BOARD PRESIDENT'S COMMENTS

Mr. Fleres welcomed everyone back for the start of the school year and thanked them for coming to the meeting. There was a closed session earlier. Mr. Fleres mentioned that in Dr. Chris Russo's absence, Mark Toscano, Board Attorney, would be calling the votes.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold also welcomed everyone back for 2017-18 school year. He shared that today the district implemented a district-wide fundraising effort - WWP Cares – in coordination with the WW-P Education Association volunteer committee. The district and the WWPEA will work in unison on fundraising efforts to help those affected by the recent hurricanes. One of the main goals will be to ensure monies collected go directly to those impacted with limited administrative costs. Dr. Aderhold thanked members of the committee and staff that will be working with students on this initiative and looks forward to helping those in need.

STUDENT REPRESENTATIVE COMMENTS

Dillon Henry, High School North, thanked the Board and Dr. Dauber for inviting him back to represent his school for another year. He then reported the following: High School North's Boys and Girls soccer teams beat South's. North's Homecoming festivities will include the Junior Varsity Football team playing Lawrence Junior Varsity on October 13th and the homecoming dance on the following evening, Saturday October 14th. The Fall Drama is in full swing with the production of Shakespeare's Twelfth Night. Students and staff are getting warmed up to their schedules.

Alexandra Vena, High School South, reported the following: South's Student Council began planning the first events of the school year. The Council plans to team up with the Red Cross Club to raise money for the victims of Hurricane Harvey in Texas. Homecoming, which will take place the week of October 27th, will have a Halloween theme and each grade will use with their assigned color to decorate their commons to compete for the title of 2017 Homecoming champs. The Homecoming football game against Pennsauken will take place on Friday, October 27th with the Homecoming dance the following evening, Saturday, October 28th. The Student Council is planning the 2nd annual Powderpuff football game, where roles are reversed and girls can sign up to compete in a football tournament and boys will cheer on the sidelines. The proceeds from this event will help support the Student Council and their next events of the year.

PUBLIC COMMENT

Two members of the public spoke in regards to the following: Commendation of the Board's effort to appeal the Commissioner's Football decision and concerns regarding the dual language immersion program and transportation for students as well as the desire for additional information from alternative points of view on the program.

Mr. Fleres responded to the comment regarding the dual language immersion program, clarifying the transportation portion of the plan.

Dr. Aderhold responded to the comment regarding the football program and explained that the district is trying to move forward with a resolution. The resolutions brought to legislation include other sports, as this effort is not just to preserve football, but to preserve many athletic programs.

BOARD PRESIDENT’S COMMENTS

Mr. Fleres stated that there was a closed session earlier, so the meeting has already been opened. He explained that tonight’s meeting will be in two parts. The second part will be the regular Board of Education meeting.

SPECIAL PUBLIC HEARING ON THE 2016-2017 ANNUAL DISTRICT REPORT OF VIOLENCE AND VANDALISM AND HARASSMENT, INTIMIDATION AND BULLYING

The hearing opened at 7:31 p.m.

Dr. Aderhold presented the report in Mr. Dalton’s absence. He explained that, during the month of October, the District is required to present the Annual District Report of Violence and Vandalism to the Board of Education in accordance with state statutes. Dr. Aderhold noted that some of the information being presented this evening is repetitive of information presented by Lee McDonald earlier in the year. Lee McDonald, director of guidance and anti-bullying coordinator, presents information focused on harassment, intimidation, and bullying (HIB). This report includes some of the same information, but also includes information on violence and vandalism.

First, Dr. Aderhold reviewed the district’s mission statement: “Building upon our tradition of excellence, the mission of the West Windsor-Plainsboro Regional School District is to empower all learners to thoughtfully contribute to a diverse and changing world with confidence, strength of character, and love of learning.” Dr. Aderhold then outlined the types of activities that took place at the elementary, middle, and high schools during the first week of October, designated as the “Week of Respect” in accordance with the Anti-Bullying Bill of Rights. He also reviewed the State’s definition of HIB: “Any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L. 2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students.”

Dr. Aderhold then presented the statistical data of the Violence and Vandalism Report that included: HIB patterns and trends over the past three years, the breakdown of incidents by reporting category, incidents by school, the cost of vandalism to the school district, victim statistical data, and offender information.

For School Violence Awareness Week, the district established a variety of activities that will be available at each school to help prevent school violence. These activities provide age-appropriate opportunities for student to discuss topics regarding conflict resolution, address issues of student diversity, and promote tolerance. The district will continue to provide proactive programs for awareness during the course of the school year.

The Board engaged in a brief discussion about the presentation.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON THE 2016-2017 ANNUAL DISTRICT REPORT OF VIOLENCE AND VANDALISM AND HARASSMENT, INTIMIDATION, AND BULLYING

There were no public comments forthcoming at this time.

APPROVAL OF THE REPORT

Upon motion by Mr. Zhang, seconded by Ms. Ho, and by roll call vote with all Board members present voting yes, the following board action was approved:

1. To accept the “2016-2017 Annual District Report of Violence and Vandalism and Harassment, Intimidation, and Bullying” as required by the New Jersey State Department of Education (N.J.S.A. 18A:17-46 and N.J.A.C. 6A:16-5.3(f)).

ADJOURNMENT OF SPECIAL PUBLIC HEARING

The Special Public Hearing on the 2016-2017 Annual District Report of Violence and Vandalism and Harassment, Intimidation, and Bullying adjourned at 7:45 p.m. The regular board meeting reconvened immediately.

SUPERINTENDENT’S COMMENTS

Dr. Aderhold commented on the High School Profile that was disseminated this week and mentioned some particular awards received by the district. He commended staff and students on those achievements.

Dr. Aderhold made a correction his comment at a previous meeting regarding Blue Ribbon schools.

STUDENT REPRESENTATIVE COMMENTS

Alexandra Vena, High School South, reported that the football team won their first home game of the season against Princeton. The next home game against Hightstown will be a Pink Out event. Cheerleaders are selling black and pink long-sleeved t-shirts and donating all of the profits to breast cancer research. Monday, October 23 starts South’s Halloween-themed Homecoming Spirit Week. The homecoming game is Friday, October 27 against Pennsauken and the homecoming dance will be held on Saturday Oct 28. South is running a costume drive, accepting gently used or new costumes to donate to kids in need. The High School South College Fair is tomorrow night, with over 200 colleges attending, the most colleges ever to participate.

Dillon Henry, High School North, reported on last week’s Spirit Week and Homecoming Weekend at High School North. There were many activities during Spirit Week, ending with Color Day and a pep rally on Friday. The homecoming football game was a success with North dominating Lawrence in a 55-16 victory. Seniors lost the tug of war to both sophomores and freshman. Homecoming royalty was announced

and the homecoming dance was a great success. The Art department is continuing with Fall Drama and a Halloween concert. Shakespeare's Twelfth Night will be performed from Thursday, November 16 through Saturday, November 18th at 7:30 PM, with an additional matinee on November 18 at 2pm. The Halloween concert combines band, orchestra, and choir and will be held on October 29th @ 3pm in the High School North auditorium.

TESTING REPORT PRESENTATION

Mr. Smith, assistant superintendent for curriculum and instruction, began the Fall 2017 Testing Report presentation by noting that this presentation would focus on the following assessments: last school year's Partnership for Assessment of Readiness for College and Careers (PARCC) exams, Scholastic Aptitude Tests (SATs), and, Advanced Placement (AP) exams. The first portion of the report compared the percentage of students scoring level 4 and 5 for the District to the NJ Average and the overall PARCC average for grades 3-8 in Language Arts, grades 3-8 Mathematics, Grades 9-11 Language Arts, and Grades 7-11 Mathematics. Overall, the district's PARCC 2016 test results outperformed the New Jersey and PARCC benchmarks. These results indicate that our students are on track for college and career readiness. The next portion of the report reviewed SAT results which are typically administered to juniors and seniors in high school. The district is measured against the State of New Jersey average as well as national comparative data benchmarks. The SAT was redesigned 2 years ago, therefore data comparisons can only be made for two years. The district is outperforming the NJ mean as well as the national benchmarks. The final portion of the presentation reported on the district's Advanced Placement (AP) testing. The number of AP tests administered by the district has increased each year. The number of tests taken at each of the high schools tends to vary in accordance with the fluctuation in enrollment. Over 90% of High School students score a 3 or better on their exams. District-wide, by the time they graduate, 81% of seniors have taken at least one AP course and 62.7% of seniors have scored a 3 or higher on at least 1 AP exam.

The Board engaged in a discussion regarding various parts of the testing report. Mr. Fleres thanked Mr. Smith for the presentation.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres explained that there will be two presentations this evening. There was a closed session earlier so the meeting was already called to order. Mr. Fleres gave the floor to Mr. Toscano to clarify the closed session topics. Mr. Toscano clarified which topics were discussed during closed session and which were not. The correct list of topics is reflected in the chart above.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold explained that each year, the District is required by law to have an independent auditor review our financial position and do controls check on our systems. We are pleased to have Scott Clelland of Wiss & Company here to give an overview of this year's audit.

PRESENTATION: June 30, 2017 Comprehensive Annual Financial Report

Scott Clelland of Wiss & Company, LLP., school district auditor, presented a summary of the 2016-2017 school year audit results. Mr. Clelland and his team spent several hundred hours and many weeks reviewing records, balances, systems, and processes of the district in order to provide an opinion. In November, Mr. Clelland reviewed the Comprehensive Annual Financial Report (CAFR) in detail with the Finance Committee. The CAFR includes a non-modified audit opinion, which is the highest level of opinion that can be placed on an audit. In addition, the district reporting process has earned WW-P a certificate of excellence in financial reporting for nine consecutive years. The audit did not uncover any control weaknesses or material deficiencies, which is a reflection of the strength of the District's finance department. The District is in a strong financial position and all balances are within statutory levels. He reviewed some of the balance and reserve amounts, which are within statutory levels and contribute to the district's strong bond ratings. There were no audit findings this year, so no corrective action plan needed.

