121	co-operation, intelligence and strength when debating	10/27/2016 9:57 AM
122	1. Give a sample of a curriculum for teachers to follow for 21st century competencies because some of them don't know half of what they're doing. 2. Make sure that all of our classes don't revolve around the chromebook. 3. Make sure that you hire teachers that actually teach!	10/27/2016 9:56 AM
123	student progress and behavior, also make sure the teacher help there student and are not rude to them (I had experience like that) last give student more class work then homework so they have time to just be kids while we can	10/27/2016 9:56 AM
124	1) Focus on school plays, they're really awesome and some of the kids here are really talented 2) Reflections, people should get more recognition if the advance really far for their school. I made a film and all I got was a announcement nobody even heard. 3) TAKE AWAY THE CHROMEBOOKS!!!!!!!!!!!!!! This was a terrible idea whoever came up with it. You really think you can give a kid a laptop during school? NOT everywhere I look, kids are playing agar.io and Ninja Cat. I'm looking at someone RIGHT NOW and he is on his computer playing a game. GET RID OF THEM!!!!!!!!!!!!!! People are forgetting to charge them, kids are cracking their screens, It's a mess and I don't know what made anyone think this was a good idea because it's the dumbest thing the schoolboard or whoever has ever done that I've seen in school.	10/27/2016 9:55 AM

176	Not pressurising the students that much and making them feel that everything is going to be alright. I want the students to not get that much stress and be happy when they come back from school instead of coming back from school tired or stressed about tomorrow mid-term. I think we need to stop pressurizing kids so much and making them feel like that they are a normal person. Not a person who can be good in only studies. I wish that they will work on that. I want students to be less stressed so they don't get into serious and dangerous actions.	10/27/2016 9:45 AM

Sometimes, homework is necessary, but when it's assigned for the sake of it it can really waste time -Instead of PARCC, we should switch to NJ ASK. It is much more efficient -Teachers should focus more on the learning than doing well on just tests and quizzes. It's more about progress than results.	10/20/2016 6:21 PM

232	- Working on getting input from the students more, and instead of brushing those ideas off, we would take them into consideration and hopefully find a successful way to execute the plan -I would focus a lot on establishing some kind of safe space for people with lesser recognized mental illnesses and try to come to consensus on ways to improve their general life, in school and at home. I personally suffer from anxiety, depression, and ADHD. All of those combined make me extremely worried, unfocused, phlegmatic, and just generally lacking in motivation. Creating opportunities to help students like me figure out coping methods that aren't harmful will not only help now, but in the future as well. Especially as someone who experiences frequent panic attacks, I feel like this is something to inform teachers about, so in case of an emergency, I can simply give them a signal and find some place to calm down, which takes away the stress of having to explain my situation and why i need a place to breathe. This also applies to people who don't feel like they are accepted, for example, our school has a lot of people in minority groups like the lgbt+ community, and many of those students aren't "out" yet because they live in fear of not being accepted. Forming a group to help these students figure out when the time is right and safe to come out would help so many people, and educating the parents on how to accept their children would be great as well. -Understand that not all students work at the same pace, and everyone needs time to develop. Stop making tests about memory and instead base them off of skill and willpower.	10/19/2016 10:02 AM

284	business actor	10/16/2016 10:09 AM
285	Have different languages (so more people can speak their language), having lots of bullying presentations, make shorter mornings and longer afternoons (students can wake up at 9 and leave at 5. So students can become more concentrated on work when they have had more sleep.) Lastly, I would have more and better security.	10/16/2016 9:42 AM
286	Collaboration Communication Decision Making	10/15/2016 8:07 PM
287	1. To start school later than 7:30. 2. To decrease homework which decreases stress 3. Making sure that everyone gets into a club.	10/15/2016 12:00 PM
288	classes closer together, less materials needed, less expectations.	10/15/2016 11:17 AM
289	Math, Science, IRLA	10/14/2016 8:22 PM
290	helping the students through tough times making our school a better place demonstrating awareness of things that are going on outside of school	10/14/2016 8:20 PM

