**MINUTES OF BOARD OF EDUCATION MEETING HELD
September 11, 2007**

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 7:45 p.m. in the commons area of the Grover Middle School. The following board members were present:

Mrs. Pat Bocarsly	
Ms. Anjani Gharpure	Mr. Hemant Marathe
Mr. Robert Johnson	Mr. Randall Tucker
Mr. Stan Katz	Mrs. Ellen Walsh

Board members Anthony Fleres and Richard Kaye were absent. Present also were: Dr. Victoria Kniewel, Superintendent of Schools; Mr. Steven Mayer, Assistant Superintendent for Curriculum and Instruction; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Dr. Thomas Smith, Assistant Superintendent for Pupil Services/Planning, Mr. Russell Schumacher, Special Assistant for Labor Relations and Legislative Affairs, and Mrs. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

SUPERINTENDENT'S COMMENTS

Dr. Kniewel addressed the board regarding the opening of the new school year. She noted that we hired 58 new teachers and transported over 9,000 students on the first day. There are still some transportation concerns, but overall, it was the best transportation start in years. While punch-list items remain on construction projects in seven schools, all buildings were open safely and on time. Dr. Kniewel also acknowledged September 11th and how it was observed in district schools.

BOARD PRESIDENT'S COMMENTS

Mr. Marathe also commented on the successful opening of the new school year.

PRESENTATIONS/REPORTS

Presentation and Discussion: Infinite Campus

Technology director, Rick Cave, presented the board with an overview of Infinite Campus, a student information system, being recommended to replace the current SASI System, which no longer meets the needs of the district. The process of searching for a new system began about a year ago and over the course of the year, fourteen vendors were reviewed. The committee overwhelmingly selected Infinite Campus as the system that would best meet our needs. It will be

on the agenda for approval at the next board meeting. The board asked various questions about the system, the person or persons that would be responsible for overseeing it, and about developing a more detailed implementation schedule.

PUBLIC COMMENT

WWPEA President Debbie Baer noted that the school year got off to a good start and everyone is looking forward to a productive and successful year.

BOE Meeting Minutes

Mr. Katz reviewed the request he made at the last board meeting about the level of detail the board would like to see reflected in the minutes regarding public comments and committee meetings. He believes that the minutes should be reasonably comprehensive and asked for board input regarding this matter. After discussion and several suggestions, it was agreed that: 1) Committee minutes should be attached to the board minutes; 2) Handouts, letters, etc., handed out by members of the

public should be attached to the minutes; 3) Copies of presentations made to the board should be attached to the minutes; and 4) Changes made to the minutes between draft and final copy should be highlighted.

**MINUTES OF BOARD OF EDUCATION MEETING HELD
November 20, 2007**

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 6:33 p.m. in the faculty dining room of Grover Middle School. Upon motion by Mr. Johnson, seconded by Mr. Tucker, and by unanimous voice vote of all present, the meeting adjourned into closed session at 6:34 p.m. to discuss a student hearing and negotiations. The meeting reconvened to open session at 7:42 in the commons area. The following board members were present:

Mr. Anthony Fleres	Mr. Richard Kaye
Ms. Anjani Gharpure	Mr. Hemant Marathe
Mr. Robert Johnson	Mr. Randall Tucker
Mr. Stan Katz	Mrs. Ellen Walsh

Board member, Pat Bocarsly was absent. Present also were: Dr. Victoria Kniewel, Superintendent of Schools; Mr. Steven Mayer, Assistant Superintendent for Curriculum and Instruction; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Dr. Thomas Smith, Assistant Superintendent for Pupil Services/Planning, Mr. Russell Schumacher, Special Assistant for Labor Relations and Legislative Affairs, and Mrs. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

SUPERINTENDENT'S COMMENTS

Dr. Kniewel reviewed the highlights of the first few months of the school year, noting new programs implemented as well as ongoing professional development opportunities available to staff. The Superintendent reflected on Thanksgiving and bringing people together.

