Board Members Fleres and Zhong were absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; and, Ms. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State’s Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro’s and West Windsor’s township clerks and in each of the district schools.

BOARD VICE PRESIDENT’S COMMENTS

Ms. Kaish welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier, so the meeting has already been opened.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold provided an update on the changes and appointments in the district as we approach the start of the school year. Construction of the new Village School addition has been progressing in a timely and efficient manner. Classrooms are nearly finished and we are close to receiving our Temporary Certificate of Occupancy.

Vice President Kaish commented that tonight there will be a special public hearing on refunding of school bonds to take advantage of refinancing a portion of the district’s debt. She noted that there would be an opportunity after the presentation for public comments.

Mr. Zhong arrived at 8:13 PM.

Board Vice President Kaish opened the public hearing at 8:13 PM.

REFUNDING BOND ORDINANCE OF THE BOARD OF EDUCATION OF THE WEST WINDSOR-PLAINSBORO REGIONAL SCHOOL DISTRICT, NEW JERSEY, PROVIDING FOR THE REFUNDING OF ALL OR A PORTION OF THE OUTSTANDING CALLABLE REFUNDING SCHOOL BONDS OF THE SCHOOL DISTRICT, DATED DECEMBER 28, 2005, ISSUED IN THE ORIGINAL PRINCIPAL AMOUNT OF \$10,000,000, AND/OR ALL OR A PORTION OF THE OUTSTANDING CALLABLE REFUNDING SCHOOL BONDS OF THE SCHOOL DISTRICT, DATED FEBRUARY 15, 2006, ISSUED IN THE ORIGINAL PRINCIPAL AMOUNT OF \$10,000,000, AND/OR ALL OR A PORTION OF THE OUTSTANDING CALLABLE SCHOOL BONDS OF THE SCHOOL DISTRICT, DATED MARCH 1, 2007, ISSUED IN THE ORIGINAL PRINCIPAL AMOUNT OF \$17,507,000, AND/OR ALL OR A PORTION OF THE OUTSTANDING CALLABLE SCHOOL BONDS OF THE SCHOOL DISTRICT, DATED MARCH 17, 2008, ISSUED IN THE ORIGINAL PRINCIPAL AMOUNT OF \$9,995,000, APPROPRIATING NOT TO EXCEED \$32,000,000 THEREFOR AND AUTHORIZING THE ISSUANCE OF NOT TO EXCEED \$32,000,000 REFUNDING BONDS TO PROVIDE FOR SUCH REFUNDING.

Mr. Shanok presented an overview of the district's history of refunding. Bond refundings have occurred in 2002, 2005, 2006, 2007, and 2012. With the first four the district saw less than a 4% savings; however, in 2012 the district experienced the "perfect storm" with 10% or \$2.8M in savings.

Mr. Shanok provided a brief background on bond refunding noting that formerly it was voluntary for a district, but was recommended if the rate went above 3%. Several years ago the Accountability Regulations Act was enacted; the law now states that if you can achieve a three percent savings on refunding then a district must proceed with a refunding. He also noted that the refunding is a process with advice and assistance from the district's bond attorney and financial advisor. If the decision tonight is to proceed with the refunding, then the district will enter into the bond market during the summer with bonds issued after August 1, 2015.

Currently, the proposed refunding amount is up to \$32,000,000 with estimated cost of issuance, depending on the bond market, not to exceed \$275,000. Projected savings of \$1M on these four series (2005, 2006, 2007, 2008) would start June 2016 and end June 2028.

A brief discussion ensued about the refunding.

OPPORTUNITY FOR PUBLIC COMMENT ON THE REFUNDING

There were no public comments forthcoming at this time.

At 8:24 PM the public hearing on the Refunding Bond Ordinance ended.

The Board authorizes the Assistant Superintendent for Finance/Board Secretary to act and determine on behalf of the Board whether the Bonds will be designated as "bank qualified" within the meaning of Section 265 of the Code.

Section 11. - (14) Appointment of a successor or additional trustee or the change of name of a trustee, if material.

For the purposes of the event identified in subparagraph (12) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

(c) Notice of failure of the Board of Education to provide required annual financial information on or before the date specified in this resolution shall be sent in a timely manner to EMMA.

(d) If all or any part of the Rule ceases to be in effect for any reason, then the information required to be provided under this resolution, insofar as the provision of the Rule no longer in effect required the provision of such information, shall no longer be required to be provided.

(e) The Assistant Superintendent for Finance/Board Secretary shall determine, in consultation with Bond Counsel, the application of the Rule or the exemption from the Rule for each issue of obligations of the Board of Education prior to their offering. Such officer is hereby authorized to enter into additional written contracts or undertakings to implement the Rule and is further authorized to amend such contracts or undertakings or the undertakings set forth in this resolution, provided such amendment is, in the opinion of nationally recognized bond counsel, in compliance with the Rule.

(f) In the event that the Board of Education fails to comply with the Rule requirements or the written contracts or undertakings specified in this resolution, the Board of Education shall not be liable for monetary damages, remedy being hereby specifically limited to specific performance of the Rule requirements or the written contracts or undertakings therefor.

Section 12. The Board hereby approves the preparation and the distribution of the Preliminary Official Statement in the form to be approved by the Assistant Superintendent for Finance/Board Secretary. Such Official Statement may be distributed in preliminary form and deemed final for purposes of Rule 15c2-12 of the Securities and Exchange Commission on behalf of the Board by the Assistant Superintendent for Finance/Board Secretary. The Preliminary Official Statement shall be prepared in final form in connection with the issuance of the Bonds, and the Assistant Superintendent for Finance/Board Secretary is authorized to execute any certificates necessary in connection with the distribution of the Official Statement. Final Official Statements shall be delivered to the Underwriter within the earliest of seven business days following the sale of the Bonds or to accompany the Underwriter's confirmations that request payment for the Bonds. Bond Counsel and/or the Board's Financial Advisor are further authorized to arrange on behalf of the Board of Education for a rating for the Bonds from Standard & Poor's and/or Moody's Investors Service, and all such actions taken to date are hereby ratified.

Section 13. The Assistant Superintendent for Finance/Board Secretary, with the advice of the Bond Counsel and the Financial Advisor, is authorized to arrange for bond insurance if advantageous based on the advice of the Financial Advisor to be provided at a premium not to exceed 75 basis points of the amount of principal and interest payable in order to obtain the best possible rates and the most cost effective financing and is authorized to take all steps on behalf of the Board necessary to do so.

Section 14. The Assistant Superintendent for Finance/Board Secretary, with the advice of Bond Counsel, shall arrange for paying agent services or redemption agent services with a banking institution if any portion of the Bonds are term bonds requiring a sinking fund.

Section 15. The Assistant Superintendent for Finance/Board Secretary is also authorized and directed to pay the costs of issuance in connection with the sale of the Bonds pursuant to a certificate of the Assistant Superintendent for Finance/Board Secretary to be executed upon delivery of the Bonds in an aggregate amount not to exceed the amount outlined in the Bond Ordinance.

Section 16. The Assistant Superintendent for Finance/Board Secretary shall take all steps necessary to call the Refunded Bonds on the Redemption Date, at par, plus any unpaid accrued interest thereon and to take all steps necessary for the investment of the proceeds of the Refunded Bonds necessary to arrange for such redemption. Bond Counsel and/or the Financial Advisor on behalf of the Board of Education are authorized to reserve and purchase open market treasury securities and/or United State Treasury—State and Local Government Series (SLGs) for deposit with the escrow agent if required. All of the principal amount and interest earnings on the open market treasury securities and/or SLGs, as well as cash, if necessary, will be used to pay the interest due on the Refunded Bonds through the Redemption Date and pay the Redemption Price on the Refunded Bonds on the Redemption Date. The Board hereby authorizes TD Bank, N.A. to serve as escrow agent and authorizes the Assistant Superintendent for Finance/Board Secretary and/or Board President to enter into an Escrow Deposit Agreement with such escrow agent in order to provide instructions regarding the deposit of the open market treasury securities and/or SLGs and cash, if any.

Section 17. The Board hereby authorizes Causey Demgen & Moore P.C. to serve as verification agent to confirm the accuracy of the arithmetical and mathematical computations supporting (i) the accuracy of the interest cost savings and the sufficiency of the amount in the escrow account to pay the interest due on the Refunded Bonds through the Redemption Date and pay the Redemption Prices on the Redemption Date; and (ii) the calculations of yield supporting the conclusion of Bond Counsel that the Bonds are not “arbitrage bonds” as such meaning is set forth in the Code.

Section 18. The Board President, Superintendent, Assistant Superintendent for Finance/Board Secretary and other appropriate representatives of the Board are hereby authorized to take all steps necessary to provide for the issuance of the Bonds and the redemption of the Refunded Bonds, including preparing and executing such agreements and documents on behalf of the Board and taking all steps necessary or desirable to implement the requirements of this resolution, such agreements, and documents as may be necessary and appropriate and the transactions contemplated thereby.

Section 19. This resolution shall take effect immediately.

2622 STUDENT ASSESSMENT

The Commissioner of Education shall implement a system and related schedule of Statewide assessments to evaluate student achievement of the Core Curriculum Content Standards in accordance with the provisions of N.J.A.C. 6A:8-4.1 et seq. The Board of Education is required to administer the applicable Statewide assessments according to the schedule prescribed by the Commissioner.

State assessments provide parents with important information about their child's progress; detailed diagnostic information about each individual student's performance that educators, parents, and students can utilize to enhance foundational knowledge and student achievement; and include item analysis which will clarify a student's level of knowledge and understanding of a particular subject or area of a subject. The data derived from State assessments will be utilized by teachers and administrators to pinpoint areas of difficulty and customize instruction accordingly. Such data can be accessed and utilized as a student progresses to successive school levels.

The New Jersey Department of Education, pursuant to State law and regulations, requires all students to take State assessments as scheduled. There is no provision for a student to opt-out of Statewide assessments. If a student is absent on a testing date, the student will be expected to take the missed test on another school day. Parents and students will be informed of all scheduled testing dates, including make-up testing dates for students who missed the initial testing date.

Statewide Assessment System

The Superintendent of Schools shall develop and annually present to the Board for its approval an assessment program that complies with the rules of the State Board of Education.

Test Administration Procedures and Security Measures

All Statewide assessments shall be administered in accordance with the Department of Education's required test administration procedures and security measures. Any breach of such procedures or measures shall be immediately reported to the Superintendent or designee.

Documentation of Student Achievement

The Department of Education shall provide the Superintendent with documentation of student achievement after administration of each test in accordance with the provisions of N.J.A.C. 6A:8-4.2. The Board shall maintain an accurate record of each student's performance on Statewide assessments in accordance with N.J.A.C. 6A:8-4.2. Information regarding individual student test scores shall only be released in accordance with Federal and State law.

BOARD OF EDUCATION MEETING MINUTES
September 8, 2015

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Board President Fleres at 6:38 p.m. in the faculty dining room of Grover Middle School. Upon motion by Ms. Krug, seconded by Ms. Ho, and by unanimous voice vote of all present, the meeting adjourned immediately into closed executive session to discuss matters involving negotiations, litigation, attorney-client privilege, and personnel. The meeting reconvened to public session at 7:31 p.m. in the commons. The following board members were present:

Mr. Anthony Fleres	Ms. Rachel Juliana	Mr. Scott Powell
Mr. Isaac Cheng	Ms. Michele Kaish	Mr. Yingchao “YZ” Zhang
Ms. Louisa Ho	Ms. Dana Krug	Mr. Yu “Taylor” Zhong

Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; Mr. Russell Schumacher, Special Assistant for Labor Relations; and, Ms. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State’s Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro’s and West Windsor’s township clerks and in each of the district schools.

BOARD PRESIDENT’S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier, so the meeting has already been opened.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold remarked that the opening of school last week went very well. With approximately 9,700 students, we had few problems with busing or with the switch from Infinite Campus to the new student information system, Genesis, to access bus information, teacher assignments, and student schedules. Overall, the opening of the new school year went smoothly.

PRESENTATION: GIFTED AND TALENTED PROGRAM

Mr. Smith presented an overview of the Program Review process and presented the external reviewers. The complete evening’s presentation was done in two parts: external report and the internal program review report.

A synopsis’ of the external report from Ball State University was presented. The external report covered the Gifted and Talented program design, curriculum and instruction, affective needs, professional development, and program effectiveness. This report included several suggested

recommendations which were well aligned with the internal team's report. It was noted that the external consultants praised the district's emphasis on the competencies and noted the "stellar students" at every level, but noted the negative aspects of the accompanying stresses.

The Board questioned the presenters about various areas of the external report.

Mr. Smith introduced Ms. Patricia Buell, Maurice Hawk Elementary School Principal, co-chair of the Internal Committee. Ms. Buell's presentation provided an overview of the Internal Team's report. The team was comprised of members representing a range of experiences and expertise within the district. The focus was on program improvements, to identify the strengths, capitalizing on the identified strengths, and to create an action plan to improve the program. A summary of the recommendations included: strong alignment between external team recommendations and internal team recommendations; begin studying clustering models and develop an action plan for future steps regarding clustering; expand upon current program offerings and opportunities during the school day; develop a plan for articulation between and among GT specialists, administrators, classroom teachers, guidance and the Child Study Team; redesign the math program in grades 4 and 5; continue Professional Development for teachers on how to meet the needs of diverse students; and, to continue to strive for a balance of academic excellence and rigor while meeting students' social emotional needs.

Again, the Board questioned the presenter on several areas of the internal report.

Dr. Aderhold noted that this is the first of many discussions and review of recommendations that will take place over the next several years. The Internal Team will continue to meet as they work to develop the action plan for the implementation of the recommendations for program improvement for all students.

Mr. Fleres, on behalf of the Board, thanked everyone for the presentations.

PUBLIC COMMENT

About twenty parents and students spoke positively about the existing 4th and 5th grade Accelerated and Enriched (A&E) Math Program. Other speakers commented on the internal/exterior program review presentations, PARCC and student input to decisions.

After the speakers, the Board President reminded the audience that this is the start of the G&T discussion; he urged them to continue to pay attention as the process unfurls.

The Superintendent reminded the audience that this is the first time the Board of Education has heard the report; the long established process of deliberation and review centering on the Board of Education Curriculum & Instruction Committee will now proceed before a decision is made. A lot of dialogue lies ahead.

BOARD OF EDUCATION MEETING MINUTES
October 6, 2015

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Board President Fleres at 7:32 p.m. in the commons at Grover Middle School. The following board members were present:

Mr. Anthony Fleres	Ms. Rachel Juliana	Ms. Dana Krug
Ms. Louisa Ho	Ms. Michele Kaish	Mr. Scott Powell

Board Members Cheng, Zhang and Zhong were absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; and, Ms. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming tonight.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold noted that we are just a month into the new school year and we have been in high gear. He spoke about observing some terrific teaching and learning, a variety of school events, exciting music, and athletic events.