## West Windsor-Plainsboro Regional School District: Student Survey Grades 6-8

291	Basically everything.	10/14/2016 7:16 PM
292	I don't know	10/14/2016 7:16 PM
293	I think the district is fine the way it is	10/14/2016 5:53 PM
294	social studies	10/14/2016 5:29 PM
295	I would increase the extra curricular opportunities open to all kids I WOULD REINSTRATE SCIENCE BOWL! There is no valid reason that you guys shut down science bowl. Your arguments are lies. You say that it is too exclusive, but I can't remember the last time a sport was cut out, And sports are highly exclusive of certain skills. And your second argument is that it is a leak in the budget. How? The grover science bowl teacher a couple years ago bought the buzzers with her own money, and ran praclice during lunch. It disturbed the school's economy in no way! Please look into this. I love these kinds of things. They are my "sport" Lastly, I would have the curriculum be made less "boring." And by that, I don't mean to diminish all education. I would rather transfigure it so that it is like the approach in this short article by Paul Lockhart titled " A mathematician's lament." Read it, and adjust the curriculum, just llke our IRLA teachers tells us to adjust our writing!	10/14/2016 4:54 PM
296	I'd want the district to focus on grammer skills, different art styles, not just painting, coloring and drawing. I'd like the school to provide different crafts, such as weaving, glass blowing, and making artistic 3-D objects.	10/14/2016 4:29 PM
297	Getting smartboards for the A&E classrooms Changing the school hours from 7:40-2:45 to 7:40-2:15 Letting us carry our backpacks around as long as they only have the stuff we need for our next few classes	10/14/2016 4:27 PM
298	No swearing, cursing, bullying, or harassing anyone in the school Doing some work for people in need Being kind and helpful	10/14/2016 4:17 PM
299	The different level/special classes. The arts department, not just STEM areas. The extracurricular and the amount of extracurricular's students can attend.	10/14/2016 4:01 PM
300	Don't do that much of tests and quizzes Get more changes to let Grover people and Community people meet to talk about their experiences and learning goals Make sure everybody in the school who want to get in a club will get one in per each year	10/14/2016 3:38 PM
301	~ education ~ happiness ~ making sure everyone has friends	10/14/2016 2:47 PM
302	More clubs would be great. Also some people got lockers downstairs.	10/14/2016 2:47 PM
303	things we want to learn	10/14/2016 2:47 PM
304	Collaboration Letting different grades do things together Giving of team class more time.	10/14/2016 2:47 PM
305	Make less walking for students and create more shortcuts, make children get out of the building more, I lived in California and there wasn't a roof getting in your way into the great wilderness in my old school. Also, I would focus on making good P.E games that everyone one will like.	10/14/2016 2:46 PM
306	1) One topic is School Wi-fi 2) We could try making school start a litte later for kids in Middle School 3)Having students not miss classes because of music lessons.	10/14/2016 2:46 PM
307	The wifi connection	10/14/2016 2:46 PM
308	integrity fun physical and learning	10/14/2016 2:45 PM
309	Math- Fast Multiplication, Number projec,etc. Integrated Reading Language Arts- Commas, FANBOYS,etc. Social Studies- Mesopotamia, The different hominids,etc. Science- WOWBUG, Learning about Organisims,etc.	10/14/2016 2:45 PM
310	I don know yet. I can email the district when I find some. And for any other things in this survey I want to add on to, or any other things. Even doubts and questions!	10/14/2016 2:44 PM
311	Make more school sport teams,Make more after school clubs, and put students with students at the same level of skill at the topic.	10/14/2016 2:44 PM
312	Math Science English	10/14/2016 2:44 PM
313	Less chrome book problems, More recess and getting out of school a little bit earlier.	10/14/2016 2:44 PM
314	creativity, organization, and diversity	10/14/2016 2:44 PM
315	Work on language more. Turn down lunch prices. Have more buses because some kids get home later than others.	10/14/2016 2:44 PM
316	I can't think of any at the moment but here are a few that I though of now: Academics ( although we are pretty good at that ) Music so people can express themselves through instruments and try to find out their talents i feel that they don't teach us about the real world enough because we are gonna( and we do now ) live here and we need a headstart. I feel like they want this place to be TOOO Safe. Like princess land ( like I sort of said before ).	10/14/2016 2:44 PM