PRESENTATIONS/REPORTS

Conceptual Discussion: Expectations for Student Conduct

Dr. Smith led a discussion on our expectations for student conduct. The current athletic contract has been in place in this district for over 15 years. It is a fact that students who participate in athletics, clubs, and public performances are ambassadors of the district, and participation in these activities is a privilege. Do we want to expand the contract concept to include competitive clubs, all clubs, students who have privileges, or all students? The board, administration and PTA all agree that the contract should be expanded, and want to see a system in place that would encourage and support our students to make wise choices which will lead to strength of character. Students will be involved in the process of developing the contract.

PUBLIC COMMENT

WWPEA president, Debbie Baer, said that it would be beneficial to have teachers involved in the process of establishing an expanded code of conduct because they could offer valuable advice.

Mr. Peter Weale of West Windsor, would like a response from the board regarding his request to have board meetings video taped for broadcast to the public. He also questioned the need for the position of assistant director of building and grounds and suggested the possibility of out sourcing the area of maintenance.

COMMITTEE REPORTS

Finance Committee

Mr. Katz reported on the meeting held November 14th. Among the items discussed included the finance items on tonight's agenda, the need for a board policy on subscription busing, the budget, the dollar level of going forward with capital projects, and the new transportation software coming before the board for approval in December. With respect to the Budget process Review Committee process, no board feedback has indicated a need to reorient this year's process.

COMMITTEE REPORTS

Finance Committee

Mr. Katz reported that the committee last met on December 12th. The topics covered included, tonight's finance agenda items as well as the bond indebtedness picture. A lengthy budget discussion which included representatives of Building and Grounds, Special Services and Transportation was held.

ADMINISTRATION

After discussing and making minor wording changes, the board approved the first reading of the following policies and regulations.

Policies and Regulations

1. First reading of the following policies:
 - a. Policy 2412: Home Instruction due to Health Condition
 - b. Policy 2481: Home or Out-of-School Instruction for General Education Pupils

2. First reading of the following regulations:
 - a. Regulation 2412: Home Instruction due to Health Condition
 - b. Regulation 2481: Home or Out-of-School Instruction for General Education Pupils

Discussion on the revised Uniform State Memorandum of Agreement

The board discussed the revised Uniform State Memorandum of Agreement between Education and Law Enforcement Officials. Mr. Katz read the following statement:

This document, or perhaps more properly these documents, represent extensive revisions to the prior documents. Some of the changes are much welcomed; others, however, make the documents even worse than they were before. I applaud the inclusion of intimidation, bullying, and hazing into the general wording, as these are areas that, while legally “grey areas,” occur in school environments much too frequently, and every new regulation available to school districts in these areas are welcomed.

I am less pleased, however, with the continuing attempts to require school employees to act as informants, especially in areas where no specific violation has yet occurred, but which MIGHT occur at some point in the future.

I also continue to object to the provisions surrounding what schools must do when they receive anonymous “tips,” although some progress seems to be occurring in this area.

But the very fact that this revision is so extensive, should be evidence that these agreements, these memoranda, and the policies which derive from them, have been very flawed in the past. Yet, we are continually required by law to approve the documents.

There are still far too many sections in these documents that I believe are both inadvisable and potentially unconstitutional that I must continue to vote against them.

Requiring all Boards of Education to approve **these documents, is** both meaningless and an exercise in hypocrisy. It’s either law, or it isn’t. The flaws within do not disappear because a majority of school board members cast votes in favor of the agreements. Let the lawmakers in Trenton take the responsibility for their laws and agreements; we should not allow them to dilute their direct responsibility for poorly conceived policies by allowing them to say at some future date, “Well hey, all those boards agreed to this, didn’t they?”

If these memoranda had been written by OUR board, I would be asking that they be sent back to committee on the basis that I believe they are seriously flawed in several areas.

The fact that they were written by someone else does not make the situation any better, and I strenuously object to any rule that requires us to vote in favor of them. The rest of the Board can vote to approve them if it wishes, but they will not pass unanimously.