Board Member Zhang arrived at 7:35 p.m.

STUDENT REPRESENTATIVE COMMENTS

Will Shriver, High School North, commented that this past week the Student Council hosted their annual Club Fair with forty clubs participating and handing out information; at least 250 students attended the fair. Overall, it was very successful. In addition, the Student Council held their meet the advisor night; this is an event put on by the class presidents and advisors for the parents of the student council members to have a better understanding of the commitment involved and to encourage overall communication with especially with the advisors. The annual homecoming theme is "Clash of the Empires" with each class representing a different ancient empire. The week before homecoming will be spirit days; the homecoming football game will be on October 16th with the homecoming dance the following night. He noted that this is a great time for school spirit and is definitely one of the most exciting and fun times of the year.

Haley Rich, High School South, reported that on September 18th a pep rally was held for each grade separately. The entire class then splits into groups of 20 to do a class bonding exercise. These pep

rallies are new to the curriculum and will probably occur once or twice every marking period to promote class spirit and bonding. The Class Council discussed homecoming decoration plans; class t-shirt design; and, upcoming events. The Student Council made an announcement about homecoming week spirit days and the opening of the Student Council store. The cheerleading team and student council members recently tied teal bows on trees all around town to raise awareness of ovarian cancer. There was a “Teal-Out Game” fundraiser on September 25th selling t-shirts and bandanas raising over \$1,500; and, the “Pink-Out Game” fundraiser was held on October 2nd for breast cancer. In sports, South’s varsity boys soccer team has been playing extremely well. And, she noted that the month is the Month of Respect at South with students handing out slips of paper at lunch with quotes about respect, friendship, perseverance, and other qualities.

PUBLIC COMMENT

A number of adults and several children spoke in support of the current format of 4th grade A&E math. Several speakers spoke unfavorably about the move of chamber orchestra to an after school status. Individual speakers touched on a number of other topics, including: statistical significance of the G&T program review; encouraging creative thinking; implementation of the competencies; security; social/emotional wellbeing; and, timing of school lunches.

Board Member Zhong arrived at 8:09 p.m.

Mr. Fleres noted again that at this time no one knows what the restructure of the math program will be resulting from the program review effort. He encouraged all stake holders to allow the process to proceed until the review has been completed.

Dr. Aderhold made several points to clarify concerns: no one in the district or on the Board of Education is against a strong math program; standardizing curriculum at the elementary level moved some buildings to eight periods from nine which allows for 20 minutes a day more math but something else does get squeezed; both band and choir are now offered during the school day and chamber orchestra has moved to after school; and, the district has placed a great deal of effort into security and is spending upwards of half a million dollars more each year than it used to spend with drills being performed each month with the local police being invited to participate and all drills are regularly reported to the State of New Jersey.

As the Board President commented, there has been no decision on A&E math. As it has been performed for every other subject for program review, the process is progressing through the district cycle on the subject and Board of Education committee meetings.

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Board President Fleres at 6:34 p.m. in the faculty dining room of Grover Middle School. Upon motion by Mr. Powell, seconded by Ms. Ho, and by unanimous voice vote of all present, the meeting adjourned immediately into closed executive session to discuss matters involving negotiations and personnel. The meeting reconvened to public session at 7:36 p.m. in the commons. The following board members were present:

Mr. Anthony Fleres	Ms. Rachel Juliana	Ms. Dana Krug
Mr. Isaac Cheng	Ms. Michele Kaish	Mr. Scott Powell
Ms. Louisa Ho		

Board Members Zhang and Zhong were absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; and, Ms. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier, so the meeting has already been opened. He noted that tonight's presentation will be on the 2014-2015 report on violence and vandalism and harassment, intimidation and bullying as required by statutes. After the presentation, there will be a special opportunity for public comment on this report; there are two other opportunities for public comments during the meeting.

Mr. Fleres remarked that at the November 3, 2015, board meeting there will be a presentation and discussion on the A&E process and math restructuring. To provide all parties with a chance to think, adjust and digest the information being presented, another discussion will take place on this same topic at the November 17, 2015, board meeting. The first opportunity to vote on this issue, if the Board of Education wants to vote, will be at the December 15, 2015, board meeting.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold also welcomed everyone to the meeting and commented on the passing of Richard 'Dick' Willever. Mr. Willever was the district's superintendent from 1975 to 1991 during a time of rapid growth and development. Upon his retirement, the new Millstone River School and Community Middle School were named the "Richard H. Willever Campus" to recognize his many achievements in the district. Condolences were expressed to Mr. Willever's family.

Dr. Aderhold also took an opportunity to speak about his recent letter to the community and staff which expressed his thoughts on the vision he has for WW-P. He thanked the vast number of community members who responded. Communication and on-going dialog are essential for reformation. We've all heard the famous quote, "Change is inevitable. Change is constant." This saying applies to everything in our lives, from the smallest detail to the most important events. By challenging our practices and committing to educating the "Whole Child," we need to focus and develop the social, emotional, and academic development of each and every student. Change is not easy; but, sometimes necessary. He invited all community members to be part of this conversation.

Board Member Zhong arrived at 7:58 p.m.

SPECIAL PUBLIC HEARING ON THE 2014-2015 ANNUAL DISTRICT REPORT OF VIOLENCE AND VANDALISM AND HARASSMENT, INTIMIDATION AND BULLYING

The hearing opened at 7:58 p.m. In accordance with the State's Sunshine law, adequate notice of this Special Meeting was provided by sending a notice of the time, date, location, and, to the extent known, the agenda of this meeting, to *The Princeton Packet*, *The Times*, *The Home News Tribune*, and West Windsor and Plainsboro Public Libraries. Copies of the notice also have been posted in the Board Office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

Mr. Dalton commented that during the month of October, the district is required to present the Annual District Report of Violence and Vandalism to the Board of Education in accordance with state statutes. He noted that in 2011, the "Anti-Bullying Bill of Rights" was signed into law with revisions and guideline changes on-going. Basically, the law amends the definition of harassment, intimidation, and bullying (HIB); clarifies responsibility for conduct away from school grounds; creates school safety teams; requires anti-bullying specialist and coordinator in every school district; and, new procedures for investigation, reporting, discipline, and appeals. He remarked that the state defines, sets specific criteria, and scenarios for reporting incidents in the categories of violence, vandalism, weapons, and substance abuse; only incidents that meet the criteria are reported; not every incident is reported nor is every incident considered in the same category depending on factors such as circumstance and grade level. He did note that the definitions for HIB vary from items reported into the EVVRS system, therefore comparisons are not directly correlated.

He spoke about the types of activities that took place at the elementary, middle, and high schools during the designated "Week of Respect" which takes place the first week in October. At all grade levels, activities centered on providing age appropriate instruction focusing on preventing Harassment, Intimidation or Bullying (HIB) and to engage students to think about their actions.

As presented last year, the State's definition of HIB is: "Any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L. 2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students."

He reviewed a three-year trend of investigations and confirmed HIB; several incidents may have involved a multiple number of students. Then he reviewed other statistics including: patterns and trends; count of incidents by reporting category and school totals; cost of vandalism; victim information; and actions taken along with victim and offender information. Additionally, he spoke on other in-district activities later in October to recognize “Violence and Vandalism Awareness Week” as well as recommendations to continue proactive programs for student development and current administrative focus.

Overall, the district was fairly consistent with last year’s data. He noted an increase in HIB incidents involving unsupervised cellphone usage during non-school hours. The district will continue to provide proactive programs for awareness and educational training. Mr. Dalton noted the positive and supportive relationship the district has with both townships’ police department.

The Board engaged in a brief discussion about how the data is collected and processed through the State systems.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON THE 2014-2015 ANNUAL DISTRICT REPORT OF VIOLENCE AND VANDALISM AND HARASSMENT, INTIMIDATION, AND BULLYING

Four community members spoke; two about comparing our statistics to other districts, one asked about discerning trends during the past several years, and the last on cellphone guidelines and responsibilities.

Upon motion by Mr. Powell, seconded by Ms. Juliana, and by roll call vote with all members present voting yes, the following board action was approved by all board members present.

1. To accept the “2014-2015 Annual District Report of Violence and Vandalism and Harassment, Intimidation, and Bullying” as required by the New Jersey State Department of Education (N.J.S.A. 18A:17-46 and N.J.A.C. 6A:16-5.3(f)).

The Special Public Hearing on the 2014-2015 Annual District Report of Violence and Vandalism and Harassment, Intimidation, and Bullying adjourned at 8:15 p.m.

The regular board meeting reconvened immediately.

PUBLIC COMMENT

Twenty-two speakers spoke. Many speakers spoke about the Superintendent’s Letter to the Community and shared their own experiences and stories. Topics included: “elimination” of 4th & 5th grade A&E program; homework survey; selective use of data; “Take Back Childhood” drive; appreciation for an opportunity to correspond and have a conversation on student stress levels; conflict with “whole child” and academics; lowering our standards for college when other districts will not; academic stress; academic bullying; “Outreach” by African American Support Group; too much stress on testing producing panic attacks; student stress drivers and the need to support them; transparency; more dialogue and documentation; killing our traditions; implementing life balance coaches; treat A&E as an enrichment class; need to find a balance; focus on “whole child every child” and take to heart; support to expend the 4th and 5th grade A&E program; stress affects everyone including parents and the family; look at G&T not just math; competition can cause stress but it is only a small part; A&E is not racially motivated; student stress needs to be handled differently; sports and academic burnout are similar; and, recording of the meetings.

Dr. Aderhold again thanked the parents, students, staff, and community members for coming out tonight to express their thoughts and concerns. Many of these topics have been discussed previously and some for several years now. As we continue these discussions, he requested that all participants be thoughtful in their language choices and phrasing.

He then mentioned that in 2009, the math curriculum and course sequence was revised. These changes allowed for more students to have opportunities to take a greater number of advanced classes.

Mr. Fleres stated that stress comes from all areas of life; not just from peers, work, and parents.

COMMITTEE REPORTS

All committees met on October 13, 2015.

Administration & Facilities

Ms. Kaish stated that the meeting was a policy and regulation work session focusing on the recent alerts from Strauss Esmay. A first reading on the following will take place this evening: Policy 5615 – Suspected Gang Activity; Policy & Regulation 2260 – Affirmative Action Program for School and Classroom Practices; Policy & Regulation 2361 – Acceptable use of Computer Network/Computers and Resources; and, Policy & Regulations 2560 Live Animals in Schools. Policy 5756 – Foreign Exchange Pupils and Policy 5615 – Suspected Gang Activity was held pending board attorney review and feedback. On tonight’s agenda for a second reading Policy 3322 will be substituted out due to a typographic correction and grammar change.

Curriculum and Instruction

Ms. Krug reported that the committee covered the following: revised the curricula for Grade 4 Social Studies for better teaching focus; reviewed the winter 2015-2016 Community Education Adult and Youth Programs; approved the revision and submission of the amount for the Fiscal year 2016 No Child Left Behind Act Consolidated formula sub-grant; supported the professional development travel opportunities; and, discussed the first draft of the re-designing of the A&E Math program. The goal of the new identification procedures would be to increase access so that more students would have accessibility to the program starting in 6th grade. The committee discussed a communication plan for moving forward, but no final decisions were reached.

Finance

Ms. Ho remarked that the committee reviewed the agenda items and supported them. Other topics included: an update on the 2014-2015 audit with the auditor indicating good progress and no material issues have arisen; discussed the State confirming an audit due date of December 7th but key data to complete the audit has not been released by the State as of yet; tentative audit plan of action is being explored; and, an overview discussion about the 2016-2017 budget with focus on transportation, complying with DOE rules, and personnel related costs. The cost of regular education routes was up by 7.5%; special education routes are up by nearly 10%. Shortages of qualified bus drivers appear to more than counterbalance the favorable impact of lower petroleum prices. Also reviewed were the recent meetings at the County Office with two nonpublic school principals. The Executive County Superintendent encouraged even greater communication among the schools in the future while noting that WWPRSD had complied with the transportation rules required by the Department of Education.

ADMINISTRATION

Administration No. 2 does not need to be voted on as those policies and regulations are having a first reading with board discussion.

PRESENTATION: Art Education in the Classroom and Beyond: Hawk Elementary School

Hawk Elementary School teacher, Tina Carr, shared her personal perspective about art and how an individual can have so many different viewpoints than others. Art education at an early age can be appreciated now and throughout their life. A short video of Hawk students on a field trip to The Philadelphia Museum of Art was shown. Two students, Ava Hamilton and Arjan Kaur, spoke about their experiences with art in the classroom. They expressed the positive impact of seeing art rather than just learning and talking about it. The classroom preparation and discussions prepared them to be able to appreciate what they were observing. The students spoke about how their understanding of what they were viewing allowed them to see the story behind the art, composition of the subject matter, art as a colorful way of sharing stories, how it can allow someone to be creative, and how art can be shared with friends.

Several board members made comments about the enjoyable presentation and value of art education for students. Board President Fleres thanked Ms. Carr and the students.

Board Member Zhong arrived at 7:57 p.m.

PRESENTATION: A&E Math Program

Mr. Smith started the presentation of the “Accelerated & Enriched Mathematics Action Plan Re-Design” by presenting a traditional math problem in contrast to an enriched math problem. The traditional math problem is one we all have seen – basic calculations in a word format. The enriched math problem still had calculations, but with a wide-range of variables. This enabled a student to think about the problem individually and engage themselves in solving it independently from other students. Since the variables are based on a student’s life, no two answers will be alike nor will the students be working at the same pace. All students can benefit from this form of teaching.

Fundamentally, the district’s Gifted & Talented Program (G&T) has been shaped by Dr. Joseph Renzulli’s philosophy. Dr. Renzulli is the Director of the National Research Center on the Gifted and Talented and a world renowned leader in this field with over forty years of research and development. His research focuses on identifying and developing gifted teaching strategies to educate all students. Renzulli’s Three Ring Conception of Gifted Behavior considers three factors important for the development of gifted behavior: above average ability, creativity, and task commitment.

Identifying gifted behavior in young people can vary and change as they develop; and, depending on what and where their focus is at that time. Gifted behavior is identified by: characteristics, intrinsic motivation, and a student’s need for faster pace, choice and authentic purpose. The WW-P G&T Program philosophy is to seek to identify, but not label. We seek to provide programming to

meet students' needs, but not to track them. Essentially, providing and ensuring opportunities for the improvement of learning for students.

