ADMINISTRATION

Capacity Committee Report

1. To continue review of Capacity Committee report, as presented on December 16, 2003

The board continued its discussion on high school capacity, which began on December 16th. A thorough discussion about desirable class sizes at North and South, given the difference in room sizes was held. The board also questioned the committee and discussed functional versus educational capacity. The high school principals and members of the committee fielded questions from the board. Both principals said that they schedule by class size, not by room size. The administration is in agreement with the capacity committee report.

Mr. Katz moved to accept the report of the high school capacity committee, including the specific capacity assumptions of 1,510 for High School South and 1,850 for High School North, and without any endorsement of having class size be driven by classroom square footage. Mrs. Hasling seconded the motion and by roll call vote, with all board members voting yes, with the exception of Mrs. Bocarsly and Mr. Wieck who abstained, the motion was approved.

2. To discuss possible relocation of high school programs (LARKS and ESL/Bilingual) from High School South to High School North to alleviate capacity at High School South.

The Committee has suggested a programmatic change to alleviate the capacity at High School South, without having a detrimental effect on the capacity at High School North. The Committee has recommended that the LARKS, a special education program, and ESL/Bilingual Programs, currently housed at High School South, be moved to available classroom space at High School North. The Committee noted that these two programs for middle school students currently are housed at Community Middle School, and all students at CMS continue onto High School North. At this time, there are 21 students in the high school LARKS Special Education program and 55 students in the high school ESL/Bilingual program.

After board discussion of the above and after hearing endorsements from special services personnel, the administration will continue to study this issue and come back to the board with a report and further discussion. The administration will more than likely send a letter to parents of affected students. Discussion and/or vote will take place at the first meeting in February.

At 10:30, upon motion by Mr. Katz, seconded by Mrs. Geevers and by unanimous voice vote the board agreed to continue the meeting for an additional hour.

At this time, Mr. Marathe left the meeting.

The balance of the agenda was discussed in detail.

FINANCE (continued)

2004-2005 Budget

13. To continue discussion of the 2004-2005 budget

The Board continued its discussion of the 2004-2005 budget. Mr. Shanok reviewed the materials on the capital projects plan. He noted that the first table is a reminder of projects currently funded, the second table includes likely 2004-05 projects, and the third table list of projects for a future long range facilities plan. Of particular significance in this proposal is funding that would begin to address the long needed repairs and updates to High School South. A major source of these funds would come from the current year's budget. A major source is from the difference between the budgeted level of health/dental benefit cost increase and the lower actual rates, amounting to approximately \$800,000. In anticipation of higher health benefit costs, and advice from broker a 20% increase was budgeted, but the actual increase was 14%. The \$1.1 million for non-High School South projects would come from the 2004-2005 budget. Mr. Shanok invited board members to forward any questions on this tentative plan to him.

In general, the board was supportive of the administration's capital outlay plan. The board also discussed the district's eligibility to receive state funding for capital projects and expressed desire to pursue these monies.

It was noted that there is a need to have extra meetings in order to complete a tentative budget package for submission to the county superintendent by March 11th.

COMMITTEE REPORTS

Administration Committee

Mrs. Hasling reported on the very successful strategic planning retreat held last week. She noted that the first reading of the volunteer coach policy is on the agenda this evening. It is anticipated that the high school graduation requirements policy and the pest management policy will come before the board in March.

Curriculum Committee

Mr. Wieck noted that the curriculum committee met last night. Among the topics discussed included: assessment of language proficiency, middle school scheduling issues, purchasing a grammar handbook, Community Education courses, sixth grade literacy test, and continued discussion on alternate routes to high school graduation. There will be a special meeting to discuss supervisory structure.

AD HOC COMMITTEE REPORTS

Budget Process Review Committee

Mr. Marathe said that the committee will submit a report within the next few weeks.

Toll Brothers Issues/Considerations Committee

Mr. Katz asked the board if they were interested in changing the charge to the committee, i.e. make recommendations, or do you want the committee to continue exploring various options? After discussion, the board decided not to change the committee's charge, but to get the options on the table for discussion as soon as possible.

REPORT ON STRATEGIC PLANNING

Jon Cosse, assistant superintendent for Pupil Personnel, presented the Draft Plan for the Mission, Core Values, and Strategic Objectives that were drafted by the Core Team, as the first phase of the Strategic Plan is underway. Dr. Cosse reviewed the three-day Core Team meeting and presented the program for the upcoming meetings of the Action and Measurement Teams. The Mission Statement, Core Values, and Strategic Objectives, in this draft state, will be shared with the community.

The agenda was then reviewed in detail.

ADMINISTRATION

Dr. Loretan said that the administration fully endorses moving the Larks program to High School North and noted that we are ready to do all that is necessary to acclimate these students to their new environment. Larks is a growing program and is disadvantaged in its current space. Even though

this is not intended to be a balancing plan, it will give High School South some additional space as well as giving these students a more appropriate learning environment.

Mrs. Hasling moved to approve the relocation of the LARKS high school program from High School South to High School North. Mr. Marathe seconded the motion.

The board then discussed the motion. Several board members expressed confidence in the administration to transition this program smoothly. Mr. Wieck said that he will not support the move. Mrs. DiDonato, Director of Special Services also spoke in support of the move.

Vote on Motion

By roll call vote, with all board members present voting yes, with the exception of Mr. Wieck who voted no, the following board action was approved:

1. To approve the relocation of the LARKS high school program from High School South to High School North.

The board then reviewed the first reading of Policy 9181: Volunteer Athletic Coaches. Board members suggested wording changes. Any further changes or suggestions should be forwarded to the administration committee for review.

2004-2005 Budget

To continue discussion of the 2004-2005 Budget

Mr. Shanok briefly reviewed and updated the board on the capital projects portion of the budget. He noted a shift in the timetable of certain projects as a result of discussions with the architects.

At 10:30, upon motion by Mrs. Geevers seconded by Mr. Yang and by unanimous voice vote the board agreed to continue the meeting for an additional hour.

The Board then centered on discussing the Transportation, Athletics, and Special Services aspects of the budget. Mr. Shanok noted a modest increase of 1.58 % in the special services budget over last year. In the co-curricular area of the budget, it is noted that the budget supports the same level of athletic programs as did last year's budget. In the non-athletic co-curricular area, the additions to the high school made last fall and the stipends for the Outdoor Education program have been placed in the 2004-2005 budget.

The board was encouraged to forward any additional questions to the administration. There will be additional budget discussion at the meeting of February 24th and more than likely another meeting on March 2nd to finalize the tentative budget package before it is submitted to the county for review in March.