Several other board members expressed concerns. Mr. Johnson noted the expansion of the documents by 25%; and, that while he is tempted to vote “no” on principle, he believes that the board should rely on the judgment of the administration that this agreement is not overly onerous and has benefits for the district. Mr. Kaye inquired about the consequence of a “no” vote. Mr. Smith believes the State can withhold funds. Mr. Smith also said that both high schools have excellent relationships with the police departments and feel comfortable approving the memorandum of agreement.

**MINUTES OF BOARD OF EDUCATION MEETING HELD
January 8, 2008**

The meeting of the West Windsor-Plainsboro Board of Education was called to order by Mr. Hemant Marathe at 7:40 p.m. in the commons area of the Grover Middle School. The following board members were present:

Mrs. Pat Bocarsly	Mr. Robert Johnson	Mr. Hemant Marathe
Mr. Anthony Fleres	Mr. Stan Katz	Mr. Randall Tucker
Ms. Anjani Gharpure	Mr. Richard Kaye	Mrs. Ellen Walsh

Present also were: Dr. Victoria Kniewel, Superintendent of Schools; Mr. Steven Mayer, Assistant Superintendent for Curriculum and Instruction; Mr. Larry Shanok, Assistant Superintendent for Finance/Board Secretary; Dr. Thomas Smith, Assistant Superintendent for Pupil Services/Planning, and Mrs. Alicia Boyko, Director of Human Resources.

CONVENE

In accordance with the State's Sunshine Law, adequate notice of this meeting was provided by mailing a notice of the time, date, location and, to the extent known, the agenda of this meeting to the PRINCETON PACKET, THE TIMES, THE TRENTONIAN, THE HOME NEWS TRIBUNE, AND WEST WINDSOR and PLAINSBORO PUBLIC LIBRARIES. Copies of the notice have also been posted in the board office and filed with Plainsboro's and West Windsor's township clerks and in each of the district schools.

SUPERINTENDENT'S COMMENTS

Since January is School Board Recognition month, Dr. Kniewel acknowledged the dedication of the members of our Board and thanked them for all their hard work and commitment to our children and the district.

STUDENT REPRESENTATIVES' COMMENTS

Peter Maa and Andrew Pinelli reported on the upcoming events at their respective high schools. Andrew noted that construction at South is progressing nicely, sports teams are doing well, and students are busy getting ready for mid terms. South recently came in third in the regional Science Olympiad finals. The students enjoyed the annual Comedy Night last week and are looking forward to the winter pep rally on the eve of the annual Sadie Hawkins dance on February 1st. Peter noted that North finished second in the regional Science Olympiad finals. The annual college planning night for juniors held last night was a success. Students in the music department are still fundraising for the trip to Spain in the spring. The students are looking forward for the annual "Mr. North" contest, with proceeds going to the cancer fund.

LEGISLATIVE UPDATE

Mr. Shanok reported on the passage of the school funding bill by the State Senate on January 7th. He said that the revised aid formula reflected in this bill will be detrimental to our district's budget this year and to special education funding in the future. The effective general fund tax levy cap for 2008-09 will now be lower than the 4% cap set in legislation a year ago

PUBLIC COMMENT

Ms. Debbie Baer also commented on the recently passed funding bill, expressed regret at the outcome, and said the NJEA would remain active on this issue.

COMMITTEE REPORTS

Administration and Facilities Committee

Mr. Fleres reported that the committee last met on January 3rd. Agenda items included a construction update, a discussion on capital projects, hiring and evaluation of coaches and a review of various policies.

Curriculum Committee

At its meeting last night, Mrs. Bocarsly reported that the committee reviewed the Community Education's Spring program, discussed the February In-service day, and the ongoing World Language review.

BOARD PRESIDENT'S COMMENTS

Mr. Marathe announced that there will be three open board seats in the upcoming election, two from West Windsor and one from Plainsboro and encouraged people to apply.

Mrs. Bocarsly announced that she will not seek reelection because of demanding professional commitments. She also noted that she has the utmost confidence that our district will continue to provide excellence in education for our students.