Basically, the A&E Math Program re-design starts the program in 6th grade with the sequence for 7th-12th grades remaining the same with an introduction of an enrichment program for 4th and 5th grades. Assessment would be in 5th grade with the goal to increase the number of students identified and serviced by the program. With best instructional practices utilized, the 4th and 5th grade enrichment program will use a differentiated instructional approach. This approach has been used for years with success in understanding different models of student instruction. The re-design includes creating a teacher resource specialist position for math to support high performing students in grades 4-5. In addition, the enrichment program will more fully implement flexible grouping to pre-assess students at the beginning and re-group them based on levels of performance. This will benefit all students especially the struggling learners. The last piece of this re-design has not been utilized as of yet, the Total School Cluster Model for placing students in classes has been recommended by both the external and internal review teams. This model needs further study to understand how it will work best for the district and its students.

It is anticipated that the implementation of the re-design plan will be phased in over the next three years.

Board Members engaged in a discussion on various aspects of the presentation.

Mr. Fleres thanked Mr. Smith for a well-organized and informative presentation.

PUBLIC COMMENT

Twenty-nine people spoke. Topics included: A&E timeline; classroom clusters; flexible grouping; consistent teaching by all teachers; evaluation of program; conversation and input is appreciation; support for the new re-design; Take Back Childhood effort; Superintendent's letter to the community; proof of data statistics; support of recommendations; keep both programs; more math time in classrooms; differentiated instructional difficult to implement; enrichment program; wonderful presentation it addresses many issues; one size fits all is not working; great effort to deal with student stress levels; math not challenging enough; differential works in language arts – trust teachers to continue with these models; teach students to deal with stress; stress comes from several areas; address science program; problem is at younger age not older; presentation good but just an outline; don't eliminate A&E until new program can be proven superior; and, need more math participation.

Mr. Fleres expressed his appreciation for the comments this evening and noted that tonight's presentation on the A&E Math Program is the first and another discussion will take place on this same topic at the November 17, 2015, board meeting. The first opportunity to vote on this issue, if the Board of Education wants to vote, will be at the December 15, 2015, board meeting.

Dr. Aderhold also thanked the community for their feedback and noted that conversations will continue. After discussing this further with the Curriculum & Instruction Committee, should any "tweaks" to the re-design be deemed beneficial then it would be presented at the November 17th board meeting along with a draft of the proposed resolution. With respect to the comments made, some finding fault and other praise, we need to go through such exchanges and have dialogue to challenge our practices. Stress can be a good thing; but, disruptive stress can have adverse effects. Balancing social, emotional, and academic development for each student is challenging, but necessary. As a community, we need to be responsible for the whole child and every child. We need to decide where we are going as a community as we redefine our educational system.

By motion of Ms. Kaish, seconded by Ms. Ho, it was the unanimous vote of all Board members present to extend the meeting for one hour.

BOARD OF EDUCATION MEETING MINUTES
November 17, 2015

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Board President Fleres at 6:40 p.m. in the faculty dining room of Grover Middle School. Upon motion by Ms. Juliana, seconded by Ms. Ho, and by unanimous voice vote of all present, the meeting adjourned immediately into closed executive session to discuss matters involving negotiations and personnel. The meeting reconvened to public session at 7:36 p.m. in the commons. The following board members were present:

Mr. Anthony Fleres	Ms. Rachel Juliana	Mr. Scott Powell
Mr. Isaac Cheng	Ms. Michele Kaish	Mr. Yingchao "YZ" Zhang
Ms. Louisa Ho	Ms. Dana Krug	Mr. Yu "Taylor" Zhong

Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; and, Ms. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier. He noted that the presentation will be on the district's annual financial report for last year.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold thanked those who joined in last night's conversation on Promoting Sustainable Schools with the Mercer County Sustainable Coalition, county residents, students, teachers, and township Green Team members. Recycling is only a part of promoting sustainable practices. The district will be progressing forward with a recommendation of ten green teams to encourage and support school environmental activities. The first step is to have this plan endorsed through a Board of Education Committee; then, a resolution would go to the full Board for their approval.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR)

Assistant Superintendent of Finance Larry Shanok noted that this audit was different than previous years due to the impact from GASB 68 (Governmental Accounting Standards Board). GASB 68 relates to the long term liability associated with the State of New Jersey pension plan for personnel that are working and have worked for the district. The State just released this information; it bears no relevance to current district decision-making. In past years, the Board accepted the CAFR and associated Corrective Action Plan before submission to the Department

of Education; but, by regulation, a Board of Education has 30 days to review and accept the CAFR, even if the State's submission requirement occurs during those 30 days. The formal acceptance of the report will be at the December 15th meeting so that the GASB 68 data can be incorporated.

Mr. Shanok then introduced the district auditor Scott Clelland of Wiss & Company, LLP, who has performed prior audits for the district. He thanked both Mr. Clelland's audit team and district comptroller Mr. Locastro's team for their efforts.

Mr. Clelland presented the results of the audit of the 2014-2015 fiscal year indicating that the embodiment of the audit is in the documents: Comprehensive Annual Financial Report and the Management Report on Administrative Findings. Mr. Clelland stated that he had appeared at the recent meeting of the BOE Finance Committee for a full discussion on the audit. Part of the audit process is requesting a substantial amount of information, testing control procedures, and checking for compliance. He noted that the opinion is an unqualified or unmodified opinion - the highest opinion that can be earned with sound reporting and good internal controls. As usual, the district is in very good financial condition. The level of excess surplus is at last year's level and the district has the capacity to maintain its past practice concerning both tax relief and support of Capital Reserve in the coming 2016-2017 budget.

In addition, in recognition of its strong financial reporting process, the district has received the Association of School Business Officials International's Certificate of Excellence in Financial Reporting for the seventh year in a row.

Mr. Clelland reviewed the Management Report on Administrative Findings; he noted that there was only one non-material finding. Also, it was noted that the district has been far more active than other districts in utilizing School Development Authority grants despite the onerous documentation required – a documentation level that leads many other districts to pass on the grants. The grants lead to the State of New Jersey paying up to 40% of the Final Eligible Cost (or actual cost, if lower) for approved projects. This is very beneficial for districts that qualify.

Mr. Clelland acknowledged the Business Office and thanked them for all their cooperation during the audit process. Mr. Fleres thanked Mr. Clelland for the report.

PUBLIC COMMENT

Forty two people spoke. Topics included: support for A&E math program changes; changes should be done by survey; lack of program details; program access for all students; student stress levels; high amount of pressure; thanks for leadership endeavors and vision; better education for all; individualize teaching approach; do not eliminate A&E; whole child means whole adult; learning is a personal passion; look at larger picture; think about what is best not just academically; kids are being left behind; math is not the end all; student social wellbeing; public schools have to educate all students; stress more from homework than math; more opportunities for students; easy to swim with current much harder to go against it; build well rounded students; benchmark with system currently in place; teach students to deal with stress; report is selective; racial imbalance; using ethnic imbalance to remove a long standing program; like program review; the whole child philosophy; some children like to be challenged; change has risks; why is PARCC testing in elementary; cannot blindly trust professionals; accountability; make homework, mid-terms and finals optional; all about the right to be educated or not to be educated; some stress is necessary for growth; change is constant in life; change should be slow; choice should be parents not school district; and, how are we compared to other school districts.

Dr. Aderhold stated that while change does have risks, so does inaction. He provided a “snapshot” of recent comments and a brief summary of his remarks from the last meeting. Dr. Aderhold also noted that expectations for student success are higher than ever before, but so are student stress levels. The district’s resources are focused on the children and for a successful learning experience with academic and emotional balance. Public schools are built for children; focusing on core values and providing ALL students with the best education possible based on fiscal responsibility and economic reality. A&E Math is part of the gifted and talented program review process. The program review process is part of a cycle to continually review and improve all of our programs. This cycle does not happen overnight. It is hard work and a commitment to maintain an excellent school district and the process is a year-round one.

BOARD OF EDUCATION MEETING MINUTES
December 15, 2015

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Board President Fleres at 6:42 p.m. in the faculty dining room of Grover Middle School. Upon motion by Ms. Kaish, seconded by Ms. Krug, and by unanimous voice vote of all present, the meeting adjourned immediately into closed executive session to discuss matters involving negotiations, litigation, attorney-client privilege, and personnel. The meeting reconvened to public session at 7:39 p.m. in the commons. The following board members were present:

Mr. Anthony Fleres	Ms. Rachel Juliana	Mr. Scott Powell
Mr. Isaac Cheng	Ms. Michele Kaish	Mr. Yingchao "YZ" Zhang
Ms. Louisa Ho	Ms. Dana Krug	Mr. Yu "Taylor" Zhong

Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; and, Ms. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier. He noted that we have a very full agenda tonight and after the presentations, the public comment period will commence.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold stated that on tonight's agenda is a resolution for the district to become part of the Sustainable New Jersey for Schools Program. This is a voluntary certification program to implement practices that lead to cost savings in energy, water, and garbage collection. The program will help improve efficiency and cut waste and will allow us to apply for a number of grants that fund sustainability programs. In addition, the organization behind the program offers comprehensive training, workshops, webinars, and leadership meetings to provide WW-P with opportunities to learn from experts and our colleagues.

Research clearly shows that sustainable practices positively impact academic performance: sustainable practices help create healthier learning environments that lower illness and absenteeism. As a participant in the program, WW-P will have an opportunity for students to connect with curricula in environmental and science technology, engineering, and mathematics (STEM) education. And, sustainability helps to conserve valuable resources and protect the environment. All this adds up to allowing WW-P to become part of the solution to the challenges of climate change.

Dr. Aderhold also thanked the WW-P Service Association and the negotiation teams for their efforts on the proposed collective negotiations agreement which is on tonight's agenda.

STUDENT REPRESENTATIVE COMMENTS

Will Shriver, High School North, stated that boys' soccer made it to the Colonial Valley Conference (CVC) finals and it was a very close game, but finally lost to Ocean Township. The previous game North beat the number one seed team in the CVC to make the final. Also, this has been an incredibly successful season for North with two of North soccer players making the first team for the CVC. North's Model United Nations won Best Small Delegation at the recent Model United Nations Conference; and, the cheer team placed second in their division at the Northeast Regional Cheerleading Championships. Because of their second place finish, the team will be heading to Disney to participate in the National Championships. In addition, they placed first in the recent Old Bridge Competition. North's National Honor Society and science teacher collected food items during November and December for servicemen stationed overseas and would not be coming home this holiday season. They were able to send eleven boxes of goods to the servicemen overseas.

Haley Rich, High School South, reported that South just held their gift campaign where the Student Council and student volunteers bought gifts for underprivileged children such as clothing, gift cards and toys. Another activity that student volunteers participated in was raking leaves for the elderly in West Winsor and pulling weeds from around the campus. A clothing drive was also conducted to donate socks, blankets and other warm items to impoverish families South's annual Craft Show was recently held with over hundred vendors sell a wide-range of items; it was very successful. Also, the annual Holiday Breakfast was held for young children where breakfast is served then students show the children how to make crafts, play holiday themed games and decorate the commons. This event is a way to give back to the community. South's annual Illuminations Talent Show was hosted by the sophomores with every grade participating. There were vocalists, dancers, and comedic performances with all proceeds going to the Class of 2018.

HUMAN ANATOMY & PHYSIOLOGY CLASS PRESENTATION

Richard Stec, K-12 Science Supervisor, introduced HS North Science Teacher, Holly Crochetiere, and HS South Science Teacher, Kate Heavers, who would be giving tonight's presentation along with students from both high schools' Human Anatomy & Physiology Classes. It was noted that "Human Anatomy and Physiology" (HAP) is a year-long upper-tier science elective for junior and senior students interested in learning more about how the human body works. Students in HAP explore various body systems, investigate how structure relates to function, and learn how body systems maintain homeostasis by coordinating and controlling important physiological functions. It is a rigorous lab course in which students' complete dissections and lab investigations. This class also provides students with the opportunity to investigate topics of interest to them and find unique ways to present their findings to their peers and teachers through inquiry-based learning experiences and the development of presentation skills.

Students commented that this is a rigorous and rewarding course that goes beyond the curriculum. It offers students the opportunity to take intellectual risks, to unlock untapped potential, and to grow and mature on a creative and personal level. This class serves the purpose of a 21st Century educational experience with social, emotional and academic development. It is very different from any other class they have had since the focus is to understand the workings of the human body and apply this knowledge to their daily lives. The class builds and uses models to enhance understand and to provide a more memorable experience. The class' unofficial philosophy is: "I'm not telling you it's going to be easy – I'm telling you it's going to be worth it."

Several board members engaged the students on various parts of the presentation. On behalf of the Board, President Fleres thanked the students for their exceptional presentation.

2015-2016 PROGRAM OF STUDIES PRESENTATION

Mr. Smith reviewed the revisions to the Program of Studies (POS). With approval tonight, the POS will be posted on the district web-site and the scheduling process will begin in January. He noted revisions to nine areas: art, business/computer science, engineering, math, music, science, social studies, world languages, and senior option. The Art Department will have no substantive changes; previous semester courses will be combined into full year courses: Art Studio I & II, Ceramics/Sculpture, Printmaking/Printmaking II, and Computer Art & Design. Business/Computer Science will reflect modifications to the current standards and teaching methods; course description will be updated for Accounting I; a Marketing Course will replace Accounting II and III; rename and redesign content for Intro to Computer Programming & Mobile App Design; and, adding a new AP Computer Science course that seeks to appeal to a broader representation of students. The Engineering Department will be adding a second engineering course, "Architecture Design & Fabrication." Mathematics Department cosmetic changes will include a renaming of the Multivariable Calculus Honors; and, a course description update for Pre-Calculus Honors & Accelerated. The Music Department will rename band, orchestra and choir to clearly delineate the three levels of course offerings. Required course description updates in Biology, Biology Honors, Environmental Science, Chemistry, Chemistry Honors, Conceptual Physics, Physics, Honors Physics, and Advanced Topics in Physics by the Science Department in addition to Chemistry and Chemistry Honors pre-requisites have been updated to include Biology or Biology Honors. The Social Studies Department will add AP Psychology; and, AP Government & Politics have been split into two courses for alignment to the College Board courses. The World Languages Department will delete Latin IV and delete Spanish for Heritage Speakers I & II since no students are enrolled. Also, Senior Option will be renamed to "Senior Practicum & Internship," adding a 2.5 credit fall practicum course aligned to the spring internship.

Administration and the BOE Curriculum Committee have considered and studied these changes. It is believed, that these revisions will encourage a stronger high school student learning experience and one that supports deep learning.

Board Members and administration engaged in a discussion on various aspects of the presentation.

PUBLIC COMMENT

Board President Fleres stated that this meeting will now be open to members of the public who wish to speak or make comment on agenda items or a school district issue that may be of concern to the residents of our communities.

