Alternative Evaluation

1. To adopt the following "Alternative Evaluation of Tenured Teaching Staff Members" resolution, dated August 23, 2005:

Whereas, under the New Jersey Administrative Code *N.J.A.C. 6:3-4.3*, tenured teaching staff members must be observed once annually and must receive a written annual evaluation of their performance; and

Whereas, the West Windsor-Plainsboro Regional School District desires to offer its tenured teaching staff members the option of substituting a high-quality professional growth project for the traditional annual written feedback about performance provided by their immediate supervisor; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education expects all administrators to observe and evaluate teachers in an on-going fashion and this model allows the professional staff to choose a professional growth experience with the goal of increasing student learning as part of the process.

Whereas, a committee of West Windsor-Plainsboro Regional School District administrators and teachers, with the endorsement of the West Windsor-Plainsboro Education Association and the West Windsor-Plainsboro Administrators Association, has researched and developed a model for providing tenured teaching staff with alternatives to written classroom observations; and

Whereas, the New Jersey Department of Education, through its "Equivalency and Waiver" process authorizes districts to strengthen professional growth opportunities by offering tenured teaching staff members the option of replacing written annual evaluations with action-oriented research, curriculum, and other professional projects; now, therefore be it

Resolved, that the Superintendent of Schools is authorized to petition the New Jersey State Department of Education for authorization for an “equivalent” procedures to *N.J.A.C. 6A:5-1.1. et seq.* in order to implement the West Windsor-Plainsboro Regional School District Plan for Alternate Evaluation of Tenured Teaching Staff Members.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

SUPERINTENDENT'S COMMENTS

The Superintendent was pleased to announce that Hazel Bencoter joined the district September 19th as Interim Transportation Coordinator. This is the ninth straight day she has worked improving the transportation situation. The priority is on getting children on to busses and to schools on time. Following that we will pay attention to other transportation issues. Overall, the district is doing a satisfactory job of transporting over 8,000 students to our schools but there are 300-400 students whose situation must be improved.

Mr. Shanok described the events surrounding Transportation since the spring. September 8, 2005 was the first day of school and our transportation system did not perform to our standards. On the morning of the third day the district's head of transportation left the job. A number of district folks from Community Education, High School South and the Business Office were moved to Transportation to help cope with the problems. They made steady progress and with Hazel Bencoter's joining the district on the 19th, improvement will continue.

BOARD PRESIDENT'S COMMENTS

President Marathe apologized for the problems with Transportation and expressed appreciation to Hazel Bencoter for coming to help. When the problems have been sorted out there will be an examination of events by a board committee. This will be done so as to improve the opening of school next year.

FACILITIES REFERENDUM UPDATE

Mrs. Walsh announced the meeting of the Referendum Leadership Team on the 19th. Members include Anthony Fleres, Diane Hasling, Andy Lupo, and Yu-Hua Yan. The next meeting is on the 28th to explore strategy for a successful referendum. A key focal point of communication is to be “Blueprint for Excellence: A Facilities Referendum.” Mr. Wieck inquired whether both questions are covered by these efforts. The consensus of all involved was that all referendum items will receive proper attention from both the district’s responsibility for education about the referendum and the Leadership Team’s efforts to pass both questions.

PUBLIC COMMENT

Three members of the public commented on transportation problems. Most noted that problems have existed for many years. One mentioned that last year had seen an improvement over the other years. Parents noted the lack of proper attitude encompassing customer service at the Transportation office except for the days when the district help made a noticeable difference in how visitors were treated. A speaker noted his pleasure at the appointment of Hazel Benscoter.

COMMITTEE REPORTS

Administration & Facilities Committee

Mrs. Walsh reported that the Administration & Facilities Committee last met on the 14th and reviewed the Long Range Facility Plan with the architect. It provides a simple, user friendly document to serve as a working document for the district. Mr. Kaye noted that the LRFP is a credit to all involved with it principals, staff, and architect. Nonetheless, emergencies will arise and each year there will be the challenge to prioritize specific projects for action since projects are always likely to exceed our resources.

Curriculum Committee

Curriculum Committee has not met since the last meeting of the board.

Finance Committee

Mr. Katz reported that the Finance Committee met on September 20th. Items discussed included Mrs. Walsh’s review of the LRFP – which looks good and ready to go; a discussion of Transportation, both costs and software – problems highlight the need for a solid district database; and a budget preview discussion brings home that this year’s budget will be even more constrained than last time – the need to think about trade-offs and priorities will be even more important in the next budget cycle. Work by the auditor progresses satisfactorily.