There was one question from a Board member regarding capital reserve limits. Mr. Fleres thanked Chris Russo, Larry LoCastro, and board office staff for work during the year to make the positive outcome possible. He also thanked Scott Clelland for his presentation. Dr. Aderhold thanked former Assistant Superintendent Larry Shanok, Larry LoCastro, Chris Russo, Lou Brottman, and the business office for their hard work.

PRESENTATION: 2018-2019 PROGRAM OF STUDIES

Mr. Smith reviewed the proposed revisions to the 2018-2019 Program of Studies (POS). He explained that the POS will be presented tonight and additional discussions will take place at the next curriculum committee meeting. The final POS will be presented and voted on at the December 19 meeting. The approved POS will be posted on the district web-site in January and the scheduling process will begin in February.

Mr. Smith noted revisions to many areas of the Program of Studies: Art, Computer Sciences, Engineering, Family & Consumer Science, Language Arts, Mathematics, Media, Music, Science, World Languages, and the Student Assistant Program. One of the recommendations from the Fine and Performing Arts program review conducted last year was that the Art Department offer classes where students can receive honors credit. The proposed change provides for students to study Drawing & Painting II at the CP or Honors level. The Computer Science course, Digital Media, is now available in grades 9-12 and the prerequisite has been eliminated. Graphic Computer Applications, previously a Computer Science course, has been moved to the Engineering Department and retitled 'Graphic Engineering', with an updated course description.

Family & Consumer Science is the new name of the former Life Skills Department. Within this department, Fashion Strategies has been renamed Creative Design and the course description has been updated to include interior design. In the Language Arts Department, the prerequisites for AP Literature & Composition have been clarified and the Reading and Writing Laboratory courses have been eliminated. In the Mathematics Department, a change in the sequence of courses is being proposed, specifically, Algebra II is recommended for 9th grade and Geometry in 10th grade, instead of the opposite. A new Media Department was created that encompasses existing courses related to media, including: Broadcast Writing, Advanced Broadcast Writing I, Advanced Broadcast Writing II, TV Production, Journalism, Advanced Journalism Honors, and Advanced Journalism Honors II. The Music Department, based on recommendations from the Fine & Performing Arts program review, would allow students to take the following courses at the CP or Honors level: Concert Choir, Chamber Choir, Symphonic Band, Wind Ensemble, Symphony Orchestra, and Philharmonic Orchestra. In addition, a Music Technology course would be created to address the increasing involvement of technology in music. In the Science Department, Conceptual Physics would be eliminated, AP Environmental Science would be added, and the prerequisites clarified for Advanced Topics in Physics. In the World Languages Department, pre-requisites were clarified for Spanish Language and Cultural Study. Finally, the Student Assistant Program, a program whereby students can provide clerical assistance to teachers or departments, isn't an academic program and therefore should not earn academic credit; however, it will continue to be listed on the student's transcript for recognition.

Board members and administration engaged in a discussion on various aspects of the presentation.

Finance Committee

Ms. Ho reported that the Committee reviewed and recommends approval of the agenda items for tonight's meeting. The Committee discussed the following topics: the budget calendar for the next few months as well as general budget expectations; capital projects for the summer of 2018, as it is important to begin preliminary work on these projects so that the actual work can be done in the summer; challenges the district is experiencing obtaining plumbing permits and getting plumbing done through Aramark, creating a possible need to form a district Lead Plumber position; a proposed Food Service Resolution regarding a recent change in Department of Agriculture guidelines for procurement of Food Service Management Companies; and the need for a referendum in the near future to fund essential capital improvements (due to declining debt service payments, which may be possible to take on debt without an increase in the tax rate).

Food Service Cost Reimbursement Resolution

15. Approve a resolution concerning food service cost reimbursement:

Whereas, the Department of Agriculture sent a notice on June 14, 2017, to New Jersey school districts participating in the National School Lunch Program announcing a significant change in the procurement protocol for the contracting of food service management companies that operate breakfast and lunch programs for New Jersey public schools; and

Whereas, this new procurement protocol would change the fundamental basis for awarding food service management contracts from a “cost reimbursement basis” to a “fixed price basis” for contract awards; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education has engaged staff and the community year after year to provide a local food service program that addresses and meets the needs of our students; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education credits the current “cost reimbursement” procurement method as the reason why the local school district can design a food service program that has the flexibility of meeting the needs of its students; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education declares that the “fixed price” procurement system would dramatically reduce the school district’s ability to change or alter its food service operations without the need to rebid for food service management services; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education further declares that the “fixed price” procurement method would impact the quality of the meals served to its students and, therefore, impact the participation of students in its breakfast and lunch programs; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education further declares that the “fixed price” procurement method may limit the number of competitive proposals received by boards of education; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education rejects the Department of Agriculture’s underlying reasons for making this change without giving New Jersey school districts the opportunity to address their concerns in an attempt to keep this procurement method in place; and

Whereas, the West Windsor-Plainsboro Regional School District Board of Education prefers an optional procurement system for securing food service management companies whereby the district could choose either “cost reimbursement” or “fixed price” as the basis for contract awards; now, therefore, be it

Resolved, that the West Windsor-Plainsboro Regional School District Board of Education hereby requests the Department of Agriculture to reconsider its plans to move the basis of awarding food service management contracts to a “fixed price” basis and allow the option of continuing to use a “cost reimbursement” procurement model; and, be it further

Resolved, that copies of this resolution shall be forward to: New Jersey Association of School Business Officials, New Jersey Secretary of Agriculture, local legislators, New Jersey School Boards Association, New Jersey Association of School Administrators, New Jersey Principals and Supervisors Association, and New Jersey Parent-Teacher Association.

Present also were: Dr. David Aderhold, Superintendent of Schools; Dr. Christopher Russo, Assistant Superintendent for Finance/Board Secretary; Mr. Gerard Dalton, Assistant Superintendent for Pupil Services/Planning; and Mr. Martin Smith, Assistant Superintendent for Curriculum & Instruction. Also present was board attorney, Jeff Caccese, Esq.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres thanked everyone for coming to the meeting. He mentioned that there will be several presentations this evening. Mr. Fleres explained that there was an executive session earlier, so the meeting has already been opened. Mr. Fleres introduced Lee McDonald, Director of Guidance and Anti-Bullying Coordinator, to present the semi-annual report on harassment, intimidation, and bullying (HIB), as required by the State of New Jersey.

SPECIAL PUBLIC HEARING ON HARASSMENT, INTIMIDATION AND BULLYING

The Special Public Hearing on Harassment, Intimidation and Bullying opened at 7:33 p.m.

Mr. Lee McDonald opened the presentation by reviewing the definition of HIB and how factual evidence of findings is defined. He explained that the definitions for HIB will be changing next year per revisions in code from the New Jersey Department of Education to become more in line with what other states define as HIB. The new definition will more clearly define an imbalance of power which often occurs between the alleged offender and victim. As the district considers revising its HIB policy, stakeholders will also review the 9 categories of potential outcomes that were adopted back in 2011 to assess if they still meet the needs of the District or if they need to be revised.

Mr. McDonald reported the district's investigations and confirmed HIB incidents over a six-month period starting from July 2017 through December 2017. He also reviewed the three-year snapshot containing applicable data for January 2015-December 2017, including the number of investigations and confirmed HIB, types of incidents, demographic information on the offenders and victims, location of incidents and data on those who reported such incidents. Overall, during this timeframe, investigations/confirmed HIB have remained constant and are consistent with one year ago. Categorically, intentional hate speech has tapered off, most likely due to an increase in the training we have provided for students. Investigations by grade level indicate middle school results have decreased while high school investigations have increased. Social media continues to pose a challenge.

Proactive programs were reviewed for each school. In the K-5 schools, the focus has been around creating a positive school culture and climate. Community Middle School ran an anti-bullying poster contest. Grover Middle School ran a 'Being a Respected Jag' campaign. High School South has been participating in data drives as part of Campaign Connect-New Jersey. High School North has been engaged in defining success and developing a healthy and attainable path towards success. All schools have been involved in continuing school climate assemblies, the 'You don't know me until you know me' training and other programs focused on educating staff and students, tying back to our mission statement to provide all students with a safe learning environment that is free from HIB.

The Board engaged in a discussion regarding various aspects of harassment, intimidation and bullying and the report.

Mr. Fleres, on behalf of the Board Members, thanked Mr. McDonald for his presentation.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON HARASSMENT, INTIMIDATION, AND BULLYING

There were no public comments.

APPROVAL OF THE REPORT

Upon motion by Ms. Krug, seconded by Mr. Whitfield, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

1. Accept the “July 1, 2017, to December 31, 2017, District Semi-Annual Report of Harassment, Intimidation, and Bullying” as required by the New Jersey State Department of Education under the Anti-Bullying Bill of Rights Act (P.L. 2010, c.122).

At 7:47 p.m. the Special Public Hearing on Harassment, Intimidation and Bullying ended and the business meeting reconvened.

STUDENT REPRESENTATIVE COMMENTS

Dillon Henry, High School North Student Representative, reported the following: On Friday February 2, the High School North and Community Middle School orchestras will be performing in the North auditorium. On Thursday, February 8, the High School North and Community Middle School choirs will perform together. The Swim Teams have been doing very well, with the Girls Swim Team being undefeated at 12-0 and the Boys Swim Team is 11-1. High School North Fencing is also doing well, with the Boys team placing 11th and the Girl’s team placing 8th in the statewide tournament, competing with over 40 schools. Dr. Aderhold met with High School North team leaders to discuss strengths, weaknesses, opportunities for improvement, and threats to the programs. Tuesday, January 30 is the end of the second marking period and the beginning of the second semester.

PRESENTATION: MAURICE HAWK AND TOWN CENTER ELEMENTARY SCHOOLS

Mr. Fleres introduced Dr. Aderhold and Mr. Duthie to present information in regards to the Maurice Hawk Elementary School and Town Center Elementary School construction projects.

Dr. Aderhold began the presentation and reported the following:

Last week, Dr. Aderhold and Mr. Duthie provided the West Windsor Planning board with a courtesy review of the Maurice Hawk plans. A courtesy review provides an opportunity for the township to review and give feedback on prospective plans. Along with Dr. Aderhold and Mr. Duthie, there were several other professionals on hand to answer questions and represent the district. The group received feedback from the township and discussed concerns and recommendations. In addition, the District has received feedback from Township Emergency Management staff and is attending to their concerns.