Pursuant to the Open Public Meetings Act and Board Policies 0164 and 0167, respectively, the Board has set aside a portion of this meeting for public comment. Given the size of our audience tonight, as well as the fact that the Board has previously had extensive public comment at its previous meeting and at a specially scheduled public forum on the matter of the proposed changes to our gifted and talented program, the Board requests that any person who wishes to speak must wait to speak until they have been recognized by the Board President. As is our typical procedure, and out of respect for other members of the public that may wish to speak, the Board requests that each speaker limit their comments to two (2) minutes in duration, please stop speaking as soon as your time expires and promptly leave the podium so that the next member of the public may begin.

Pursuant to the Open Public Meetings Act, the Board has no obligation to provide a response to matters involving litigation, student or personnel matters.

Ninety individuals commented during the ensuing three hour twenty minute public comment period. Many parents urged that the present 4th and 5th grade A&E math program continue as it is now; a number of parents spoke in favor of the recommended change of the broadening of 4th/5th grade math instruction. A number of district staff, teachers and subject supervisors, spoke in favor of the changes: more math for more students characterized their comments. One ESL teacher spoke against the change. A small number of students spoke on the issue too; one urged a resumption of final examinations.

At 10:29 PM, by motion of Mr. Cheng, second by Ms. Juliana, it was the unanimous voice vote of all Board Members present to extend the meeting for one hour.

At 11:30 PM, by motion of Mr. Cheng, second by Ms. Juliana, it was the unanimous voice vote of all Board Members present to extend the meeting for thirty minutes.

Sustainable New Jersey for Schools Program

1. Whereas, the West Windsor-Plainsboro Regional School District Board of Education seeks to participate in Sustainable Jersey for Schools to focus attention and efforts on matters of sustainability and pursue initiatives that will lead to Sustainable Jersey for Schools Certification,

Whereas, the West Windsor-Plainsboro Regional School District Board of Education and District Superintendent seek to support and work with school staff and administrators, students, and parents to ensure a safe and healthy environment for students by encouraging our school community to implement sustainable, energy-smart, eco-friendly, and cost-effective solutions,

Whereas, extensive opportunities exist to teach students about ecological, economic and social sustainability, environmental health, and nutrition; to integrate sustainability education into classroom learning; and to support students in becoming leaders in making their schools healthier and more sustainable places,

Whereas, many options and choices exist for schools to use resources more efficiently; to reduce, reuse, and recycle; to follow Green Building Standards for construction and major renovations; to form school partnerships; to eliminate toxic chemicals; to purchase (or produce) clean energy; and to purchase recycled paper, energy-efficient equipment and other green products to protect our global environment,

Whereas, sustainability means using resources wisely, saving money, and reducing our impact on the environment, all of which will ensure the future health, safety, and prosperity of our children,

Whereas, the West Windsor-Plainsboro Regional School District Board of Education commits to the formation of at least one Sustainability Leadership Team (also referred to as "Green Team"), based on the guidance of Sustainable Jersey for Schools,

Whereas, Green Team members help schools adopt policies and practices addressing areas such as sustainability education and professional training, green purchasing, waste reduction, indoor air quality, energy-saving initiatives, and community partnerships,

Whereas, the West Windsor-Plainsboro Regional School District Board of Education will encourage Green Teams at all district schools by providing networking and educational opportunities,

There was a request to vote on C&I Item No. 1 separately.

Two board members spoke of their initial skepticism about the change and the process by which they came to see the value of the recommendation. Two board members spoke of their continuing doubts about the value of making a change at this time. Two members spoke of their efforts related to the matter – participating in the internal review process or as a board committee chair – that leave them in support of the administration's recommendation. The board president summarized: we hear what a strong school district it is. We have hardworking students. We have

caring parents that disagree on the recommendation. We have good staff bringing it all together - a staff that believes in the plan of action recommended.

Upon motion by Mr. Powell, seconded by Ms. Krug, and by roll call vote with seven Board Members voting yes and Mr. Zhang and Mr. Zhong voting no, the following board action was approved:

A&E Math Program

1. **Whereas**, the district has long offered opportunities for Accelerated and Enriched Math (“A&E Math”), beginning at the Grade 4 level; and

Whereas, A&E Math courses are intended for those students who exhibit exceptional abilities and/or aptitude, and are intended to provide qualified students with opportunities for faster paced and more in-depth curricular opportunities; and

Whereas, the District conducted a Gifted and Talented Program Review (“G&T Program Review”) in Spring 2015 and among the areas analyzed by this review was the A&E Math Program, and

Whereas, the results of the G&T Program Review identified problems with the adequacy of the criteria and selection process for A&E Math in Grades 4 and 5 and the developmental appropriateness of determining a child’s mathematical sequence and mathematical capabilities by a single standardized measure in Grade 3, and

Whereas, the results of the G&T Program Review also identified that many students who did not qualify for the A&E Math in Grades 4 and 5 were not subsequently being challenged by the grade level math instruction;

Whereas, the Administration, with feedback from the Board of Education, has reviewed the results and recommendations of the G&T Program Review for A&E Math in Grades 4 and 5, and, now, therefore be it

Resolved, that, effective for the 2016-2017 school year, the current A&E Math program beginning in Grade 4 will be discontinued and replaced with a differentiated instruction model that provides for greater access and the development of deep mathematical thinking and understanding to more students while still maintaining a deep and rigorous math program. Students participating in A&E Math in Grade 4 during the 2015-2016 school year will continue with the current A&E Math in Grade 5 for the 2016-2017 school year; and be it further

Resolved, that the Administration undertake a review of the current selection process for A&E Math , and begin the development of eligibility criteria/qualifications for each such course that are relevant, fair and, to the greatest extent possible, objective; and be it further

Resolved, that effective in the 2017-2018 school year, the new eligibility criteria/qualifications will be utilized to assess Grade 5 students for placement in the redesigned program to start for students in Grade 6 in the 2018-2019 school year; and be it further

Resolved, that it is the intention of the Board of Education and the Administration to continue the overall A&E Math program for Grades 6 through 12.

Upon motion by Mr. Cheng, seconded by Mr. Powell, and by roll call vote with all Board Members present voting yes, the following board actions were approved by all board members present:

In accordance with the state's Sunshine Law, adequate notice of this meeting was provided by sending a notice of the time, date, location, and to the extent known, the agenda of this meeting, to the *Princeton Packet*, *The Times*, and West Windsor and Plainsboro Public Libraries. Copies of this notice also have been posted in the Board Office, filed with Plainsboro's and West Windsor's Township Clerks, and placed in each of our schools.

Mr. Shanok, with no objections from the Board Members or public, moved the student representatives' reports and Community Middle School Chamber Orchestra's performance to the front of the meeting.

STUDENT REPRESENTATIVES REPORTS

William Shriver, High School North, reported that winter sports have kicked off in the last few weeks with the boys' ice hockey team getting two wins in their opening games and the girls' basketball team notching a win in their opening two games. Before winter break, North's Peer Leaders set-up a table during lunch for people to write their News Years' resolutions on a gold star which was strung together and hung in the main hallway for all to see. The business club had their annual bake sale with all proceeds benefiting the Philadelphia Ronald McDonald House. During December the cheerleaders had a fundraising event where students were able to vote for who they wanted to see get “pied” in the face with teachers nominating themselves to be in the running. The cheerleaders were able to raise a few hundred dollars.

Haley Rich, High School South, reported that students enjoyed the “no homework” policy spending time with their family and friends; many seniors finishing up their college applications during the

holiday break. Winter sports have also begun; noting that South won over North at the annual Bachner ice hockey game. Boys and girls basketball teams played against Princeton and instead of tickets, viewers were asked to make a donation to Christine's Hope for Kids. Thursday will be the annual in-school field trip for juniors where they spend the entire day in the theatre learning about the Holocaust as part of the American Studies 2 curriculum; students will be watching Schindler's List and hearing a lecture from a college professor about the impact the Holocaust has had and how it still impacts us today. The Student Council will be attending the State Council Conference at TCNJ with a sophomore running for the New Jersey Student Council State Board. Student Council members will also attend seminars discussing leadership and possible events and activities for our own school.

Board Member Zhong was absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; and, Ms. Alicia Boyko, Director of Human Resources.

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier so the meeting has already been opened.

Mr. Fleres then stated that the required public hearing on harassment, intimidation and bullying would be next on the agenda and a special opportunity for public comment will follow the presentation.

SPECIAL PUBLIC HEARING ON HARASSMENT, INTIMIDATION AND BULLYING

The hearing opened at 7:50 p.m.

Mr. Lee McDonald, Director of Guidance and Anti-Bullying Coordinator, started the presentation of the semi-annual 2015-2016 Harassment Intimidation & Bullying (HIB) report noting that it is in compliance with the 2011 Anti-Bullying Bill of Rights Act (ABR) (N.J.S.A. 18A:17-46) and as required by the New Jersey State Department of Education (P.L. 2010, c.122).

Mr. McDonald reviewed the State's definition of HIB and the seriousness of the distinguishing characteristics of the definition. "Any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such

as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L. 2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students.”

He then provided a “snapshot” on how factual evidence of findings is defined and reviewed the investigations and confirmed HIB data for a three-year period (September 2012 through June 2015). During this timeframe and with clearer clarification of HIB definition, our numbers have continued to decline.

Then he focused on the applicable data for the September-December 2015 timeline, including findings by category and grade level investigations. Overall, K-3 had no incidents, while the other grades balanced out. He noted that across the district there is no pattern or trends.

Mr. McDonald stated that the focus has been on the “school climate” these past several years referring to the current quality and character of school life. School climate tends to be based on people’s experiences of schools and reflects norms, goals, values, interpersonal relationships, teaching and learning practices, and organizational structures. He then provided an update on the survey created in 2012 by the NJ Department of Education (DOE) in collaboration with the Bloustein Center for Survey Research at Rutgers University. The “NJ School Climate Survey” was designed to reinforce positive conditions and address vulnerabilities for learning.

Mr. McDonald talked about some of the qualities that connects and establishes a “positive” school climate, best practices, data driven decisions, stakeholder feedback, NJ DOE annual HIB Anti-Bullying Rubric, and, WW-P and Campaign Connect-NJ, Safety Teams at 6-12 grade levels, and NJ Center for Supportive Schools. The Center for Supportive Schools’ “Campaign Connect-New Jersey” is a movement designed to encourage schools to become safer, more supportive, engaging, and inspiring and provide them with the tools and resources to do so. Schools will increase their capacity to more effectively address students’ social and emotional needs and support conditions for learning.

Mr. McDonald reviewed the survey responses from the data trends from student, parents, and staff. He provided an overview of the district’s steps as the data was assessed. The district’s mission statement embraces “The Whole Child” tenets and cross school collaboration. Action planning and steps were reviewed for continued HIB implementation.

The Board Members engaged Mr. McDonald in a brief discussion on the survey process and results. Mr. Fleres thanked Mr. McDonald for the presentation.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON HARASSMENT, INTIMIDATION, AND BULLYING

There were no public comments forthcoming at this time.

Upon motion by Mr. Powell, seconded by Ms. Juliana, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

1. To accept the “July 1, 2015, to December 31, 2015, District Semi-Annual Report of Harassment, Intimidation, and Bullying” as required by the New Jersey State Department of Education (P.L. 2010, c.122).

At 8:06 p.m. the Special Public Hearing on Harassment, Intimidation and Bullying ended and the business meeting reconvened.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold spoke briefly on the first emergency snow closing day that was used on Monday. He noted that there is a process that goes into making a decision for delayed opening or closing such as consulting with other superintendents in the county, township officials, police, contractors, district’s Buildings & Grounds and Transportation Departments as well as others. But, basically, the focus is on the safety of the students and staff – this is always our priority. He then thanked the buildings and grounds crew for all their efforts to clear the facilities and ensuring the schools would be available today.

Mr. Fleres stated that if there were no objections, he would take an agenda item out of order for an administrative appointment.

Mr. Dalton introduced the candidate to the Board Members noting that Ms. Hanson comes to the district with a strong background in Special Services and will be joining the district’s administrative team in early April 2016.

Upon motion by Ms. Juliana, seconded by Mr. Cheng, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

Name (Last, First)	Nature of Action	Position	Step	Salary	Loc.	Date Effective	Date Term.	Discussion
A. Administration								
Hanson, Kristen	Appoint	Supervisor of Special Services		\$113,936.00	SS	TBD	6/30/16	Appoint as Supervisor of Special Services (growth position). Tenure Date:TBD

Mr. Fleres, on behalf of the board, congratulated Ms. Hanson on her appointment.

TESTING REPORT PRESENTATION

Mr. Smith, Assistant Superintendent for Curriculum and Instruction, began the presentation on the Fall 2015 Testing Report by noting that there are many ways to measure student readiness; this presentation would focus on the following assessments: Partnership for Assessment of Readiness for College and Careers (PARCC); Scholastic Aptitude Test (SAT); and, Advanced Placement (AP). He noted that the PARCC data is a baseline; last year was the first year the district was required by State law to administer PARCC.

Overall, the district’s PARCC 2015 test results outperformed the New Jersey and PARCC benchmarks. These results indicate that our students are on track for college and career readiness. PARCC has five score levels: level 1 indicates not yet meeting expectations while level 5 indicates exceeding expectations. With the focus on Level 4 and Level 5, Grades 3-8 were reviewed in Language Arts; Grades 9-11 in Language Arts Literacy; Grades 3-7 and Grades 7-11 in Mathematics. In Language Arts, Grades 3-8 scored in the 78%-85% range while the benchmarks were in the 38-52% range. In Grades 9-11 Language Arts Literacy our students scored around 60%-72% while the benchmark averaged 37%-41%. In Mathematics Grades 3-7 total scoring ranged was 72%-79% while benchmarks were at 29%-45%; Grades 7-11, the trend was very similar to language arts, scoring 72%-79% with the benchmarks ranging 21%-36%.

Mr. Smith did note that the geometry scoring was lower than expected and during the summer of 2015, adjustments were made to the curriculum along with the purchase of new textbooks.

Mr. Smith also reviewed SAT/AP results which are typically administered to juniors and seniors in high school. The comparative data benchmarks are measured against the State of New Jersey and District Factor Groups (DFG). DFG compare students' performances on statewide assessments across similar demographical school districts. SAT data covered the 2010-2015 timeframe comprising writing, critical reading, and mathematics; 2010-2014 writing data was also reviewed since writing was optional in 2015. A summary of the AP results by school for 2015 was also reviewed.

Generally, the comparative data is quite consistent between both high schools with no real noticeable differences or weaknesses. Once again, the district has far exceeded the NJ benchmarks and is in alignment with DFG benchmarks. Over 1,000 AP exams were administered at each high school with strong results indicating that a higher number of students are scoring as proficient.