DISCUSSION: Preparing the 2008-2009 Budget

Mr. Shanok began the first of many discussions about the proposed 2008-2009 budget. He reviewed the overall state of the district as it pertains to the strategic plan, teaching and learning, infrastructures for excellence, and the district's financial position. Mr. Shanok reviewed the first draft considerations which include: how recent legislation will impact the budget, continuing enrollment growth at the high school level, the need for additional teachers at the high school and middle school levels, special services, athletics, building and grounds, transportation and technology issues. The increase in next year's budget

should be in the neighborhood of 4.3%. Budget discussion will continue at future board meetings leading up to the board election and budget vote on April 15th. As it stands now, to conform to the State's dictates, the public hearing is set for March 25th during the week the district is closed.

PUBLIC COMMENT

There were no public comments forthcoming at this time.

COMMITTEE REPORTS

Finance Committee

Mr. Katz noted that at the last meeting held on January 16th the committee reviewed tonight's agenda items and supports approval of them. The budget received a great deal of attention at the meeting. The High School South swimming pool issue was also discussed and board attorney input will be secured. Mr. Katz commented that since the tax increase will likely be lower than the overall increase in the budget, it should help to sell the budget.

2008-2009 Budget Discussion

Mr. Shanok led the ongoing budget discussion focusing on budget preparation, the timeline, first draft considerations, and district-wide concerns. Dr. Smith reviewed staffing needs at all levels and enrollment projections at the high school level. The primary discussion this evening centered on the high schools, special services, and athletics/co-curricular.

This district has expanded and will continue to effectively utilize our in-district special services programs; these enable more special needs students to remain in district providing better student services and sometimes saving the district a considerable amount of money. Our athletics and co-curricular programs are excellent, offering 29 programs at each high school and 14 programs at the middle school level. Student participation at both high school and middle school remains high. The district will continue to deliver a high level of athletic and co-curricular activities within budgetary constraints.

Director of Special Services, Sue DiDonato, high school principals, Chuck Rudnick and Mike Zapicchi, and Athletic Director, Marty Flynn, were present to answer questions from board members.

The preliminary budget must be submitted to the county by March 6th, Board approval for its submission will be requested at the February 26, 2008 meeting.

The increase over last year’s budget is in the area of 4.3%

The primary discussion this evening centered on middle school programs and guidance services. Dr. Smith and Mr. Mayer reviewed the guidance department needs as well as adding one FTE to meet the growing middle school enrollment needs. There are 14 sports programs offered at the middle school level as well as a myriad of extra curricular clubs. Student participation in these sports and clubs remains high. The district will continue to deliver a high level of athletic and co-curricular activities within budgetary constraints.

The preliminary budget must be submitted to the county by March 6th , and the final budget voting will take place on April 15th.

The Model United Nations (MUN) recently won the Ivy League Tournament and the Future Problem Solvers club also won a recent competition. The annual "China Night" was a huge success as was the Black History Month assembly held in February. Peter reported that North took first place in the New Jersey State Science Olympiad for the first time and the students are looking forward to competing in the nationals in May. STUDENT REPRESENTATIVES' COMMENTS

Andrew Pinelli, High School South, and Peter Maa, High School North, reported on the wide variety of successful activities at each school. Among the many trips and athletic events at North were the Washington Seminar, the music related trip to Spain, undefeated boy's track and tennis, and this week's semifinal in the Fed Challenge season. At South were the senior One Acts, the Battle of the Bands, and a record 31 National Merit Commendations. Next month there will be a joint musical event on the 17th. Construction has gone without any impact on instruction at South; this week the renovations begin and the work inside may become more visible although everyone expects to handle it well.

COMMITTEE REPORTS

Administration & Facilities Committee

Mrs. Walsh reported on recent meeting topics including an architect update on construction and the difficulties caused by State agencies regarding a replacement of the deteriorating pool bubble. The referendum has been a major focus throughout the year and Mr. Tucker's and Mr. Flores' engineering experience has been of great use. Policy efforts included building-use, bullying, dismissal, and a student code-of-conduct. She thanked Dr. Smith for creating a positive climate for learning.

