this is the first meeting for Gerard Dalton, Assistant Superintendent for Pupil Services/Planning. In addition to Mr. Dalton, there has been a number of changes and appointments to the administrative team. The transition is going well.

With just a few weeks to the start of school in September, Dr. Aderhold provided insight to the administrative team's busy schedule. He spoke about the variety of capital projects that are underway this summer; possible expansion to the security services; and, organizing the administrator's retreat. The retreat brings the district administrators together for team building exercises and professional development covering topics such as teacher evaluations and observations, My Lesson Planner, Infinite Campus, Achieve New Jersey, District Goals, Multidimensional Principal Performance Rubric, Human Resources, Teachscape, and Special Education.

It has been a busy summer with a lot of transitions, but Dr. Aderhold is looking forward to a great year!

**PUBLIC COMMENT**

There were no public comments forthcoming at this time.

**COMMITTEE REPORTS**

**Administration & Facilities**

Ms. Kaish stated that the Committee met on July 16, 2013. The Committee welcomed Mr. Dalton and covered the following topics: overview of the summer capital projects; security updates on adding additional cameras in the buildings and the Eyes on the Door pilot program; student proposed projects were discussed and supported; completed the review of the 9000 Policy Series; and, will start the review of the 9200 Policy Series at a later meeting.

**Curriculum and Instruction**

Mr. Kaye reported that the Committee met on July 15, 2013, and covered the following: update on the seventh grade math tutorial for honors; collaborative planning with student teachers research project to study ways in which teacher collaborative lesson planning shapes how pre-service teachers think about science education; pilot course for fifth grade social studies and pilot textbook adoption; and, reviewed grants and field trips on the agenda.

**Finance**

Ms. Ho remarked that the Committee met on July 16, 2013, reviewed the agenda items and supported them noting the eleven Regular Operating District (ROD) grant conclusion resolution. It is a time consuming process. The State of NJ announced a Round Four for Schools Development Authority grants with an early September deadline; on the agenda is the initial start for applying for these grants. Applying does not commit the district to funding the projects, it only allows for the submission and assigning projects numbers so that the documentation can proceed. Once more is known about the State funding participation and total project costs, then a decision will be made. Discussions included: System 3000 licensing and support contracts; summer construction facility actions in preparation for the start of school; exploring student transportation options due to township' schedule road work such as the bridge on Old Trenton Road; and, the multiple challenges food service dealt with last year, especially with the new federal nutrition requirements.

It was requested to appoint the new administrators at this time.

Upon motion by Mr. Kaye, seconded by Ms. Feldman Hurwitz, and by roll call vote with all Board Members present voting yes, the following board action was unanimously approved:

**BOARD OF EDUCATION MEETING MINUTES**  
**September 10, 2013**

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 7:34 p.m. in the commons of Grover Middle School. The following board members were present:

Ms. Rachele Feldman Hurwitz	Ms. Michele Kaish	Mr. Alapakkam Manikandan
Mr. Anthony Fleres	Mr. Richard Kaye	Mr. Hemant Marathe
Ms. Louisa Ho	Ms. Dana Krug	Mr. Yibao Xu

Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; Mr. Russell Schumacher, Special Assistant for Labor Relations; and, Ms. Alicia Boyko, Director of Human Resources.

**CONVENE**

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

**BOARD PRESIDENT'S COMMENTS**

Mr. Marathe welcomed everyone to the meeting and thanked them for coming.

**SUPERINTENDENT'S COMMENTS**

Dr. Aderhold remarked that the opening of school last week went very well. With approximately 9,800 students, we had very few problems with busing or with the use of Infinite Campus to access bus information, teacher assignments, and student schedules.

He then provided some highlights on the agenda for tonight: two additions to our Infinite Campus online student information system – a pilot using online student registration section for new families and a section for documents for the increased observations and evaluations of teachers and administrators for the new imposed regulations. This change will allow administrators to prepare observations and evaluations, post them in Infinite Campus, and review them at any location for a simpler and more effective sharing of information.

Another important update for this year is about the PSAT. Dr. Aderhold was pleased that all sophomores and juniors will be offered the PSAT as part of their regular instructional program. The PSATs will be given in school on Wednesday, October 16, 2013. Included in the this school year budget was the cost of this exam which will allow students to have firsthand practice for the SAT. This will ensure that all students have the opportunity to take this important exam.

As tomorrow is the anniversary of 9/11, please be aware that schools will be involved in age-appropriate remembrances tomorrow morning whether that is reading a poem or a moment of silence.

Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

Mr. Marathe welcomed everyone to the meeting and thanked them for coming. There was a closed executive session earlier so the meeting has already been opened.

**SUPERINTENDENT'S COMMENTS**

Dr. Aderhold welcomed the two student representatives: Adam Kercheval from High School North and Jason Sheffield from High School South and was looking forward to their reports.

During this past year, Dr. Batchelor, District Supervisor of Special Services, and her staff have worked diligently to continue striving to improve the Special Services Program. Tonight, Dr. Batchelor will provide an update to last year's program review.

Dr. Aderhold also remarked on a few student highlights. He was proud to acknowledge the 2013-2014 National Merit Scholarship winners; the list includes 166 students from High School North and High School South. It is quite remarkable and he congratulated them on their success. Dr. Aderhold also noted that the High School North Philharmonic, conducted by John Enz, will be performing at the opening session of the Fall 2013 New Jersey Schools Boards Association workshop this month. He looks forward to their performance and is pleased to have them there at the opening.

Mr. Marathe welcomed both student representatives to the board meeting noting that this was the first meeting for HS South's representative, Jason Sheffield.

## **STUDENT REPRESENTATIVE COMMENTS**

Jason Sheffield, High School South, reported: Play for Juan soccer game was won by the boys' varsity soccer team against Hamilton raising nearly \$4,000 for the student battling cancer; also, the girls' varsity volleyball team will be holding a Super Samara/Play for Juan volleyball game to support both students as they continue their fight against cancer; the girls' varsity tennis team won the title of 2013 Mercer County Tournament Championship which is their second straight title win and they have won a total of five titles in the last six years; kicking off homecoming weekend, varsity football team won the homecoming football game against Princeton and the Student Council dance, held the next night, was a huge success; sophomores and juniors will have an opportunity to take the PSAT's at no cost next week; and, South hosted the annual fall flea market last Saturday which had a great turnout and was a successful fund raising event. Congratulations to the cross-country team for winning the Cherokee Invitational which is a meet where every cross-country team in the state is invited to compete. In addition, he noted that South is the pilot school for "Campaign Connect" which is a program that encourages positive school culture and peer leadership; it also helps motivate students to make responsible decisions.

Adam Kercheval, High School North, stated that everything leading up to the first day of school went well including freshman orientation noting, as per tradition, that students and faculty were all welcomed back on the first day of school with the Student Council decorating the halls and main entrance to the school and played music to help brighten the day; homecoming is the school's main focus at this moment with the game on Friday night and the dance on Saturday; this year, the homecoming dance has been changed around and will include a jazz lounge with VIP seating for alumni, mocktails, and hors d'oeuvres; today was day two of Spirit Week - yesterday was pajama day, today was preppy day, tomorrow is America themed day, Thursday is "mathletes and athletes" day, and Friday is class color day; and, he also noted that nine seniors from the AP German class were recently inducted into the National German Honor Society - all of the seniors received official certificates of recognition from the American Association of Teachers of German. In addition, a team of five North students recently achieved success in the CSAW CTF Cybersecurity Competition. The team placed third in the United States and Tenth in the world in the high school division in this college-level competition, scoring better than 90 percent of teams in the undergraduate division. In the competition, teams are presented with a series of challenges that involve finding hidden messages called flags. Some of the challenges that the team faced involved breaking cryptographic codes, reverse engineering computer programs, and exploiting vulnerabilities on a web site.

## **BOARD PRESIDENT'S COMMENTS**

Mr. Marathe offer the condolences of the Board of Education to the LaManna family on the passing of middle school teacher, Theresa LaManna, this weekend.

## **SPECIAL SERVICES PROGRAM REVIEW UPDATE:**

Mr. Dalton remarked that the district has engaged in a long standing practice of studying programs and curriculum offerings to facilitate continuing program improvements and enhancements. He then introduced Dr. Batchelor, District Supervisor of Special Services, who would be providing the update tonight.

Dr. Batchelor thanked the Board of Education for this opportunity. She remarked that the Special Education Program Review started approximately 2-3 years ago; utilizing both an external and internal review process, a presentation of findings and recommendations were given to the Board of Education in September of 2012. During this past year, recommendations from this process have been embraced as we continue to strive for excellence in this area. Areas that were update included: referral and placement process, program offerings, staff roles, consistency and articulation, curriculum and instruction enrichments, assessment and performance practices, resources improvements, professional development, and code compliance. Dr. Batchelor highlighted some areas: high growth in parent relations especially with the new Individual

Education Programs (IEP); professional development training for effective parent/staff relations; new Behavior Disabilities Class at Community MS; expansion of the Autism Program at Town Center; broaden vertical and horizontal articulation for programing and implementation as students move between schools; IEP Direct was implemented for a consistent IEP process for all students – it had a rocky start, but the glitches were worked out; and, professional development training was designed to be building specific.

This year, the focus will be on: response intervention; continued exploration of programs for at-risk students; inclusive practices; job skill training; instruction strategies in World Languages; and, professional development in math strategies for students at the secondary level.

The Board engaged in a discussion on several topics. Topics included: teacher training; systematic approach to reading; identifying and helping early struggling students; K-3 early intervention; non-classified students; transfer students struggling in our system; uniform evaluations; and, new state legislation.

The Board thanked Dr. Batchelor and the Special Services team members for this update.

**BOARD PRESIDENT'S COMMENTS**

Mr. Marathe welcomed everyone to the meeting and was pleased to see the attendance this evening. Mr. Marathe expressed his deep appreciation to have been able to serve the community, parents, students, and staff these past twelve years. His tenure as a board member has been most rewarding and fulfilling.

**SUPERINTENDENT'S COMMENTS**

Dr. Aderhold remarked that at board meetings student achievements will continue to be highlighted. In addition, students will be making presentations on various topics at future meetings. Tonight is a special student presentation on the Chromebook Pilot Project.