Mr. Smith briefly spoke about the PARCC assessment being mandatory for graduation starting in 2021 which will affect this year's seventh grade students. He also noted that PARCC currently is in alignment with the Common Core Standards; however, the State is looking into making changes to the Common Core Standards which, if approved, could take effect in 2017 impacting the 2017-2018 school year.

The Board engaged Mr. Smith on various parts of his presentation.

Mr. Fleres thanked Mr. Smith for the presentation and update on testing results.

Board Member Zhong arrived at 8:28 p.m.

2016-2017 Budget Discussion

Mr. Shanok commented that this is the first 2016-2017 budget discussion; additional discussions will occur at the Board of Education meetings in February and March. He briefly touched on the impact and considerations that the district’s mission and strategic goals have on the budget as well as the “whole child/every child” and the 21st Century Competencies.

He took a few moments to “highlight” what a budget is for those who may not have attended a budget presentation in the past. The district needs to be consistent in our budget approach since the school district operates under strict State rules and regulations. Fundamentally, a budget is a planning tool that works within the statutory timeline while being planned from a multi-year perspective; not just a one-year outlook. With multi-year planning, budgets have fewer large shifts while the budget process has to consider contingencies, manage risk, and be fiscally responsible. In the private sector, a company can borrow when they need to; a school district cannot, it must operate within their approved annual budget. Therefore, planning for contingencies is an important element of a budget. Another important element of budgeting is planning for capital projects so that we can maintain our facilities to provide a good learning environment.

The budget process actually starts very early in a school year. There are internal meetings with administrators and school staff, Board of Education retreats, analysis of the previous school year budget, program evaluations, and construction projects. Areas of special attention include: student/staff projections, cost increases in areas such as special education, health care costs, middle school sports/intramurals, staff increases, technology, capital projects, transportation, and salary increases, just to name a few.

He noted that the preliminary 2016-2017 budget is due to the County Office on March 22nd, but there are still several unknown important budget factors that we are still missing and will need to make “educated” guesstimates. State Aid information is anticipated to be released by the Governor’s office late February 2016; prescription increases won’t be known for months; and, health care benefits increase will not be known until late summer.

Ms. Shanok touched on actual comparative per pupil expenditures over the past ten years and how the district compares to other high-performing districts. We continue to maintain a high level of educational excellence at a per pupil cost below the State average and lower than neighboring high performing districts. As a result, the district has the highest student-to-administrator ratio; and, among the higher student-to-teacher ratios. For several years now, we have been “squeezing” the budget to inhibit the rate of spending growth with little impact on education quality; the per pupil expenditures reflect these efforts.

Budget presentations will be on: February 16th; March 22th with approval of a tentative budget for submission to the county; and the public hearing on the budget on April 26th.

PERSONNEL

Mr. Fleres acknowledged the retirement of several employees and thanked them for their service to the district: Maureen Leleszi, teacher, 15.5 years; Linda Lavoie, secretary, 25 years; and, Sherri Bailey, secretary, 26 years.

A Personnel Addendum was added to include: an appointment, change and two leaves under B. Certificated Staff; and, under E. Extracurricular/Extra Pay to rescind two assignments.

Upon motion by Ms. Ho, seconded by Ms. Kaish, and by roll call vote with all board members present voting yes, the following board actions were unanimously approved:

BOARD OF EDUCATION MEETING MINUTES
February 16, 2016

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Board Vice President Kaish at 6:37 p.m. in the faculty dining room of Grover Middle School. Upon motion by Mr. Powell, seconded by Ms. Juliana, and by unanimous voice vote of all present, the meeting adjourned immediately into closed executive session to discuss matters involving negotiations, litigation, attorney-client privilege, and personnel. The meeting reconvened to public session at 7:45 p.m. in the commons. The following board members were present:

Mr. Isaac Cheng	Ms. Rachel Juliana	Mr. Scott Powell
Ms. Louisa Ho	Ms. Michele Kaish	Mr. Yingchao "YZ" Zhang
	Ms. Dana Krug	Mr. Yu "Taylor" Zhong

Board Member Fleres was absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; and, Ms. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

BOARD VICE PRESIDENT'S COMMENTS

Ms. Kaish welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier so the meeting has been already opened. She noted that Mr. Fleres was delayed from work, but should be arriving shortly.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold also welcomed everyone and mentioned that Mr. Watson was performing a practice set-up and trial run for a sample videotaping of the meeting on March 8th for committee review. He also introduced board attorney Mark Toscano who would be commenting on a second reading of a policy on tonight's agenda for approval by the board.

Dr. Aderhold also recognized several personnel actions that will take place this evening. The first was the upcoming retirement of Brian Stevens. Brian has been an integral part of the district and a principal at Town Center Elementary School and at Village School. Brian has been with district for 26 years, and his educational leadership, generosity, compassion, and understanding have made him an invaluable part of the community. The Superintendent remarked that he was setting up meetings with various constituencies to gather input about the qualities individuals would like to see in the next principal.

In Special Services, he thanked Rich Flamini for his work this past year as Interim Director of Special Services. His experience and good thinking has allowed the district to put into place

improved practices, stronger communications, and valued connections between students, teachers, staff, and parents. Rich will remain with WW-P through June 2016.

To fill this position, Dr. Aderhold is pleased to recommend the appointment of David Lieberman as Interim Director of Special Services. Currently, Mr. Lieberman is director of Pupil Services, New Hope-Solebury School District; he has served in similar positions in Bridgewater-Raritan Public Schools and Clinton Township Schools. From 1986-1992, he served as Assistant Director of Special Services in WW-P and was a WW-P teacher from 1982-1986.

STUDENT REPRESENTATIVE COMMENTS

William Shriver, High School North, stated that the boys' and girls' basketball teams have been doing very well so far this season. The boys' team has greatly improved over last year and has a 7 and 11 record so far this season, which included two wins against South. The girls' team has been doing even better with a 16 and 5 record, which also includes 2 wins against South. Coming up next week is West Side Story, which explores the rivalry between two different street gangs in New York. The show will open on Thursday, February 25 and will run through the 28th. At a recent Model United Nations conference, the North MUN team won Outstanding Small Delegation at the North American Invitation Conference in Washington, DC. In addition, North's Science Olympiad team did well at a recent Yale University Competition placing third and fifth out of 48 teams.

Haley Rich, High School South, reported that in January, South Peer Leaders had a camaraderie activity making unique paper snowflakes for each individual person at South. Each peer leader made 66 snowflakes and wrote the individual's name on it and on a Thursday, hung it in their class commons. That Friday morning, each student was encouraged to find their personalized snowflake and with their snowflake was given a free cup of hot chocolate, served by the peer leaders at lunch. In sports, the diving team won its second consecutive Mercer County Championship and the girls track team won Group 3 Central Jersey Championship. Also, this week is winter Spirit Week with a different theme to dress up each day. At the end of the week, a competitive winter sports pep rally will be held and the week will end with the Student Council's annual winter event. This year's event is a dodgeball tournament; teams of 6 to 8 students and staff will be competing in the gym with the winning team receiving free South gear and a trophy. A prize will also be given for best team uniform. All proceeds will go to Hope Loves Charity which raises money for ALS (Amyotrophic Lateral Sclerosis or Lou Gehrig's disease) which is a nervous system disease that weakens muscles and impacts physical function.

Mr. Fleres arrived at 7:53 p.m.

LEARNING NEW APPS PRESENTATION

Alan Johnson, Supervisor, Media Services, stated that tonight's presentation is a dynamic approach to teaching in which students explore real-world problems and challenges. He then introduced Ms. Tracy Brown, Wicoff Media Specialist. Ms. Brown provided background information about the student presentation. She stated that the traditional and digital puppet shows to be performed by Wicoff students demonstrate project-based learning that takes place in the third grade media classes. The objective of the puppet shows was for students to demonstrate personal productivity by creating visual, speaking, and technology products to express learning and new understanding. Thirteen Wicoff students created traditional and digital puppet shows explaining school rules, library rules, and bus buddy rules. They wrote their own scripts and songs.

Mr. Fleres thanked Ms. Brown and the students for a very interesting and charming presentation.

Board Attorney Mark Toscano stated that Policy 5756 Transgender Students is a reflection of the current state of the law and is being enforced for compliance. Transgender describes students whose gender identity is different from their gender at birth. This topic is intensely debated and is an area of the law that is evolving with a lot of rapid changes. The origin of this law is based in the Civil Rights Act of 1960 and is an extension of the anti-discrimination legislation.

Mr. Fleres noted that we will be taking the appointment of the Interim Director of Special Services before the regular agenda since Mr. Lieberman is with us tonight.

Upon motion by Ms. Juliana, seconded by Mr. Cheng, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

Name (Last, First)	Nature of Action	Position	Step	Salary	Loc.	Date Effective	Date Term.	Discussion
A. Administration								
Lieberman, David	Appoint	Interim Director of Special Services		TBD	CO	7/1/16	6/30/17	Appoint as Interim Director of Special Services, covering a vacancy.

Mr. Fleres, on behalf of the board, congratulated Mr. Lieberman on his appointment and welcomed him back to the district.

2016-2017 Budget Discussion

Mr. Shanok provided a “snapshot” of the last discussion held on January 26, 2016, which included: 21st Century Competencies, improvements in professional practice, and student assessments. High school rankings compared to other neighboring high performing districts show that WW-P has the highest student:teacher ratio and the lowest cost per student. He also spoke about class size guidelines that the district observes. Several components come into play with class size considerations including: New Jersey code requirements, physical size of classrooms, grade levels, safety, and equipment availability.

Mr. Shanok then reviewed the major cost categories that the Board takes into consideration while finalizing the budget and a year-to-year comparison of the percentage changes that have taken place over the past two budgets. The categories included: health benefits; workers’ compensation; energy; transportation; special education tuition; and, co-curricular non-athletic and athletics. A review of the comparative actual cost per pupil spending and how the district compares to other high-performing districts shows that we continue to maintain a high level of education at a per pupil cost below the State average and lower than similarly high-performing districts. For several years now we have been “squeezing” the budget to inhibit the rate of spending growth with small impact on education quality.

Comparisons over the last eight budgets were reviewed focusing on tax relief dollars, budget-to-budget increases, state aid, and total tax levy. Overall, we anticipate a budget-to-budget increase with little change on how we provide programs to students. As with our previous budgets, we will continue to be within the state cap rules. To give a flavor of the last two budgets and the differences in dollars and percentages, Mr. Shanok presented an overview of the allocation of expenses and the operating expenditure categories. The categories included: regular instruction; co-curricular; special education – instruction, tuition, child study team and support services; student support services; improvement of instruction and professional development; administration – general, school and technology/business; operations; transportation; benefits; and, capital outlay.

As a reference point, Mr. Shanok reviewed the 2014 taxpayers guide to education spending data for districts larger than 3,500 pupils. For the 2013-2014 school year, the actual comparative per pupil expenditures showed how the district compares to similar high-performing districts such as Princeton Regional, Hopewell Valley, and Montgomery. WW-P’s actual per pupil cost was below these districts and the district’s student: teacher ratio and student: administration ratio were the highest. However, our median teacher pay was the highest; but, our facility spending per pupil was considerably lower than these other districts. Overall, we have continued to “squeeze” the budget to inhibit the rate of spending growth with small impact on education quality; the per pupil expenditures reflect these efforts.

The next budget presentation will be on March 8, 2016, including approval of a tentative budget for submission to the county by March 22th. The following public budget review will be on March 22th with the public hearing and budget vote will be April 26, 2016.

PERSONNEL

Two personnel addendums were added: one to add a resolution and another to include a personnel addendum of a change under A. Administration, several appointments and one rescind under C. Non Certificated Staff, extra duty assignment under E. Extracurricular/Extra Pay and E. Stipend Non Athletic, and a change and resign under F. Community Education.

Mr. Fleres acknowledged the retirement of several employees and thanked them for their service to the district: Brian Stevens, principal, Town Center, 26 years; Linda Basler, Teacher, 33 years; Michelle Pellecchia, Teacher, 25 years; Jane Cutler, Secretary, 29.5 years; and, Patricia Guglielmo, instructional assistant, 23 years.

He noted that Mr. Stevens has been with the district a very long time and will be missed. On behalf of the Board, he wished him all the best as he begins a new phase in his life.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold congratulated High School North and Community Middle School Science Olympiad Teams for coming in first-place and High School South and Grover Middle School for coming in second place in their respective high/middle school divisions at the New Jersey Science Olympiad finals hosted at Middlesex County College today. Both first-place teams will continue on to the national finals at the University of Wisconsin in May.

He also noted two programs that will be happening soon:

March 15th, from 7 to 10 p.m. at Grover Middle School., Dr. Allen Weg, a licensed psychologist and executive director of Stress & Anxiety Services of New Jersey, will offer a program entitled, "Anxiety and School Avoidance: A Primer for Parents." So far approximately 60-70 parents have signed up; if you are interested; please register to reserve a seat.

April 14th, from 7 to 9 p.m. at High School North, an exciting program featuring Dr. Leonard Sax, the author of numerous books, will be offering an evening program, open to all WW-P parents. The topic of his conversation will come from his new book, "The Collapse of Parenting: How We Hurt Our Kids When We Treat Them Like Grownups." Dr. Sax has more than 25 years of experience as a family physician and psychologist. Last time we held this program, over 800 people attended. We anticipate a similar number this year; please register early.

STUDENT REPRESENTATIVE COMMENTS

William Shriver, High School North, stated that North's boys' basketball team finished with a 9 and 16 record as they reached the state tournament; girls' basketball team finished with an impressive 18 and 10 record as they reached the quarterfinals of the state tournament; ice hockey team ended their season with a 6 and 16 record - North's ice hockey goalie ranks 2nd in the state with nearly 800 saves; and, boys' swim team finished with a 9 and 2 record while the girls' swim team finished with a 7 and 4 record. Over the past month, North's student council hosted a floor hockey tournament. The tournament went very well with 16 teams of all grades competing in a bracket style tournament. The event raised over a thousand dollars for student council. Also, North's student council is prepping for Mr. North which is an annual male pageant and talent show. Auditions for the show will be held this week to see who will be performing on April 30th.

Jordan Hoogsteden, presented High School South's report on behalf of Haley Rich. He reported that the Student Council's dodgeball tournament was a huge success with 15 teams competing and raised over \$1,300 for Hope Loves Charity. The National Honors Society held its annual South's Next Top Model with two contestants from each grade of each gender getting dressed up in tuxedos and gowns and competing in various competitions. All proceeds went to Enable, the senior home in West Windsor. In addition, the Chinese Club hosted its annual China Night which started with a large traditional Chinese dinner followed by a show featuring a lion dance, a quartet playing traditional Chinese songs, traditional and modern Chinese dance, Chinese yo-yo's, singing acts, and a Chinese attire fashion show. In sports, girls track team won Group 3 Championships, edging out Winslow by one point, 39-38. The diving team held a Dive-a-Thon where donators pledged a certain amount of money for each dive and divers attempted to complete as many dives as possible in an hour. Some divers were able to complete as many as 70 dives in 60 minutes. All proceeds went to the Teal Tea Foundation which raises money for Ovarian Cancer Research.