Whereas, public schools are the backbone of our democracy, providing young people with the tools they will need to maintain our nation's previous values of freedom, civility, and quality; and

Whereas, by equipping young Americans with both practical skills and broader intellectual abilities, schools give them hope for, and access to, a productive future; and

Whereas, all employees of the public school system in the West Windsor-Plainsboro Regional School District work tirelessly to serve children and the communities with care and professionalism; and

Whereas, schools are community linchpins, bringing together adults and children, educators and volunteers, and business leaders and elected officials in a common enterprise; now therefore be it

Resolved, that the West Windsor-Plainsboro Regional School District hereby proclaims November 14-18, 2005, as the 83rd observation of American Education Week.

Mr. Marathe thanked Ms. Gerri Hutner, Public Relations Officer, for coordinating and facilitating these publications.

PUBLIC COMMENT

Members of the public commented unfavorably about the possibility of a charter school being established in West Windsor. ADMINISTRATION

Discussion of Program of Studies

The board engaged in a discussion of the High School Program of Studies. Dr. Kniewel noted that minor changes have been made from last year and are highlighted for ease of identification. The curriculum committee will do a further review and come back to the board with recommendations. As in the past, annual revisions are expected.

Nancy Icenhower, Director of Guidance for the High School, presented the rationale for moving from printing hardcopies of the Program of Studies annually to having it available online. Our community is comfortable online. She noted that it is very costly to print the program of studies every year for distribution to the entire high school student body. Ms. Icenhower suggested giving a hard copy to incoming freshman and students new to the district and mail annual changes directly to each student's home. Of course, there will always be a number of hard copies available upon request. The board agreed that this was a good concept and fiscally sound as well.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

STUDENT REPRESENTATIVES' COMMENTS

Peter Maa, from High School North, and Gabriela Feiber, from High School South, presented reports from their respective schools. Students at South are busy with choral, band, and orchestra concerts as well as with a book drive to aid Katrina victims. On Friday, January 20th, the student council will host a Sadie Hawkins dance and on February 3rd, students will enjoy the annual "China Night," a cooperative effort with North. The winter sports season is going extremely well with the girls' swim team currently undefeated. North students enjoyed a "Winter Wonderland" Dance in December and are looking forward to the Royal Knights' Ball at the end of January. The annual "Amnesty Hunger Banquet" held last month was a huge success. In February, the student council will sponsor a Valentine's Day flower sale. North's sports teams are also doing well.

REFERENDUM UPDATE

Mrs. Walsh noted that the referendum is two weeks away. The public is well informed, and she thanked the referendum team for all their hard work. The informational video is on the local cable channels Mrs. Walsh said that the WWPEA is working on getting out the vote.

PRESENTATION 2006-2007 BUDGET DISCUSSION – High School Principals

Dr. Loretan said that the first round of the internal budget process is completed, noting that the state law established by legislation, S1701, has been very restrictive on the district.

High School principals, Michael Zappichi and Chuck Rudnick provided the board with a presentation on the high school staffing needs. They reviewed high school accomplishments, enrollment, enrollment projections, and with an emphasis on class sizes. Board members questioned the principals in the areas of course enrollment, FTE's, student/teacher ratio, special needs trends, and sequence of upper level world languages courses.

PUBLIC COMMENT

A high school teacher urged that a greater increase in the number of teaching staff be made at South to continue providing a quality education for our children. Another member of the public commented on the need to offer courses in non-traditional languages.

BUDGET DISCUSSION

The Board of Education began its public discussion of the proposed 2006-2007 budget. High school principals reviewed enrollment and staffing needs, and Larry Shanok presented the first draft considerations in the areas of salaries, energy cost increases, growing enrollment, consequences of S1701, FTE's at district schools, special services, building and grounds, transportation, and technology. He noted that the budget presently shows an operating budget with a 5% increase, but we are looking to lower it. The increase in the total budget is targeted at about 4% at this time. The next meeting will include discussions of K-5 issues and special services. Dr. Loretan noted that we started with a broad base and then we will refine the figures in each area as we work our way through the process. The board will be kept fully informed as we go through the budget procedure. A board member noted that increases in ratable always serves to mitigate the tax impact on individual taxpayers.

The Board President, Business Administrator or Assistant Superintendent for Finance/Board Secretary are hereby authorized to enter into an Escrow Deposit Agreement with The Bank of New York, on substantially the same terms and conditions presented in their proposal for the December series of Refunding School Bonds in order to provide instructions regarding the deposit of securities purchased with the Bond proceeds and cash, if any, into an escrow account in order to pay the interest due on the Refunded Bonds through the Redemption Dates and pay the Redemption Price on the Refunded Bonds on the Redemption Dates.