Curriculum Committee

The Curriculum Committee continued its effort to promote effective professional development, strong curriculum writing and revision, meaningful and substantive program reviews and support for school programs that align with our mission that all students become passionate learners. To this end, the Committee Chair, Patricia Bocarsly, provided an overview of the year's accomplishments noting such things as progress with formal program reviews, renewed efforts with a professional development model that emphasizes turnkey training by district faculty, advancements in technology and developments in working toward a viable, consistent public curriculum. It was noted that by sustaining multi-year momentum and purpose around district initiatives, broad support and impactful professional development have developed. Following the review of current initiatives, Ms. Bocarsly noted areas that will require the attention of the reorganized Curriculum Committee.

PRESENTATIONS/REPORTS

Middle School Exceptionality Report

Mr. Steve Mayer reviewed the historical background of the Middle School Study, and the directive by the Board of Education to study Middle School Exceptionality. Chair, Steve Mayer set the context for the work of the committee which was made up of administrators, parents, teachers, students and a board member and began work in the fall of 2006. In June of 2007 Barbara Swicord, consultant for the program review presented a report to the board, which included a review of the identification procedures for gifted students, recommendations for improvement and listed strengths and challenges. Next, the program review committee and the board curriculum committee were to develop an action plan to prioritize and to decide on the next steps.

The presentation this evening centered on the questions considered by the committee and the consultant's recommendations. The committee focused on acceleration, cluster grouping and enrichment. The recommendations included developing an A & E type science course for eighth grade students, creating an enriched parallel curriculum in science, language arts, and social studies for grades 6-8 in order to leverage cluster grouping, and finally, to provide opportunity for exceptionally able middle school students to "revolve" into a lab setting in the PRISM classroom for compacted learning experiences in science, social studies, and language arts. Next steps include summer professional development and curriculum development. The first steps toward developing a parallel curriculum and lab experiences will be taken by September 2008; whereas, the development of a non-science course will develop during the next school year.

The board questioned the committee on various aspects of the report.

XXX. PUBLIC COMMENTS

Two high school students spoke to the board regarding what they perceive as animal cruelty associated with an honors biology course at the high school level. They distributed documents to the board and administrators who said that they would look into the matter.

ADMINISTRATION

Upon motion by Mrs. Walsh, seconded by Mr. Tucker, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

Administrators Association

1. To approve the terms and conditions of the contract with the WWP Administrators Association dated July 1, 2008, through June 30, 2011.

Discussion of Student Contract

Dr. Smith summarized the history of the student contract by noting that while studying the athletic contract, thought and consideration was given to expanding it to all students. This was brought to the board back in November of 2007; and, since that time, principals and students have had discussions on this issue. While stressing the preventative nature of the contract, Dr. Smith and Mr. Rudnick noted that the central concept of the student contract is to encourage young people to make the right choices and to think before acting on something that they might regret later.

Mr. Katz said that, while he supports the idea of the contract, he has some concerns about what he perceives to be ambiguities and inconsistencies in some of the wording as well as it not being clear on how to ensure fairness to all. Both Mr. Rudnick and Dr. Smith assured him that, while nothing is perfect, every effort would be made to be fair to all. Both administrators again stressed that the contract is preventative in nature, meant to serve as a means of guiding kids toward making prudent decisions.

NJ State Health Benefits Program

2. A resolution to adopt the provisions of *N.J.S.A. 52:14.17.38* under which a public employer may agree to pay for the State Health Benefits Program (SHBP) coverage of certain retirees.

Be it resolved, the West Windsor-Plainsboro Regional School District Board of Education-1529-00 hereby elects to adopt the provisions of *N.J.S.A. 52:14-17.38* and adhere to the rules and regulations promulgated by the State Health Benefits Commission to implement the provision of that law. This resolution affects employees as shown on the Chapter 48 Resolution addendum. It is effective on the 1st day of August 2008.