PRESENTATION: HIGH SCHOOL SOUTH WAKSMAN CLUB STUDENTS

Dr. Aderhold introduced High School South teacher, Dr. Meenakshi Bhattacharya, who would be speaking about the HSS Waksman Club along with the club's student leaders. The Waksman Institute of Microbiology was started in 1993 with South signing up in the 2004-2005 school years. South's Waksman Club collaborates with the Waksman Institute of Microbiology at Rutgers University to sequence and analyze genes. This work is innovative and all successful results are published on the National Center for Biotechnology Information (NCBI), a database that all scientists use. The students use microbiological techniques and bioinformatics, not typically used by high school students, in order to determine the structure and function of the genes.

Dr. Meenakshi introduced the club's student leaders: Eitan Zlatin, Kate Yuan, Pierre-Antoine Frotté, Sourabh Chakraborty, Vijay Krishnan, Virginia Jiang, and Vyshnavi Khota. The students spoke about former projects, their current research project, the method and procedure used, and anticipated/probable outcomes. This year's project is to sequence and analyze clones from *Landoltia punctata*, a species of duckweed with potential applications as a biofuel source and in bioremediation (environmental waste management).

Over the summer, one or two students attend a three week program at the Waksman Institute at Rutgers, where they learn about the project to be done over the course of the year and the scientific principles behind them. These students acted as Student Leaders during the school year, to teach other club members. During the first half of the year, they isolate and grew bacterial colonies that contain the desired DNA, purify it using minipreps, and determine if the isolated DNA has been properly purified and is long enough to be sequenced, using Polymerase Chain Reactions, restriction digests, and gel electrophoresis. The isolated DNA samples were sent to Rutgers to be sequenced. The students then analyze the sequences using bioinformatics tools like BLAST and RASMOL. A smaller group of students are going to additional sessions at Rutgers to create a three dimensional model of one of the proteins they have analyzed. This physical model will be printed out using a 3D printer and given to the school. At the end of the year, students present their findings at a poster presentation at Rutgers, to other scientist from Rutgers as well as students and teachers from all schools involved in this program. Through this process, students learn more about the scientific research process that would help them select careers in the sciences.

The student leaders remarked that they enjoy training the next generation of scientists. As veterans, they guide and tutor the first year students; this is a valuable introduction into scientific research for them. It was noted that South's Waksman Club motivates many students to pursue STEM (Science, Technology, Engineering, and Mathematics). In addition, the club can become a springboard for other opportunities in science in a competitive global marketplace.

The students were engaged on various points of the presentation. Mr. Fleres thanked the students for a very impressive presentation.

2016-2017 PROPOSED BUDGET PRESENTATION

Mr. Shanok led the budget presentation by stating that the district has a firm foundation with its strategic plan, mission statement, core values, and multi-year planning to support effective use of its resources for educational excellence. With multi-year planning, budgets have fewer large shifts while still considering contingencies, managing risk, and being fiscally responsible. He noted that on tonight's agenda is a resolution accepting the tentative 2016-2017 budget, which is due to the county office by March 22, 2016. This tentative budget addresses contingencies such as: prescription plan rates for July 2016 and state health premiums increases for January 2017. In the private sector, a company can borrow when necessary; however, a school district cannot, it must operate within its approved annual budget. Therefore, planning for contingencies is an important

element of a budget. Another important element of budgeting is planning for capital projects so that we can maintain our facilities.

Mr. Shanok touched on the district's enrollment shifts between towns noting the small variation between years. He provided a brief "recap" of the previous budget presentations covering: class size guidelines; allocation of expenditures, allocations of revenues, and actual budget per pupil costs for districts greater than 3,500 pupils for an 11-year period.

He reviewed the allocation of expenditures and the ten operating expenditure categories: regular instruction; co-curricular (athletics and clubs); special education (instruction, tuition, child study team and support services); student support services (media, nurses and guidance); improvement of instruction and professional development; administration (general, school, technology and business); operations; transportation; benefits; and, capital outlay. Regular instruction is the largest category and has remained fairly flat; increases are in the areas of: co-curricular; areas of special education; transportation; and benefits. Improvement of instruction and professional development had increases to strengthen and support effective practices. Reductions are in the areas of: student support services; administration; and operations.

The 2016-2017 budget will increase the amount allocated in the general fund to capital outlay. The last Comprehensive Annual Financial Report showed that the district's depreciable physical assets exceed \$250 million. Even assuming zero inflation and a 40-year replacement cycle, the annual capital spending would be \$6 million.

Mr. Shanok then provided a brief review of the allocation of revenue. The four sources of revenues are: fund balance; local tax levy; state-aid; and miscellaneous. The local tax levy is the primary source of revenue.

He spoke about what is allowed by CAP rules and its various components, which include: a 2 percent General Fund increase, \$3,038,739; Health Adjustment, \$1,036,450; and Banked Cap, \$502,087, for an allowable total of \$4,577,276 or 3 percent under the CAP formula. As with our previous budgets, we continue to be within the CAP rules, but our tax levy increase is 2.33% - not the maximum.

Mr. Shanok did remark that the district is waiting for both townships to provide the assessment data, which would allow for the calculation of tax rates. Once the data are received, we can provide more details to the community on the tax implications.

With our board election in November, there will not be a public vote on the budget. The Public Hearing on the 2016-2017 school budget will be on April 26, 2016; adoption of the budget must take place after the public hearing but on or before May 3, 2016. School Board Candidate election will be on November 8, 2016. Budget information and the presentations are available on the district website. Please view these materials at your convenience at the following link: http://www.wwp.org/about_us/budget_information/.

The board members engaged in a discussion on the following topics: fund balance, tax relief and capital reserve from excess surplus, debt service, and state-aid.

Board Member Zhong arrived at 8:31 p.m.

PUBLIC COMMENT

Sixteen people spoke on the following topics: student stress; expanding the public comment time period; school start times; school flyers; A&E Math at Middle Schools; AMC10 Testing; Common

Core and Standardize Testing; Option ii; website; science program/classes; Science Team winning gold medal; budget process; reduce supervisors; impressive student presentation; taping of meetings; graduate/alumni funds; language/music programs; and, introducing Latin courses. Several people remarked on maintaining civility and that “we can disagree, but not be disagreeable.”

Mr. Fleres noted that tonight was a full meeting videotaping sample for the Administration & Facilities Committee to review for further discussion. What was witnessed tonight was grand standing, interruption of both the meeting and the student presentation. The purpose of the meeting is for administration to present materials to the Board of Education for consideration and/or voting. It is not an open forum for public discussion. The district website contains the e-mail addresses of the administration and board; feel free to write us on topics of concern. As adults, civility and common courtesy should be evident, especially with children present.

Mark G. Toscano, Esq., from Comegno Law Group, was introduced. He noted that this presentation does not replace the individual training required for board members. Mr. Toscano reviewed the following topics: Code of Ethics *N.J.S.A. 18A:12-24.1*: upholding all laws; educational welfare; limited to policy making; no micromanaging; no personal promises/private actions; no personal gain; maintain confidentiality; consider chief administrative officer’s recommendation; support district personnel; proceed through proper channels; conflicts-definitions; Ethics Act v. Nepotism Regulations; new advisory opinions-clarified definitions for ethics; conflicts-bargaining unit endorsements; conflicts-financial involvement; Doctrine of Necessity; Indemnification under *N.J.S.A. 18A:12-20*; where to get ethics help; and, School Ethics Act *N.J.S.A. 18A:12-21*.

Mr. Toscano in his discussion included several reviews of cases decided by the School Ethics Commission related to conduct of a school board member and provided hypothetical situations of others for better understanding. He noted that a board member’s role is limited to policy, planning and appraisal. He also noted that there are a number of opportunities for Board Members to take other required training at various stages of their tenure; and, Board members must certify annually that they have participated in mandatory training.

Mr. Fleres thanked Mr. Toscano for the comprehensive presentation and the opportunity for questions.

2016-2017 Budget Discussion

Mr. Shanok provided a “snapshot” of the last meeting covering the allocation of expenditures and revenues. He touched on the ten operating expenditure categories: regular instruction; co-curricular (athletics and clubs); special education (instruction, tuition, child study team and support services); student support services (media centers, nurses and guidance); improvement of instruction and professional development; administration (general, school, technology and business); operations; transportation; benefits; and, capital outlay. Regular instruction is the largest category and has remained fairly flat; increases are in the areas of: co-curricular; areas of special education; transportation; and benefits. Improvement of instruction and professional development had increases to strengthen and support effective practices. Reductions are in the areas of: student support services; administration; and operations.

Overall, revenues have remained fairly flat. The State of New Jersey makes an effort to place the best light on state aid publicly focusing on the increases in general state aid. WW-P’s general state aid was increased; however, debt service state aid decreased and the State deducts from state aid their special assessment for districts utilizing School Development Agency funding.

He also touched on what is allowable under the CAP rules and its various components. As with our previous budgets, we remain under what is allowable CAP formula. Our tax levy increase is 2.33% - not the maximum.

Mr. Shanok did remark that the district is still waiting for both townships to provide the assessment data, which would allow for the calculation of tax rates. Once the data are received, we will provide more details to the community on the tax implications.

There will not be a public vote on the budget since it complies with cap rules. The Public Hearing on the 2016-2017 school budget will be on April 26, 2016; adoption of the budget must take place after the public hearing but on or before May 3, 2016. School Board Candidate election will be on November 8, 2016. Budget information and the presentations are available on the district website. Please view these materials at your convenience at the following link: http://www.wv-p.org/about_us/budget_information/.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for their patience; there was a closed session and this portion of the meeting was starting late.

STUDENT REPRESENTATIVE COMMENTS

William Shriver, High School North, stated that North will be hosting their annual Mr. North male talent show for seniors with each contestant having their own act and dance. This year the theme is Olympics. North's spring sports have kicked off over the past few weeks including baseball, softball, volleyball, lacrosse, tennis and track and field. He remarked that one of own athletes was named the Delaware Valley Chapter of the National Football Foundation 2016 Scholar Athlete of the Year. The award is given to the top football player in the area that shows both a high academic performance in the classroom and a stellar performance on the football field.

Jordan Hoogsteden, presented High School South's report on behalf of Haley Rich. He reported that the girls' lacrosse team from Westonbirt, an all-girls private school outside of London, stopped by South while on their American tour. The students sat in on several classes at South and trained with our lacrosse team for a few days, and finally challenged our lacrosse team to a game, which they won. The girls started in D.C. and visited major cities on the East Coast. The Student Council held its annual male beauty pageant, Mr. South, where South seniors show off their talents. The audience was able to buy raffle tickets and put them in the contestant of their choice's box to enter themselves in a raffle to win a date at PJ's Pancake House with the winner. All the proceeds to the event went to March of Dimes. South's choir groups held a silent auction to raise money for their trip to Europe in 2018. Each year the Silent Auction has a different theme; this year's theme was Academy Award winning songs, so the choir held one of its biggest concerts of the year singing famous songs such as We Belong Together from Toy Story. In addition, the Relay for Life held its annual volleyball tournament with all proceeds going to the American Cancer Society.

PUBLIC COMMENT

Five people spoke on the following topics: PARCC; videotaping board meetings; mid-term/final examinations; offering more math testing and science classes; Board of Education training by NJ School Boards Association; and, district spending.

The Superintendent highlighted a likely source of confusion relating to PARCC and graduation requirements. While currently PARCC is not a graduation requirement, the NJ Board of Education has proposed making it one for current seventh graders.

Procurement of Goods and Services - Apple Products

Certification for Procurement of Proprietary Goods

- 2. To approve the “Certification for Procurement of Proprietary Goods Resolution” hereby submitted pursuant to the requirements of *N.J.A.C. 5:34-9.1(b)*:

On behalf of the Hunterdon County Educational Services Commission (“HCESC”) and its members, West Windsor-Plainsboro Regional School District (“WW-P”), HCESC will solicit bids for the procurement of proprietary goods pursuant to *N.J.S.A. 18A:18A-15*, *N.J.S.A. 40A:11-13*, and *N.J.A.C. 5:34-9.1*.

Specifically, the HCESC as the lead agency of the State-approved cooperative pricing system, shall solicit formal bids for brand name Apple technology products that are necessary for the conduct of the affairs of HCESC members', including WW-P, and are of such a specialized nature that only such products will meet the members, including WW-P, needs.

Many HCESC members, including WW-P, have invested heavily in terms of time, effort and funds with respect to the use of various Apple products in their respective operations and classrooms. WW-P is currently utilizing Apple products on an organization-wide or similar scale and requires the ability to procure such proprietary products in order to maintain their current programs. Non-Apple products are not easily able to be integrated and paired with Apple-based systems and members who are forced to avoid purchasing proprietary Apple products will likely require a wholesale replacement of their existing technology systems.

Likewise, proprietary Apple products are necessary for the purposes of integration into existing operations reliant upon Apple technology and systems. It will be inefficient and detrimental to the WW-P if we were required to use non-identical products in otherwise Apple-exclusive operations, as doing so would require conflicting training, support, and maintenance.

For the reasons set forth above, it is necessary for the HCESC to solicit bids for proprietary Apple technology products for those members, including WW-P, whose needs are to satisfy the requirements of *N.J.S.A. 18A:18A-15*, *N.J.S.A. 40A:11-13*, and *N.J.A.C. 5:34—9.1*.

Hunterdon County Educational Services Commission Proprietary Apple Products

3. To approve the "Hunterdon County Educational Services Commission Proprietary Apple Products Resolution" as follows:

WHEREAS, the Hunterdon County Educational Services Commissions ("HCESC"), as Lead Agency for the HCESC cooperative pricing system (system identifier 34HUNCCP), has awarded a contract for proprietary Apple technology products following the public solicitation of sealed bids pursuant to *N.J.S.A. 18A:18A-15*, *N.J.S.A. 40A:11-13*, and *N.J.A.C. 5:34-9.1*; and

WHEREAS, the West Windsor-Plainsboro Regional School District is a member of the HCESC cooperative pricing system and is authorized to make purchases from contracts awarded by the HCESC pursuant to *N.J.A.C. 5:34-7-1 et seq.*; and

WHEREAS, the Apple technology products covered by the HCESC contract sought by the West Windsor-Plainsboro Regional School District are of such a specialized nature that only such products will meet the needs of the West Windsor-Plainsboro Regional School District; and

WHEREAS, the West Windsor-Plainsboro Regional School District has heavily invested time and funds into the acquisition and integration of Apple products in local operations that will be wasted if non-Apple products were used to supplement the existing technology; and

WHEREAS, the use of non-Apple products would require either the wholesale replacement of the technology currently used by the West Windsor-Plainsboro Regional School District

or an unsupportable level of training, support, and maintenance services that would utterly defeat the purpose of the public contracting laws;

NOW, THEREFORE, BE IT RESOLVED that the West Windsor-Plainsboro Regional School District hereby authorizes the purchase of proprietary Apple technology products from the HCESC contract as follows; purchase of hardware, software, services, and supplies.