Section 16. The Board President, Business Administrator or Assistant Superintendent for Finance and Support Services/Board Secretary are further authorized to enter into an agreement with Causey, Demgen & Moore, Inc., on substantially the same terms and conditions presented in their proposal for the December series of Refunding School Bonds to confirm the accuracy of the arithmetical and mathematical computations supporting (i) the accuracy of the interest cost savings and the sufficiency of the amount in the escrow account to pay the interest due on the Refunded Bonds through the Redemption Dates and

pay the Redemption Price on the Redemption Dates; and (ii) the calculations of yield supporting the conclusion of bond counsel that the Bonds are not “arbitrage bonds” as such meaning is set forth in the Code.

Section 17. The Board of Education hereby covenants that it will comply with any conditions subsequent imposed by the Internal Revenue Code of 1986, as amended, (the “Code”) in order to preserve the exemption from taxation of interest on the Bonds, including the requirement to rebate all net investment earnings on the gross proceeds above the yield on the Bonds. It is further intended that the Board of Education will not issue any additional tax-exempt obligations in calendar year 2006. To the extent that the refunding only works with respect to bank qualified bonds, the Board of Education will only be issuing not to exceed \$10,000,000 principal amount of Refunding School Bonds, Series 2006 in order to be able to issue the Bonds as bank qualified and hereby determines to designate such bonds as bank qualified for purposes of Section 265 of the Code.

Section 18. The Board President, Business Administrator, Assistant Superintendent for Finance/Board Secretary and other appropriate representatives of the School District are hereby authorized to take all steps necessary to provide for the issuance of the Bonds and the redemption of the Refunded Bonds, including preparing and executing such agreements and documents on behalf of the School District and taking all steps necessary or desirable to implement the requirements of this resolution, such agreements, and documents as may be necessary and appropriate and the transactions contemplated thereby.

Section 19. This resolution shall take effect immediately.

2006-2007 Budget Discussion

Mr. Shanok updated the board on the budget development and reviewed again those items driving next year’s budget, including the first draft considerations in the areas of salaries, energy cost increases, growing enrollment, consequences of S1701, FTE’s at district schools, special services, building and grounds, transportation, and technology. He noted that the budget presently shows nearly a 5% increase in the operating budget with about a 4% increase in the entire budget. There will be opportunity for public discussion at each regular board meeting leading up to the budget vote on April 18th.

LIAISON REPORTS

Mrs. Bocarsly drew the board’s attention to a current literacy based project sponsored by Merrill Lynch offering mini grant opportunities to district staff.

PUBLIC COMMENT

WWPEA president, Debbie DiColo commented that at a recent legislative conference she learned that the federal government has reduced federal funding to school districts. She also informed the board about the upcoming activities planned for Dr. Seuss’ birthday in March.

Upon motion by Mr. Johnson, seconded by Mr. Yang, and by unanimous voice vote, the meeting adjourned at 9:10 p.m.

Larry Shanok, Board Secretary

Prepared by:

Elizabeth L. O’Hare

**MINUTES OF WORK MEETING HELD
February 14, 2006**

The Work Meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 6:10 p.m. in the Grover Middle School faculty dining area. Upon motion by Mr. Yang, seconded by Mr. Tucker, and upon unanimous voice vote of all board members present (Ms. Bocarsly, Mr. Johnson and Mr. Kaye were absent), the meeting moved into closed session for the purpose of negotiations. Public session reconvened at 7:36 p.m. in the commons area. The following board members were present:

Ms. Patricia Bocarsly	Mr. Hemant Marathe	Ms. Ellen Walsh
Mr. Stan Katz	Mr. Randall Tucker	Mr. Henry Wieck
		Mr. Liyou Yang

Present also were: Dr. Robert Loretan, Superintendent of Schools; Mr. Larry Shanok, Assistant Superintendent for Finance and Support Services; Dr. Victoria Kniewel, Assistant Superintendent for Curriculum and Instruction; and Dr. Thomas A. Smith, Director of Pupil Services/Planning, and Mrs. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

COMMENTS

The Board president gave a special thank you of appreciation to the community for their support of the January 24, 2006 Referendum. He also thanked three members of the audience who contributed so much to that effort: Diane Hasling, Anthony Flores, and Deborah DiColo. They and their associates contributed so much to the successful vote.