**Student Presentation: Grade 5 Chromebooks**

Mr. Smith commented that this year, four classes at Village School and four classes at Millstone River School are participating in the Grade 5 Chromebook Pilot Project. The project provides a wireless device for every student in the classroom. The goal of the pilot is to provide students with access to digital technology so that they can develop the skills necessary to manage their own learning in a growing digital world. If the pilot is successful, the district would increase distribution of these devices over the next three years to include all students in Grades 5 through 8. Teachers who volunteered to participate in the program were trained during the summer to prepare for working with the new devices. The teachers developed procedures and lessons that will take

advantage of the added functionality provided by the device. Students will have access to the devices starting on the first day and will use them throughout the day.

Mr. Smith then introduced Village School teachers, Marie Bresnahan and Kara Kleckner, who volunteered for this pilot project.

Ms. Kleckner and Ms. Bresnahan along with several Grade 5 Village School students did a presentation on the Chromebook Pilot Project. The students were excited about this opportunity to share with the Board of Education about what they are doing in the classroom. The students worked on a video along with a presentation script which illustrated the blending of technology into daily lessons. The students, overall, expressed that this was a wonderful idea. Highlights of the students' presentation included: simple to maneuver around; can learn at their own pace; easy to organize work; logs are easier to maintain and review; globally connected through maps; making their own choices on how to engage their work; multiple students can log on at the same time; encourages working together on a project; user friendly; environmentally and energy efficient; and, helps them develop into 21<sup>st</sup> Century learners by communicating and collaboration.

Ms. Kleckner and Ms. Bresnahan briefly spoke about WW-P 21<sup>st</sup> Century Competencies and that the Chromebook Pilot Program connects learning to the district's educational objectives to ensure that all students are prepared for success. Chromebook blends and compliments the district's instructional goals and core values for creating an ideal environment for learning in the 21<sup>st</sup> century.

On behalf of the board, Mr. Marathe thanked the students for an informative and well done presentation.

### **SPECIAL PUBLIC HEARING ON THE 2012-2013 ANNUAL DISTRICT REPORT OF VIOLENCE AND VANDALISM AND HARASSMENT, INTIMIDATION, AND BULLYING**

The hearing opened at 7:47 p.m. In accordance with the State's Sunshine law, adequate notice of this Special Meeting was provided by sending a notice of the time, date, location, and, to the extent known, the agenda of this meeting, to *The Princeton Packet*, *The Times*, *The Home News Tribune*, and West Windsor and Plainsboro Public Libraries. Copies of the notice also have been posted in the Board Office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

David Aderhold commented that during the month of October, the district is required to present the Annual District Report of Violence and Vandalism to the board in accordance with state statutes. He explained that "Anti-Bullying Bill of Rights" was signed into law in January 2011 and the law went into effect in September 2011; however, revisions and guidelines to the law continued for months. Basically, the law amends the definition of harassment, intimidation, and bullying (HIB); clarifies responsibility for conduct away from school grounds; creates school safety teams; requires anti-bullying specialist and coordinator in every school district; and, new procedures for investigation, reporting, discipline, and appeals.

Gerard Dalton was introduced and he remarked that the state defines, sets specific criteria, and scenarios for reporting incidents in the categories of violence, vandalism, weapons, and substance abuse; only incidents that meet the criteria are reported; not every incident is reported nor is every incident considered in the same category depending on factors such as circumstance and grade level. He did note that the state revises these definitions, criteria, and categories yearly making year-by-year comparisons difficult.

Each school should be proud of the positive culture they have created not only during the designated “Week of Respect” and “Violence and Vandalism Awareness Week,” but during the entire school year. At all grade levels, activities have taken place to provide age appropriate instruction focusing on preventing Harassment, Intimidation or Bullying (HIB) and to engage students to think about their actions.

Mr. Dalton spoke about the state definition of HIB and the seriousness of the distinguishing characteristics of the definition. “Any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L. 2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students.”

With two years under our belts, Mr. Dalton reviewed the statistics which included: investigations; confirmed HIB; patterns and trends; actions taken; victim and offender information; and, recommendations to continue proactive programs for awareness and educational training. Overall, the district experienced a decrease in most categories. He also noted the positive and supportive relationship the district has with both townships’ police department.

Mr. Marathe welcomed everyone to the meeting and thanked them for their patience; there was a closed session and this portion of the meeting was starting a little late. We will begin the meeting with the student comments.

**STUDENT REPRESENTATIVE COMMENTS**

Adam Kercheval, High School North, stated that North’s fall drama “On the Razzle”- a comedy that follows the escapades of a few Germans trying to function in American society – production is this weekend; the combined Robotics High School Team, The MidKnight Inventors, were the winner of the recent Brunswick Eruption robotic event - they built a frisbee-throwing and pyramid-climbing robot that defeated robots built by 40 other teams from 7 states; homecoming dance was a huge success and that the new ideas taken on by the Student Council, such as the jazz lounge and appetizers, were very popular with the students and, it appears, a new future precedent has been set; and, that the marching band has been very successful – it moved from a group I to a group III marching band because of its increased size and has advanced into a group 3A marching band which is the most prestigious competitive group for marching bands. In addition, he spoke about a North staff member who spent five weeks in Costa Rica after receiving the Fulbright-Hays grant; and, about a student who was selected as one of the 120 young musicians to play in the first ever National Youth Orchestra of the United States - the orchestra played in DC, Russia, and London.

Jason Sheffield, High School South, reported that the football team and girls volleyball team played “Serve Up Hope” games to participate in Cancer Awareness month - the fundraising event was for a student currently battling cancer; the Cross Country team won Sectional Titles in Cross Country which makes this the 4<sup>th</sup> year in a row they were undefeated; girls tennis team have had an amazing

season, and as usual, were undefeated in the county and lost in the State Semi-finals – they are Colonial Conference Champions and Mercer County Champions; South’s PTSA is sponsoring the Reflections Program again this year with a theme “Believe, Dream, Inspire” - students are encouraged to submit an artistic piece from the categories such as music, photography, literature, visual arts, film/video and dance composition; with non-stop cast rehearsals, South’s play “The Curious Savage” will be a great performance premiering on November 14<sup>th</sup>; and, the Football Team won its game against Hightstown High keeping the Mayors Trophy for the 9<sup>th</sup> year in a row! He also noted that the Post Prom 2014 Committee ran their annual gift show at High School South with over 100 vendors; the class of 2014 was able to raise a sizable amount of money to put towards Post Prom.

### **BOARD PRESIDENT’S COMMENTS**

Mr. Marathe was disheartened to announce the passing of Yibao Xu, Board of Education member since April 2012. Even though Dr. Xu served a short time, his passing will be felt. Dr. Xu was a very conscientious, respectful, and dedicated member of the community and board. Mr. Marathe offered the sincere and heartfelt condolences of the Board of Education to the family.

### **SUPERINTENDENT’S COMMENTS**

Dr. Aderhold also echoed the sentiments of Board President Marathe and extended the district’s sincere deepest sympathy to the Xu’s family.

### **NATIONAL HISTORY DAY PRESENTATION: PRISM Program**

Dr. Aderhold commented that this is the second student presentation of the year. He welcomed the students and introduced Grover MS teacher, Debra Cohen, who remarked that National History Day (NHD) is part of the WW-P curriculum and is, basically, a competition providing opportunities for students to pursue research. This is a year-long research project that students undertake in addition to their regular classwork. NHD can be done individually, paired, or as a team collaboration. For the competition, you can explore any topic in history that relates to the specified historical theme for the year, research on the chosen subject matter, analyze and interpret their findings, draw conclusions about their historical theme, and then create a presentation project for the competition. Usually, the historical event took place at least 40 years ago, so the impact can be analyzed over at least a generation. The final submission project can be an exhibit, paper, historical reenactment or performance, documentary, or a website.

Middle school students can participate in NHD through “Performance Revealing Individual Student Magic” (PRISM). PRISM is a unique gifted and talented program offered to all middle school students. Students attend a number of introductory classes to decide if PRISM is right for them; and, if it is, students will decide what programs they wish to participate in. Programs include: Future Problem Solving (FPS); Scenario Writing; Inquiry Project; and National History Day. At the high school level, students participate in a NHD club; additionally, FPS is another club at the high school level.

Students compete in three regional competitions; in 2013 over 3,000 New Jersey students participated. Then, those who qualify in the regionals are invited to compete at the New Jersey History Day Competition. Students who place first or second in their category are invited to represent New Jersey at the National History Day Competition held at the University of Maryland. West Windsor-Plainsboro had 12 projects, created by 16 students, that qualified for the 2013 national competition which was held last June. As part of their trip to the national competition, students also toured the U.S. Capitol and visited with Congressman Rush Holt, in both his Washington and West Windsor offices.

The middle and high schools' student projects were: Fiat Money: The End of the Golden Age exhibit; The Geopolitics of Oil: Staging the 1953 Coup exhibit; William Carlos Williams and Poetic Modernism exhibit; Life and Death from Above: How One Man Created a Chemical Equation, Weaponized Air, and Fed the World paper; The Emancipation Proclamation: Injustices Made Right in the Pursuit of Freedom performance; Checkmate: The 1972 World Chess Championship as a Political and Intellectual Turning Point performance; One Book, Two Book, Red Book, Blue Book: Dr. Seuss Creates a Turning Point in Children's Literature performance; Pillars of Faith, Towers of Freedom: The Rise of Radical Islam and the Path to 9/11 documentary; The Declaration of Rights: A Revolutionary Crossroads in Enlightenment Republicanism documentary; THE Vaccine: Smallpox as a Turning Point in Immunization documentary; Red, White, and Purple: American Intelligence Turned the Tide of the Battle of Midway and the Entire Pacific Front website; and, The Einstein-Szilard Letter: Launching America into the Atomic Age website.

Overall, the students summarized that National History Day is another method to explore and experience history in a new and exciting way; it encourages them to be innovative and practical problem solvers, flexible and self-directed learners, effective communicators, collaborative team members, information literate researchers, and to be a globally aware citizen. The students imparted some of their expectations for success and how the 21<sup>st</sup> Century Competencies inspires them on how history can be taught in our current education system and how it can impact them in their future endeavors.