## West Windsor-Plainsboro Regional School District: Student Survey Grades 6-8

317	-Amount of student enrollment -teachers -curriculum	10/14/2016 2:43 PM
318	Maybe more things to do outside. I don't think that there is anything else.	10/14/2016 2:43 PM
319	The no bullying presentation that happens ever year should be in every individual classroom rather than the whole grade at a time. We should have more space between the lockers in the concourse Have like one teacher for two subjects	10/14/2016 2:43 PM
320	Not stressing out people so they don't feel as bad. Giving extra work to people who understand it right away, but keep explaining it to the kids who don't. Going back every once and a while to review the work that you did before.	10/14/2016 2:43 PM
321	1) Use Of Technology. I carry my binder to school, and back, because it has a lot of important papers. If they could be on Google Drive, it would be better because, we use less paper, and if someone keeps their binder at school, and they stay home, they can use their Chromebook to access all of the necessary files. Also, we have to carry less weight. I would work on improving the use of technology. 2) Physical activities. Some 6th graders play on the track team. It would be way better if we had more of a variety of choices. 3) Removing FLEX and Study Hall.	10/14/2016 2:43 PM
322	engineering world language	10/14/2016 2:43 PM
323	I would help on the lunch food, stop bullying, no test	10/14/2016 2:43 PM
324	Art, Social studies and Math	10/14/2016 2:42 PM
325	Critical Thinking Problem Solving Kid's Safety (No Bullying)	10/14/2016 2:42 PM
326	Science, Math, and IRLA	10/14/2016 2:42 PM
327	Not a lot of homework, shorter periods.	10/14/2016 2:42 PM
328	Team coursework, electives, cycle	10/14/2016 2:42 PM
329	Being aware of our time Understanding what we are going through Think ahead for the rules you are deciding. Like, is it good, will different students understand it as well. Things like that.	10/14/2016 2:41 PM
330	1. A big garden for healthy plants for healthy food. 2. More healthy and less greasy foods. 3. Air vented lockers	10/14/2016 2:41 PM
331	That teachers will support children more Using chrome books for more things (educational things) Work more in groups and interact with each other	10/14/2016 2:41 PM
332	Math Social studies Science P.S. My teachers are all really nice, especially my Chinese teacher and my IRLA teacher	10/14/2016 2:41 PM
333	IRLA Math Science	10/14/2016 2:41 PM
334	art, hand writing and grammar	10/14/2016 2:41 PM
335	I want to the district to have better Wi-Fi.	10/14/2016 2:41 PM
336	Place kids in classes based on what they know instead of making it random, improve some of the outdoor facility (some kids still like parks.), and make the curriculum a little harder because at this age it's better to know more things. Many of my friends don't bother to memorize easy things like multiplication facts from 1-12 "Just because they don't teach it we don't need to know it." It's better to know it now than struggle to find it out later. Some kids who are 7 that I've met have it memorized and kids older than me don't. It can be improved!	10/14/2016 2:40 PM
337	Teaching kids right things Teaching them not to Bully Teaching kids to stay focused	10/14/2016 2:40 PM
338	higher expectations in studies, better resources for students, more competitions.	10/14/2016 2:40 PM
339	1) To create a sidewalk at every end of road. (and) 2) To create more bike lane so we could ride on the road.	10/14/2016 2:40 PM
340	Work on how sanitary the school and bathrooms are. The gym curriculum, and how much emphasis is on the standardized tests.	10/14/2016 2:40 PM
341	Academic goals Actions against bullying Organization of after-school activities(the parents think their kids are going for after-school activities but on the announcements they say this club is not there today, forcing them to call their moms).	10/14/2016 2:40 PM
342	Advanced technology for learning More time to get from class to class The school lunch	10/14/2016 2:40 PM
343	Giving out less homework, making sure teachers help you when you need it, and to let six graders try out for more school sports.	10/14/2016 2:40 PM
344	Make subjects harder Make a little more advanced criteria for middle schoolers Don't put genis that just makes kids more stressed out	10/14/2016 2:40 PM
345	pushing students giving good advice encourage good emotions and health	10/14/2016 2:40 PM