As of today, no decisions have been made in regards to affordable housing. However, site plans have been approved for building in West Windsor Township so the projects are moving forward. Total number of projected students for the approved, or soon to be approved, properties will yield approximately 495 students. We expect growth from these approved properties to yield approximately 200 K-3 students and 100 4-5 students. Currently, there is no room available at Village, so we need to consider making 4 classrooms available at Village to house the 100 students. The Hawk expansion would address the prospective student growth based on the approved projects only. This expansion does not address any issues from COAH, nor does it address GMS growth needs and HSS growth needs.

The demographic study is moving forward. Demographic studies report statistics at the time the study is done and are only as good as the data available at the time of the study. Demographic studies are not a prediction of future demographics. The capacity study is moving forward as well. We anticipate both studies to be completed and ready for presentation in March.

Principal at FVHD, Mr. George Duthie, architect and professional planner, presented the concept and layout of the expansion at Maurice Hawk Elementary School. The layout includes items that address traffic and parking, such as separate drop off area for students, a front parking lot for parents and visitors, a separate loop around the building for buses, and a separate staff parking lot on the side. Mr. Duthie outlined the basic classroom plan as well as the materials used to construct the addition. Flexibility of classroom setup for multiple use and various needs of students has been incorporated into the plan. Currently, the District is in a waiting period for approvals. The expected timeline includes going to bid in February, awarding the bid in March, starting construction in June 2018, and completing the project in fall 2019.

There was a break in the presentation to allow for a discussion on the Maurice Hawk portion of the presentation. A discussion ensued regarding certain aspects of the project. Mr. Duthie provided clarification on a few of the abbreviations used and the timelines. It was discussed that the Board would be deciding if we want to risk the potential of overcrowding or to start building to be ready for the upcoming growth. With our schools already at capacity, we will meet the required numbers for classroom growth from the DOE to move forward.

Dr. Aderhold and Mr. Duthie then presented information regarding a potential short term solution to a large capacity issue on the Plainsboro side of the district due to residential growth. The Place at Plainsboro development of 101 units was supposed to break ground in December, but did not due to the below freezing temperature. Construction will most likely begin in March. There are other prospective residential properties in Plainsboro, but nothing is in writing at this time, they are in the discussion phase only. The Place at Plainsboro potential residential growth includes: 71 units in Phase 1 with a possible 60 students, and a possible 85 students at full build-out. For Pre-K to 2nd grade, we would need at least 3 classrooms if the students were all regular education. However, with keeping special education students in-district instead of sending them out of district, we need space to house these additional special education classes. At Town Center, we were originally looking at 8 regular sized classrooms - 4 downstairs and 4 upstairs. We adjusted that model to create smaller classrooms for special education and free up full size classrooms for full size classes. We have no choice but to move forward at Town Center unless we want to increase class sizes. Already, the AM and PM Kindergarten Extension students in Plainsboro must be transported to West Windsor because there is no space on the Plainsboro side of town. Dr. Aderhold explained that on tonight's agenda, the District is seeking to move forward with submitting the project to the DOE so that the DOE will issue a project number which enables us to start the process of creating the specifications. The potential timeline for the Town Center build out includes going to bid in July and completing the project by December 2019.

Following the presentation, there was a discussion of the proposed floor plan.

Mr. Fleres thanked Dr. Aderhold and Mr. Duthie for the presentation.

PUBLIC COMMENT

Three members of the public spoke in regards to the following topics: recent change in traffic flow at High School North, security measures in the Maurice Hawk addition plan, the impact of growth on core facilities at Maurice Hawk, thanking the board for their service, and capacity limitations at all buildings.

Dr. Aderhold responded to public comments in regards to HSN traffic flow and core facilities. He explained that the traffic pattern disruptions at North should be temporary as the Plainsboro Police are addressing student driver safety in coordination with building administration. In regards to the impact of growth on core facilities at Maurice Hawk, Dr. Aderhold explained that measures to address the issue are not part of the addition, but depend upon it. These measures include repurposing some of the existing

rooms, additional use of the alternate gymnasium, and upgrading shelving in the media center for better space utilization. He also mentioned that a referendum may be needed to address the need for space in the cafeteria and media center over time. Dr. Aderhold invited Mr. Duthie to address the public comment in regards to school security.

Mr. Duthie explained the basic school security measures built into the plans for the Maurice Hawk Addition. The plans address mandated regulatory and legislative issues. They also include physical security features such as security doors, video cameras, bollards, and an upgraded communication system. Other security features include the relocation of the main office to help increase awareness, and limiting door access.

COMMITTEE REPORTS

Administration & Facilities Committee

Ms. Kaish reported that the Committee met on Tuesday, January 16 and welcomed Martin Whitfield to the Committee. In July 2017, board policy 5350 – Student Suicide Prevention was adopted. The Regulation to that policy is on the agenda this evening for a first reading. The Committee reviewed and discussed preliminary enrollment numbers for the 2018-2019 school year including information related to student mobility. The committee reviewed the hourly rate change due to an increase in the minimum wage. The Committee reviewed correspondence from an Option ii provider regarding academic integrity and concerns about the amount of cheating they are seeing from WW-P student who are attempting to accelerate their studies. Administration outlined the steps the District will take to work with the provider to mitigate concerns. Next, the committee reviewed the first year pilot of the alternative evaluation model for highly effective teachers, for which staff and administrators attended training back in August. The committee reviewed the agenda items for this evening and recommends approval for the following: The revised ESL curricula to align to the standards, the online financial literacy summer course and the hosting of the course by Apex learning, two professional development consultants for the February Professional Development Day, the Community Education 2018 Spring and Summer Programs, the disposal of instructional materials that have exceeded their usefulness, and the acceptance of a donation of a telescope from a parent.

A discussion ensued regarding academic integrity and the Option ii summer programs.

Finance Committee

Ms. Ho reported that the Committee met on Tuesday, January 16 and reviewed and supports the agenda items for tonight's meeting. Staff presented information about the material proposed to be used for the turf field. Dr. Russo shared photos of the flooring improvements in the cafeteria at Community Middle,

Grover Middle, and Millstone River schools. The committee discussed the addition of a part-time pool operator to the Aramark contract as well as other maintenance issues. Administration updated the committee on the Maurice Hawk project, which is moving forward. The committee discussed the Town Center addition, which is estimated to cost \$4.5 million and be paid for out of capital reserve funds. On tonight's agenda is the approval to move forward with obtaining a job number for the Town Center project. At the meeting, Dr. Russo commended Larry LoCastro for his work on the district's receipt of ASBO International's Meritorious Budget Award. The Solar Renewal Energy Credit sale would take place the next day; these are sold every 6 months. The committee discussed district buildings and the status and need of certain repairs. Dr. Russo encouraged the schools to apply for sustainability grants and two schools have been awarded such grants, Wicoff and Grover, which are on the agenda this evening.

There was a question as to the status of the showers at the high schools. Dr. Russo responded that the repairs were complete and all of the showers were working, however, there is a hot water issue that is scheduled to be addressed when schools are closed.

2018-2019 Budget Discussion

Dr. Russo presented information regarding the school budget process. He began by reviewing the district mission statement, the Strategic goals, and the parameters of a school budget. Dr. Russo explained that the creation of a budget is an ongoing process that continues throughout the year, providing key dates and deadlines. Some dates of note included the preliminary budget due date of March 6th and the public hearing and formal adoption of the budget on April 24th. Some budget topics that will be considered in the creation of the 208-2019 budget include special services, health care costs, capital projects, technology, staffing needs, and salary increases.

Dr. Russo reviewed the November 2017 High School Rankings as published by Niche.com for WW-P and comparable neighboring schools as well as the actual per pupil costs and taxpayers guide to educational spending costs for each of those districts. Dr. Russo noted that, most likely, there will be something to share in regards to the budget at each board meeting and committee meeting from here through March.

The presentation was followed by a discussion of the 2018-2019 budget.

2018-2019 Budget Discussion

Dr. Russo presented information regarding the 2018-2019 budget. He reviewed the areas that place the most stress on the budget; these include Special Services, health care increases, capital projects, technology, staffing needs, transportation, and salary increases. He provided a snapshot of the budget-to-budget percentage increases over the past 18 years. Dr. Russo reviewed the district’s revenue sources and compared revenue information for the past 5 years. He reviewed the total functional appropriations for the past 5 years, which included amounts for regular instruction, Special Education, health care, transportation, and maintenance and operations. Dr. Russo explained that the budget document is fluid

and the district works on it throughout the school year. He also explained that the district puts together a budget noting that it has to be efficient, responsible to the taxpayers, and responsive to administrative priorities and student needs. The governor’s budget address is scheduled for Tuesday, March 13, 2018, and state aid notices should be released on March 15, 2018. WW-P is planning for state aid to remain flat, but we will not know until the state releases the information. The preliminary budget will be for approval on March 6, 2018, and a public hearing on the budget will be held on April 24, 2018.

A discussion ensued regarding the procedures and guidelines for budgeting Special Education services.

PERSONNEL

West Windsor-Plainsboro Regional School District Board of Education on February 9, 2018, provided an email notification that if an employee’s name appears on the Personnel Agenda for the February 13, 2018, Board of Education meeting, the WW P Board of Education may discuss the recommended action related to that employment in a session closed to the public unless an employee submits written notice that is received at least 24 hours before the Board of Education meeting stating that the employee is requesting any such discussion take place in public. If the WW-P Board of Education intends to discuss a matter specifically pertaining to a staff member’s employment, they will be sent an individualized RICE notice.

A personnel addendum was added to include: 1) Personnel Items: B. Certificated Staff – one resignation; C. Non-Certificated Staff – one change, one leave, and two resignations; E. Stipend – one Athletic change and one Non-Athletic change; and F. Community Education – one change.

There was a verbal correction made to an effective date on the personnel agenda under category B. Certificated Staff - Change.

Upon motion by Mr. Whitfield, seconded by Ms. Ho, following a discussion regarding a teacher’s position change from a Grade 5 teacher at Village School to a Basic Skills Reading teacher at Millstone River School, and by roll call vote with all Board members voting yes, except Ms. Herts, who abstained, the following Board actions were approved:

He expressed grief and sorrow on behalf of the district over the senseless tragedy. There has been much debate around school shootings and violence and he wished to share what we have done as a district from a security standpoint.