2016-2017 Budget Update

Mr. Shanok remarked that construction needs touch on all aspects of budget planning: need for multi-year thinking, responding to contingencies as some long lived assets exceed and others fail to achieve their expected lifetime of service. Just what is fiscally responsible: budget enough annually or rely on referendums? March 8, 2016, was one of five dates this year for referendum votes. Over \$250 million of projects were on the ballot. About half that won voter approval. The 1997-1998 West Windsor-Plainsboro Regional School District budgeted \$2.7 million for capital outlay – 3.4 percent of the budget. Today, that would be \$5.5 million, but our proposed budget is \$3.1 million. The district uses capital reserve dollars to fund construction beyond that can be supported with budgeted capital outlay.

Mr. Shanok then reviewed the capital projects that will need to be carried over to this year and then reviewed the new capital projects which include: HS South basketball court replacement; HS North roof restoration, pavement extension and track resurfacing; Grover parking area restoration; Village west parking lot improvements; Millstone River parking area restoration and playground improvements; Dutch Neck chiller/cooling tower replacement and roof trough upgrades; Hawk roof replacement; Transportation and Buildings & Grounds vehicle replacements; and, Technology upgrades.

Budget information and the presentations are available on the district website. Please view these materials at your convenience at the following link: http://www.wwp.org/about_us/budget_information/.

The Public Hearing on the 2016-2017 school budget will be on April 26, 2016; adoption of the budget must take place after the public hearing, but on or before May 3, 2016. The district intends to adopt the 2016-2017 school budget on April 26th as we have done in recent years. School Board Candidate election will be on November 8, 2016.

BOARD OF EDUCATION MEETING MINUTES
Joint Meeting with Township Governing Bodies
Public Hearing on the Proposed 2016-2017 School Budget
APRIL 26, 2016

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Board President Fleres at 6:31 p.m. in the media center of Grover Middle School for the joint meeting of the townships' governing bodies. The following board members were present:

Mr. Anthony Fleres	Ms. Michele Kaish	Mr. Scott Powell
Ms. Louisa Ho	Ms. Dana Kurg	Mr. Yingchao Zhang
Ms. Rachel Juliana		

Board Members Cheng and Zhong were absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Mr. Martin Smith, Assistant Superintendent, Curriculum & Instruction; Mr. Gerard Dalton, Assistant Superintendent, Pupil Services/Planning; and, Ms. Alicia Boyko, Director of Human Resources.

Joint Meeting: Townships Governing Bodies

Dr. Aderhold welcomed the township leaders for an informal first-hand look at the proposed 2016-2017 school budget.

He expressed his appreciation to everyone for working together through this budget cycle. The Board and administration have worked diligently to construct a budget that continues to apply consistent and conservative planning. Maintaining an excellent school district can be difficult and the budget is a year-long process. This budget reflects the district's commitment to strong educational programs and high student achievement while being cost effective and sensitive to the impact on taxpayers.

Dr. Aderhold and Mr. Shanok provided a brief overview of the key parameters of the proposed budget, highlighting components containing information that compares expenses and revenues of the proposed budget with the current budget, showing increases/decreases, realignment of resources, and the estimated tax impact that the proposed budget will have on West Windsor and Plainsboro townships.

At 7:31 p.m. the joint meeting adjourned. The Board convened in the commons at 7:44 p.m. for the Public Hearing on the Proposed 2016-2017 School Budget and meeting.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming. He stated that the community has had several tragic losses: Robbinsville School District's Superintendent Steve Mayer who was formerly the district's Assistant Superintendent of Curriculum and Instruction

and Principal of Grover Middle School; a former student who was attending Mercer County Community College; the retired Assistant Superintendent of Curriculum and Instruction and Principal at Wicoff Elementary School, Gerry Schaller; and, the recent loss in the Cantu family. To the members of our community who are grieving, our thoughts and condolences go out to you. Then he requested a moment of silence.

PUBLIC HEARING ON THE 2016-2017 BUDGET

Board President Fleres opened the 2016-2017 Public Hearing on the proposed budget at 7:49 p.m. in the commons. He noted that this is essentially the same presentation that was presented earlier to both townships' governing bodies.

Dr. Aderhold opened the public hearing noting that the budget is a year-long comprehensive process that is a reflection of our values which then affects where we allocate our dollars. The district's mission statement and strategic goals are also part of the development of a budget. The framing of the district's strategic goals are based on the "whole child – every child" philosophy. He then recited the district's mission statement. "The mission of the West Windsor-Plainsboro Regional School District, valuing our tradition of excellence, is to develop all of our students as passionate, confident, lifelong learners, who have competence and strength of character to realize their aspirations and thoughtfully contribute to a diverse and changing world." Also, he recapped our current strategic goals: 1) to work toward continuous improvement of instructional programs with a focus on the developmental needs of and the social/emotional impacts on students; 2) to ensure that the budget provides for the achievement of all students and that we maintain safe, healthy, and clean facilities that reflect high standards for learning while maintaining fiscal responsibility; and, 3) to continue to develop the professional growth and capacity of district leadership.

The district's mission statement and core values are the foundation that our budget centers on for "all" children – the "whole child/every child" values. He provided a brief summary of the 21st Century Competencies and the framework for professional practice and assessments as ways to measure progress of achieving our mission statement for all of our students. Our multi-year spending plan along with the district's core values, mission statement, and strategic goals have made a difference for the students and their learning environment with attention to the best education possible, based on fiscal responsibility and economic reality.

Dr. Aderhold spoke about the school budget fundamentally being a planning tool that works within the statutory timeline. Planning is a multi-year perspective; not a one-year. With multi-year planning, budgets have fewer large shifts. The budget process has to consider contingencies, manage risk, be fiscally responsible, maintain its facilities through capital projects and be a reflection of our values. Therefore, consistency year-after-year is an important factor for a comprehensive experience for students.

Relatively new to the higher education ranking, Niche's November 2015 H.S. Rankings showed that WW-P is ranked 3rd in New Jersey. Compared to other neighboring high performing districts, WW-P's math and reading proficiency percentages are at the same level as the 1st ranked high school; yet, WW-P has higher SAT scores with WW-P having the highest student:teacher ratios and WW-P is at a lower cost per student educational spending. He then provided a brief synopsis of student achievements in many academic areas, spoke about some of the community service activities, team competition successes and the accomplishments of student athletes.

Mr. Zhong arrived at 7:59 p.m.

Dr. Aderhold also provided an overview of the 2016-2017 budget noting the “big picture” budget topics and their cost drivers: special services; health care costs; staff and salary increases; technology; capital projects; transportation and STEM-Robotics. He touched briefly on the district’s enrollment shifts between towns noting the small variation between years.

Mr. Shanok then provided a “snapshot” of the allocation of expenditures and revenues were provide touching on the operating expenditure categories: regular instruction; co-curricular (athletics and clubs); special education (instruction, tuition, child study team and support services); student support services (media centers, nurses and guidance); improvement of instruction and professional development; administration (general, school, technology and business); operations; transportation; benefits; capital outlay; and, adult school (GED/ESL). Regular instruction is the largest category and has remained fairly flat; increases are in the areas of: co-curricular; areas of special education; transportation; and benefits. Improvement of instruction and professional development had increases to strengthen and support effective instructional practices. Reductions are in the areas of: student support services; administration; and operations.

Mr. Shanok then provided a brief review of the allocation of revenue. The four sources of revenues are: fund balance; local tax levy; state-aid; and miscellaneous. The local tax levy is the primary source of revenue.

The 2016-2017 budget increases the amount allocated in the general fund to capital outlay. The last Comprehensive Annual Financial Report showed that the district’s depreciable physical assets exceed \$250 million. Even assuming zero inflation and a 40-year replacement cycle, the annual capital spending would be \$6 million. He noted that the district uses capital reserve dollars to fund construction beyond what can be supported with budgeted capital outlay.

Mr. Shanok then reviewed the capital projects that will need to be carried over to this year and then reviewed the new capital projects which include: HS South basketball court replacement; HS North roof restoration, pavement extension and track resurfacing; Grover parking area restoration; Village west parking lot improvements; Millstone River parking area restoration and playground improvements; Dutch Neck chiller/cooling tower replacement and roof trough upgrades; Hawk roof replacement; Transportation and Buildings & Grounds vehicle replacements; and, Technology upgrades.

Tax implications of the 2016-2017 budget would decrease the Plainsboro tax rate to \$1.389, per \$100 of assessed property value, for a decrease of 28.2 cents. For a home assessed at the township average, this would be a decrease of \$194. For the owner of a home at the township average of \$451,588, school taxes are estimated to be \$6,273. In West Windsor, the proposed budget would increase the tax rate to \$1.493, per \$100 of assessed property value, for an increase of 3.5 cents. For a home valued at the township average, this would be an increase of \$185. For the owner of a home at the township average of \$522,601, school taxes are estimated to be \$7,802.

A few moments were taken to review the past budgets; focusing on a discussion of tax relief, budget-to-budget increases, state aid, and total tax levy each school year. He noted that the level of tax relief from fund balance will be \$5.2M.

As an additional reference point, Mr. Shanok reviewed a twelve year range of actual comparative per pupil expenditures and how the district compares to other high-performing districts. In 2002-2003, WW-P was \$336 above the state average with spending comparable

to Hopewell Valley and Princeton. In 2008-2009, WW-P was below the State average by \$1,290 and considerably lower in per pupil spending than the other two districts. As of 2014-2015, WW-P is below Princeton by \$5,305 and Hopewell Valley by \$4,126. We continue to maintain a high level of education excellence at a per pupil cost below neighboring high performing districts. For several years now, we have been “squeezing” the budget to inhibit the rate of spending growth with the smallest impact on education quality; the per pupil expenditures reflect these efforts.

The user-friendly budget will be posted on the district website within 48 hours after the public hearing on the budget. Copies of budget presentations are also available on the district web site: http://www.ww-p.org/about_us/budget_information/.

PUBLIC COMMENT ON THE BUDGET

Eleven community members spoke on the following topics: supervisors; Chromebooks; guidance counselors; PARCC testing; class sizes; science and math courses; decrease in student services; budget increases; township assessments; consistency across all schools; sustainable growth; capital projects; videotaping; and, extending public comment period to three minutes.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold remarked that it was nice to see such a large crowd especially the number of district students. On June 14th the District Celebration will honor the retirees as well as our "WW-P Educators of the Year." WW-P created this special district-wide recognition program to honor a teacher in each school building. The criteria used for selection of teachers: set high expectations for all students; establish a positive classroom climate and rapport with all students; develop feelings of self-worth and a love of learning in all students; use a variety of instructional strategies that enable students to be successful; use educational technology effectively in support of learning; and contribute to quality professional development. He then congratulated the honorees.

STUDENT REPRESENTATIVE COMMENTS

William Shriver, High School North, stated that the student council had their annual Mr. North show. The show was excellent and a great success. Student Council raised over \$1,500 dollars for the Special Olympics charity. Last month, North's Peer Leaders had their annual Yellow Ribbon week. Throughout the week students wore yellow ribbons and different colors each day to show their support for mental health awareness and suicide prevention. Peer Leaders decorated the main hall way with ribbons that students wrote what they lived for in their lives; the week ended with a video showing other students and what they also lived for. North's Robotic team, the MidKnight Inventors, qualified for the World Championships in St. Louis last month. The team won the highest honor of the Robotics competition, winning the Chairman's Award in their last competition. As some of the spring sports are wrapping up, two of our teams have been doing especially well. The boys' golf team currently has an 11 and 1 record, ranking first in the Central Jersey standings. And, our girls' golf team is undefeated with a 7 and 0 record, ranking 3rd in their division.

Haley Rich, High School South, reported that Thursday is South's annual Student versus Faculty basketball game where teachers will go head-to-head with some star players from the varsity basketball teams. All proceeds will go towards Senior Prom. With spring sports now at their peak, the girls track team is looking very promising after winning 6 out of the 9 events on the track at Mercer County Relays; and, the boys baseball team beat the number 1 seeded team in the County Tournament, Trenton Catholic Academy, with a huge upset. On April 22nd, the Red Cross held its annual blood drive; over 100 units of blood were donated. Also on the 22nd, South celebrated the National Day of Silence, where participants pinned rainbow ribbons to their shirts and some went the entire day without speaking in order to raise awareness of LGBTQ harassment. South Student Council has approved three changes to their events: the annual Mr. South pageant will be co-ed meaning we will crown a Mr. and Mrs. South; traditional fall and winter spirit weeks and pep rallies will now have a spring spirit week and pep rally; and, scheduling of an all-female football game the morning after the real Homecoming football game where girls will take the turf and boys will be on the sidelines cheering with pompoms.

Board President Fleres noted that this evening will be the last night for the high school student representatives and thanked them for their year of service.

USING APPs TO GATHER STUDENT DATA PRESENTATION

Dr. Aderhold introduced Village School Principal Barbara Gould who would be leading the presentation tonight, "Using Apps To Gather Student Data."

Barbara Gould and six teachers from Village School shared their experiences with the "Confer" app. The use of this app started as a one-year teacher pilot tool for assessment practices. The teachers shared some of the benefits and uses of Confer App and how the App has enabled them to gather data regarding student learning practices to make instruction more efficient and effective. Confer is a note-taking app for teachers that was developed from a Reading and Writing Workshop; it allows teachers the ability to sort notes on students in a variety of ways, such as letting teachers instantly see small groups of students with the same instructional needs or to help a student take the next step. In other words, teachers can take notes while teaching for more engaging and personalized attention to student achievement.

Mr. Fleres thanked the teachers for the informative presentation.

PUBLIC COMMENT

Kathy Rogers, advisor for the district robotics teams, spoke along with nine district students about the robotics teams including The MidKnight Inventors and FIRST. The MidKnight Inventors had just returned from the World Championships and thanked the Board and the Administration for their support this year. It was noted that FIRST won the FIRST Chairman's Award at two district competitions as well as a regional competition. The awards celebrate the team's efforts to change the culture about STEM (Science, Technology, Engineering and Math) education and learning. The students shared their experiences, passion for robotics and how the program has enriched their lives and has better prepared them for college.

Mr. Fleres thanked the students for very impressive and impassioned comments. On behalf of the board, he congratulated them on their awards and to keep up the excellent work.