NEW BUSINESS

1. Mrs. Geevers wants to review the issue of parents paying for outdoor education and feels that we should use the extra money in the current year's budget to pay teacher stipends.

Dr. Loretan noted that the stipends have been put back into next year's budget.

Mrs. Geevers moved to reinstate the outdoor education stipend funds into the current year's budget in order to relieve the cost to parents. Mr. Katz seconded the motion.

This item will appear on the agenda for the next meeting for discussion and possible action.

2. Mrs. Epstein inquired about improving the availability of our buildings to the public.
3. Mrs. Epstein asked about getting together with the two townships to discuss cost sharing.

PUBLIC COMMENT

Members of the public commented on the upcoming budget, increase in energy expenses, capital spending, and the capacity study. Mrs. DiColo, president of the WWPEA, commented on numerous areas of concern put forth by the members of the WWPEA.

Upon motion by Mrs. Hasling, seconded by Mr. Yang and by unanimous voice vote the meeting adjourned at 12:10 a.m.

Upon motion by Mrs. Geever, seconded by Mr. Katz, and by roll call vote, with board members Mr. Katz and Mrs. Geever voting yes, with Mr. Marathe, Mrs. Bocarsly, Mrs. Epstein, Mrs. Hasling, and Mr. Smith voting no, and with Mr. Wieck and Mr. Yang abstaining, the following motion failed.

Mr. Shanok noted that equalized value is what is driving the tax rate increase in Plainsboro. Dr. Loretan summed up the review by saying that this proposed budget places the dollars where they are most needed adding additional teachers where necessary and addressing our top priority – students and classroom instruction. The budget merits the community’s support, it is a good package.

The board engaged in a short discussion of the district’s plans for moving forward on the exceptionality initiative, and projects for which we are awaiting state funding reimbursement eligibility.

LIAISON REPORTS

Parent/Teacher Liaison Committee Meeting

Mrs. Hasling noted that she recently attended a Parent/Teacher Liaison Committee meeting at Maurice Hawk and heard about the visit made by Cathy Griffin and Mary Santiago to Mexico to visit the monarch butterfly sanctuary and local schools with which the children in their classes have been corresponding. It is anticipated that as a result of this trip a cultural exchange of teachers will be arranged.

NEW BUSINESS

The board continued discussion of ways to address student imbalances at the sixth to twelfth grade level.

In general, the board agreed that there should be several options to consider. Dr. Cosse suggested that among the considerations were: moving developments, moving programs, moving new developments, and use of a committee to embrace elements of buildings, capacities, developments, and programs.

The board then worked on wording a motion that would address this area of concern. The intent of the board and administration is that this is not a “quick fix” but a long term solution to the issue of student population imbalance.

Ms. Hasling moved, and Mr. Marathe seconded, the following motion that will appear as an agenda item at the regular business meeting of April 27, 2004.

To direct the administration to formulate an approach to studying the question of the student population imbalance and capacity at the 6-12 schools and return to the Board with a proposal for this process on or before the June 8, 2004, Board meeting.

PUBLIC COMMENT

Members of the public commented on the capacity and student imbalance issue and the middle school schedule.

Upon motion by Mr. Marathe, seconded by Mr. Yang and by unanimous voice vote the meeting adjourned at 9:50 p.m.

LIAISON REPORTS

Education Foundation

Mrs. Bocarsly reported on the success of the Education Foundation's Gala held on May 7th. She noted that Rush Holt was honored for his commitment to education in New Jersey.

ITEM FROM NEW BUSINESS AGENDA OF MARCH 23, 2004

1. To discuss the creation of a Board of Education Facilities Committee.

The Board discussed the possibility of creating another committee for facilities planning, but during the discussion it became clear that board members preferred to retain the present three standing committee structure.

Mrs. Geever suggested that the Administration Committee rewrite part of policy #0155 Board Committees, specifically the second to last paragraph on page 1, which defines the role of the Administration Committee. The purpose in doing so is two-fold:

1. Rewrite the above mentioned paragraph to incorporate the functions of a Facilities Committee;
2. To redefine the Administration Committee's policy making role to one of a steering committee function.

In addition, consideration should be given to renaming the Administration Committee.

Mrs. Bocarsly moved the above motion, seconded by Mr. Katz, and by roll call vote, with all board members present voting yes, with the exception of Mr. Smith and Mrs. Walsh who voted no, the motion was approved.

PUBLIC COMMENT

Members of the public commented on the need to evaluate the middle school schedule.

NEW BUSINESS

Mrs. Walsh noted that there should be an evaluation of the middle school and high school schedules, and that teachers should be involved in the process.

Mr. Marathe noted that the business meeting scheduled for May 25th will start at 7:45 due to a conflict with the superintendent's schedule.

Upon motion by Mr. Yang, seconded by Mr. Wieck, and by the unanimous voice vote of all present, the meeting adjourned at 9:55 p.m.

Larry Shanok, Board Secretary

Curriculum

1. To approve the superintendent's recommendation to continue the implementation of Literacy in the Content Area (LCA) for Grade 6 and Grade 7 and change the LCA for Grade 8 to be embedded in the regular curriculum for the 2004-2005 school year; and to study the middle school schedule and Literacy in the Content areas with a report back to the Board of Education by January 1, 2005.

The board discussed the above item in depth, acknowledging that there are tough choices to be made. Do we want more elective choices, or longer class periods? However, our options are limited at the present time due to time constraints as well as curricular issues. Dr. Loretan said that it will take some time to re-evaluate the program, but choices were made and subsequently put into practice during this school year. SUPERINTENDENT'S COMMENTS

Dr. Loretan said that tonight we will honor the Science Olympiad winners; also, we honored teachers and administrators who are retiring. COMMUNITY MIDDLE SCHOOL STUDENTS PRESENT: “Why We Need Defibrillators”

Eighth grade students from Community Middle School offered a short presentation on the need for defibrillators in all district schools. This ten month project involved a great deal of research on the part of the students, who not only became certified in CPR, but who also met with assembly persons, Linda Greenstein and Bill Baroni petitioning them to sponsor a bill that would require defibrillators in all New Jersey schools.

SUPERVISORY STRUCTURE MODEL WITH EXCEPTIONALITY LINK

Dr. Judith Koru offered a PowerPoint presentation on the proposed supervisory structure. She noted that there were many discussions held with the administrators who looked at several different models to come up with one that best meets the needs of all students. Concentrating on K – 8 they also took into consideration financial constraints while aligning the curriculum in social studies, math, language arts, and science. Differentiated instruction within the classroom will include extensive teacher training and professional development which will be provided through summer seminars, October’s in-service day, as well as five other days during the school year to three annual cohorts of teachers. Board members asked questions on various aspects of the proposed structure. The Board will vote on the model on June 22, 2004.