Mr. Marathe and several Board Members congratulated the students on their NHD awards and for such an excellent presentation.

### **COMPREHENSIVE ANNUAL FINANCIAL REPORT**

Mr. Shanok introduced Scott Clelland of Wiss, the district's public auditor. Mr. Clelland expressed his pleasure for the opportunity to be here to present the 2013 audit results. He thanked the administration and staff for all of their efforts and assistance during the course of the audit. Overall the audit went very well. It was completed and filed on time and within the statutory deadlines.

Mr. Clelland stated that part of the audit process is to look at the financial statements along with the internal controls and then render an opinion. The opinion that he renders is an "unmodified" opinion which is a clean opinion or the highest level that, as independent auditors, they can place on any financial statements. He noted formerly, "unqualified" opinion would have been stated, but with clarity standards changing, so has the format. Basically, an "unmodified" opinion means that the auditors were able to perform procedures to get comfortable with the financial statements and information presented to them to render a clean opinion and that they were able to verify that information. The district continues to be very prudent in the way it manages its finances.

Mr. Clelland remarked that the district is in strong financial condition, has a high bond rating, and utilizes its capital, emergency, and maintenance reserves to the district's maximum advantage. He also noted that, more than other districts, WW-P refunds debt when allowable to take advantage of favorable rates; and, WW-P aggressively pursues the State's Regular Operating District Grants to facilitate many of its capital projects. These grants fund 40 percent of these projects costing the district 60 cents instead of 100 cents on the dollar. These grants require a lot of work, tracking, and documentation; but, can utilize a district's dollars to its fullest.

Once again, the district received the highest possible audit opinion; and, in recognition of its strong financial reporting received the Association of School Business Officials International's

Certificate of Excellence in Financial Reporting for the fifth consecutive year. Fewer than two dozen New Jersey districts received this award.

Mr. Clelland commented that the Management Report on the Administrative Findings had only one non-material finding; the Corrective Action Plan will address this one finding.

The Board asked if there were any areas of concern. Mr. Clelland response was that there were no such areas. A final question asked was whether there were anything a taxpayer should be aware and concerned about; the response was “No.”

Board President Marathe thanked Mr. Clelland for attending; and, thanked the administration and staff for all their audit preparation and support, especially Mr. Shanok and Mr. LoCastro.

Whereas, *N.J.A.C. 6A:30-3.2(f)* requires participating school districts to hold a public meeting to approve the submission of the district's DPR responses and the Statement of Assurance with respect to this process; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education in the County of Mercer has reviewed the district's DPR responses and Statement of Assurance and hereby approves these documents; now, therefore be it.

Resolved, that the West Windsor-Plainsboro Regional School District Board of Education does hereby authorize the Superintendent of Schools to submit the attached DPR and SOA to the Commissioner of Education in compliance with the provisions of *N.J.A.C. 6A:30-3.2(f)*.

### **Comprehensive Maintenance Plan**

5. Approval to submit the district's Annual Comprehensive Maintenance Plan for the West Windsor-Plainsboro Regional School District to the County Office by November 15, 2012, in compliance with the New Jersey State Department of Education requirements, pursuant to *N.J.A.C. 6A:26A-3.1*.

Several Board Members spoke on numerous aspects of the proposed 2014-15 and 2015-16 calendars and the official school holidays. Discussion included: contractual obligations; required number of school days for students, teachers, and new teachers; professional development days; state and federal holidays; NJ State law requires no negative consequences for students, staff and faculty, observing religious holy days and are viewed as an “excused absence;” ethnic population of district; start/end of a school year; balancing the needs/wants of students/community; operational issues with absenteeism; emergency closing days within the school year; and, reducing winter/summer breaks.

It was noted that there has been much public discussion and debate on this issue with many reasonable people agreeing and disagreeing. Basically, the district’s goal is to provide students with a positive personal and academic experience while balancing specific parameters when developing a school calendar. Being a multicultural district, there are a number of cultures and religious faiths with the State recognizing about 100 observed religious days that are excused absences for students and staff. The actions being taken on the calendars tonight do not reflect a right or wrong decision, but a difficult one with all these considerations.

Jason Sheffield, High School South, reported that both boys' and girls' cross country teams won 1<sup>st</sup> place at the statewide Group IV championship; South marching band placed 6<sup>th</sup> in the nation at a national competition against 200 other marching bands at MetLife stadium; American Studies 2 Classes took an in-school field trip to watch the famous movie Schindler's list and after the movie there were breakout sessions to discuss the movie and other genocides like the one depicted in the movie; South Student Council hosted the annual holiday breakfast last Saturday and it was a huge success with a turn-out of more than 100 people; South orchestra hosted a well-attended children's concert where songs were played from Toy Story and The Nutcracker Suite; and, High School South March of Dimes officers and South Junior, Ben Schulman, worked together to sell "Ben's famous fudge" around school and raise a great deal of money to help support the March of Dimes.

Adam Kercheval, High School North, congratulated Christopher Shao, a junior, who had received a top score of "5" on the Advanced Placement (AP) Physics C Examination. What makes this achievement so remarkable is that Christopher was 1 of 15 students in the world to earn every point possible on this AP examination. He then spoke about two HSN student teams that recently competed against approximately 80 other teams from around the country in the Princeton University Mathematics Competition. One team placed second in their division, and fifth overall in the Power

Round. Student Brice Huang placed Eighth overall individually. Other topics included: Congressman Rush Holt speaking to the AP Government and Politics students last month, discussing everything from his job as a representative and how congress works to TSA procedures, Veterans' affairs, and the price of a college education; administration holding monthly "Coffee with the Principal" meetings during which interested parents and students can attend and participate in a discussion with the principal about whatever concerns they may have regarding the school; and, the fall drama *On the Razzle* and Student Council's event *Entertainment ToKnight* were both great successes and brought in quite a lot of students making them two of the biggest events that North has had so far this year.

### **SUPERINTENDENT'S COMMENTS**

Dr. Aderhold commented that this would be the last Board of Education meeting for Mani and Hemant. He thanked them for their service to the district and community.

He noted that Mani has been a board member for over the past four and a half years serving on the Curriculum Committee and Administration & Facilities Committee, involved in policy and regulation revision, capital projects, successful budgets, and the start of the Village School building project. Mani has been a valued member of the board and thanked him for his service.

Dr. Aderhold stated that Hemant has been on the board for the past twelve years and as president for the past nine years. He has served on every board committee. He has always been respectful of the process and of the administrators, teachers, students, and fellow board members. Hemant has always had the welfare of all of our students at heart. He carried out his responsibilities diligently and professionally. Hemant knew that while our work was very serious, there was always a place for levity. The district's appreciation and thanks go with Hemant.

Dr. Aderhold then welcomed Mr. Grabell and his third grade students who will be doing a special presentation tonight.

Mr. Marathe commented that it has been a privilege to serve these past twelve years. He spoke fondly remembering his experiences with board members, administrators, community members, and students. He thanked everyone and then introduced Mr. Grabell who taught his own daughter.

### **PRESENTATION: STARLAB from Dutch Neck Elementary School**

Dutch Neck Elementary School teacher Jeff Grabell and 15 of his Grade 3 students presented a review of a WW-P Education Foundation-funded program called "StarLab." StarLab is an inflatable planetarium dome that helps students understand and explore astronomy. The students were excited to share what they learned and how this program has given them a new interest in exploring the night sky and how they used that information in the classroom. The students created a power point presentation on the solar system, constellations, and mythology. They researched the facts, wrote the text, designed the power point slides and dragged in the images as well as selected the music.

Mr. Marathe thanked Mr. Grabell and the students for their lively and informative presentation.

Mr. Marathe then stated that the next two presentations will be done by Mr. Smith.

### **PRESENTATION: Annual Progress Targets**

Curriculum & Instruction: Assistant Superintendent Martin Smith presented a review of the district's annual progress targets report. This report is part of the Federal Department of Education's Elementary and Secondary Education Act NJDOE Waiver for the No Child Left Behind Act. The Annual Progress Targets provides the district with information on how well the schools are meeting high levels of proficiency for student achievement in Language Arts and Mathematics while targeting

specific subpopulations of students in need of additional support. The Progress Targets utilize the 2010-11 school year data for the baseline with a goal of 90% proficient. If a group is below 90% proficient, the target is to close the gap by half within six years. Of the 88 identified targets for the district, 82 of these were met. For the 6 targets that were not met, the district will establish an action plan to address the needs of the student population that fell below the target.

### **PRESENTATION: Program of Studies**

Mr. Smith reviewed changes in the 2014-2015 High School Program of Studies. The revisions were: addition of World History Honors so that freshman have the choice of studying World History at the CP or Honors levels; discontinue the election of Language Arts semester courses for juniors next year, noting that in the 2015-16 school year semester courses will be eliminated entirely; deletion of Latin I & II as course offerings with Latin III & IV being offered as on-line courses next year; and, that Environmental Science can be studied by 9<sup>th</sup> through 12<sup>th</sup> graders. In addition, several Life Skills course descriptions were updated; and, clarification to the Option ii procedures were made to indicate what types of courses will be approved.

Board Members and administration engaged in a discussion on various aspects of the presentations.

### **PUBLIC COMMENT**

Linda Gevers thanked everyone for their service over the past year; thanked Mani for his four years of service and Hemant for his dedication and leadership over the past twelve years. Diane Hasling echoed the sentiment and spoke about her service with Hemant when she was a board member.

The meeting reconvened to public session at 7:42 p.m. in the commons. The following board members were present:

Board Member Juliana was absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; and, Ms. Alicia Boyko, Director of Human Resources.

**CONVENE**

In accordance with the State’s Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro’s and West Windsor’s township clerks and in each of the district schools.

**BOARD PRESIDENT’S COMMENTS**

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier, so the meeting has already been opened.

Dr. Aderhold stated that the HS North Jazz Band performance and presentation would be next before the public hearing. He then introduced Mark Bencivengo.