REFERENDUM TIMELINE DISCUSSION

Architect David Fraytak presented tentative timelines for the referendum projects. Phase I will start construction in the summer of 2006. These are projects that the state considers non-educational. Educational projects entail long State review periods that preclude action this summer. Phase I includes all Wicoff renovations and basic renovation to the modulars at Dutch Neck and Maurice Hawk.

Phase II includes the addition at Dutch Neck with start of construction in October 2006. Also included is the science room at High School North and HVAC upgrades at Maurice Hawk in the summer of 2007. Phase III is the extensive work at High School South.

Mr. Fraytak described three options for the field and track at South and the field at North. In all three options, the North field is available in the Fall of 2007. Due to disadvantages associated with acting sooner, construction work at South will commence in 2007.

Budget Presentation: Capital Projects

Mr. Shanok made a presentation of the proposed capital project list for the 2006-07 Budget. Last August's study of the district's roofs indicated that over the next five years \$8 to \$10 million of roof

construction will be needed. For this reason much of the \$1.5 million Capital Budget is dedicated to roof projects. The need for roofs over the next five years suggests that the district avail itself of opportunities to add to its Capital Reserves; such reserves could be used to fund roof projects. It was suggested that the district bring security issues more clearly into the picture in the future.

Budget Presentation: Co curricular and Athletic Programs

Dr. Smith described the extensive programs at the middle and high schools. Principals Rudnick, Downs, and Mayer responded to questions. The flexibility used by the administration to place additional personnel in some activities when less involvement in other activities makes funds available was described. It was suggested that with heavy involvement in lacrosse, that sport may be a good place for such action in the future.

STUDENT REPRESENTATIVES

Student Representatives' Comments: Peter Maa described the successful China Night effort by the student's of both schools. He related a number of academic, club, music and athletic successes in recent weeks. Gabriela Feibel related a similarly impressive string of accomplishments and events due to student efforts at High School. Each school was among the top few in the State in terms of SAT scores this year.

PUBLIC COMMENT

No public comment was forthcoming at this time.

COMMITTEE REPORTS

Administration and Facilities Committee

Ms. Walsh thanked everyone that contributed to the referendum effort. The January 31st meeting of the committee dealt with referendum project timing, non-affiliated policy, and classroom size among other issues.

Curriculum Committee

Mr. Wieck updated the board on the previous night's work of the Curriculum Committee, including middle school schedules, staffing and report cards. The schedule will be the subject of a presentation at the February 28th business meeting.

Finance Committee

Mr. Katz noted that the Finance Committee meets next week.

ADMINISTRATION

Upon motion by Ms. Bocarsly, seconded by Ms. Walsh, and by roll call vote of all board members present, the following policy and regulation were approved:

1. Second reading and approval of the following policy and regulation:
 - a) Policy 9125: Cable Television Channel
 - b) Regulation 9125: Cable Television Channel

FINANCE

Larry Shanok gave a presentation on the 2006-07 Budget. Delays by the State mean that usually available information has not been given to school districts this year. Normally, such readily available information would be incorporated into the tentative adoption of the Preliminary 2006-2007 budget for submission to the County Superintendent at the February 28th business meeting. Estimates will have to be utilized if the submission is required by the state.

PRESENTATIONS/REPORTS

Presentation by Middle School Schedule Committee

Dr. Victoria Kniewel, Assistant Superintendent for Curriculum and Instruction, presented the report of the Middle School Schedule Committee.

The charge to the Committee was to study and gather schedule options that meet the academic and developmentally appropriate needs of all students; assess the risks and benefits of each option; and report to the Board of Education.

The findings of the committee included:

- Utilized international and national expertise of Dr. Michael Rettig.
- Explored numerous options and studied five schedule options in depth.
- Made improvements to the current schedule.
- Accepted that some curriculum and instruction issues need to be addressed, which are not scheduling issues.

The Schedule Committee recommendations are:

- Option 1 with continued improvements:
Access to resources and increased choice for Grade 8 students.
- Provide professional development to provide a consistent implementation of the concepts behind Academic Extension.
- Develop action plans for the other recommendations from the MSSC.

Some additional recommendations are:

- Study Exceptionality Initiative at the middle school level.
- Explore different scheduling for Grade 6 students for improved transition.

This report is a culmination of a two year process of in depth study and research. The board accepted the recommendation of the committee to stay with option 1 for the 2006-2007 school year. We will continue to monitor and make recommendations for improvement.