STRATEGIC PLANNING

Jon Cosse reported on the continuing progress of strategic planning. He noted that the Action and Core Teams met and are finalizing their portions of the strategic plan. The Measurement Team will meet later this month and the Core Team will reconvene in October. It is hoped that the Board of Education will approve the plan in fall 2004.

PUBLIC COMMENT

Members of the public commented on the middle school schedule, the LCA class, and the supervisory structure and exceptionality initiative.

COMMITTEE REPORTS

Administration

Mrs. Geevers noted that there needs to be more discussion on the responsibilities of the administration committee as it pertains to the facilities, student enrollment and planning component and would like feedback on the policy changes broadening the role and function of the current administration committee.

Curriculum Committee

Mrs. Bocarsly noted that the curriculum committee is in support of the proposed supervisory structure and exceptionality initiative.

The agenda was then reviewed in detail.

EDUCATION

Mrs. Bocarsly moved to approve the following motion which Mrs. Geevers seconded:

Curriculum

1. To approve the superintendent's recommendation to continue the implementation of Literacy in the Content Area (LCA) for Grade 6 and Grade 7 and change the LCA for Grade 8 to be embedded in the regular curriculum for the 2004-2005 school year; and to study the middle school schedule and Literacy in the Content Area and report back to the Board of Education by January 1, 2005.

Discussion ensued before vote was taken..

Mrs. Bocarsly said that the curriculum committee feels that we have to continue to study and re-evaluate the middle school schedule, but unanimously recommends that the board accept the superintendent's recommendation for the coming school year. The administrators will work to tighten up the LCA class during the summer months as well as look at ways of possibly delivering PRISM in another way.

At 10:30, by unanimous voice vote, the board agreed to continue the meeting for another hour.

By roll call vote with all board members present voting yes, with the exception of Mr. Katz and Mr. Yang who abstained, the following board action was unanimously approved:

Curriculum

1. To approve the superintendent's recommendation to continue the implementation of Literacy in the Content Area (LCA) for Grade 6 and Grade 7 and change the LCA for Grade 8 to be embedded in the regular curriculum for the 2004-2005 school year; and to study the middle school schedule and Literacy in the Content Area and report back to the Board of Education by January 1, 2005.

At 10:30, by unanimous voice vote, the board agreed to continue the meeting for another hour.

Upon motion by Mrs. Bocarsly, seconded by Mr. Yang, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

Educational Consultant

2. To approve an educational consultant from the Texas Instruments Company to present a one-day workshop to train mathematics teachers on the use of technology software for the mathematics curriculum in the amount of \$1,975.

STUDENT POPULATION IMBALANCES

Dr. Cosse reviewed the proposed process for studying “imbalances in pupil populations,” especially at the middle and high school levels. This came about by the following motion which was made by Mrs. Hasling at the agenda meeting of the board on April 13th:

To direct the administration to formulate an approach to studying the question of the student population imbalance and capacity at the 6-12 schools and return to the Board with a proposal for this process on or before the June 8, 2004, Board meeting.

It is proposed that the administration committee be expanded to include responsibilities related to facilities, student enrollment and planning. The committee would be called the Administration & Facilities Committee. This committee is not intended to become a facilities committee per se, nor a building and grounds committee. Rather, it is proposed that this committee maintain oversight for enrollment growth and decline, study the capacity of all schools/facilities to adequately house our students, with the result of fully understanding our individual school’s potentials for accommodating increasing numbers of students and programs. Over time, our district has created a variety of committees to examine redistricting and to study capacity. This new role for the administration committee will provide the means to monitor enrollment yearly and to make appropriate recommendations regarding the issues related to individual school capacity and enrollment. The committee will continue to study the issue and come back to the Board with recommendations.

LIAISON REPORTS

West Windsor Planning Board

Mr. Smith noted that at a recent meeting of the West Windsor Planning Board there was some discussion about changing the incentives for developers with respect to affordable housing obligations. It seems that there may be proposal coming up that would allow developers who want to build non-residential structures on land zoned residential to handle what would otherwise be the affordable housing obligation rather flexibly. He is not sure what that would mean for the district, but wanted the board to be informed if they heard any talk to that effect.

West Windsor-PTA/PTSA

Mrs. Geevers noted that the PTA presidents met with Dr. Loretan today. Among the topics discussed were Strategic Planning, the fact that the district will be raised to a "J" district by the state, an update on summer curriculum writing, a prom incident, and concerns about Wicoff's kindergarten enrollment being sharply down and how it would be addressed.

PUBLIC COMMENT

Members of the public commented on enrollment and capacity, the LCA class, and the middle school schedule.

Upon motion by Mrs. Bocarsly, seconded by Mr. Yang, and by the unanimous voice vote of all present, the meeting adjourned into closed session to discuss negotiations and personnel matters

at 11:20 p.m. The meeting returned to open session at 12:29 a.m. Upon motion by Mrs. Walsh, seconded by Mr. Smith, and by unanimous voice vote, the meeting adjourned at 12:30 a.m.

Larry Shanok, Board Secretary

Prepared by:

Elizabeth L. O'Hare

**MINUTES OF BUSINESS MEETING HELD
June 22, 2004**

The Business Meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 7:30 p.m. in the Grover Middle School commons area. The following board members were present:

Ms. Patricia Bocarsly	Mr. Hemant Marathe
Ms. Linda Geevers	Ms. Ellen Walsh
Mr. Robert Johnson	Mr. Henry Wieck
Mr. Stan Katz	Mr. Liyou Yang

Board member Stephen Smith was absent. Present also were: Dr. Robert Loretan, Superintendent of Schools; Dr. Jon Cosse, Assistant Superintendent for Pupil Personnel Services; Mr. Larry Shanok, Assistant Superintendent for Finance and Support Services, Dr. Judith Koru, Interim Assistant Superintendent of Curriculum and Instruction; and Mrs. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

SUPERINTENDENT'S COMMENTS

Dr. Loretan noted that High School North held its Graduation Exercises earlier and it was an excellent program. He was very proud of the students who graduated from High School North and is looking forward to the graduation ceremony for High School South tomorrow evening.

COMMITTEE REPORTS

Curriculum Committee

Mr. Wieck reported that the curriculum committee last met on June 17th. At that time discussions were held concerning options regarding the possibility of changing the guidance director's position and responsibilities, recommendations for approval of textbooks, overnight field trips, educational consultants, World Language graduation requirements, Wicoff School attendance areas and small kindergarten enrollment, and the NJASK test scores.