We are aware that adoption of this resolution does not free us of the obligation to pay for post-retirement medical benefits of retirees or employees who qualified for those payments under any Chapter 88 or Chapter 48 Resolution adopted previously by this governing body.

We agree that this Resolution will remain in effect until properly amended or revoked with the State Health Benefits Program. We recognize that while we remain in the State Health Benefits Program, we are responsible for providing the payment for post-retirement medical coverage as listed in the attached Chapter 48 Resolution Addendum for all employees who qualify for this coverage while this Resolution is in force.

We understand that we are required to provide the Division of Pensions and Benefits complete copies of all contracts, ordinances, and resolutions that detail post-retirement medical payment obligations we undertake. We also recognize that we may be required to provide the Division with information needed to carry out the terms of this Resolution.

APPROVAL OF MINUTES

Upon motion by Mr. Maikandan, seconded by Mrs. Gharpure, and by unanimous voice vote, the Minutes of the Meeting dated May 27, 2008, and the Minutes of the Closed Session dated June 10, 2008 were approved.

DONALDSON HEARING

Mr. Marathe stated the change in the agenda that had been noted earlier would take place at this time. He indicated that the employee who had requested a public hearing would appear before the Board.

Gisell Bernard stated she wanted to address the basis for her disagreement with the reasons that had been provided to her in support of the decision not to offer her re-employment. She asserted that her position had been defined to her as requiring a “whatever it takes approach.” Ms. Bernard said she has sought, but never received an explanation of the scope of the position. She said that she has taken the initiative to learn and perform the position without guidance. She stated that she was pretty good at communication even though her evaluation stated that she was not. She said that she had engaged in a “trial and error” learning of her position and that she had made some errors, but they were a reflection of the lack of direction and training that she had received.

Ms. Bernard stated that she was able to obtain a better grasp of the position once Mr. Mayer became her supervisor. She stated that previously she had worked in a “very hostile environment.” She said she was very enthusiastic about the new opportunity with Mr. Mayer, but knows that the previous harassment had carry-over and led to the decision about her employment.

Ms. Bernard further stated she had been singled out for errors that she knew her peers also made. She said she was being compared to employees who had worked for the district for over 40 years or plus after she had come from the private sector and had to learn a whole new set of rules. She stated that she had joined the district because she is a community member and that her goal was not financial gain, but to contribute to the district in any way she can.

She also said she wanted to address the references in her evaluation and the statement of reasons to dependability. She stated that she had been ill throughout the year and members of her family had also suffered illnesses. She asserted that she had been proactive during this time in checking voice mail and email messages and checking with Mr. Mayer about what she could do to assist him. She said that Mr. Mayer had told her that her physical health was the first priority.

Ms. Bernard also stated that she believed there was a lack of communication with Mr. Mayer and that she had not been made aware of dissatisfaction with her performance. Ms. Bernard said that she was subject to hostility and harassment in the prior leadership. She stated that she had not been provided an understanding of the scope of the position and had not been given the necessary tools for the job, including training. She asserted that she had “jumped right on in” when she took the job and been told that she did a good job with state reporting.

Ms. Bernard said that the goal was to have her contract renewed so that she could accomplish her initial goal of contributing to the district. She stated that she was stressing that she had to overcome some prejudices that exist within this district.

Upon the conclusion of Ms. Bernard’s statement, Mr. Marathe asked if any board members had any clarifications or questions. He then asked if any one was presenting a motion. He stated that, as he had commented earlier, if no motion was made, the decision of the superintendent stands. No board member presented a motion.

BOARD LIASON REPORTS & NEW BUSINESS

There were no reports or new business at this time.

PUBLIC COMMENT

Mr. Wendel of the WWPEA thanked the board and their team for their efforts in negotiations. He believes that everyone learned that direct communication bears fruit. A fair deal had been reached for both sides; sacrifices had been made by both.

Upon motion by Mrs. Gharpure, seconded by Mr. Johnson, and by unanimous voice vote, the meeting adjourned at 8:22 p.m.

Larry Shanok, Board Secretary