STUDENT REPRESENTATIVES' COMMENTS

Peter Maa, from High School North, and Gabriela Feiber, from High School South, presented reports from their respective schools. Gabriella noted that the musical, "Grease," performed by South students was a huge success. The seniors just returned from a very enjoyable Florida trip and juniors leave for Washington Seminar next Tuesday. A successful winter sports season has ended and spring sports are underway with a new sport, girls' golf. South students are also celebrating Women's History Month. North students, family and friends recently enjoyed the spring musical, "Oklahoma." The juniors completed the HESPA test last week and left today for the Washington Seminar trip. Seniors leave this weekend for Orlando, Florida. Currently, service clubs are very active raising money for many worthy causes.

PRESENTATION: STUDENT TESTING REPORT

Assistant Superintendent for Curriculum and Instruction, Dr. Victoria Kniewel, provided the board with an update of the district's testing report originally presented in October of 2005. Annually, in October, the district reports student performance on national and state standardized achievement tests. These tests provide a limited but objective measure of students' knowledge and skill in the areas of reading, writing, language arts, mathematics and science. Dr. Kniewel detailed the results

of the New Jersey ASK, the GEPA, HESPA, and the newly given ERB Writing Assessment test. She noted that we are using the data from these tests to drive instructional decision making.

Students at both schools are looking forward to the senior prom and the results of the student council and class elections.

The Board of Education thanked Peter and Gabriela for their service to the Board of Education as high school representatives and presented them with parting gifts. The Board also thanked and presented certificates of appreciation to the editor of the *Pirate's Eye* and representatives of the high schools' radio station who attended the board meetings throughout the school year.

No comments from the public were forthcoming at this time.

Upon motion by Mr. Johnson, seconded by Mr. Tucker, and by unanimous voice vote, the meeting adjourned at 8:31 p.m.

**MINUTES OF BUSINESS MEETING HELD
May 23, 2006**

The Business Meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 6:30 p.m. in the faculty dining room of the Grover Middle School. Upon motion by Ms. Bocarsly, seconded by Mr. Johnson and by unanimous voice vote of all present, the meeting adjourned immediately into closed session for pupil services and personnel matters. The meeting reconvened to open session at 7:47 p.m. in the commons area. The following board members were present:

Ms. Pat Bocarsly	Mr. Robert Johnson	Mr. Hemant Marathe
Mr. Anthony Fleres	Mr. Stan Katz	Mr. Randall Tucker
		Ms. Ellen Walsh

Ms. Gharpure was absent and Mr. Kaye arrived at 7:50 PM. Also present were: Mr. Larry Shanok, Assistant Superintendent for Finance and Support Services; Dr. Victoria Kniewel, Assistant Superintendent for Curriculum and Instruction; Dr. Thomas Smith, Director of Pupil Services/Planning; and Mrs. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

COMMENTS

Mr. Marathe noted the continued success of the district's students. Included in his comments was Daesun Yim, an eighth grader at Community Middle School, who took top honors in the Mathcounts National Competition. In the national competition of the Science Olympiad two district schools performed very well. Community Middle School finished 12th in the nation and the High School South team finished 11th in the country. The district was one of the few districts' to have that caliber team at both levels.

PUBLIC COMMENT

There were no comments from the public at this time.

COMMITTEE REPORTS

Administration and Facilities Committee

Ms. Walsh noted that the committee next meets June 6, 2006.

Curriculum Committee

Ms. Bocarsly noted that the committee next meets June 14th.

Finance Committee

Mr. Katz reported on the committee meeting of May 17th. The agenda items were found to be satisfactory but note the addendum tonight related to construction projects. The district's financial position is allowing spending on a number of needed projects; several have been on recent agendas and others are on tonights. Financially, the district has had an easy year; weather has helped as has a moderating in natural gas prices from December's peak. Discussion then focused on organization structure of areas in the district. The successful experiment of 2003-04 with Building & Grounds supervision saved the district over \$300,000 a year and will continue to save almost that much. However, the new Referendum and increased activity in general on construction suggests a return to the three person model. Financially a move can make sense and the Administration & Facilities Committee will soon be considering its other dimensions. Mr. Katz urged each committee to generate topics for the board retreat.

ADMINISTRATION

Upon motion by Ms. Walsh seconded by Mr. Fleres, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

1. To accept funding from Rowan University Center for Addiction Studies and the New Jersey Department of Education Social Norms Project; High School North, High School South, Community Middle School, and Grover Middle School will each receive \$3,500 in direct funding and \$2,000 in materials. This is as a result of our participation in the Social Norms Project Survey.