Administration Committee

Mrs. Geevers noted that at its last meeting the administration committee discussed the following: broadening the function of the committee to include facilities, enrollment at Wicoff and Town Center, and agreed that the cut off date for Kindergarten should remain the same.

Finance Committee

Mr. Katz said that at its last meeting the finance committee discussed tonight's finance agenda items. Most items are routine.

Upon motion by Mr. Wieck, seconded by Mrs. Bocarsly and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

 - b) Prentice Hall Mathematics, Algebra I for students in Grades 6-8.

 - f) Precalculus (Mathematics for Calculus) for students in Grades 9-12.
 - g) Ouvertures for students in Grades 9-12.
 - h) Dans le Vent, Fourth Edition for students in Grades 9-12.
 - i) Revistas for students in Grades 9-12.
 - j) Entre mundos for students in Grades 9-12.
 - k) Sendas Literarias for students in Grades 9-12.

Bob recapped the supervisory structure model for which he is asking approval. He feels that supervisors being supervised jointly by both the assistant superintendent for curriculum and instruction and the building principals rather than just the assistant superintendent offers more of a buy-in by building instructional leaders.

Upon motion by Mr. Wieck, seconded by Mrs. Bocarsly and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

Supervisory Structure

1. To approve the recommended supervisory structure model including the Exceptionality Initiative as reviewed at the meeting on June 8, 2004.

The board discussed the agenda item relating to professional development training for teachers in differentiated instruction in connection with the exceptionality initiative. Mr. Feder fielded questions from the board with regard to the teacher training schedule, and the merits of differentiated instruction, while Dr. Loretan noted that this is a three tiered model which will benefit all children.

Upon motion by Mr. Yang, seconded by Mrs. Bocarsly and by roll call vote with all board members present voting yes, the following board actions were unanimously approved:

2. To approve the agreement with Columbia University for professional development services related to differentiated instruction as presented at the meeting on June 8, 2004. The cost of the services will not exceed \$30,000 per year for three years.

Consultants

3. To engage the following professional educational services:
 - a) Rosalea Courtney, who will provide a program on performance-based assessment for 2.5 days for a fee of \$1,250 for middle school science teachers.
 - b) Tara Miller, Plainsboro Preserve, for middle school science teachers for a two-day in-service workshop for a fee of \$600.
 - c) Russ Walsh for a one-day workshop on concept-driven literature circles for a fee of \$400.
 - d) Elaine Thompson, who will provide a program on guided reading for teachers in Grades 1 and 2 for a fee of \$2000.

Upon motion by Mr. Wieck, seconded by Mr. Yang, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

Field Trips

5. To approve the following student overnight field trip requests for the 2004-2005 school year:
 - b) High School South band to Camp Neumann, Newtown, Pennsylvania, from August 29-September 2, 2004, approximately 75 students. This trip provides an opportunity for band members to train in a relaxed and positive environment. The cost of the trip is \$100 per student.
 - c) High School South band to compete in a regional band competition at Pennsylvania University, Philadelphia, Pennsylvania, from October 9-10, 2004, approximately 75 students. The cost is \$40 per student.
 - d) High School South Outdoor Adventure Club to Chincoteague and Assateague Island National Seashore and Wildlife Refuge, from October 8-10, 2004, approximately 180 students. The cost is \$50 per student.
 - e) High School South Outdoor Adventure Club to Round Heath, Stowe, Vermont, from December 17-19, 2004, approximately 180 students. The cost is \$210 per student.

Mrs. Bocarsly moved to approve the following agenda item. Mr. Wieck seconded the motion.

- a) High School South Symphony Orchestra and Concert Choir to Scotland, from March 23-31, 2005. The cost of the trip is estimated to be \$1,850; students will pay the cost of the trips, which will be offset by fundraising. (Seven days of the trip are during spring recess 2005.)

Concern about the cost of this field trip was raised and the board discussed the possibility of putting a cap on field trip costs and developing a policy. Mr. Katz wants to table this item until July 13th, but concern was

raised that waiting until July might jeopardize participation in the trip. Dr. Koru will talk to Mr. Rudnick tomorrow in an effort to get the answers to board members questions.

Mr. Katz moved to postpone this item until Thursday, June 24th; a delay until the July board meeting will jeopardize participation in the trip by students. Mrs. Geever seconded the motion, and by unanimous voice vote, the motion was postponed and will be voted on either on June 24th or July 13th.

ADMINISTRATION

Dr. Loretan told the board of the detrimental effect the proposed legislation S1701/A99 as it is currently written would have on our district. It would adversely affect our ability to continue to deliver the exceptional programs we provide for our students. Mrs. Bocarsly suggested that the board pass a resolution deploring this legislation.

Upon motion by Mrs. Bocarsly, seconded by Mrs. Geever, and by roll call vote, with all board members present voting yes, the following board resolution was unanimously approved:

“The West Windsor-Plainsboro Regional School District strongly opposes the legislation in bills S1701/A99, as proposed and amended. These bills will have a very detrimental impact on education in the district and a few of the problems are indicated in the notes accompanying this resolution.”

There was a discussion at the meeting of June 8th concerning the expanded role of the Board of Education Administration Committee. Therefore, tonight should be considered a first reading of a change in policy #0155, Board Committees. Language changes to policy #0155 include:

Renaming the current Administration Committee to Administration and Facilities Committee and changing this committee’s responsibilities to read as follows:

The Administration and Facilities Committee shall review and advise the Board of Education on issues relating to overall district operations, district planning, district facilities, student enrollment and planning, community relations, Board operations, and policy matters affecting students and employees.

The second reading and approval of this policy will take place on July 13th.

EDUCATION

Upon motion by Mr. Wieck, seconded by Mr. Marathe, and by roll call vote, with all board members present voting yes, the following board actions were unanimously approved:

1. To approve the list of overnight field trips for the 2003-2004 school year for High School North and High School South.
2. To approve the overnight field trip for High School South, for the Project Adventure Club, to Greenwood Lake, High Point State Park, New Jersey on October 4-5, 2003. The purpose of the trip is to hike the last leg of the Appalachian Trail, resulting in the club hiking the entire New Jersey portion. The cost of the trip, \$35 and will be provided by fundraisers.
3. To approve the overnight field trip for the Community Middle School, for the Amigos club to the Delaware Water Gap, New Jersey on September 19-20, 2003. The purpose of the trip is for student bonding and team building among the Amigos group by participating in overnight camping and a canoe trip down the Delaware River. The cost of the trip is \$50 and will be provided by fundraisers.