On the Monday after the Parkland incident, Dr. Aderhold met with Police Chiefs Garofalo and Armour for an intense conversation regarding school security. A Fast Action Response Task Force for Mercer County has been initiated and is a first attempt as a county to come together to standardize terms and procedures to reduce confusion during a crisis. The group had conversations regarding Class 3 police officers, a classification initiated for the purpose of school security. Through Class 3, retired officers can work additional hours without drawing pension and benefits from schools. The district and both police departments agree that any insertion of Class 3 officers into the district should be done through the idea of community policing. In a 2002 report by the Secret Service it was reported that relationships and the culture of a school are the number one deterrent for students who commit atrocities. Students who have committed atrocities often are known to educators and law enforcement and often are involved with bullying and other issues. In discussing school security, the district should focus on school culture and climate, taking into account mental health aspects of the student population. Dr. Aderhold thanked both police departments for their support, stressing that the district is very fortunate to have great relationships with both police departments who assist us with various safety measures such as evacuation drills, fire drills, and lockdown drills.

Dr. Aderhold outlined additional security measures that the district is considering, including: enhancing the Eyes on the Door Program, police walkthroughs, key upgrades, fire alarm upgrades, lockdown buttons, uniform visitor protocols and visitor systems including license swipes, enhanced phone and/or intercom systems, panic alarms, and hardening physical entrances through additional door hardware and bollards. He explained that the district is reviewing mental health protocols as well as contracts for providing onsite mental health services to assist parents who are having difficulty getting access to mental health assistance. The district recently entered into an agreement with PureEdge for social-emotional learning and teacher self-care and mindfulness. Dr. Aderhold reminded the group that all of these increased security measures will require funding and mentioned that the additional physical security measures will be part of the upcoming presentation on the referendum, which will take place at the May 8, 2018 Board of Education meeting.

In reference to the National School Walkout on March 14, the superintendent explained that the district is supportive of students practicing first amendment rights, but is mindful that observance of this event should be grade appropriate. At the K-5 level, the time period will be honored, but students will not walk out of the buildings. At Grades 6-12, the walkout will be well organized and officers will be present to ensure student safety. The entrances to the schools will be blocked during the walkout as the event is for students only and will not be open to the public.

As for the weather and the High School South Disney trip, we have worked with a charter company to book six charter buses leaving between 9-10am tomorrow morning to get the students and teachers to Disney.

There is a vaping presentation on March 12 at Grover Middle School at 7 p.m. SAC counselors and a guest speaker will address vaping, which has become a serious issue as many oils are odorless and scented so as to cover up what the students are actually vaping.

Dr. Aderhold congratulated the Business Department for receiving the Meritorious Budget Award for the fifth year in a row. He reported that the niche.com school rankings, which were publicized this week, are based on a new formula that includes PARCC scores; PARCC student opt-outs counted against us. He asked that residents keep in mind that these rankings of schools are worthless and ridiculous and should be paid no mind. When it comes to SAT scores, only eight schools in New Jersey have an average of over 1300 and two of those eight schools are High School North and High School South. Dr. Aderhold concluded by mentioning that schools are closed tomorrow due to inclement weather.

STUDENT REPRESENTATIVE COMMENTS

Dillon Henry, High School North Student Representative, thanked Dr. Aderhold and the Board of Education for the comments that were released shortly after the recent school shooting in Florida and for the efforts that are being taken to keep students safe. He then reported the following: The Girls' Swimming Team, with a score of 15-1, is the Division, County, and Sectional Champion. Boys' Swimming Team finished their season 12-2 and is the Division Champion. Boys' Basketball made it to the second round of the state playoffs. The Midnight Nova Robotics Team qualified for the Eastern Regional Championships. HSN is the Eastern Regional Science Bowl Champion. Les Miserables, the North spring musical, was a huge hit and largely successful...several Board members attended. Thank you for the cancellation tomorrow.

Supriya Mamidi filled in for Alexandra Vena, High School South Student Representative, who is on Washington Seminar. Ms. Mamidi reported the following: The spring musical, Sister Act, had its final show on Saturday night. There will be a joint North-South musical in May for which there is an informational meeting tonight for South parents. Spring sports have begun. The South student council is currently planning and finalizing the senior citizen's ball which is taking place on Saturday, March 17th, with an appropriate theme of St. Patrick's Day. The juniors left for Washington Seminar yesterday and are there until this Saturday. The seniors leave this week for Disney.

PRESENTATION: 2018-2019 Proposed Budget

Dr. Christopher Russo began the 2018-2019 budget presentation by reviewing the timeline for the budget approval, with tonight being the approval of the tentative budget. Two of the main concepts the public has conveyed in relation to the creation of the budget are 1) to use the fund balance that we have for educational purposes and 2) to be mindful of the tax increase. The 2018-2019 budget uses more fund balance than in past budgets and also keeps within the cap on the tax increase.

Dr. Russo reviewed WW-P's mission statement and strategic goals: *Building upon our tradition of excellence, the mission of the West Windsor-Plainsboro Regional School District is to empower all learners to thoughtfully contribute to a diverse and changing world with confidence, strength of character, and love of learning.* He then defined a school budget explaining that it is a fluid planning tool that considers contingencies, manages risk, reflects district and community values, and considers safeguards and buffers. The budget is a fluid document subject to an ongoing process which starts in the summer with preliminary discussions and continues into the fall and winter with board retreats, county office reviews, budget manager meetings, and public discussions. Tonight, the Board adopts the tentative budget and it is submitted to county office. On March 20, the demographic study and capacity report will be presented. The public hearing and formal adoption of the budget will take place at the meeting of the Board of Education on April 24, 2018. Dr. Russo reviewed the major topics that affect

the budget: Security, Special Services, health care costs, capital projects, technology, staffing needs, transportation, and salary increases. Other cost factors that affect the budget are: outcomes of negotiations with WWPSA and WWPAA, unforeseen Buildings & Grounds expenses such as security and repairs, and a potential referendum. Dr. Russo explained that we have a need for a referendum for building repairs and that we can borrow money now without effecting the tax levy because the debt increase would be offset by expiring debt. He reviewed the niche.com 2017 rankings in New Jersey, showing that WW-P is very competitively ranked 3rd place for Grades K-12, and for Grades 9-12, 9th place and 13th place.

Dr. David Aderhold presented information regarding school security and mental health support. He reviewed some of the programs that we are considering implementing: community policing through Class 3 police officers, additional security cameras, additional security vestibules, improved communications infrastructure including public address and phone enhancements, visitor management systems, professional development training, fire alarm enhancements, and additional mental health counselors. With respect to Special Education programs, Dr. Aderhold explained that the district is focusing on enhancing our in-district programs to bring students and families back into the district; by doing so, out-of-district placements are reduced. The cost of additional staff due to bringing students back into the district is offset by the reduction in tuition costs. Special Education is budgeted to increase by 11 staff members. These additional staff members will provide necessary resources across grade levels, including occupational therapy, physical therapy, and speech support for K -3 students, growth in MD enrollment at Community Middle School, career-based instruction and job skills programs at High School North, and enrollment growth for Grade 9 at High School North. With the High School North Community-Based Instruction Model, we can save enough money on transportation to purchase a van to do our own transportation for Special Education. We have budgeted for a school store and apartment setup for a life skills type program for students in the LLD and Larks programs as we do not have the ability to teach those skills now.

Dr. Aderhold reviewed staffing projections and programmatic considerations, which included the addition of 11 staff positions for regular education, 2 instructional assistants for the Dual Language Immersion Program, 11 staff positions for Special Education as previously discussed, a 5.08% increase in health care costs for current staff members, increases to co-curricular activities, technology, arts, and music, and amounts for communication to the public about the referendum. In the past, the district had to decrease co-curricular programs and this has had a detrimental impact on sports programs and other activities over time. He explained that this budget adds assistant coaches for Athletics, adds athletic programs at the middle schools, and adds clubs at the high schools and middle schools to equalize the offerings among the schools.

Dr. Russo reviewed capital reserve and capital outlay projects. The list of capital projects include: High School South toilet room renovations, new front doors and a gym divider curtain at Community Middle School, gutters and downspouts at Millstone River School, technology for the 1-1 Initiative, track and turf fields at the high schools, the well pit and new gym floor at Wicoff Elementary School, district-wide boiler alarms, gutters, downspouts, and a bus loop at Community Middle School, Dutch Neck Elementary School paving and bollards, Grover Middle School roof restoration, annual projects, and the Town Center Elementary School addition. The SDA fee is a tax or fee the district pays for using the School Development Authority. He noted that \$4.5 million will be used out of capital reserve for the Town Center Elementary School addition. Dr. Aderhold explained that the reason for the addition is that Special Education programs for K-2 went into Town Center Elementary School utilizing full classroom space, but those classes don't need full classroom space, they can use less space. In order to reclaim some larger rooms, we are constructing smaller spaces so the full classrooms can be used for student growth due to new development and Special Education programs can be held in classrooms of the appropriate size with the appropriate equipment.

Dr. Russo outlined the timeline for the budget. The governor's budget address will take place on March 13 and state aid will be announced on March 15. Prescription increases will not be known until July and there will be a health care benefits increase January 2019. The district is going out to bid on health care coverage to see if we can reduce costs. The district also is in negotiations with the Administrators Association and the Service Association.

Breaking down the allocation of expenditures, Dr. Russo explained the budgeted increases for regular instruction, co-curricular and Athletics, Special Education, student support services, improvement of instruction and professional development, administration, operations & maintenance, transportation, benefits, capital outlay, adult school, and grants/entitlements. There will be a reduction in debt service expenditure next year. Overall, the tentative budget submission reflects a 3.19 percent budget-to-budget increase. The budget is within cap rules with a local tax levy increase of 2 percent or \$3,174,437. The 2 percent cap rules actually allow for a 2 percent increase plus debt service, plus a large percentage of the health care increase and the use of banked cap. Historically, we have included debt service in the 2 percent tax levy cap. The district is also not asking for the use of the health benefit adjustment or asking to use the banked tax levy cap. We are using fund balance more than we did previously for tax relief.