**HSN Jazz Band Performance and Presentation**

Under the direction of Mark Bencivengo, the High School North Jazz Band performed for the Board of Education and the audience in attendance. The performance consisted of three tunes: Frank Zappa’s “The Grand Wazoo” and two catchy jazz swing songs “Zoot Suit Riot” and “Groove Merchant.” A member of the jazz band commented on the power of music, opportunities for musicians to experience different jazz styles, how playing jazz can perfect ones skills, and how a jazz band can vary in size from a small combo to a large big band. He expressed the Jazz Band’s appreciation for the Board of Education’s support.

The Board thanked Mr. Bencivengo and the band for their performance tonight.

Mr. Fleres then stated that the public hearing on harassment, intimidation and bullying would be next on the agenda and that Mr. Dalton would start the presentation.

Mr. Fleres opened the Special Public Hearing on Harassment, Intimidation, and Bullying at 7:58 p.m. in the commons.

### **SPECIAL PUBLIC HEARING ON HARASSMENT, INTIMIDATION AND BULLYING**

The hearing opened at 7:59 p.m. In accordance with the State's Sunshine Law, adequate notice of this Special Meeting was provided by sending a notice of the time, date, location, and, to the extent known, the agenda of this meeting, to The Princeton Packet, The Times, The Home News Tribune, and West Windsor and Plainsboro Public Libraries. Copies of the notice also have been posted in the Board Office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

Mr. Dalton remarked that this presentation is in compliance with the 2011 Anti-Bullying Bill of Rights Act (ABR) (*N.J.S.A. 18A:17-46*) and as required by the New Jersey State Department of Education (P.L. 2010, c.122). He introduced Lee McDonald, district Director of Guidance and Anti-Bullying Coordinator, who would be presenting the semi-annual 2013-2014 Harassment Intimidation & Bullying (HIB) report.

Mr. McDonald reviewed the definition of HIB and provided a "snapshot" highlighting the district's Anti-Bullying programs, initiatives, and reporting procedures. The 2013-2014 HIB report contained applicable data for the September-December 2013 timeframe, including the number of investigations and confirmed HIB, types of incidents, demographic information on the offenders and victims, location of incidents and data on those who reported such incidents. Various HIB patterns and trends were discussed.

Mr. McDonald spoke about the NJ Department of Education's Anti-Bullying Rubric (ABR) and school grading system; overall, the district is performing well with ABR. He then gave an overview of the district's areas of strengths and implementation of programs; as well as, areas in need of growth. He noted a shift in focus for anti-HIB school climate such as: welcoming a physical environment conducive to learning; social environment promoting communication and interaction; affective environment promoting sense of belonging and self-esteem; and, an academic environment that promotes learning and self-fulfillment. Mr. McDonald also spoke about bus driver training, exploring feedback options for assessing the overall program, and Center for Supportive Schools' Campaign Connect-New Jersey. Campaign Connect-New Jersey is a movement designed to encourage schools to become safer, more supportive, engaging, and inspiring and provide them with the tools and resources to do so. Schools will increase their capacity to more effectively address students' social and emotional needs and accelerate student achievement.

A brief Board discussion ensued. Mr. Fleres thanked Mr. McDonald for the presentation.

### **SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON HARASSMENT, INTIMIDATION, AND BULLYING**

Kathleen Moriarity commented on the presentation noting that HIB by adults was not part of the report; Pete Weale spoke on the report and inquired about the costs for this mandated program; and, Karen Sorenson praised the HIB program and report.

Upon motion by Ms. Feldman Hurwitz, seconded by Ms. Ho, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

1. To accept the “September 1, 2013, to December 31, 2013, District Semi-Annual Report of Harassment, Intimidation, and Bullying” as required by the New Jersey State Department of Education (P.L. 2010, c.122).

At 8:22 p.m. the Special Public Hearing on Harassment, Intimidation and Bullying ended and the business meeting reconvened.

### **SUPERINTENDENT’S COMMENTS**

Dr. Aderhold spoke about the trying winter so far and the use of the emergency closing days noting that the revised school calendar is posted on the web site.

He then highlighted some recent district events: First Parent University Program which had over 100 parents in attendance; full house for an Option ii meeting; sixteen high school students being named U.S. Presidential Scholars; a 2011 graduate of HSS participating in the Pairs Skating in the Olympics; HSN Girls Winter Track Team being tied for Third Place in the states; and, Community, Grover, and South winning the Science Olympiad Regional Championships and will now compete at the state level.

Mr. Fleres stated that the first 2014-2015 budget present will be later tonight as well as a presentation by Dr. Aderhold on the Village School Addition and the recommendations on how the space will be used.

### **Village School Addition Presentation**

Dr. Aderhold presented a plan to the Board of Education for the Village School addition. The expansion project “framework” began about two years ago with the demographic study which indicated increases will occur at the K-8 levels with a small decline at the 9-12 levels creating “uncomfortable” numbers especially for elementary classrooms. Then, Hurricane Irene and Storm Sandy arrived negatively impacting our facilities. Discussions and meetings continued as we explored enrollment and housing options. Considerations included: classroom overcrowding; projected enrollment growth; demand for Community Education programs; growing Special Education programs; possible realignment of services; staffing needs; better utilizing of existing space; Central Office requirements; and, potential impact on the community and tax payers. After careful consideration of the districts’ multiple options, the conclusion was to build onto an existing building. Village was the logical choice since it had the land for the expansion and can have a separate entrance and parking. This estimated \$13 million expansion project, with the use of both capital reserve and community education funding, has no tax implication for district residents.

The addition will be “mixed space usage.” It will include: six general classrooms; two small group instruction classrooms; two multipurpose spaces of 1,500 sq. ft. and 1,000 sq. ft. with a small kitchen; occupational therapy and physical therapy rooms; Community Education Offices; Student Services; Central Registration; Transportation Department; Central Office; Human Resources; and, three conference rooms. This alignment of district services (Special Education, Transportation, Community Education, Registration, Guidance), creates “one stop shopping” for parents and students. The alignment of the Special Services programs within the district will better serve the students and their families. It will also provide for potential consideration to increase our in-district programs.

The Village Expansion Project bid awards are scheduled to be voted on tonight with construction beginning in the spring and the building fully enclosed by November 2014. Final

completion of construction and relocation of classrooms should be accomplished for the summer of 2015.

A brief discussion ensued on possible lost leadership opportunities for third graders who would be relocated and impact on transportation routes.

### **PUBLIC COMMENT**

Pamela Rubbo spoke about the mix of age groups at Millstone River; a parent commented on the building expansion and on availability of future field usage; Jennifer Howard remarked on the positive benefits of the realignment of services; Kathleen Moriarity was optimistic about the special education realignment; and, Pete Weale mentioned changing protocol to include videotaping meetings.

Several questions were embodied in the public comments; Dr. Aderhold addressed the queries at the end of the public comment period.

### **COMMITTEE REPORTS**

#### **Administration & Facilities**

Ms. Kaish stated that the committee met on January 22, 2014. Topics included: discussion of the bids and timeline of the Village School Expansion; review of the proposed capital projects for all ten facilities; expanding the “Eyes on the Door” program to the remaining schools; proposed family IDs for Spring sports as an online system to allow parents to complete sports package paperwork; and, discussed meeting dates.

#### **Curriculum and Instruction**

Mr. Kaye reported that the committee met on January 23, 2014, and covered the following: new statewide assessment system, Partnership for Assessment of Readiness for College and Careers (PARCC) that will replace NJASK and HSPA in the 2014-2015 school year so that there will be no high school graduation requirement assessments for three years impacting current 8<sup>th</sup>, 9<sup>th</sup> and 10<sup>th</sup> graders; reviewed the staff professional development for the district PD day on January 31<sup>st</sup>; discussed a research project for the effectiveness of TCNJ’s teacher preparation program for science education; reviewed the agenda’s professional development consultants, overnight field trips, non-public technology expenditures, and StarTalk consultant; and, discussed future meeting dates.

#### **Finance**

Ms. Krug remarked that the committee met on January 22, 2014, reviewed the agenda items and supported them. Other topics included: meeting dates; reviewed and discussed the data on present and the coming year class sizes at the K-8 schools; and, Edvocate’s December inspection report. Budget progress was discussed noting expenditure increases above two percent are clearly needed in several areas: special education tuition, improvement in instruction, transportation, and capital outlay. The last CAFR showed that the district’s depreciable assets exceed \$240M; even assuming zero inflation and a 40 year replacement cycle, the annual capital spending would be \$6M. It was noted that it has been nearly 20 years since the general fund capital budget has been over \$2M. In the final fourth round of ROD grants the State approved only 12 of 58 requested projects. Also, it was noted the district received notice from the Association of School Business Officials International, that our submission of last year’s budget earned the district the association’s Meritorious Budget Award. The district is only the second NJ district to receive the award.

**2014-2015 Budget Discussion**

Mr. Shanok noted that this is the first budget discussion; additional discussion will occur at each Board of Education meeting until March when our budget is due to the County Office. He noted that this will be the district's second year without a budget vote as long as we adhere to the general fund tax cap rule; Board of Education representatives will be elected in November.

Mr. Shanok spoke about the need to be consistent in our budget approach since the school district operates under strict State rules and regulations. Fundamentally, a budget is a planning tool that works within the statutory timeline. Planning is a multi-year perspective; not a one-year. With multi-year planning, budgets have fewer large shifts while the budget process has to consider contingencies, manage risk, and be fiscally responsible. In the private sector, a company can borrow when they need to; a school district cannot, it must operate within their approved annual budget. Therefore, planning for contingencies is an important element of a budget. Another important element of budgeting is planning for capital projects so that we can maintain our facilities to provide a good learning environment.

He provided a brief review of what is in a school budget: general fund is over 90 percent of our budget; grants make-up another portion; and, debt service which has been declining since our last bond referendum in 2006. In the past few years, the district has been able to pursue the State of New Jersey's Regular Operating District Grants (ROD) which funds 40 percent of approved capital projects; therefore, instead of the district paying 100 cents on the dollar our capital grant projects have been costing 60 cents on the dollar. Mr. Shanok then provided a snapshot of the proposed 2014-2015 capital projects by school including technology items which will be supported by in the budget, capital reserve, and ROD grants.