Mrs. Epstein commented that she would like us to be conservative about field trip expenditures, especially in these economic times, as well as sticking to field trips that are educationally sound.

LIAISON REPORTS

Mrs. Epstein noted that the Plainsboro Arts Festival is coming up on September 20th.

NEW BUSINESS

Mr. Katz motioned to create a board ad hoc committee to study the assignment of students who will be residing in the Toll Brothers development. Mr. Marathe seconded the motion.

The board then discussed whether or not it is necessary to create a committee to study this issue, but in general the board agreed that it would be a good idea in order to study the philosophical ramifications, to identify issues surrounding the assignments of these students, and to suggest solutions. There should also be a timeline established for the committee to report back to the board.

Mr. Wieck informally suggested that after the word study, to add “the issues surrounding.”

Amendment

Mrs. Geevers moved to amend the motion by adding: “the committee should come back to the board with an initial report no later than the December 2003 agenda meeting.” Mr. Yang seconded the motion, and by roll call vote, with all board members present voting yes, the amendment was unanimously approved.

Vote on Main Motion/Amendment

Upon motion by Mr. Katz, seconded by Mr. Marathe, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

“To create a board ad hoc committee to study the issues surrounding the assignment of students who will be residing in the Toll Brothers development. The committee should come back to the board with an initial report no later than the December 2003 agenda meeting.”

PUBLIC INPUT

Members of the public commented on opening of school issues surrounding transportation, the Capacities Committee, co-curricular clubs, and procedural suggestions for board meetings. Ms. DiColo, president of the WWPEA, offered the assistance of teachers when developing next year’s budget.

The meeting adjourned at 10:25 p.m.

**MINUTES OF BUSINESS MEETING HELD
September 23, 2003**

The Business Meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Stephen Smith at 7:45 p.m.in the Grover Middle School commons area. The following board members were present:

Mrs. Pat Bocarsly	Mrs. Diane Hasling	Mr. Stephen Smith
Mrs. Michele Epstein	Mr. Stan Katz	Mr. Henry Wieck
Mrs. Linda Geevers	Mr. Hemant Marathe	Mr. Liyou Yang

Present also were: Dr. Robert Loretan, Superintendent of Schools; Dr. Jon Cosse, Assistant Superintendent for Pupil Personnel Services; Mr. Larry Shanok, Assistant Superintendent for Finance and Support Services, and Dr. Judith Koru, Interim Assistant Superintendent of Curriculum and Instruction.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

SUPERINTENDENT'S COMMENTS

Dr. Robert Loretan said that he has been touring district schools during the past week and noted that he has observed our talented teachers and very focused students.

BOARD PRESIDENT'S COMMENTS

Board President Stephen Smith discussed two committees: Capacity Committee, which will discuss capacity issues at High School North and High School South, and the committee to study the assignment of students who will be residing in the Toll Brothers development.

PRESENTATIONS/REPORTS

Presentation of the Health/Physical Education Program Evaluation

External Evaluator and Facilitator, Dr. Richard Fopeano, presented the Health/Physical Education Program Evaluation to the Board. He noted that the evaluation which began last winter compared the State Department of Education standards to what the district was actually doing in the area of health and physical education. Two major findings include the need to have a written curriculum, K-12, for health and physical education and the need for vertical as well as horizontal articulation among the health/physical educators and, ideally, a supervisor to oversee the health and physical education program. The board discussed various aspects of the report with Dr. Fopeano. Dr. Loretan said he will meet with the administrators to discuss the report, coordinate ideas and formulate plans to move ahead to implement changes in the program.

PUBLIC INPUT

Members of the public commented on technology programs in district schools, cuts in co-curricular activities, status of the Budget Process Committee, Strategic Planning, the High School Capacities Committee, and the Health and Physical Education Evaluation.

ADMINISTRATION

Mr. Smith said that membership for several board committees has not been finalized as yet.

At 9:10, Mr. Katz moved to take a ten minute break in order to finalize membership for three remaining board committees. Mrs. Geevers seconded the motion and by roll call vote, with all board members present voting yes, the motion was approved.

The board reconvened at 9:20.

Mr. Smith then announced the membership of the remaining three board committees as follows: The Toll Brothers Issues Committee, Stan Katz, chair, members Pat Bocarsly, Liyou Yang, and Stephen Smith; the Budget Process Review Committee, Hemant Marathe, chair, members Michele Epstein, Linda Geevers, and Henry Wieck; and The Committee to Study High School Capacity will be chaired by Jon Cosse; high school students, Adam Lewis and Michael Mandel, and the balance of the membership to be announced shortly.

Mr. Marathe moved that the board go into closed session immediately following the business meeting for the purpose of discussing membership of the Committee to Study High School Capacity. Mr. Yang seconded the motion and by voice vote, the motion was approved.

COMMITTEE REPORTS

Administration Committee

Mrs. Hasling noted that at its last meeting the administration committee reviewed the schedule for strategic planning. On October 16th, the committee will meet with various stakeholders and the board prior to the public forum scheduled for 7:30 p.m. Key leader training sessions will be held in October and November, and a core team meeting is scheduled for February.

Mr. Schumacher is reviewing final changes to the policy manual. It is anticipated that the CD should be ready within the month.

Finance Committee

Mr. Katz reviewed the minutes of the most recent finance committee meeting held on September 16th. Among the topics discussed were: agenda items for this evening's meeting, facilities planning, legal issues, and acquisition of Trapeze software.

Discussion on Facilities Planning

Mrs. Katz presented the finance committee's recommendation of a template for facilities planning. The committee recommends a short-range committee to identify immediate needs; a medium-range committee, 2-4 years, with a possible referendum; and a long-term committee, over 5 years and linked to strategic

planning. The board discussed the recommendation and generally determined that three committees would be too many. Dr. Loretan summarized and suggested two committees, a short term and a long-range committee tied in with strategic planning.

FINANCE

Upon motion by Mr. Katz, seconded by Mr. Marathe, and by roll call vote, with all board members present voting yes, the following board actions were unanimously approved:

4. To approve the Change Order No. 1 to the storm drainage repair contract of Seminole Contracting Company for Wicoff Elementary School to install additional drainage and an inlet in the courtyard as recommended by Popoli Engineering, for an increase of \$3,900. This change order increases the contract amount of \$80,804.00 to \$84,704.00.