There was a discussion regarding the difference between the tax levy increase and the year-to-year budget increase.

PUBLIC COMMENT

Six members of the public spoke in regards to the following topics: the possibility of racial bias in the student discipline process at High School North; the Fair Funding Action Committee that advocates for increased state aid and the fair funding of New Jersey schools; the rise in health care costs for the district; security concerns with the open layout at High School South; the quantity and quality of district special education services; and school security measures and timelines for putting additional security measures in place.

Dr. Aderhold responded to several public comments. In regards to security measures at High School South, he explained that a West Windsor SWAT tactical team assisted the district in creating security drill protocols due to the open design. He also noted that the measures have been vetted with the New Jersey Safety Task Force. The superintendent explained why door magnets are necessary and how they work on school building doors. He then addressed the timelines for additional security measures, explaining that the more expensive measures, such as new vestibules, bollards, etc., take time and planning and would depend upon the referendum. It could be eighteen months or more before the measures were in place as the referendum would need to be passed in November or December, and then we would have to go to bid on the projects.

BOARD PRESIDENT'S COMMENTS

Mr. Fleres thanked everyone for coming to the meeting. Mr. Fleres explained that there was an executive session earlier, so the meeting has already been opened. Mr. Toscano added an item to the closed session topics, which has been included in the chart above. Board President Fleres introduced Dr. Gripp to present the demographic study.

PRESENTATION OF THE DEMOGRAPHER'S STUDY

Dr. Richard S. Grip, executive director for Statistical Forecasting, LLC, presented a summary of the findings of the March 2018 Demographic Study for the West Windsor-Plainsboro Regional School District. He began with an explanation of the purpose of the study, which included projecting grade-by-grade enrollments for the next five years. Dr. Gripp outlined the demographic profiles of both townships, created using information gathered during the study. These profiles included historical population data, projected population data, male-to-female population changes, age pyramids, and birth counts. He also outlined data specific to the school district, including: the comparison of attendance areas, a review of historical enrollment trends by grade, and birth counts by attendance area. The concepts of cohort survival ratios and First Grade replacement were explained and reviewed. Planned new housing for each township and potential new housing for each township and the student yields that may result from those developments were presented. As a related topic, home sales and the type of family turnover specific to the school district were explained. In closing, Dr. Gripp presented his estimated enrollment projections for the district by year and by grade configuration. As per his estimated, the district will gain 554 students over the next five years, mostly at the high school level. The complete report is available on the district's web site at www.ww-p.org.

Following the presentation, the Board engaged Dr. Gripp in a question-and-answer session. Board President Fleres and Dr. Aderhold thanked Dr. Gripp for his presentation and hard work on the demographic report. Dr. Aderhold expressed interest in keeping the report up-to-date by engaging Dr. Gripp's services for an annual update, a concept he plans to discuss with the Board in the near future.

PRESENTATION OF THE DISTRICT CAPACITY REPORT

Dr. Aderhold presented the West Windsor-Plainsboro Regional School District 2018 Capacity Study. He explained that the purpose of the study was to determine the student capacity of the ten schools by reviewing the actual usage of each space and/or the potential usage of each space to calculate overall capacities of the schools. This was accomplished this by reviewing existing facilities and floor plans and confirming the existing usage with district personnel and administration. By using this information in conjunction with the demographic study completed by Dr. Gripp, the district can better evaluate enrollment projections and make informed recommendations for facility expansion and utilization.

Dr. Aderhold reviewed the methodology used in compiling the information for the capacity report. He explained the concept of 'capacity generating' spaces for different grade levels and the difference between the state facility efficiency standards (FES) capacity calculations and the district capacity calculations. For each school, he presented a breakdown of the total enrollment as of March 1, 2018, the total district classroom capacity, the district utilization capacity, and the current capacity percentage being used (which showed that all K-8 schools are over 100 percent of capacity and the two high schools are between 85 percent and 96 percent of capacity). He then explained the current situation at each of the district schools and the potential impacts of growth suggested by the capacity and demographic studies.

The district's 2004 capacity report provided a comprehensive understanding of calculating capacity in the statement, "The committee understands that the capacity of a given school building is not found in the simple addition of classroom seats or chairs. Such an oversimplification would ignore the educational programming as well as the ability of the core facility to handle physical education stations, lunch, library, and specialized programs that need basic 'large population' space." Dr. Aderhold reminded the group of our goals as a district: to provide specialized classes such as AP courses without limitations, to keep class sizes in check, and to provide facilities that can support in-district Special Education students in the least restrictive environment. The district strives to ensure resources are aligned to provide equity and excellence for all students including facilities that support Special Education, provide ample educational space for current and projected students, avoid overcrowding, and keep class sizes low. Dr. Aderhold reviewed the following data for each school: enrollment numbers as of March 1, 2018, total classroom capacity based on the in-district study, total classroom capacity based on FES averages, and utilization percentages based upon both figures.

In closing, Dr. Aderhold presented the affordable housing projection calculations for each of the two townships and their potential impact on capacity utilization percentages. Based upon the findings of the report, the district would need to address the capacity limitations of the current facilities with long-term solutions such as: expansion of current structures; renovation of areas within buildings for modernization and/or specialized instructional programs; redistricting and review of current sending paths; and/or implementing innovative solutions including new organizational and instructional models. Although the long range solutions to pending challenges will be exacerbated by residential growth, the Board now has the benefit of using the data from both reports presented this evening to make informed decisions with current information. The entire 2018 Capacity Study can be found on the district's web site.

At the end of the presentation, the Board engaged in a discussion regarding the capacity study and the demographic study.

At 10:20 p.m., upon motion by Ms. Kaish, seconded by Ms. Ho, and by unanimous voice vote of all present, the Board of Education meeting was extended for one hour.

PUBLIC COMMENT

Five members of the public spoke in regards to the following topics: racial bias in disciplinary practices; arts in education; the use of Class 3 officers in school; the use of the demographic and capacity studies when considering facility expansions and the future of the District.

COMMITTEE REPORTS

All of the committees met on Tuesday, March 13, 2018.

Administration & Facilities Committee

Ms. Kaish reported that the Committee reviewed the policies and regulations listed on tonight's agenda for first reading: Bylaw 0169.02, P7441, P2330, P3282, R7441, and R2330. At the meeting, Mr. Dalton reviewed the district's application to the Mercer County Office of Special Services for the approval of a Language Learning Disabilities program at the middle school level. As part of an ongoing concern regarding the impact of growth on district facilities, the committee continued discussions on the proposed expansion project at Town Center Elementary School. The committee discussed three

topics in relation to school safety and security: First they reviewed the concept of adding Class 3 Officers to schools; second, they discussed increasing the requirements for school visitors so as to be more consistent with the practices of other districts around the state; and third, administration shared that the technology department is researching various visitor information systems that allow for electronic check-in and monitoring of school visitors. The committee received an update on the Parent University session held on March 12, 2018 on vaping. Over 100 attendees participated in the session. Several Parent University sessions will be offered in the future.

Curriculum Committee

Ms. Krug reported that the committee met and reviewed the Dual Language Immersion program registration data to date. The data suggest that there is a sufficient interest in both Mandarin Chinese and Spanish to anticipate running both programs next school year. The committee reviewed the survey results from the February 16th in-service day, which were overwhelmingly positive. The committee reviewed the superintendent's recommendation to allow a research project on college preparation and high school students and supports the recommendation. After reviewing the feedback and ensuring proper procedures were followed, the committee supports adoption of the textbook Big Ideas Accelerated, 2017, by Larson and Bosell for the sixth grade course Pre-Algebra Honors & Accelerated. The committee reviewed and recommends approval of the following items listed on tonight's agenda: the Teacher Resource Specialist for Special Education–BCBA job description; the additional Community Education adult and youth programs; entering into an agreement with ECA Educational Services for science kit refurbishing services; the creation of two AP Exam Assistant Coordinator positions; acceptance of an award from FIRST for the FRC/FTC Robotics teams; acceptance of a corporate donation for the IPLE trip; several domestic overnight field trips; and an international overnight trip to Lisbon, Portugal for the High School North Music Department.

Finance Committee

Ms. Ho reported that the committee reviewed and supports the agenda items for tonight's meeting. The committee reviewed the cost and use of Class 3 police officers. There was a general discussion as to the need for officers. The Committee also discussed other security enhancements that could supplement the many security measures already in place. Dr. Russo explained to the Committee that the district is required to pass a resolution setting the budgeted maximum travel expenditures as part of the annual budget submission. The maximum amount is set high to ensure we don't exceed it. Dr. Russo updated the Committee on the Local Government Energy Audit (LGEA). The District has completed the application. There is no cost to the district for the audit, however, the State has only one or two vendors and is currently backlogged. As a consultant for the district, Schneider Electric can act as an advocate for the district to keep the process moving forward. The committee discussed the Town Center construction project. The budget includes \$4.5 million from capital reserves for a classroom addition at Town Center. The architect submitted a proposal for services totaling \$269,400. Dr. Russo provided the January 2018 report from Sodexo Food Services. Revenue has increased by 1.4% from last year. Breakfast sales are up, special function revenue is up, and the food costs have been reduced by improving purchasing practices. Sodexo, along with our food services manager, have presented at meetings, participated in the district's green teams at the building level, met with students to discuss the lunch program, and awarded prizes for competition among schools. Mr. Yu “Taylor” Zhong

Board member Louisa Ho was absent. Present also were: Dr. David Aderhold, Superintendent of Schools; Dr. Christopher Russo, Assistant Superintendent for Finance/Board Secretary; Mr. Gerard Dalton, Assistant Superintendent for Pupil Services/Planning; Mr. Martin Smith, Assistant Superintendent for Curriculum & Instruction; Mr. Lawrence LoCastro, Comptroller; and, Mr. Patrick Duncan, Special Assistant for Labor Relations.

Ms. Charity Fues, Director of Human Resources and Mr. Mark Toscano, board attorney, arrived during the joint meeting budget presentation.

Joint Meeting: Townships Governing Bodies

Dr. Aderhold welcomed the township leaders for a look at the proposed 2018-2019 school budget and thanked the mayors and township officials for their continuing support. Dr. Aderhold expressed his appreciation to everyone for working together through the year-long budget cycle. The Board of Education and administration have worked to construct a budget that reflects the values of the district and continues to support students through commitments to strong educational programs and high student achievement while being cost effective and sensitive to the impact on taxpayers.