Mr. Shanok remarked that construction projects keep our \$240 million of physical plant maintained; maintained facilities have a positive impact on student learning. Even assuming

zero inflation and a 40 year replacement cycle, the annual capital spending would be \$6 million. It has been nearly 20 years since the general fund capital budget has been over \$2 million. Increasing the capital budget appreciably has been postponed through adept use of capital reserves and ROD grant dollars from the State of New Jersey. In the fourth round of ROD grants, the district applied for 58 grants and only 12 were approved. Indications are that future capital projects will need to be more of a part of future annual budgets.

It was noted that at the January 7, 2014 reorganization meeting, March 25, 2014 was targeted for the budget public hearing; the State has just put forth a new calendar: for districts with a November election, the public hearing may not occur before April 24, 2014 and must occur no later than May 7, 2014. Therefore, the budget public hearing date will need to be changed.

Currently, Board of Education meeting on February 18<sup>th</sup> will focus on the major budget areas; March 11<sup>th</sup> Board of Education meeting will be a review of the proposed budget; March 20<sup>th</sup> is the deadline for submission of the 2014-2015 budget to the County Office.

A brief board discussion ensued on various topics.

**PERSONNEL**

A Personnel Addendum was added to include: staff percentage changes and resignations under B: Certificated Staff; and, a retirement under Non-Certificated Staff.

Two corrections were made on the addendum for the effective dates for T. Aakhus and M. Geaney.

Mr. Fleres acknowledged the retirement of several employees and thanked them for their service to the district: Mary Gonsiorowski, teacher, 22 years; Debra Resch, computer facilitator, 14.6 years; and, Patricia Kahlenberg, secretary 12.5 years.

Upon motion by Mr. Kaye, seconded by Ms. Feldman Hurwitz, and by roll call vote with all board members present voting yes, the following board actions were unanimously approved:

### **2014-2015 Budget Discussion**

Mr. Shanok commented on the Meritorious Budget Award that was presented to the district early this evening. The award emphasizes the district's commitment to excellence for prudent budgeting and financial structure. The district has a firm foundation with its strategic plan, mission statement, core-values, and multi-year planning to support effective use of its resources for educational excellence. With multi-year planning, budgets have fewer large shifts while still considering contingencies, managing risk, and being fiscally responsible. He noted that the budget numbers are similar to others that we have done in the past to provide consistency for easier budget-to-budget comparison and transparency.

Mr. Shanok led the second budget discussion by briefly remarking on how the 21<sup>st</sup> Century Competencies impact and inspires our current education system. The Danielson framework for professional practice and assessments are ways to measure progress of achieving our mission statement: "whole child/every child." Professional development for our staff relates to these 21<sup>st</sup> Century Competencies. He spoke about assessments as a means to measure the 21<sup>st</sup> Century Competencies. Evidence of success has been seen at recent board meetings with presentations

such as: Grade 5 Chromebook Pilot Project; Dutch Neck's STARLAB; HS North Jazz Band; and, Mr. Smith's discussion of the annual progress targets.

Mr. Shanok spoke about the actual comparative per pupil expenditures, showing a range over the past ten years. In 2002-2003, WW-P was \$336 above the state average and with spending comparable to Hopewell Valley and Princeton. And, \$1,290 below the State average in 2008-2009. In 2011-2012 we were \$2,920 below Hopewell Valley in per pupil spending and \$4,998 below Princeton. We continue to maintain a high level of education excellence at a per pupil cost below the State average and neighboring high performing districts.

Mr. Shanok then spoke about the 2014-2015 allocation of expenses and the nine operating expenditure categories which are: regular instruction, co-curricular and athletics, special education, student support services, professional development, administration, operations and maintenance, student transportation and employee benefits. Administration includes: general administration, school staff, and the organizational structure (business office, technology, human resources, and other essential services). The three largest expenditure categories are: regular instruction; special education; and, employee benefits. Increases centered in areas such as special education tuition, student support services (mainly health services), technology, and professional development. Professional development increase is largely due to unfunded mandates such as the recent teacher evaluations requirements especially with the district's administration/teacher to student ratios being among the highest in Mercer County. Unfunded mandates will continue to create challenging future budgets and problematic multi-year planning.

He noted that the 2014-2015 budget will increase the amount allocated each year in the general fund to capital outlay. The last Comprehensive Annual Financial Report showed that the district's depreciable assets exceed \$240 million. Even assuming zero inflation and a 40 year replacement cycle, the annual capital spending would be \$6 million. It has been 15 years since the general fund capital budget has been over \$2 million. Increasing the capital budget appreciably has been postponed through adept use of capital reserves and ROD grant dollars from the State of New Jersey. With the reduction of grant awards, future funding of capital projects will fall on the district so that it can continue to maintain a good learning environment for the students.

Mr. Shanok then provided a brief review of the allocation of revenue. The four sources of revenues are: fund balance; local tax levy; state-aid; and, miscellaneous. The main source of revenue is from the local tax levy. With no information as of yet about state-aid, we have inserted last year's number. However, state-aid could be a "wild card" for this budget as we wait to receive the information.

Comparisons over the last eight budgets were reviewed focusing on tax relief dollars, budget-to-budget increases, state aid, and total tax levy. The 2014-2015 budget proposed the use of \$5.2 million of excess surplus for tax relief with the assumption that state-aid remains flat. Overall, we anticipate a budget-to-budget increase of 1.32 percent with little change on how we provide programs to students. As with our previous budgets, we continue to be within the state cap rules. With our board election in November, there will not be a public vote on the budget. However, the Board will hold a public hearing on the 2014-2015 budget on April 29<sup>th</sup> with a review of the budget at the March 11<sup>th</sup> board meeting and a submission to the County Office on March 20<sup>th</sup>.

The board members engaged in a discussion on the following topics: fund balance, tax relief and capital reserve from excess surplus, debt service, and state-aid.

The juniors left for Washington Seminar this morning and will get an opportunity to walk on the house floor, visit an embassy, and other tours. Also, the seniors will leave for Disney this week for their senior trip. The annual pickle-ball tournament is a mini-tennis game where students from all grades were invited to come and compete for a prize; it was a success as always. South held a volunteer fair a few weeks ago where students were invited to come and speak to local organizations in order to connect with them and volunteer in the future. In addition, South hosted their annual show "South's Next Top Model" where students and faculty were invited to watch the performance while raising money for charity.

### **SUPERINTENDENT'S COMMENTS**

Dr. Aderhold also welcomed everyone to the meeting and then introduced teachers Danielle Bugge and Craig Wilson who will be giving a special physics presentation along with several high school students this evening.

### **HS SOUTH PHYSICS PRESENTATION: "Picture This" with Danielle Bugge**

Danielle Bugge, Physics and Environmental Science Teacher, Craig Wilson, course co-teacher, and four HS South freshmen presented the results of their videoed project "Picture This" which was funded by the WW-P Education Foundation. A high-speed camera was purchased so that students could capture their relative experiments in slow motion. They filmed experiments were too fast for normal standard recording and not visible to the human eye. The students discussed their learning process which includes investigations ranging from observational to testing to applications of their constructed knowledge. One experiment was the launching of several model rockets which the students kept logs to incorporate their learning into rocket launches and reflect on what worked and what did not. Over the course of the year, the students explored different designs and types of materials to be used in the making of a rocket, launch positions, use of parachutes, equipment recovery, laws of motion, air resistances, principles of impulse and momentum, and much more. They learned from their failures, made revisions, and continued their launch testing. When asked what they learned by the "hands-on" approach to physics, responses included: independent thinking, team work, building on past learning, working in groups, developing a deeper understanding of methods studied, knowledge is retained, and being able to explore real-world applications. The students overall enjoyed the hands-on approach.

The Board engaged the students in a brief discussion and thanked them for coming to the meeting tonight for the presentation.

### **PUBLIC COMMENT**

Students were congratulated for the excellent presentation by several community members. Five parents spoke about the Biology Honors Program's teaching methods, review process, and assessment.

Mr. Fleres remarked that learning new teaching methods can be a challenge even with the strengths of our district administrators and teachers and the commitment of the parents.

Dr. Aderhold thanked all of the parents for being here tonight. On Thursday evening at HS North, the PTSA is holding a “Coffee with the Principal” to provide an opportunity to have a conversation and open dialog on the honor’s program. He indicated that this get-together will be set-up in groups to gather concerns, questions, and feedback. Parent participation is very much welcomed and will be appreciated.

**2014-2015 Budget Discussion**

Mr. Shanok noted that developing a budget is a long process which involves early discussions of the budget with the Finance Committee, with the Board at the Board Retreat, administrator meetings, and BOE meetings. Also, our move to a November election and the state revising their budget calendar made for some adjustments in the district’s budget timetable. We have worked hard to keep expenses under control and, at the same time, to ensure all students have an excellent education. Multi-year planning is essential in the budget process.

This budget discussion will focus on class size, staffing, enrollment, department changes in the proposed budget, year-to-year comparisons, and per-pupil cost comparisons.

Dr. Aderhold commented that the Board of Education recognizes that class size is a contributing factor in providing a quality education and has demonstrated this by building budgets based upon reasonable class sizes. Enrollment projections reflect current residential trends, designated neighborhood paths, and programmatic designations with the school community. By monitoring the shifting enrollment by school, the district maintains stability in numbers and class sizes. He spoke about the class size guidelines that the district tends to hold to and how enrollment can drive the numbers in the classes. Several components come into play with class size considerations including: New Jersey code requirements, physical size of classrooms, grade

levels, safety, and equipment availability such as lab sciences, number of kindergarten students, and special education programs and placements.

Dr. Aderhold did state that based upon current enrollment projections, staffing will remain relatively flat. However, he did note that there is constant monitoring of student numbers and staff and realigning of some teaching assignments will be made as needed.

Mr. Shanok then touched on another enrollment topic regarding township enrollment changes. Enrollment percentages affect the split of the townships' tax levy. The 2008 to 2014 enrollment changes were looked at noting the small variation between years. Several years ago, the district moved away from equalized value to enrollment which has provided for a greater consistency in taxation.