Upon motion by Mr. Katz, seconded by Mr. Marathe, and by roll call vote, with all board members present voting yes, the following board actions were unanimously approved:

Wicoff Easement

7. Whereas, the West Windsor-Plainsboro Regional Board of Education (“Board”) is the owner of certain property identified at Block 21, Lot 2.04 on the Village of Plainsboro Tax Map (“Property”); and

Whereas, the J.B.V. Wicoff Elementary School is located on the Property; and

Whereas, the Village of Plainsboro has requested that it be granted a 20-foot sewer easement and 10-foot construction easement to permit the construction and maintenance of sewage facilities along the southeast side of the Property adjacent to Edgemere Avenue; and

Whereas, the Sharbell Development Corp. (“Developer”), the developer of a nearby tract, will construct the sewage facilities; and

Whereas, the Developer has offered to pay the Board \$26,100.00 for the easement; and

Whereas, pursuant to *N.J.S.A. 18A:20-6* the Board is permitted to convey an interest in land directly to a political subdivision of the State without first advertising the property interest for sale; and

Whereas, the Board desires to enter into a Developer’s Agreement with the Village of Plainsboro and the Developer for the construction of sewage facilities and to grant the easement to the Village of Plainsboro for the purpose of constructing and maintaining the sewage facilities; now, therefore be it

Resolved, by the West Windsor-Plainsboro Regional Board of Education, that the Developer’s agreement for the construction of sewage facilities over part of the Property and the conveyance of an easement to the Village of Plainsboro for the construction and maintenance of said sewage facilities is approved; and be it further

Resolved, that the Board President and Board Secretary are authorized to execute said Developer’s Agreement and Easement subject to the review and approval by the Board Attorney as to form.

The board then engaged in a discussion of what to do with the \$26,100 received from Plainsboro Township for the easement.

Mr. Wieck moved to earmark the \$26,100 received for the easement for extracurricular activities. Mr. Yang seconded the motion.

Discussion continued about whether it is wise to set a precedent on this issue, which could impact budgetary decisions for years to come. Dr. Loretan said that he would sit down with the building principals to get their input and come back to the board as soon as possible with recommendations.

Mr. Wieck moved to postpone voting on the motion until the next board meeting. Mrs. Epstein seconded the motion, and by roll call vote, with all board members present voting yes, with the exception of Mr. Katz and Mr. Yang who voted no, the motion to postpone was approved.

At 10:30 p.m., by unanimous voice vote, the board agreed to continue the meeting for an additional hour.

COMMITTEE REPORTS

Administration Committee

Mrs. Hasling reported that Dr. Steve Barone, external facilitator for the strategic planning endeavor, will be in the district on Thursday and Friday of this week meeting with staff members and hosting the Strategic Planning forum on October 16th. We are still awaiting completion of the policy manual.

Curriculum Committee

Mr. Wieck reported that the following topics were addressed at last night's meeting: ongoing language arts/grammar discussion, two new courses proposed for the High School Program of Studies, QAAR, field trips, fundraisers, a presentation by Dave Prutow on the Annual District Testing Report, the FLAP grant, and further discussion on the Exceptionality Initiative.

Finance Committee

Mr. Katz reported that the next meeting of the finance committee is scheduled for October 22nd when the committee will be receiving and reviewing an advance copy of the annual audit report.

Budget Process Committee

Mr. Marathe said that the committee would be prioritizing, reviewing issues, and devising ways of improving the budget process. A report will be presented to the board at the November meeting.

Toll Brothers Committee

The committee is awaiting additional background materials before setting a meeting date.

Survey Committee

Mrs. Epstein said the committee has scheduled a meeting in two weeks to wrap up everything.

High School Capacity Committee

Dr. Cosse reported that the capacity committee has had its first meeting. Before the next meeting the high school principals will submit data on capacities of their schools. Dave Fraytak will attend the next meeting as a consultant.

The agenda was then reviewed in detail.

EDUCATION

Dr. Loretan presented an overview of the No Child Left Behind Act signed into law by President Bush in January 2002. He explained the details of Adequate Yearly Progress and how such information affects our schools and reviewed the information regarding Highly Qualified Teachers. This new law represents some of the most significant changes to the Elementary and Secondary Education Act (ESEA) since it was enacted in 1965.

ADMINISTRATION

Dr. Loretan reviewed his proposal for restoring some of the co-curricular activities at High School North and High School South. Some would be funded by a percentage of monies from the No Child Left Behind initiative, but the bulk of the clubs would be financed with the funds received from the sewer easement project.

Upon motion by Mr. Wieck, seconded by Mrs. Bocarsly, and by roll call vote, with all board members present voting yes, the following board action was unanimously approved:

The Board conceptually approves the Superintendent's recommendation to allocate additional funding for co-curricular activities. This motion supplants the motion of September 23, 2003 relating to the use of easement dollars for co-curricular activities.

The original motion read as follows:

Mr. Wieck moved to earmark the \$26,100 received for the easement for extracurricular activities. Mr. Yang seconded the motion.

Larry Shanok, Board Secretary

Prepared by:

Elizabeth L. O'Hare

**MINUTES OF BUSINESS MEETING HELD
October 28, 2003**

The Business Meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Stephen Smith at 7:40 p.m. in the Grover Middle School commons area. The following board members were present:

Mrs. Pat Bocarsly	Mrs. Diane Hasling	Mr. Stephen Smith
Mrs. Michele Epstein	Mr. Stan Katz	Mr. Henry Wieck
Mrs. Linda Geevers	Mr. Hemant Marathe	Mr. Liyou Yang

Present also were: Dr. Robert Loretan, Superintendent of Schools; Dr. Jon Cosse, Assistant Superintendent for Pupil Personnel Services; Mr. Larry Shanok, Assistant Superintendent for Finance and Support Services, and Dr. Judith Koru, Interim Assistant Superintendent of Curriculum and Instruction.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

PRESENTATIONS/REPORTS

Annual Audit Presentation

Mr. Scott Clelland of Ernst & Young, LLP delivered an overview of the annual audit report to the board. The audit covers the financial transactions of the Board Secretary/Business Administrator and the Treasurer of School Monies, the activities of the Board of Education, and the records of the various funds under the auspices of the Board of Education. Mr. Clelland reviewed the findings, along with recommendations for improvement. The findings occurred in the areas of Financial Planning, Accounting, and Reporting, Other Special Federal and/or State Projects, Application for State School Aid, and Student Body Activities. A Corrective Action Plan has been submitted to the board and will be voted on later in this meeting. Mr. Clelland noted that this year's report was very clean and reflects well on the district. The report stated that the district is in sound financial condition.