Dr. Christopher Russo and Dr. Aderhold provided a brief overview of the key parameters of the proposed budget. They highlighted the district’s continued high rankings, student achievement, and commitment to financial accountability and transparency. Dr. Russo compared expenditures and revenues of the proposed budget with the current budget, showing increases/decreases and the realignment of resources. He also reviewed prior budgets, changes in township enrollment percentages, capital projects, and per pupil spending.

After reviewing the proposed budget, Dr. Aderhold examined projected residential growth in both West Windsor and Plainsboro, highlighting the impact projected growth may have on enrollment in each of the

schools in the district. He outlined the need for a referendum for facilities improvements and expansions and explained why the referendum would have little or no impact on property taxes.

At 7:35 p.m. the joint meeting adjourned.

BOARD PRESIDENT'S COMMENTS

The Board re-convened in the multipurpose room of the Board of Education at 7:50 p.m. for the Board of Education meeting. Mr. Fleres welcomed everyone to the meeting and thanked them for coming. He read the provision requiring the meeting be adequately advertised in accordance with the Sunshine laws.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold thanked everyone for attending and explained that the Board met with both West Windsor and Plainsboro Township officials prior to this meeting to review the budget. Dr. Aderhold recognized Mr. Gerard Dalton, Assistant Superintendent for Pupil Services/Planning, for his 8 years with the district. Mr. Dalton will be leaving the district for the position of Superintendent of Brick Township School District. Dr. Aderhold congratulated Mr. Dalton and expressed that his presence in the District would be missed.

STUDENT REPRESENTATIVE COMMENTS

Dillon Henry, High School North Student Representative, reported the following: The Mr. North contest took place this past Saturday and raised \$1250 for the March of Dimes, not including ticket and concession sales. The One-Act Festival/Freshman Sophomore Play will take place on Friday, May 4th and Saturday, May 5th, at 7:00 p.m. AP Week is quickly approaching.

Alexandra Vena, High School South Student Representative, reported the following: On Saturday, April 14th, the South and North girl's and boy's Lacrosse teams played each other on North's turf, along with the Community and Grover girl's and boy's teams. South girls' team lost a close game by a mere two points and South's boys' team won. This past Friday night, South had their Junior Extravaganza at the Camden Aquarium. PARCC testing has begun, along with AP workshops for students in preparation for the upcoming exams. Next week begins South's Spring Spirit Week with the line-up going as follows: Monday is Decades Day, Tuesday is School Spirit Day, Wednesday is Mathlete vs. Athlete Day, Thursday is Disney Day, and Friday is Class Color Day. Friday night, the Student Council is hosting South's first ever South Factor, formerly known as Mr. South. This year, the student council opened the show up to both guys and girls to compete for the first time in South history. The proceeds from South Factor will be donated to Meals on Wheels, an organization dedicated to feeding the hungry in our area.

PUBLIC HEARING ON THE 2017-2018 BUDGET

Board President Fleres opened the 2017-2018 Public Hearing on the proposed budget at 7:56 p.m.

Dr. Aderhold opened the presentation on the proposed 2018-2019 budget by thanking the Board, the Assistant Superintendents, and the Comptroller for their work on the budget at retreats and committee meetings over the past year. He explained that creating the budget is a year-round process and described the components of a school budget. Dr. Aderhold noted that one item new to the budget that may be of interest is the allocation of funds for the possibility of utilizing Class 3 Officers. Further discussion of that topic will be held at the May 8th BOE meeting. He reviewed the big picture budget topics, including Special Services, health care costs, staff and salary increases, capital projects, security, and technology. Dr. Aderhold introduced Dr. Christopher Russo to complete the presentation.

Dr. Russo reviewed the 2018 District High School Rankings and 2018 Best New Jersey School Districts as published on niche.com. The High School Rankings show that High School South ranked 9th and High School North ranked 13th in New Jersey. Compared to neighboring high performing districts, WW-P High Schools are at the lower end of cost per student educational spending, yet have the highest SAT scores. As a district, West Windsor-Plainsboro is ranked third in the state by niche.com. A brief synopsis was given outlining student achievements including the number of National Merit Scholars awards, the number of AP Scholars awards, and the average scores for AP, SAT, ACT tests. Dr. Russo noted the achievements of the finance department, having received the Association of School Business Officials International's Certificate of Excellence in Financial Reporting Award for the ninth year and the Meritorious Budget Award from the Association of School Business Officials International for the fifth year.

Dr. Russo touched on the township percentage enrollment changes over the past 9 years, noting the small variation between years. This year, Plainsboro residents constitute 42.01% of student enrollment and West Windsor students makeup 57.99%.

He then provided a "snapshot" of the allocation of expenditures and revenues, touching on the operating expenditure categories. The budget includes an additional \$1,550,231 for regular instruction, adding several staff positions to assist in keeping our student:teacher ratio low. Co-curricular (athletics and clubs) received additional funding to support afterschool activities. The addition of \$957,152 to Special Education (instruction, tuition, and child study team and support services) is due to additional students needing services. Student support services (media centers, nurses and guidance) includes the addition of \$173,281, and \$156,168 was added for improvement of instruction and professional development. \$428,625 was added to Administration and includes pre-referendum expenses and some new software programs. Operations and Maintenance is increased by \$1,537,261, which includes the additional funds we received in state aid which have mostly been allocated for additional school security. Transportation increased by \$343,723 for additional routes. Benefits increased by 5.08% or \$1,490,000. Administration is looking into alternatives to the State Health Benefits Plan to counter the rising costs of benefits, which are paid by the employees and the district. Capital outlay had a negligible increase and Debt service decreased by \$208,056. The district is considering a referendum to handle additions and renovations that are needed throughout the district. With declining debt service, we can put together a referendum that would have minimal to no impact on the overall tax levy. Overall the budget-to-budget increase is 3.75% for a total budget of \$181,272,222.

Dr. Russo provided a brief review of the allocation of revenues. The four sources of revenues are: fund balance; local tax levy; state-aid; and miscellaneous. The budget provides \$7 million in tax relief and \$907,430 in state aid. Revenue from state aid increased slightly this year. The overall revenue increase matches the increase in expenditures of 3.75%. However, the tax levy increase remains at the 2% cap due to the use of fund balance. We are within the tax cap regulations of the state.

Dr. Russo reviewed the new capital projects, which include front entrance doors at Community Middle School, toilet rooms at High School South, new and replaced gutters at Millstone River School, a new gym floor at Wicoff, technology costs to continue the one-to-one initiative, the bus loop at Community Middle School and Dutch Neck School, the Town Center Addition, the carryover of the turf fields at both high school.

As an additional reference point, Dr. Russo reviewed a fifteen-year range of tax levy increase percentages for the District. He then reviewed a fifteen-year range of compared actual comparative per pupil expenditures, as per the Department of Education, and how the district compares to other high-performing districts of similar size. These comparisons clearly show that West Windsor-Plainsboro continues to maintain a high level of educational excellence at a per pupil cost below neighboring high performing districts.

Dr. Russo reviewed the tax implications of the 2018-2019 budget on both townships. Plainsboro shows a tax rate to \$1.478 per \$100 of assessed property value for an increase of 4.1 cents. For a home assessed at the township average, this would be an increase of \$175. For the owner of a home at the township average of \$450,800, school taxes are estimated to be \$6,663. The West Windsor tax rate is \$1.548 per \$100 of assessed property value for an increase of 2.6 cents. For a home assessed at the township average, this would be an increase of \$128. For the owner of a home at the township average of \$521,719, school taxes are estimated to be \$8,076.

The user-friendly budget will be posted on the district website within 48 hours after the public hearing on the budget. Copies of budget presentations are also available on the district web site: http://www.wwp.org/about_us/budget_information.

There was a discussion clarifying the meaning of special revenue funds.

PUBLIC COMMENT ON THE BUDGET

Mr. Fleres, on behalf of the Board, invited the public to comment specifically on the budget. One community member questioned whether the budget includes funds for security for the use of technology and online activities.

Dr. Aderhold replied to the public comment by explaining the district’s use of Gaggle, which monitors students’ activity on the district’s google platforms. The Gaggle program flags any material that should be reviewed for content, which is then reviewed by a Gaggle employee. If a concern exists, the district is notified via a protocol. As a district, we are unable to monitor personal platforms such as Facebook and Twitter, which is when it is important for the community to bring forward information.

APPROVAL OF 2018-2019 BUDGET:

Upon motion to approve the budget by Mr. Zhong, seconded by Ms. Juliana, following a comment regarding clubs, supervisors, technology, mailings, and capital reserves, with all Board members present voting yes, except Ms. Herts who voted no, the following board action was approved:

Included in the general fund budget is \$6,016,347 for deposit into the Board of Education’s approved Capital Reserve Account for future funding of capital projects.

The school district has proposed programs and services in addition to the New Jersey Student Learning Standards adopted by the State Board of Education. Information on this budget and the programs and services it provides is available from your local school district.

At 8:24 p.m. the public hearing on the 2018-2019 budget was concluded.

PUBLIC COMMENT

The Board President opened the public comment for general topic items. Two members of the public spoke regarding 1) the possibility of starting additional clubs, and 2) protecting students from issues resulting from internet use and data breaches.

Dr. Aderhold responded to the public comment regarding clubs, explaining that there are procedures in place to introduce new clubs if there is enough interest. He also responded to the comment regarding internet protections, explaining that there are laws that exist to protect children. The District and software providers are required to follow those laws, however, the protections provided are only as good as the companies that uphold the laws and protect the data.

COMMITTEE REPORTS

All committees met on Tuesday, April 17, 2018.