A review of the comparative per pupil spending and how the district compares to other high-performing districts shows that we continue to maintain a high level of education at a per pupil cost below the State average and lower than similarly high-performing districts. For several years now we have been "squeezing" the budget to inhibit the rate of spending growth with small impact on education quality.

Mr. Shanok then spoke about the allocation of expenditures and revenues. He touched on the nine operating expense categories which are: regular instruction, co-curricular and athletics, special education, student support services, professional development, administration, operations and maintenance, student transportation and employee benefits. Noting that the majority of administration is in our schools such as principals' staff and a good portion of the balance is used for organizational needs such as human resources, payroll, etc. Then he proceeded to review the allocation of revenues. He noted that the local tax levy is the main source of revenue; but with the small increase in state aid and available dollars for tax relief, the budget-to-budget increase is 1.34% with a 2.35% tax levy increase. Over the past three years, the average tax levy increase is 1.33% (-1.02% in 2012-13; 0.0% in 2013-14; and, 2.35% in 2014-15).

Mr. Shanok then provided a "snapshot" of the actual per pupil costs for 2011-2012 with a comparison of thirteen other high-performing districts in New Jersey. This snapshot showed that WW-P has the highest student:administrator ratio; and, among the highest student:teacher ratios.

It was reiterated that a school budget acts as a planning tool which considers contingencies, manages risk, and is fiscally responsible. Multi-year planning keeps expenses under control, but external factors that are beyond our control such as weather, insurance increases, or unfunded mandates, do create for a very challenging budget and for problematic multi-year planning.

The preliminary 2014-2015 budget will need to be submitted to the County Office on/or before March 20<sup>th</sup>. The public hearing will be on Tuesday, April 29, 2014, at 7:30 p.m. in the commons at Grover Middle School.

A discussion ensued on various parts of the budget including: state aid dollars; components of state aid; general fund, multi-year planning; state mandates; tax relief; fund balances; total tax levy; 2% general fund cap plus allowances; starting board budget discussions even earlier in the process; and, that hard choices will need to be made in future budgets.

Finance Item No. 1 had a substitution.

Upon motion by Ms. Kaish seconded by Ms. Krug, and by roll call vote with seven Board Members voting yes and Ms. Feldman Hurwitz and Mr. Powell voting no, the following board action was approved:

**Preliminary 2014-2015 Budget**

**CONVENE**

In accordance with the State’s Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro’s and West Windsor’s township clerks and in each of the district schools.

**JOINT MEETING: TOWNSHIP GOVERNING BODIES**

Dr. Aderhold and Board President Fleres welcomed the township leaders for a first-hand look at the proposed 2014-2015 school budget. The Board of Education has worked diligently to construct a budget that maintains educational excellence while being sensitive to the impact on taxpayers. The proposed budget reflects a 1.34 percent budget-to-budget increase with a 2.35% tax levy increase. Dr. Aderhold noted that this budget is within the general fund tax levy cap requirements. There will not be a budget vote with the current proposed budget.

Dr. Aderhold spoke about the school budget being fundamentally a planning tool that works within the statutory timeline. Planning is a multi-year perspective; not a one-year. With multi-year planning, budgets have fewer large shifts per year. The budget process has to consider contingencies, manage risk, be fiscally responsible, and maintain its facilities through capital projects. There is a need to be consistent in our budget approach and he commented that the school district operates under strict State rules and regulations which need to be followed. Consistency year-after-year is important since a school district operates differently than a corporation. In the private sector, a company can borrow when they need to; a school district cannot, it must operate within their approved annual budget. Therefore, reserves are necessary. At the end of the year, when feasible, unspent budget dollars are allowed to flow through the fund balance into tax relief dollars and reserves.

Dr. Aderhold also spoke about the several and varied areas that can challenge a budget for multi-year planning. Some of the “guesswork” included: enrollment projections, current residential trends, reasonable class sizes, staffing, department changes, number of kindergarten students, NJ code requirements, physical size of classrooms, grade levels, safety, equipment availability, and special education programs and placements.

Mr. Shanok noted that the budget numbers are similar to others that we have done in the past to provide consistency for easier budget-to-budget comparison and transparency. He then spoke about the 2014-2015 allocation of expenditures and the nine operating expenditure categories which are: regular instruction, co-curricular and athletics, special education, student support services, professional development, administration, operations and maintenance, student transportation and employee benefits. The allocation of expenditures also incorporated the reduction of state construction grants, expansion of the Eyes on the Door program to all schools, and the district's technology initiative. He then proceeded to review the allocation of revenues. The local tax levy is the main source of revenue, but with the small increase in state aid, available dollars for tax relief, and our on-going "squeezing" of dollars, this budget reflects little change on how we provide programs to our students for this 2014-2015. It was noted that this is the fifth year in a row with a budget-to-budget increase below 2 percent.

Shanok provided a review of the district's budget history, levels of tax relief, and state aid. In the future, the level of tax relief may not be able to be maintained as our resources continue to have more and more demands place on them. The fund balance for tax relief has declined since this fund is not replenished, as we continue to "squeeze" dollars there will be less tax relief for future budgets. Tax relief cannot be maintained and will continue to become smaller and smaller each year. The 2014-2015 budget tax levy increase is 2.35%. Overall, during the past three years, the average tax levy increase was 1.33% (-1.02% in 2012-13; 0.0% in 2013-14; and, 2.35% in 2014-15).

As a reference point, Mr. Shanok reviewed a ten year range of actual comparative per pupil expenditures and how the district compares to other high-performing districts. In 2002-2003, WW-P was \$336 above the state average and with spending comparable to Hopewell Valley and Princeton. And, in 2008-2009 it had moved to \$1,290 below the State average. In 2011-2012 we were \$2,920 below Hopewell Valley in per pupil spending and \$4,998 below Princeton. We continue to maintain a high level of education excellence at a per pupil cost below the State average and neighboring high performing districts. Part of doing that is with WW-P having the highest student:administrator ratio; and, among the highest student:teacher ratios. For several years now, we have been "squeezing" the budget to inhibit the rate of spending growth with small impact on education quality; the per pupil expenditures reflect these efforts.

Mr. Shanok then spoke about the township enrollment changes which affect the split of the townships' tax levy. He reviewed the enrollment changes from 2008 to 2014 noting the small variation between years. Several years ago, the district moved away from equalized value to enrollment which has provided for a greater consistency in taxation.

The proposed budget would increase the Plainsboro tax rate to \$1.653 per \$100 of assessed property value, for an increase of 0.3 cents. For a home assessed at the township average, this would be an increase of \$23. For the owner of a home at the township average of \$386,200, school taxes are estimated to be \$6,384.

In West Windsor, the proposed budget would increase the tax rate to \$1.436 per \$100 of assessed property value, for an increase of 1.7 cents. For a home assessed at the township average, this would be an increase of \$78. For the owner of a home at the township average of \$522,056, school taxes are estimated to be \$7,497.

Overall, when the property tax per \$100 assessed value is looked at over a three-year period, increases in Plainsboro averaged \$1.1 cents and West Windsor averaged \$0.7 cents. Plainsboro: 2012-13 \$1.642; 2013-2014 \$1.650; and, in 2014-15 \$1.653. West Windsor: 2012-13 \$1.429; 2013-14 \$1.419; and, in 2014-15 \$1.436.

Mr. Shanok stated that the public hearing on the 2014-2015 budget will be on Tuesday, April 29, 2014. He noted that this will be the district's second year without a budget vote as long as we adhere to the general fund tax cap rule; School Board Members will be elected in November.

A discussion period followed the presentation with specific questions on the proposed Village School Addition; allocating costs to the Community Education Program; Extended Day Program funds; enrollment; staffing; grade level bands; outsourcing costs of facilities; building-use activities; fund balance; transportation costs; and, equalized values.

Dr. Aderhold and Board President Fleres thanked everyone for coming to this joint meeting of the townships and for their support of the proposed budget.

At 7:29 p.m. the joint meeting ended.

Upon motion of Ms. Ho, seconded by Ms. Juliana, and by unanimous voice vote of all present, the meeting adjourned into closed executive session to discuss matters involving pending litigation, contract negotiations, and personnel.

The meeting reconvened to public session at 8:02 p.m. in the commons.

#### **BOARD PRESIDENT'S COMMENTS**

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier, so the meeting has already been opened. He also commented on the recent story in the US News and World Report about high schools around the country and in particular our state.

#### **SUPERINTENDENT'S COMMENTS**

Dr. Aderhold commented that earlier this evening there was a meeting with Township officials from West Windsor and Plainsboro to review the proposed budget for 2014-2015. A public hearing on the 2014-2015 school budget will take place on Tuesday, April 29, 2014.

During the past two weeks, Dr. Aderhold worked with Michael Zapicchi and Martin Smith on issues relating to Biology and Biology Honors at HS North. He thanked the parents and students for attending the meetings; with their input, a student survey has been created. A review of the data will allow us to evaluate and make recommendations to the program. Communication will continue with parents and students as they work with the teachers and staff to set their plan into action.

#### **PUBLIC COMMENT**

Alex Slater, Boys Scout Troop 66, thanked the board members for their quick action in approving his Eagle Scout project for the beatification of the flagpole area and improvement of the parking lot exit at HS South.

#### **COMMITTEE REPORTS**

##### **Finance**

Ms. Krug remarked that the committee met on March 18, 2014, reviewed the agenda items and supported them. Bids for the High School North fire alarm strobe project were higher than anticipated and the lowest bidder withdrew their bid due to a calculation error. We may rebid the

project even with possible delays or seek a co-op arrangement. The Committee is considering the renewal of a fifth year with Aramark for custodial and maintenance services and have been working with the company to strengthen their services. A draft of the Report of the Secretary for February shows a general fund available balance which was larger a year ago; this is in line with the general financial tightening. As the financials tighten, the opportunities for tax relief and to add to capital reserve will decline. Small changes had to be made to the budget submission due to changes in the Department of Education software. The essential elements are unchanged: a budget-to-budget increase of 1.34%; a tax levy that utilizes banked cap from the 2011-2012 school year and is within the cap rules for the general fund; budget that has total tax relief of \$5.4 million from fund balance; and is a budget that realigns some personnel in line with shifts in enrollment, but otherwise has no significant shifts and reductions in programs. The Committee also discussed the Board's budget review process that has been in place for a number of years. Input for this process will be in June. Other topics discussed included: technology refresh spending; capital projects update; seven of the twelve Round Four ROD projects will be done this year moving the others to 2015; and, reviewed a variety of reports for transportation. As we begin construction at Village School, the Committee reviewed the financing: \$5 million from 2013-2014 capital reserve; \$4 million from 2014-2015 capital reserve; and \$4.25 million from the Community Education fund balance for the total estimated \$13.25 million; this project will be completed without adding to the annual general fund or to the debt service fund budgets. A Food Services Committee is reviewing the three submissions to the district's request for proposals and will make a recommendation to the Superintendent in the coming weeks.