Annual District Testing Report

David Prutow, director of guidance, presented the 2003 District Testing Report to the board. This annual report highlights the results of the standardized tests administered to district students as well as the SAT and PSAT scores. Mr. Prutow reviewed the results of the NJASK and TerraNova, as well as ESPA, GEPA scores, HSPT, PSAT, SAT, and AP scores. The report was well received by the board. With regard to the ongoing concern of the board about the discrepancy between the SAT verbal and math scores, it continues to be the belief of the administration that this is mainly due to the number of students whose primary language is not English. It should be noted that the district has consistently maintained SAT scores that are far above state and national levels as well as producing more National Merit Scholars than any other district in New Jersey. The class of 2004 has an unheard of 30 National Merit Scholar

semifinalists. The complete report is available on the district web site, and copies are available in the central office.

PUBLIC INPUT

Members of the public commented on the possibility of a community group raising funds for field lights for High School North, and the need to inform the public about where the funds for restoring co-curricular clubs are coming from.

Mr. Wieck departed the meeting at 9:02 p.m.

**MINUTES OF WORK/AGENDA MEETING HELD
November 11, 2003**

The Work/Agenda Meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Stephen Smith at 6:30 p.m. in the faculty dining room of the Grover Middle School and adjourned immediately into Closed Executive Session to discuss litigation/personnel. The meeting reconvened into public session at 7:30 p.m. in the Grover Middle School commons area. The following board members were present:

Mrs. Pat Bocarsly	Mr. Stan Katz
Mrs. Michele Epstein	Mr. Hemant Marathe
Mrs. Linda Geevers	Mr. Stephen Smith
Mrs. Diane Hasling	Mr. Henry Wieck

Board member Liyou Yang was absent. Present also were: Dr. Robert Loretan, Superintendent of Schools; Dr. Jon Cosse, Assistant Superintendent for Pupil Personnel Services; Mr. Larry Shanok, Assistant Superintendent for Finance and Support Services, and Dr. Judith Koru, Interim Assistant Superintendent of Curriculum and Instruction.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

SUPERINTENDENT'S COMMENTS

Dr. Robert Loretan shared with the board his thoughts about what Veteran's Day means to him. He noted also that district schools acknowledged the significance of this day in an effort to keep our students aware of the need to honor the men and women who have defended our country in the past as well as those who are continuing to defend America today.

BOARD PRESIDENT'S COMMENTS

Also commenting on Veteran's Day, Board President Stephen Smith noted that Grover Middle School was named after a resident of our community who died serving his country during the Viet Nam War.

STUDENT REPRESENTATIVES' COMMENTS

Doug Robl, High School North, and Avantika Mishra, High School South, reported on events at their respective high schools. Avantika noted that High School South is busy preparing for the fall drama, *Our Town*, as well as celebrating a successful fall sports season, and a first place win by the Marching Band in a recent competition. South students recently hosted a blood drive, sponsored the "Hall of Honor," which recognized alumni and teachers, and are especially proud of the 15 students named as national merit scholar finalists. Of concern to students is a crowded orchestra room. Doug reported that the new schedule continues to go well, and noted the college application

“frenzy” that North’s seniors are embroiled in, as well as celebrating a successful choir performance last evening in the State Assembly chambers. North students also enjoyed a successful homecoming two weeks ago and are looking forward to the fall drama performance of *Cyrano de Bergerac* this weekend. Of concern are issues related to back-to-back open campus lunch and study hall.

PRESENTATION: EDUCATION FOUNDATION

Denise Dwyer, president of the WW-P Education Foundation, presented an overview of the mission of the Education Foundation. She noted that, since its inception the Foundation has awarded \$88,000 in grants to 115 projects. The annual dinner dance has earned \$25,000 each of the last three years. Denise said that the membership is looking to expand and revitalize the Foundation and said that they hope to appoint a director to help the Foundation and the community with the goals of the Foundation.

PUBLIC INPUT

Members of the public commented on co-curricular concerns at the middle school level.

Curriculum Committee

Mr. Wieck reported that the next meeting of the curriculum committee is scheduled for November 13th.

Finance Committee

Mr. Katz said that the next meeting of the finance committee is scheduled for November 18th.

Capacity Committee

Dr. Cosse told the board that the capacity committee will meet again next week with the architect and will also be conducting a walk through with the two high school principals.

ADMINISTRATION

Upon motion by Mr. Marathe, seconded by Mr. Wieck, and by voice vote, the following board action was unanimously approved:

American Education Week Resolution

Whereas, public schools are the backbone of our democracy, providing young people with the tools they will need to maintain our nation's precious values of freedom, civility, and quality; and

Whereas, by equipping young Americans with both practical skills and broader intellectual abilities, schools give them preparation for, and access to, a productive future; and

Whereas, employees of the public school system in the West Windsor-Plainsboro Regional School District work tirelessly to serve children and the communities with care and professionalism; and

Whereas, schools are community linchpins, bringing together adults and children, educators and volunteers, and business leaders and elected officials in a common enterprise; now therefore be it

Resolved, that the West Windsor-Plainsboro Regional School District hereby proclaims November 17-21, 2003, as the 81st observation of National Education Week.

FINANCE

Upon motion by Mr. Katz, seconded by Mr. Marathe, and by voice vote, the following board actions were unanimously approved:

Change Order

1. To approve Change Order No. 1 to the HVAC contract of WHL Entr. t/a Bill Leary, for the Wicoff Library Addition for the unused allowance balance as recommended by Faridy Veisz and Fraytak for a credit of \$5,000.00. This change order decreases the contract amount of \$54,000.00 to \$49,000.00.
2. To approve Change Order No. 2 to the contract of Bradford Mechanical, Inc., for the toilet room renovations at High School South, for the unused allowance balance as recommended by Faridy Veisz and Fraytak for a credit of \$964.25. This change order decreases the contract amount of \$73,000 to \$72,035.75.

PERSONNEL

The board engaged in a discussion on why a volunteer coach is on the agenda and the possible budgetary implications that could arise. Both Dr. Cosse and Mrs. Boyko said that the administration

simply wants to formally recognize volunteers for insurance purposes and background checks. The administration will monitor to ensure that a volunteer does not replace a stipend position.

Mr. Katz moved to pull the name of the volunteer coach (without prejudice), return to the status quo of not formally recognizing volunteer coaches until the administration committee can come to a solution regarding this issue. Mrs. Epstein seconded the motion, and by roll call vote, with all board members present voting yes, with the exception of Mr. Marathe who voted no, the motion was approved.