Administration & Facilities Committee

Ms. Kaish reported that the Committee met and reviewed the conceptual plans for the additions and renovations to various schools around the district as part of a potential referendum. The committee discussed regulations R7441 Electronic Surveillance in School Buildings and on School Grounds, and R5600 – Pupil discipline/Code of Conduct. The committee reviewed the NJSIAA Cooperative Hockey Agreement for the 2018-2020 hockey seasons and recommends its approval. The revision of the 2018-2019 school calendar was discussed and no changes are being recommended. Administration shared with the committee that they are working with Prince of Peace church on a facilities rental agreement for Kindergarten Extension for next year. The committee reviewed the administrative structure of the athletic department due to the need for greater supervision of both the growing athletic and physical education departments. The Superintendent shared with the committee the current model for administrative assistants and discussed possible changes. The committee continued discussions on the concept of Class III Officers at the schools. The Committee recommends approval of a vendor for closed captioning for the district website as required by a settlement with the Office of Civil Rights regarding website accessibility. Lastly, the Committee recommends approval of professional development travel for two Human Resources Administrators.

Curriculum Committee

Ms. Krug reported that the Committee met and reviewed the overnight field trips that have been approved for the 2017-2018 school year and discussed concerns about the costs associated with these trips. The Committee reviewed draft assessment score information that will be made available to parents in the Genesis Parent Portal. The Committee discussed the Physical Education/Health Program Review, stating that no proposals were received for conducting the external review and therefore only an internal review would be conducted. The Committee reviewed and recommends approval of the following items on tonight's agenda: Two revisions to the 2018-2019 High School Program of Studies; the adoption of the textbook EdGems Math Course, 2018; the continued use of Genesis for the District's student information system; Northwest Evaluation Association (NWEA) to supply web based Measures of Academic Progress

(MAP) assessments and College Board to provide PSAT testing materials; the creation of an Algebra I remedial program; to accept a musical instrument donation from Mr. and Mrs. Schmidt; professional development for several teachers and counselors; and, two overnight field trips.

Finance Committee

Mr. Zhong reported that the Committee met and reviewed and supports the agenda items for tonight's meeting, including a change in the contract price for the turf field, the bids for the MH addition, which came in over estimate, so additional capital reserve funds may be needed to cover the difference. The 2018-2019 budget was advertised in the paper last week and the public hearing took place earlier during this meeting. In regards to ESIP, the state LGEA process may take a year or more and net us a savings of approximately \$111,000. If we pay for the study ourselves, it will cost us around \$100,000, but save us around \$211,000, so we will still net a savings of \$111,000. Lunch pricing were discussed and it is expected the price will increase by 10 cents for next year. We continue to improve cafeteria services and find ways to better serve the students. The East Windsor shared services contract is up and we recommend approval of the second year of a three-year agreement as we are pleased with their services. The committee discussed the need for additional space for Kindergarten Extension and the possibility of using the Prince of Peace church to fill this need. USI, our health insurance broker, received proposals on our behalf for employee health insurance. It is the District's intention to leave the SHBP as the three quotes we received were all lower than what we are currently paying. A handout was provided with the many green initiatives implemented in the area of operations during the current school year. At the end of the meeting, the Committee discussed the potential referendum. Current housing, future housing, student migration, the demographic study, the capacity study, increased enrollment and current and future needs for space were discussed. The referendum would fund many projects including building expansions, renovations, instructional improvements, safety improvements, and security enhancements. Aramark has new leadership in place and administration is pleased with their progress.

PRESENTATION ON CLASS III POLICE OFFICERS

Dr. Aderhold was joined by Lieutenant Fred Tavener and Chief Guy Armour from the Plainsboro Police Department and Lieutenant Mark Lee and Detective Dave Jelinski from the West Windsor Police Department to present information to the Board regarding Class III police officers. The team began the presentation by defining the position of Class III Police Officer, or Special Law Enforcement Officer (SLEO) – Class III, more commonly known as a School Resource Officer (SRO), and the history behind the development of the program. The presenters outlined the required training for these officers, the job responsibilities, and the roles they would play within the district. Class III Officers would work for and report to the Chiefs of Police. These officers would fulfill a “triad” role encompassing three primary functions: educator, informal counselor, and community policing. Law enforcement training and experience equip Class III's with specialized knowledge that helps them to perform their primary functions. A Board vote is anticipated for July or August 2018. If the Class III Officer program is approved, the program is anticipated to begin in the fall.

The Board engaged the presenters in a discussion of varying aspects of the Class III program.

Mr. Fleres thanked Dr. Aderhold and the police representatives from the West Windsor Township Police Department and Plainsboro Police Department for their presentation.

NOVEMBER 2018 FACILITIES REFERENDUM PRESENTATION

Dr. David Aderhold and district architect, Mr. George Duthie, AIA, presented information regarding the proposed 2018 Referendum. Dr. Aderhold explained that the district has been involved in a multi-year process of evaluating existing facilities, determining existing capacity, and estimating anticipated growth. During that time, the district has conducted the following studies: a detailed facilities condition review, a district-wide capacity/enrollment study, a demographic study including housing analysis, and a district facilities expansion study. He outlined the recent major construction projects already funded by the district at Village School (2015), Maurice Hawk Elementary School (2018) and Town Center Elementary School (2018). District reserve funds were allocated for these with no impact to the taxpayers. The affordable housing projections for West Windsor and Plainsboro, including the potential student yields from those additional housing units, were reviewed. Dr. Aderhold showed the current capacity at each district school and the projected capacity at each school including the potential growth. He reviewed the short- and long-term plans that have been developed for managing larger facilities projects, current capacity issues, and expected enrollment growth due to new housing. He stressed that as enrollment grows, the district will need to review programmatic needs to ensure maximum facilities utilization.

In the short term, the proposed referendum would address several issues including life safety, air quality, programmatic needs, and short-term and near-term residential growth. The critical capital projects that need to be addressed include: life safety/security projects and improvements to the indoor environment; program spaces including academic classrooms such as Performing Arts, Science, Technology, and Culinary Arts; and common spaces such as media centers and learning commons.

The proposed referendum would be for \$115 million for vote in November 2018, comprising approximately \$63 million for capital projects (rehabilitation) and \$52 million for additions/renovations. There would be a \$0 tax increase for construction due to retiring debt service payments (roll over), state aid (Estimated at 20 percent – 25 percent overall) and district funds in reserve due to past fiscal prudence. A visual was provided in the form of a chart showing the management of the tax impact over the next 14 years. The funding chart was created per recommendation of bond council, who recommends two notes followed by a bond referendum. Dr. Aderhold reminded the Board that the district is allowed to collect debt service in addition to the 2 percent cap; however, the district has been consistently mindful of the tax impact and has not utilized the debt service increase option. By using capital reserve funds, we have been able to keep the debt service tax impact flat. Currently we have decreasing debt payments which creates a tipping point where we can address our needs with minimal tax impact. Tax increases will continue to occur, as always, but by the district's estimations, we will be able to continue our practice of not utilizing the allowance of going above the 2 percent cap for debt service. Many improvements are eligible for 40 percent debt service aid, which helps this effort. Dr. Aderhold emphasized that if the district decides to take no action now, the tax increase needed to address these issues in the future would become unmanageable.

All district school buildings would be positively impacted by the proposed referendum projects as there are proposed projects for each school building. Dr. Aderhold outlined the renovations/additions proposed for each school:

At High School South, a 25,000 square foot two-story addition would house eight Science labs, a renovated front entrance, four classrooms for robotics and a dance studio. A renovation project of approximately 15,000 square feet would revamp the existing main office, creating offices for child study

team members and Guidance counselors, renovate the Culinary Arts and early childhood classrooms, update and reconfigure the Media Center, create a security vestibule, refurbish the Pirate Theater, add Robotics/Tech Labs, and renovate Lab 800A/B.

At High School North, renovations include: a 2,600 square foot addition for a security vestibule and a Performing Arts/Dance Studio and renovations to the Media Center, Culinary Arts rooms, and IEQ (Indoor Environmental Quality). North needs heating/cooling system replaced, including new boilers/chillers, new controls, and electrical upgrades.

Thomas Grover Middle School would receive a 22,000 square foot two-story addition housing nine classrooms consisting of three Science classrooms, three resource rooms, and three classrooms. Renovations would include creating a security vestibule, renovating three Science classrooms, and constructing a Robotics/Tech Lab.

Renovations at Community Middle School would include the creation of a security vestibule, updating six Science classrooms, creating a Robotics/Tech Lab, refurbishing the auditorium, expanding the cafeteria, renovating the main office, creating offices for child study team members, expanding the nurse's office and new locker rooms. An addition of 31,100 square foot would include a new gymnasium, a music room, a library, and twelve additional classrooms including four Science rooms.

Wicoff Elementary School's plans include toilet room renovations, the creation of a security vestibule, Media Center renovations, IEQ controls upgrades, classroom HVAC upgrades (especially for basement rooms), and asbestos abatement. The planned new addition of 8,400 square feet includes four new Kindergarten classrooms, child study team offices, new student and staff bathrooms; and storage areas.

Proposed renovations at Dutch Neck Elementary School include toilet room renovations, creation of a security vestibule, adding a faculty staff room, Media Center upgrades, and installing bollards at the bus entrance.

Maurice Hawk Elementary School plans include Media Center renovations. Construction will begin in Summer 2018 on the Maurice Hawk addition previously approved separate from referendum.

Town Center Elementary School has already been allocated \$4.5 million dollars of capital reserve funding by the Board of Education toward an addition of ten classrooms. The referendum would include renovations for the Media Center and the creation of a security vestibule.

Media Center renovations and the creation of a security vestibule are included for Village School.

Millstone River School plans include the creation of a security vestibule, renovation of the Media Center, IEQ classroom ventilation improvements including the replacement of equipment, upgrading controls, and classroom HVAC upgrades.

Other district-wide upgrades include fire alarm upgrades at all schools except High School North, Grover Middle School, and the Board Office, and the installation of generators at High School South, Community Middle, Grover Middle, Village, and Millstone River Schools.

The Board discussed the proposed referendum projects with Dr. Aderhold and Mr. Duthie.

President Fleres thanked Dr. Aderhold and Mr. Duthie for their presentation.

PERSONNEL

West Windsor-Plainsboro Regional School District Board of Education on May 18, 2018, provided an e-mail notification that if an employee’s name appears on the Personnel Agenda for the May 22, 2018 Board of Education meeting, the WW P Board of Education may discuss the recommended action related to that employment in a session closed to the public unless an employee submits written notice that is received at least 24 hours before the Board of Education meeting stating that the employee is requesting any such discussion take place in public. If the WW-P Board of Education intends to discuss a matter specifically pertaining to a staff member’s employment, they will be sent an individualized RICE notice.