Seven people spoke on the following topics: PARCC; Confer App; measuring academic progress in math; standardized testing; midterm/final examinations; videotaping board meetings; supporting the robotics teams; pledge of allegiance before meetings; and, Chromebooks.

Resolution Submission

8. Submit the following resolution to the New Jersey Department of Education:

WHEREAS, the members of the West Windsor-Plainsboro Regional School District Board of Education (Mercer County) fully support educational policies and practices designed to provide results that promote and improve student achievement, college and career readiness, and best teaching practices, we are deeply concerned with the recent proposed change to the graduation requirements, and the high stakes and ongoing costs associated with New Jersey’s new standardized assessment system; and

WHEREAS, New Jersey has transitioned to a new assessment system with new state tests known as the Partnership for Assessment of Readiness for College and Careers (PARCC) assessments; and

WHEREAS, the New Jersey Department of Education (NJDOE) has replaced the High School Proficiency Assessment (HSPA) and Alternative High School Assessment with the new PARCC assessments, which less than one-half of all current New Jersey high school seniors have passed; and

WHEREAS, NJDOE failed to adequately and timely inform districts, students, and parents about the potential consequences for graduation when the PARCC assessments were administered for the first time in spring 2015; and

WHEREAS, beginning with current high school seniors in the class of 2016, NJDOE has proposed new high school graduation requirements that rely heavily on PARCC, before the validity and reliability of those assessments have been established; and

WHEREAS, NJDOE has eliminated the Alternative High School Assessment, previously used to satisfy state standards by thousands of students unable to pass the HSPA; and

WHEREAS, according to information compiled by the Education Law Center, over 50,000 seniors in the class of 2016 in New Jersey who did not pass the PARCC assessments now must access NJDOE's other options in order to graduate this June, requiring school districts, including West Windsor-Plainsboro, to devote valuable staff time and resources to help students meet these new requirements through even more tests and a time-consuming, new graduation appeals process; and

WHEREAS, some of these alternative assessment options, such as the Armed Services Vocational Aptitude Battery and Accuplacer, are not aligned with state curriculum standards; and

WHEREAS, all of NJDOE's designated substitute assessments are English-only tests that do not provide appropriate accommodations for English Language Learner students; and

WHEREAS, NJDOE and the State Board of Education (SBOE) have not yet legally adopted the regulations required to implement the proposed new graduation requirements, and none of the additional options proposed by NJDOE as alternative ways to satisfy the proposed new graduation requirements are authorized by the NJDOE's own current assessment regulations, so these new policies cannot fairly or legally be imposed on current seniors who are entitled to graduate under the rules that have been in place throughout their high school careers and that remain in effect today; and

WHEREAS, beginning with the class of 2021, NJDOE has proposed requiring students to pass the PARCC English Language Arts (ELA) 10 and Algebra I assessments in order to graduate, despite the fact that the current state passing rates on those tests are 37 percent and 36 percent, respectively; and

WHEREAS, NJDOE is proposing to eliminate all other testing options besides PARCC as ways to satisfy state graduation requirements; and

WHEREAS, the New Jersey High School Graduation Act requires an 11th grade test in Math and ELA with retesting opportunities for seniors in 12th grade; and the PARCC end-of-

course assessments, do not conform to the requirements of the New Jersey High School Graduation Act; therefore,

It is the position of the Board of Education of the West Windsor-Plainsboro Regional School District that NJDOE's proposed new graduation requirements do not conform to state law and were not duly promulgated and approved by the State Board of Education in a manner that provided due process and adequate, fair notice to school districts, parents, and especially students.

NOW, BE IT RESOLVED that the West Windsor-Plainsboro Regional School District of Mercer County hereby:

(a) Urges NJDOE to immediately withdraw its pending graduation requirement proposals from consideration before the State Board of Education and revisit the matter only after there is a greater understanding of the newly passed Every Student Succeeds Act; and

(b) Urges NJDOE to implement the recommendation of the Governor's College and Career Ready Task Force, including a multi-year transition to a new assessment system that does not establish a minimum passing score as a graduation requirement on the new PARCC assessments; and

(c) Urges the New Jersey Legislature and the State Board of Education to take the necessary steps to implement this recommendation and allow students to graduate during this multi-year transition period on the basis of credits earned, grade point averages, and successful completion of all attendance, service, and other local graduation requirements; and

(d) Urges that this multi-year transition to a new assessment system be used to conduct a broad public dialogue among all stakeholders to develop a new consensus around the transparent and equitable assessment and graduation policies all our students deserve; and

(e) Urges that New Jersey continues to provide multiple pathways to a high school diploma that include alternatives not based on standardized tests; and

(f) Urges that the New Jersey Legislature review/hold hearings on the legality and impact of the Department's proposed graduation requirements; and

(g) Urges the New Jersey Department of Education to clarify the impact of assessment requirements for option ii coursework prior to adopting new graduation requirements; and be it further

RESOLVED, that a copy of this resolution be certified and submitted to Governor Chris Christie, Commissioner David Hespe, Senate President Stephen Sweeney, State Education Committee Chair M. Teresa Ruiz, Senate Education Committee, Senator Fred Madden, Senator Richard J. Codey, Assembly Education Committee Chair Assemblywoman Marlene Caride, Assemblywoman Mila Jasey, Assemblyman John McKeon, Assemblyman Paul Moriarty, Assemblywoman Gabriella Mosquera, State Senator Linda Greenstein, Assemblyman Daniel Benson, Assemblyman Wayne DeAngelo, State Senator Shirley Turner, Assemblyman Reed Gusciora, Assemblywoman Elizabeth Maher Muoio, New Jersey School Boards Association, Garden State Coalition, West Windsor-Plainsboro Education Association, West Windsor-Plainsboro Service Association, West Windsor-Plainsboro Administrators Association, and to each member of the New Jersey State Board of Education.

FINANCE

Mr. Fleres briefly spoke on Capital Reserves indicating that a budget fundamentally is a multi-year planning tool that needs to work within the statutory timeline. School year dollars that are unspent at the end of the current year cycle, goes into surplus. Two options are available to use surplus: 1) tax relief which would be two budget cycles in the future [for example: 2015-2016 surplus for tax relief would be used for the 2018-2019 budget cycle]; and, 2) moving dollars into Capital Reserves for future maintenance/repairs of our \$255 million facilities. Increasing the capital budget appreciably has been postponed through adept use of Capital Reserves for the future funding of capital projects such as roofs, HVAC, tracks, etc. The district's planning needs to be consistent year after year since a district operates differently than a corporation. In the private sector, a company can borrow when they need to; a school district cannot. It must operate within their approved annual budget. Therefore, reserves are necessary to consider contingencies, manage risk, and to maintain its facilities.

Upon motion by Mr. Powell, seconded by Ms. Ho, and by roll call vote with all Board Members present voting yes, the following board actions were approved by all board members present.

This credit change order decreases the contract amount of \$1,932,682.73 to \$1,930,181.30.

Transfer of Current Year Surplus to Reserve Resolution

3. Transfer of current year surplus to reserve following resolution:

Whereas, *N.J.S.A. 18A:21-2* and *N.J.S.A. 18A:7G-13* permit a Board of Education to establish and/or deposit into certain reserve accounts at year end, and

Whereas, the aforementioned statutes authorize procedures, under the authority of the Commissioner of Education, which permit a board of education to transfer anticipated excess current revenue or unexpended appropriations into reserve accounts during the month of June by Board resolution, and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education wishes to deposit anticipated current year surplus into the Capital Reserve account at year end in an amount not to exceed \$2,500,000; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education has determined that \$2,500,000 is available for such purpose of transfer; now, therefore be it

Resolved, by the West Windsor-Plainsboro Regional School District Board of Education that it hereby authorizes the district's School Business Administrator to make this transfer consistent with all applicable laws and regulations.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone to the meeting and thanked them for coming; there was a closed session earlier this evening so the meeting has already been opened.

He also noted that this is the last meeting at Grover Middle School and that the meetings for the 2016-2017 school year will be held at Community Middle School beginning with the July 26, 2016, Board of Education meeting.

SPECIAL PUBLIC HEARING ON HARASSMENT, INTIMIDATION, AND BULLYING

The Special Public Hearing on Harassment, Intimidation and Bullying opened at 7:39 p.m.

Mr. Fleres introduced Lee McDonald, Director of Guidance and Anti-Bullying Coordinator, who would be presenting tonight's special report on harassment, intimidation, and bullying. He noted that at the end of the report, there will be an opportunity for the public to comment on the presentation.

Mr. McDonald remarked that this presentation is in compliance with the 2011 Anti-Bullying Bill of Rights Act (ABR) (*N.J.S.A.* 18A:17-46) and as required by the New Jersey State Department of Education (P.L. 2010, c.122). We are currently in year five of the Harassment Intimidation & Bullying (HIB) Bill of Rights timeline.

Mr. McDonald reviewed the definition of HIB and how factual evidence of findings is defined. He reported the district's investigations and confirmed HIB incidents over a three-year period starting from January 2016 through June 2016. The three-year snapshot contained applicable data for September 2013-June 2016, including the number of investigations and confirmed HIB, types of incidents, demographic information on the offenders and victims, location of incidents and data on those who reported such incidents. General HIB patterns and trends were also discussed. Overall, during this timeframe, investigations/confirmed HIB have been stabilized with a slight "uptick" in spring investigations. The investigations have been fairly consistent in patterns across the district, state and nationally; identifying mostly males as offenders; females and SPED as victims; and, incidents happening in unstructured activities and/or minimally supervised settings. Cases involving online/texting and victim/bystander reporting was also reviewed. It was good to note that more students have been coming forward to report incidents to staff members. In addition, staff training has facilitated a better understanding of HIB vs. Non-HIB situations to better categorize and identify them.

Mr. McDonald highlighted the district's Anti-Bullying programs, initiatives, and reporting procedures. Additionally, Mr. McDonald spoke about the Department of Education's Anti-Bullying Rubric (ABR) and school grading system that was required three-years ago. ABR is a district's self-assessment checks and balances to address HIB incidents. He gave an overview of the school self-assessments which were completed by the school safety teams. This includes average school scores in each core element, overall average grade level scores, and an average district score. This grading system is a tool for self-reflection and improvement. Overall, the district is in excellent shape being above average in most schools with strong HIB programs, approaches and other initiatives. He also emphasized areas of strength and areas in need of growth as we continue forward.

Additionally, he spoke about the Campaign Connect-New Jersey, ran by the Center for Supportive Schools, which is a certification and recognition system for schools designed to encourage schools to become safer, more supportive, engaging, and inspiring and provide them with the tools and resources to do so. Schools increase their capacity to more effectively address

students' social and emotional needs and accelerate student achievement. The program focuses on middle and high school students. Mr. McDonald commented that Campaign Connect School Certification Program requires a team effort and collaboration to meet the milestones set to become certified. Community MS and HS South both reached this milestone this year! HS South Principal Dennis Lepold spoke about HSS' theme "Student Adult Bonds;" and, Community MS Principal Dr. Shauna Carter spoke on CMS' theme "Building a Culture of Positive Relationships." Mr. McDonald remarked that the building of relationships and connections in a building will drive people to make sure students have the best possible educational experience in a safe and secure environment.

He ended the presentation with a review of the district's mission statement: WW-P is committed to providing all students with a safe learning environment that is free from harassment, intimidation, and bullying (HIB). This commitment is an integral part of our comprehensive efforts to provide learning, and to prevent and eliminate all forms of HIB through the following practices: adhering to the 2011 New Jersey Anti-Bullying Bill of Rights legislations; training all staff to identify, report, and address HIB behaviors in a timely fashion; and proactively educating parents, students, Board of Education members, and the community to establish HIB expectations and the communication of our commitment to safety and respectful behavior for all.

Mr. Zhong arrived at 7:52 p.m.

A brief discussion ensued on various areas of the presentation.

Mr. Fleres, on behalf of the Board Members, thanked Mr. McDonald for his presentation.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON HARASSMENT, INTIMIDATION AND BULLYING

There were no public comments forthcoming at this time.

Upon motion by Mr. Zhang, seconded by Mr. Zhong, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

1. Accept the "January 1, 2016, to June 30, 2016, District Semi-Annual Report of Harassment, Intimidation, and Bullying" as required by the New Jersey State Department of Education under the Anti-Bullying Bill of Rights Act (P.L. 2010, c.122).
2. Verify that the School District and School Grade Report issued by the New Jersey Department of Education was reviewed as required by the Anti-Bullying Bill of Rights Act (P.L. 2010, c.122) and that this report was posted on the district's web site pursuant to N.J.S.A. 18A:17-46.

The Special Public Hearing on Harassment, Intimidation and Bullying adjourned at 8:59 p.m. The regular board meeting reconvened immediately.

PUBLIC COMMENT

Six people spoke about the following topics: appreciation to Board and administration for strengthening the district; recording meetings; communication; teaching difficulties; grammar/vocabulary courses; final exams; long range facility plan; budget; teacher retirements; Village Addition open house; and, future capital projects.

Mr. Fleres remarked that the district staff members who have been retiring do so for many reasons. Over twenty-five years ago, a large hiring of staff was needed to open Millstone River School and subsequently moving from five schools to our current ten schools. Those who have chosen to retire have earned it and he thanked them for their service to the students, district and community.

COMMITTEE REPORTS

Finance

Ms. Ho remarked that the committee met on June 20, 2016, reviewed the agenda items and supported them. On the agenda were a number of transportation route renewals with an increase of 0.57%. This is approximately two-thirds of the district routes. The committee reviewed a list of contracts award for 2015-16 referencing applicable laws relating to same to comply with last year's new State regulation. Reviewed the Report of the Secretary which indicates that 2015-16 available balance remains strong which bodes well for good levels of tax relief and capital reserve for the next budget cycle. Edvocate's May inspection showed an overall solid level of cleaning results but with several areas of slippage when compared to prior times. There was an update on the clearing up of some software data anomalies for this year's SREC activity. Noted the Governmental Accounting Standards Board Statement #72 which applies to the upcoming audit and calls for a change in how SRECs are recorded. Update on the early audit steps that will be commencing soon. A review of the construction project list shows that projects have had paperwork initiated and contracts awarded – this will be a very busy summer. Reviewed suggested substitute rates with a likely increase to teacher and nurse substitute rates. Reviewing the Technology Plan 2016-2019 will be moved to the July meeting.

The three key points to the agreement included: salary increases (2.9 percent for 2016-2017; 2.9 percent for 2017-2018; and, 2.9 percent for 2018-2019); significant changes in prescription benefits that will reduce current premiums and provide for substantial cost containment in future years; continued contributions towards the cost of medical and prescription insurance premiums at the rates of the full phase-in of Chapter 78 rates; and, professional growth days benefit reduction from two professional conferences per year to one.