### **Administration & Facilities**

Ms. Kaish stated that the committee met on March 18, 2014. Topics included: updates were provided on the status and progress of the Village Addition, Dutch Neck walking track, and Millstone River pavilion; two proposals for Eagle Scout projects were discussed to provide markers for the cross-country course and to improve the seventh grade courtyard at Grover; reviewed and supported an Ice Hockey Co-op Agreement with Ewing for participation on the HSN team; three requests for placement of international exchange students for the next school year were discussed; and, reviewed the proposed changes to the current structure of the integrated pre-school program from the Special Services Department.

### **Curriculum and Instruction**

Mr. Kaye reported that the committee met on March 18, 2014, and covered the following: discussed the move of the K-1 computer cycle to the upper elementary grades in preparation for the PARCC exams; discussed the enrollment numbers for Hindi in the sixth grade; reviewed the preliminary data from the Title I Read 180 program at Community; discussed and reviewed the HS North Biology Pilot program concerns and processes for evaluating the program; reviewed and supported the professional development travel on the agenda; reviewed and supported a HS student and teacher to attend the 2014 National Association of Student Council Members Conference; acceptance of the STARTALK grant for Hindi and Urdu Summer Immersion Camps; science kit refurbishing services were discussed; and, reviewed and reviewed the overnight field trips.

It was noted that the next committee meetings will take place on April 8, 2014.

An addendum was added for the procurement of goods and services.

It was noted that the budget format had a slight change from last year. Banked cap wording is required. The essential numbers did not change, but the final wording in reference to the banked cap may once the State has provided us with their “approved” finalized wording. Board Members supported the approval of the revised preliminary 2014-15 budget to be submitted to the County Office knowing that the banked cap wording may change in the official minutes.

**BOARD OF EDUCATION MEETING MINUTES**  
**Public Hearing on the Proposed 2014-2015 School Budget**  
**APRIL 29, 2014**

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Board President Fleres at 6:30 p.m. in the faculty dining room of Grover Middle School. Upon motion by Ms. Krug, seconded by Ms. Ho, and by unanimous voice vote of all present, the meeting adjourned immediately into closed executive session to discuss matters involving negotiations, litigation, attorney-client privilege, and personnel. The meeting reconvened to public session at 7:43 p.m. in the commons. The following board members were present:

Ms. Rachelle Feldman Hurwitz	Ms. Rachel Juliana	Ms. Dana Krug
Mr. Anthony Fleres	Ms. Michele Kaish	Mr. Scott Powell
Ms. Louisa Ho	Mr. Richard Kaye	Mr. Yu “Taylor” Zhong

Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; Mr. Russell Schumacher, Special Assistant for Labor Relations; and, Ms. Alicia Boyko, Director of Human Resources.

**CONVENE**

In accordance with the State’s Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro’s and West Windsor’s township clerks and in each of the district schools.

**BOARD PRESIDENT’S COMMENTS**

Mr. Fleres welcomed everyone to the meeting and thanked them for coming. There was a closed session early, so the meeting has already been opened. Tonight is the public hearing on the 2014-2015 proposed budget; he noted that there will be an additional opportunity for public comment after the presentation. Mr. Fleres commented that there is a small window in which to hold the public hearing and the timeframe is dictated by State regulation and not the district.

**SUPERINTENDENT’S COMMENTS**

Dr. Aderhold also welcomed everyone to the meeting. He spoke about the *U.S. News & World Report* that was released last week with its 2014 ranking of high schools in the U.S. The magazine analyzed more than 31,200 high schools in all the states, and the data published included: student demographics and results on state exams, Advanced Placement, and International Baccalaureate tests. These rankings included all schools not just public schools. North ranked 20 in the state, 43 in Science, Technology, Engineering, and Mathematics (STEM), and 360 on the national level. South ranked 14 in the state, 38 in STEM, and 253 on the national level. Out of 31,200 high schools, only 500 earned a gold medal; both of our high schools received them.

Dr. Aderhold noted that this ranking is just one snapshot of a particular group of students at a particular time. But what is more impressive, is the consistency with which WW-P high schools

have ranked high on this system of rankings, along with many other ranking systems, over the years.

He commented that tonight is the Public Hearing on the 2014-2015 Budget. WW-P continues to offer an excellent education program that is challenging and cost effective. It is one of the reasons, if not the main reason, that people move into our communities.

Dr. Aderhold stated that before the budget presentation, we will hear from the high school student representatives.

### **STUDENT REPRESENTATIVE COMMENTS**

Jason Sheffield, High School South, reported that the South's Student Council hosted their annual senior talent show Mr. South with approximately \$2,000 benefiting The March of Dimes; a charity that raises money to save babies who were born with birth defects or who are terminally ill. South's PTSA will be holding their annual flea market on Saturday, June 7<sup>th</sup> with all table sales proceeds supporting the PTSA. In sports, the boy's tennis team won the Mercer County tennis tournament and took home the overall team first place award; boys lacrosse team won against Northern Burlington; a senior brought in an individual title win in the Cherry Valley boys golf tournament and the overall team came in second; girls golf team finished in a close second in counties; and, a freshman won first place in third singles in counties for tennis.

Adam Kercheval, High School North, stated that the HS North Fed Challenge Team won the 2014 Fed Challenge; a prestigious economics competition organized by the Federal Reserve Bank of New York. During this competition, the team gave a presentation to Federal Reserve economists, analyzing the state of the nation's economy, recommending monetary policy for the Federal Reserve, and providing detailed answers to advanced economics questions posed by judges. As the First Place winners, the High School North students will meet and have lunch with William C. Dudley, president of the Federal Reserve Bank of New York and vice-chairman of the Federal Open Market Committee, in addition to other top Federal Reserve officials. North recently founded a competition to educate high students across the country about computer security called High School Capture the Flag; the competition is an intense computer security contest in which competitors use ingenuity and computer science skills to find a series of increasingly hard to find "flags" encrypted, hidden, or otherwise stored somewhere difficult to access. In the recent future problem solving bowl, North students took a large number of awards including first and second place for the senior division of Global Issues Team Problem Solving, second and third place for the senior division of Individual Global Issues Problem Solving, and second place for the senior division of Scenario Writing, among others. In addition, FIRST, a not-for-profit science and technology organization founded by inventor Dean Kamen announced the ten national recipients of Dean's List Awards at the World Championships, including New Jersey's first and only honoree, a North junior; he was selected out of more than 130 world-wide finalists based upon his leadership skills, commitment to FIRST ideals, contributions to his robotics team, and his effectiveness in increasing awareness of FIRST within their schools and communities. HSN's model congress team recently won the Best Large Delegation award at the University of Pennsylvania Model Congress competition, continuing their annual tradition of success! And, Mr. North, HSN's male talent show for seniors, was held last weekend and was a great success with the proceeds going to AIR, a foundation that works to raise awareness and reduce instances of teen suicide.

### **PUBLIC COMMENT ON THE BUDGET**

John Church inquired about the per pupil cost calculations and how there are derived.

Mr. Fleres mentioned that the state website offers this information; the website will be provided to Mr. Church.

### **PUBLIC HEARING ON THE 2014-2015 BUDGET**

Board President Fleres opened the 2014-2015 Public Hearing on the proposed budget at 7:50 p.m. in the commons. He noted that this is essentially the same presentation that was presented on March 25, 2014, to the Township Council and Committee Members.

Mr. Shanok commented that the Board of Education has worked diligently to construct a budget that maintains educational excellence while being sensitive to the impact on taxpayers. The proposed budget reflects a 1.34 percent budget-to-budget increase with a 2.35% tax levy increase. It was noted that this budget is within the general fund tax levy cap requirements. There will not be a budget vote with the current proposed budget.

Mr. Shanok spoke about the school budget being fundamentally a planning tool that must serve the district over several years. The planning process began over a year ago, with internal and external meetings of various stakeholders, committee and board meetings, and well as adhering and operating under strict state rules and regulations. Planning is a multi-year perspective; not a one-year. With multi-year planning, budgets have fewer large shifts. The budget process has to consider contingencies, manage risk, be fiscally responsible, and maintain its facilities through capital projects. There is a need to be consistent in our budget approach.

Our commitment to the district and community's financial wellbeing and excellence in education is demonstrated by the district receiving the Association of School Business Officials International's Certificate of Excellence in Financial Reporting for the sixth straight year; and, for receiving the Meritorious Budget Award from the Association of School Business Officials; to date, only one other New Jersey district has received this award. These awards are conferred only on school districts that have met or exceeded strict guidelines and meet the highest standards of school budgeting and reporting.

He briefly touched on the challenges a multi-year planning budget can encounter. Some of the "guesswork" included: enrollment projections, current residential trends, reasonable class sizes, staffing, department changes, number of kindergarten students, NJ code requirements, physical size of classrooms, grade levels, safety, equipment availability, and special education programs and placements.

Mr. Shanok noted that the budget numbers are similar to others that we have done in the past to provide consistency for easier budget-to-budget comparison and transparency. He then spoke about the 2014-2015 allocation of expenditures and the nine operating expenditure categories which are: regular instruction, co-curricular and athletics, special education, student support services, professional development, administration, operations and maintenance, student transportation and employee benefits. The allocation of expenditures also incorporated the reduction of state construction grants, expansion of the Eyes on the Door program to all schools, and the district's technology initiative. He then proceeded to review the allocation of revenues. The local tax levy is the main source of revenue, but with the small increase in state aid, available dollars for tax relief, and our on-going "squeezing" of dollars, this budget reflects little changed on how we provide programs to our students for 2014-2015. It was noted that this is the sixth year in a row with a budget-to-budget increase below 2 percent.