Three personnel addendums were added: 1) Personnel Items: B. Certificated Staff – nine appointments and six changes; C. Non Certificated Staff – two changes and one resignation; 2) approval of a resolution between the Board and the West Windsor-Plainsboro Service Association (WWPSA); and, 3) an administrative leave for one employee.

Board President Fleres indicated that the collective bargaining agreements, which related to items 3, 4, and the WWPSA addendum, will be voted on first and separately.

Collective Negotiations Agreements

West Windsor-Plainsboro Administrators Association (WWPAA)

Ms. Michele Kaish, chair of the Board's committee for WWPAA negotiations, reported the following:

The West Windsor-Plainsboro Regional School District Board of Education and the WW-P Administrators Association have reached a tentative agreement for a new collective negotiations agreement. The Administrators Association is a professional association representing administrative positions, including principals and assistant principals and certificated supervisors.

Last month, the agreement was approved by the WW-P Administrators Association by an overwhelming majority. The successor agreement covers the period from July 1, 2018, through June 30, 2021.

The salary increases for the three years of the contract are as follows:

- *2.90% in Year 1*
- *2.75% in Year 2*
- *2.65% in Year 3*

I recommend that the full Board approve this contract.

Upon motion by Mr. Zhong, seconded by Ms. Kaish, and by roll call vote with all Board members present voting yes, the following board action was approved:

3. Approve the resolution between the West Windsor Regional School District Board of Education (Board) and the West Windsor-Plainsboro Administrators Association ("WWPAA") covering the period of July 1, 2018, through June 30, 2021, in accordance with the terms and conditions set forth in the Memorandum of Agreement dated March 20, 2018, as follows:

It is hereby resolved that the Board adopts and approves the Memorandum of Agreement with attachments and salary guides, which sets forth the terms for a successor collective negotiations agreement with the WWPAA; and

It is further resolved that the Board authorize the Board president to sign the successor Collective Negotiations Agreement on behalf of the Board of Education.

West Windsor-Plainsboro Education Association (WWPEA)

Ms. Dana Krug, chair of the Board's committee for WWPEA negotiations, reported the following:

I am pleased to announce that the West Windsor-Plainsboro Regional School District Board of Education has reached an agreement to extend the current collective negotiations agreement with the WW-P Education Association for one additional year. The Education Association is the union that represents teachers and all other employees who hold certificated non-supervisory positions; there are about 895 of these employees. If ratified, the 2016-2019 contract would be extended to cover the 2019-2020 school year.

Last week the extension was approved by the WW-P Education Association and is being voted on right now.

The agreement provides for a 2.90 percent salary increase for the 2019-2020 school year; caps the financial incentive that employees receive for waiving insurance coverage when they are covered by another family member's plan; and, clarifies language in the contract to allow a smooth transition out of the School Employees Health Benefits Plan.

I recommend that the Board vote to ratify the extension as its terms facilitate the containment of insurance costs as we transition out of the School Employees Health Benefits Plan due to its unsustainable annual premium increases.

Upon motion by Ms. Juliana, seconded by Mr. Whitfield, and by roll call vote with all Board members present voting yes, the following board action was approved:

4. Approve the resolution between the West Windsor Regional School District Board of Education (Board) and the West Windsor-Plainsboro Education Association ("WWPEA") extending the July 1, 2016, through June 30, 2019 collective negotiations agreement (Agreement) between the parties to cover July 1, 2019 to June 30, 2020 in accordance with the terms and conditions set forth in the Memorandum of Agreement dated May 11, 2018, as follows:

It is hereby resolved that the Board adopts and approves the Memorandum of Agreement with attachments and salary guides, which sets forth the terms for a successor collective negotiations agreement with the WWPEA; and

It is further resolved that the Board authorize the Board president to sign the successor Collective Negotiations Agreement on behalf of the Board of Education.

West Windsor-Plainsboro Service Association (WWPSA)

Ms. Rachel Juliana, chair of the Board's committee for WWPSA negotiations, reported the following:

We are happy to announce a collective negotiations agreement with the WW-P Service Association. The Service Association represents instructional assistants, secretaries, bus drivers, bus aides, and cafeteria/playground aides.

Earlier today, the agreement was approved by the WW-P Service Association by an overwhelming majority and we will be voting on it at tonight's meeting. The successor agreement covers the period from July 1, 2018, through June 30, 2021.

Some of the highlights of the agreement are that the salary increases for the three years of the contract will be 2.9 percent in all three years and we have also adopted a three-tier prescription plan that is going to be added.

We appreciate how integral the contributions of the Service Association's membership are to the mission of the district. We would like to thank the members of the Service Association's negotiations team, and the Board's negotiations team for the productive and collaborative efforts they devoted to reaching an agreement. I believe the full board should approve this contract.

Upon motion by Ms. Krug, seconded by Mr. Cheng, and by roll call vote with all Board members present voting yes, the following board action was approved:

7. Approve the resolution between the West Windsor Regional School District Board of Education (Board) and the West Windsor-Plainsboro Service Association ("WWPSA") covering the period of July 1, 2018, through June 30, 2021, in accordance with the terms and conditions set forth in the Memorandum of Agreement dated March 28, 2018, as follows:

It is hereby resolved that the Board adopts and approves the Memorandum of Agreement with attachments and salary guides, which sets forth the terms for a successor collective negotiations agreement with the WWPSA; and

It is further resolved that the Board authorize the Board president to sign the successor Collective Negotiations Agreement on behalf of the Board of Education.

Dr. Aderhold thanked Bruce Salmestrelli, president of the WWPEA, Dennis Lepold, president of the WWPAA, and Jeanette Jones, president of the WWPSA for their leadership, work and cooperation. He also commended Special Assistant for Labor Relations, Patrick Duncan, for working to bring all three of these agreements forward this evening. Dr. Aderhold thanked Board attorney, Jeff Caccese, for his assistance on two of the three agreements. He thanked all of the members of the negotiations teams for their time and dedication.

President Fleres thanked everyone involved in the negotiations process and made note of the team effort. He made note of the spirit of cooperation that exists between the district and the associations.

Upon motion by Ms. Herts, seconded by Mr. Cheng, and by roll call vote with all Board members present voting yes, the following board actions were approved:

SUPERINTENDENT'S COMMENTS

Dr. Aderhold thanked the Muslim Center of Greater Princeton and Tahir Zafar who hosted a tour of their new facility today. He congratulated High School North Boy's 4xMile Team for placing first in the New Balance Nationals with a time of 17 min 19 sec, the third fastest time in State history, and the nineteenth fastest in US history. Dr. Aderhold provided some timelines for important upcoming topics. In August, the bid for the Town Center addition is expected to be brought to vote. In addition, the vote on whether to include the referendum question on the November ballot will occur August. It is necessary to vote on the referendum question at the August Board meeting because there is a deadline of 60 days prior to the ballot to provide the question to the county. The work at Maurice Hawk Elementary School has officially started.

Two members of the public spoke regarding the following topics: Thanking WW-P Administration and the West Windsor and Plainsboro Police Departments for meeting with the AAPSG to discuss the Class III Officer Program; thanking Dr. Aderhold for presenting information regarding the Class III Officer Program at the West Windsor Council Meeting the previous evening; and the Class III Officer program.

COMMITTEE REPORTS

Administration & Facilities Committee

Ms. Kaish reported that the Committee met on Monday, June 18, 2018. The Committee discussed and supports the fourth year of a five-year parking license agreement with the trustees of the First Presbyterian Church of Plainsboro to assist with parking at Wicoff Elementary School. The Committee reviewed three new job descriptions: Public Information Officer, Special Education Instructional Assistant/Bus Driver, and School Security Officer. The committee discussed and supports discontinuing the outsourcing of security personnel and replacing it with the hiring of School Security Officers for Eyes on the Door. The Committee engaged in a general discussion regarding the policy manual and its presentation on the district website. The eventual goal is to have only one link to currently adopted policies. Administration presented the proposals from Rutgers UBHC and High Focus Centers. Based on the proposals and the requirements the district seeks in the services, the Committee supports the proposal from Rutgers UBHC. The Committee reviewed the completion of the merit goals of David Aderhold and Gerard Dalton and supports their submission to the county office.

Finance Committee

Ms. Ho reported that the Committee met on Monday, June 18, 2018, and reviewed and supports the following agenda items: the monthly finance reports; a professional services rate update; equipment disposal; SREC sales; a transportation mileage addendum; and the required annual contract review. Staff reported to the committee on Edvocate's May Inspection, which indicated that eight out of ten schools showed improvement. The District and Aramark have implemented several processes to improve performance. The District generated 118 Solar Renewable Energy Credits (SRECs) in the last 6 months

for a July sale. Staff has sent information to the auditors to begin the 2017-2018 Audit process. Year-end procedures have begun in preparation for the audit. Summer Capital Projects started. Planning meetings have taken place for the following projects: High School South and High School North turf fields and track; High School South pool heater/generator replacement; Wicoff gym floor replacement; roof restoration at Grover and High School North; bus lane improvements at Community Middle School; construction at Maurice Hawk; construction at Town Center; boiler alarm installation district-wide; painting and classroom renovations district-wide; and, the Local Government Energy Audit and ESIP. The Committee discussed and settled on meeting dates for the remainder of the calendar year. The Committee reviewed three proposals for communications regarding the referendum. The Committee recommends approval of the print and mail portion of the least expensive proposal at a total cost of \$12,205. The administration will handle the other aspects of referendum communications. The administration has met with four vendors to discuss communications equipment including: classroom phones, classroom paging, intercoms, door access, visitor access, panic alarms, strobe lights, and voice emergency messaging. The Committee supports the administration continuing to pursue these improvements. The Committee discussed the Eyes on the Door program as the administration is not satisfied with the current Eyes on the Door contractor. The alternative would be to bring the program in-house using part-time, experienced individuals. The Committee discussed scheduling of the security individuals and Class III officers. The Committee discussed the draft shared services agreements for Class III officers. Questions arose regarding the agreements, which will be passed on to the attorney for review.