Upon motion by Mr. Marathe, seconded by Mrs. Bocarsly, and by roll call vote, with all board members present voting yes, the following board actions were unanimously approved:

**MINUTES OF BUSINESS MEETING HELD
NOVEMBER 25, 2003**

The Business Meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Stephen Smith at 6:35 p.m. in the faculty dining room of the Grover Middle School and adjourned immediately into Closed Executive Session to discuss negotiations/personnel matters. The meeting reconvened into public session at 7:55 p.m. in the Grover Middle School commons area. The following board members were present:

Mrs. Pat Bocarsly	Mrs. Diane Hasling	Mr. Stephen Smith
Mrs. Michele Epstein	Mr. Stan Katz	Mr. Henry Wieck
Mrs. Linda GeEVERS	Mr. Hemant Marathe	Mr. Liyou Yang

Present also were: Dr. Robert Loretan, Superintendent of Schools; Dr. Jon Cosse, Assistant Superintendent for Pupil Personnel Services; Mr. Larry Shanok, Assistant Superintendent for Finance and Support Services, and Dr. Judith Koru, Interim Assistant Superintendent of Curriculum and Instruction.

CONVENE

Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

BOARD PRESIDENT'S COMMENTS

Mr. Smith wished everyone a Happy Thanksgiving and also noted that today was the end of the Muslim observance of Eid El Fitr.

PUBLIC COMMENT

Members of the public commented on traffic safety issues in and around district's High School North, Community and Millstone Schools.

Mr. Shanok noted that there was a meeting with Plainsboro Township officials and the school administration on this topic.

EDUCATION

Mr. Dave Prutow, Director of Guidance reviewed the new state graduation requirements for the board. While all changes were reviewed, of particular interest is the state's revision of its world language requirement. The state has revised this requirement from two years to one year of a world language beginning with the freshman class of 2004-2005. Mr. Prutow reviewed three options for the board's consideration:

- a. Leave the World Language Requirement at two years (10 credits)

- b. Adopt the NJDOE Amendment reducing the World Language Requirement to One Year.
- c. Adopt a Two-Year World Language Requirement with an Exception Clause.
(At least 10 credits in World Languages or student demonstration of proficiency for all regular education students who have attended a West Windsor-Plainsboro high school full time for three years or more. At least 5 credits in world languages or student demonstration of proficiency for all other students, effective with the 2004-2005 grade nine class.)

The board discussed each of the three options and reviewed the pros and cons of each option. It should be noted that the Curriculum Committee is in favor of option C.

Mrs. Bocarsly moved that the Board adopt option C. Mr. Wieck seconded the motion.

Mr. Marathe then moved to amend Mrs. Bocarsly’s motion by substituting option B. SUPERINTENDENT'S AND BOARD PRESIDENT'S COMMENTS

Comments centered on holiday events and wishes for a happy holiday season.

SPECIAL REPORT: CAPACITY COMMITTEE

Jon Cosse, Assistant Superintendent for Pupil Personnel Services, presented an overview of the mission of the Capacity Committee. In his comments he distinguished between functional and educational capacity. The committee settled on the use of 26 students per class as a means of gaining understanding of capacity. The committee reached consensus on the submitted report. Capacity is not a fixed number. The report applies a fair and comparable methodology in the determination of the capacity of each high school. By this process capacity at High School North is 1,850 and at High School South 1,510. Dr. Cosse thanked all members of the committee for their efforts.

District architect David Fraytak discussed elements of the analysis. This included the fact that the 85% utilization factor that was used can be adjusted when needed.

Board discussion explored the consensus nature of the report; committee members were uniform in stating their agreement with the report. With the central conclusion of the report in hand, the Board used the presence of the committee members to explore additional areas. This resulted in a wide ranging discussion. These included use of something other than the 85% factor; class sizes; a likely peak enrollment of 3,200; renovating/improving selected rooms so as to increase capacity; changes in Physical Education/Health periods; and principal's views on enrollment comfort levels; and possible program adjustments so as to bring usage at each school within capacity. The Board was uniform in expressing its appreciation of the committee's work.

Given the current enrollment, capacity is at 103% at South and 68% at North. Overall, the district is at 84% of the high school capacity.

PUBLIC COMMENT

Members of the public commented favorably on the committee’s efforts and raised issues of how much the public can afford to pay in support of education and on the need to shift some students from South to North.

COMMITTEE REPORTS

Administration Committee

Mrs. Hasling reported on Strategic Planning and Policy efforts.

Curriculum Committee

Mr. Wieck reported that the committee had not met since the last report was given.

Finance Committee

Mr. Katz reported that the finance committee met on December 11th and recommends adoption of tonight’s agenda on finance. In addition, the Administration has been charged with drafting a brief memo on the Facility Planning topic. Several Board members expressed a desire to form a Facilities Committee very soon.

APPROVAL OF MINUTES

Upon motion by Mr. Marathe, seconded by Mr. Yang, and by roll call vote, with all board members present voting yes, the Minutes of the Work Agenda Meeting dated November 11, 2003, the Minutes of Closed Session dated November 11,

2003, the Minutes of Business Meeting dated November 25, 2003, and the Minutes of Closed Session dated November 25, 2003 were unanimously approved.

Two Board members expressed an interest in minutes providing more depth. The Board President suggested it was a useful topic for a Board Retreat.

LIAISON COMMITTEES

Ms. Hasling urged board members to attend School Boards Association’s January 8, 2004 meeting at High School North; the topic is “Making the Grade.” Mr. Smith suggested gaining familiarity with the “Just For Kids” website.

NEW BUSINESS

The Board discussed the need to continue the capacity discussion. This could include adoption of a capacity figure or by proceeding to the stage of having the architect suggest changes that impact capacity. The next step could be a committee discussion or an open Board discussion. The consensus was to place the topic on the agenda for January’s first meeting. In addition, a separate agenda item will be a discussion of possible high school program shifts (to be held at a later BOE meeting).

At 10:30 p.m., upon motion by Mr. Yang, seconded by Ms. Geever and by voice vote, the board approved extending the meeting for an additional hour.

PUBLIC COMMENT

Ms. Dodson commented on the length of time being taken to establish a Facilities Committee. Ms. DiColo commented at some length upon a number of topics including: the absence of teachers on the Capacity Committee; that her offer to be involved in district decisions has not been utilized; and her walk of a school building with PEOSH personnel after her complaint to PEOSH about district facilities. Mr. Kaye spoke on the committee effort; the need for a Facilities Committee; NCLB; the value of zero based budgeting; and the need to aid public understanding of the budget. Ms. Walsh spoke of the need for work to be done at HSS.

Upon motion by Mr. Wieck, seconded by Mr. Marathe and by voice vote, the Board adjourned to closed session to discuss personnel matters at 11:12PM.

The public session resumed at 12:16 AM Wednesday. Upon motion by Ms. Bocarsly, seconded by Mr. Marathe, and by voice vote, the meeting adjourned at 12:18AM Wednesday.