Shanok provided a review of the district's budget history, levels of tax relief, and state aid. In the future, the level of tax relief may not be able to be maintained as our resources continue to have more and more demands place on them. The fund balance for tax relief has declined since this

fund is challenging to replenish; as we continue to “squeeze” dollars there will be less tax relief for future budgets. Tax relief is unlikely to be maintained and will grow smaller and smaller. The 2014-2015 budget tax levy increase is 2.35%. Overall, during the past two years, the average tax levy increase was 1.33% (-1.02% in 2012-13; 0.0% in 2013-14; and, 2.35% in 2014-15).

As a reference point, Mr. Shanok reviewed a ten year range of actual comparative per pupil expenditures and how the district compares to other high-performing districts. In 2002-2003, WW-P was \$336 above the state average and with spending comparable to Hopewell Valley and Princeton. And, \$1,290 below the State average in 2008-2009. In 2011-2012 we were \$2,920 below Hopewell Valley in per pupil spending and \$4,998 below Princeton. We continue to maintain a high level of education excellence at a per pupil cost below the State average and neighboring high performing districts even with WW-P having the highest student:administrator ratio; and, among the highest student:teacher ratios. For several years now, we have been “squeezing” the budget to inhibit the rate of spending growth with the smallest impact on education quality; the per pupil expenditures reflect these efforts.

Mr. Shanok then noted the township enrollment, which affect the split of the townships’ tax levy. He reviewed the enrollment changes from 2008 to 2014 noting the small variation between years. Several years ago, the district moved away from equalized value to enrollment which has provided for a greater consistency in taxation.

The proposed budget would increase the Plainsboro tax rate to \$1.653 per \$100 of assessed property value, for an increase of 0.3 cents. For a home assessed at the township average, this would be an increase of \$23. For the owner of a home at the township average of \$386,200, school taxes are estimated to be \$6,384.

In West Windsor, the proposed budget would increase the tax rate to \$1.436 per \$100 of assessed property value, for an increase of 1.7 cents. For a home assessed at the township average, this would be an increase of \$78. For the owner of a home at the township average of \$522,056, school taxes are estimated to be \$7,497.

Overall, when the property tax per \$100 assessed value is looked at over a three-year period, increases in Plainsboro were up \$1.1 cents and West Windsor was up \$0.7 cents. Plainsboro: 2012-13 \$1.642; 2013-2014 \$1.650; and, in 2014-15 \$1.653. West Windsor: 2012-13 \$1.429; 2013-14 \$1.419; and, in 2014-15 \$1.436.

### **PUBLIC COMMENT**

Peter Mendonez, WW Council Member, spoke on the budget for both the district and WW and thanked the Board for their prudent approach to the budget. Joanne Laske thanked the Board for inhibiting the budget rate of growth but asked that we keep in mind class sizes and teacher/student ratios as the next budget cycle begins.

Adam Kercheval, High School North, stated that a junior is participating in a project with Drexel University and is a co-author on a paper assessing the epidemiological features of children who were most vulnerable to the adverse neurocognitive effect of iron deficiency and anemia in a large urban New Jersey clinic; the paper will appear in the Drexel University Medical Journal. In addition to the work on this publication, this junior was also involved in a summer research program at Saint Peter’s University Hospital and has traveled to Africa with an autism awareness group to help construct a school for students with special needs. North’s Decathlon Team competed in the national competition and was awarded eleventh place among other states and international champions; and, a senior was awarded the rank of Gold Metal Semifinalist in the 2014 US Physics Team competition. He also noted that student council elections were recently held; and, North’s choir is working with South’s choir to put on a variety of concerts to perform in events such as the

annual A Cappella Festival, NJ state police memorial service in Ocean Grover, and at the Princeton University Chapel.

Hannah Widmayer presented High School South’s report on behalf of Jason Sheffield. She reported that the girls’ varsity track team won the Mercer County Track Tournament; the golf team finished second in the Mercer County; and, the boys’ varsity baseball team won the Mercer County tournament with a win against Hamilton at Trenton Thunder Stadium. HS South’s PTSA held a practice PSAT 2 weeks ago for freshman and sophomores that wanted to get comfortable with the test. Over 150 kids took the test which was proctored by Kaplan and turned out to be very successful.

**PRESENTATION** “If Not Me, Then Who...” Project at Community Middle School

Mr. Gerard Dalton introduced Dr. Shauna Carter, Community Middle School Principal. Dr. Carter noted that “If Not Me, Then Who...” has been a three-year character education project at Community Middle School and is in its first year at Grover Middle School. The middle schools’ Student Assistance Counselor/Anti-Bullying Specialist, Wendy Alley, and CMS’s sixth grade science teacher, Wanda Rinker, introduced “Character Does Matter” as one of the programs of the Travis Manion Foundation that uses informative school presentations to honor the fallen heroes in our armed forces and adopt the motto “If Not Me, Then Who?”. The foundation has challenged young people to make a difference in their local communities and CMS’s eighth graders, Sanjana Satish, Trinity Stewart, and Kriti Verma, explained in their presentation the many ways CMS has made this commitment over the past three years.

Mr. Fleres thanked the students for an impressive presentation and for doing a great job.

Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier, so the meeting has already been opened. He noted that tonight there is a special public hearing and, at the end of the report, there will be an opportunity for the public to comment on the presentation.

**PUBLIC COMMENT**

Peter Mendonez, WW Township, congratulated the Board on a great year and thanked Ms. Ho for her service as liaison to the township.

**SPECIAL PUBLIC HEARING ON HARASSMENT, INTIMIDATION, AND BULLYING**

The hearing opened at 7:46 p.m. In accordance with the State's Sunshine Law, adequate notice of this Special Meeting was provided by sending a notice of the time, date, location, and, to the extent known, the agenda of this meeting, to *The Princeton Packet*, *The Times*, *The Home News Tribune*, and West Windsor and Plainsboro Public Libraries. Copies of the notice also have been posted in the Board Office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

Mr. McDonald, district Director of Guidance and Anti-Bullying Coordinator, remarked that this presentation is in compliance with the 2011 Anti-Bullying Bill of Rights Act (ABR) (*N.J.S.A. 18A:17-46*) and as required by the New Jersey State Department of Education (P.L. 2010, c.122). He briefly

revisited the definition of Harassment Intimidation & Bullying (HIB) and their categories noting that we are currently in year three of the HIB Bill of Rights timeline.

Mr. McDonald highlighted the district's Anti-Bullying programs, initiatives, and reporting procedures. The 2013-2014 HIB report contained applicable data for the January-June 2014 timeframe, including the number of investigations and confirmed HIB, types of incidents, demographic information on the offenders and victims, location of incidents and data on those who reported such incidents. Various HIB patterns and trends were discussed. Additionally, Mr. McDonald spoke about the Department of Education's Anti-Bullying Rubric and school grading system which has been in effect for 1½ years now; year 2 applies to July 2013-June 2014 timeframe. He gave an overview of the school self-assessments which were completed by the school safety teams. This includes average school scores in each core element, overall average grade level scores and an average district score. He also emphasized areas of strength and areas in need of growth.

Overall, from a year ago, confirmed HIB incidents have been reduced approximately by half; middle school is where most of the incidents occur as students begin to become young adults; between Jan-June 2014, 70% of the incidents were in unsupervised locations such hallways, playgrounds, etc.; the Rubric's self-grading system indicated that we are average or just above average in most schools which is good; HIB bus driver training reduced incidents; and, HIB policy training will be expanded to contracted bus service.

Additionally, he spoke about the Campaign Connect-New Jersey movement, ran by the Center for Supportive Schools, which is a certification and recognition system for schools designed to encourage schools to become safer, more supportive, engaging, and inspiring and provide them with the tools and resources to do so. Schools increase their capacity to more effectively address students' social and emotional needs and accelerate student achievement. The program focuses on middle and high school students. Mr. McDonald commented on the collection and analyzing of school data and stakeholder team questions to look for trends in school culture and climate.

The Board engaged in a brief discussion with questions pertaining to: recidivism data; handling of repeat offenders; investigation process; peer leaders; and, some data questions.

Mr. Fleres, on behalf of the Board Members, thanked Mr. McDonald for his presentation.

Mr. Dalton mentioned that the NJ Department of Education is reviewing the definition of HIB with the possibility of changes to the current definition in the future. He noted that an investigation may determine a situation as a non-HIB case, but that does not mean there was no student discipline involved.

### **SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON HARASSMENT, INTIMIDATION AND BULLYING**

**APPROVAL OF MINUTES**

A date correction was made on the May minutes.

Upon motion by Ms. Feldman Hurwitz, seconded by Mr. Kaye, and by unanimous voice vote of all present, the following Board of Education minutes were approved: May 20, 2014 Closed Executive Session; May 20, 2014 Meeting; May 23, 2014 Special Meeting; June 10, 2014 Closed Executive Session; and, June 10, 2014 Meeting.

**ETHICS TRAINING PRESENTATION**

Mr. Schumacher commented that the Board of Education is required to annually review and discuss the School Ethics Act at a public board meeting. Mr. Schumacher then reviewed the following: Inconsistent Interests Prohibited: *N.J.S.A. 18A:12-2*; NJ School Board Member Code of Ethics: *N.J.S.A. 18A:12-24.1 and 18A:12-23*; School Ethics Act Prohibited Acts: *N.J.S.A. 18A:12-24*; Accountability Regulations: *N.J.A.C. 6A:23-1.2 and 6A:23-6.2*; and, the Board Nepotism Policy (Bylaw 0142.1). He stated that these statutory administrative code and policy provisions all need to be construed together, which can be complicated and challenging. Sometimes the best action before acting is to: pause, think and reflect. Being able to recognize “potential” issues is essential.

Mr. Schumacher noted that there are a number of opportunities for Board Members to take other required training at various stages of their tenure; Board members must certify annually that they have participated in mandatory training.