## West Windsor-Plainsboro Regional School District: Student Survey Grades 6-8

346	I would want the district strategic goal for the next three years is to focus on problem solving, learning the curriculum in a fun way and to focus on the child's internal growth.	10/14/2016 2:39 PM
347	Win more awards	10/14/2016 2:39 PM
348	1. Math 2. I would like to make more of a communication arts elective more important like how All the instrument players and the singer in our chorus get to have a concert I think that communication arts should be open for all ages and having something to present for our peers . It also helps with confidence I think Grover middle school is a safe school and a nice school to get educated at .	10/14/2016 2:39 PM
349	the class times, the where everything is, and when A days and B days are.	10/14/2016 2:39 PM
350	Language Arts-Grammar, ability to read and write Real life Math-Math problems you'll have to encounter in life Public Speaking-Knowing how to speak in public and have an approachable personality	10/14/2016 2:39 PM

352	Seats unattached to the table Some toilets do not have flush more time between classes	10/14/2016 2:39 PM
353	1.Keeping every one safe and no to get bullied 2.charities 3. everyone treated equally at the school	10/14/2016 2:39 PM
354	variety in team classes Changing the AB day system Resources in school	10/14/2016 2:38 PM
355	-Focus on adding more languages to the program -Focus on more writing units in IRLA -Explaining math more thoroughly	10/14/2016 2:38 PM
356	Making classes more fun, allowing students to have more freedom and not talking too much in class	10/14/2016 2:38 PM
357	studying and sport/activities	10/14/2016 2:38 PM
358	Less work or if possible none More recess Less school hours	10/14/2016 2:38 PM
359	Dont know	10/14/2016 2:38 PM
360	I would try to do less practice one standardized testing, and I would drop the Chromebook idea and have computers in each classroom	10/14/2016 2:38 PM
361	I don't know.	10/14/2016 2:38 PM
362	If I were setting the district's strategic goals for the next three to five years, I would want the district to focus on, more electives and sport options for the 6th graders.	10/14/2016 2:37 PM
363	To have more lunch time, To get more time to switch to off team classes, and to give students more time to do their homework in school.	10/14/2016 2:37 PM
364	-Make assignments less electronic based so we still are used to using our pencil and paper -Make students go outside more and have fun - Make learning more innovative	10/14/2016 2:37 PM
365	sports, work test	10/14/2016 2:37 PM
366	IDK	10/14/2016 2:37 PM
367	More class choices More fundraisers for donations More clubs	10/14/2016 2:37 PM
368	IRLA, Math, and Life Skills	10/14/2016 2:37 PM
369	1) make sure the students are not stressed out about school 2) make sure the students are not rushing between classes 3) make sure the students don't have a lot of tests in one section of time by checking the other teachers schedule.	10/14/2016 2:37 PM

562	technology maintenance of school property	10/14/2016 11:21 AM
563	-Variety -Freedom -Fun	10/14/2016 11:19 AM
564	1. Freedom of what people want to do 2. Not torturing students with boring, harsh activities (like running in the mud first thing in the morning) 3. Creativity and logicity of the mind	10/14/2016 11:18 AM
565	1. Increasing the difficult of eighth grade IRLA classes, which are now based on very liberal ideas (ie: analyzing rap songs for 'life changing, deep, heart-wrenching messages', analyzing memoirs on how all mistakes are okay and can be fixed). 2. Emphasizing the idea of effort (ie: harder, better, faster gym classes). 3. Actually enforcing learning. Students can slack as much as they want and the teachers do not notice. This is seen by reviewing the district PARCC scores and seeing that students are simply not bothering to put in effort in their learning and academic performance(s).	10/14/2016 11:18 AM
566	1. High school students should get a computer of their own (given by the district), since they 10x as much work than 6th, 7th or 8th graders. 2. We should be able to use our personal device, instead of having to go outside the school to use it. 3. Educational games should be unblocked.	10/14/2016 11:18 AM

569	Better classes Better food	10/14/2016 11:17 AM
570	There should be room temperature drinks at lunch, not just ones that are freezIng. Make lunch better and not as into the day... 12 is good. Not any later please. Finally, better schedules. It is so bad having gym right after lunch. Actually, it's bad to have gym any period right now. Gym 1st period is extremely cold, gym 2nd period is okay but still just not good cause it's still cold, and gym 7th period is right after lunch so it's so easy to get cramps or stomach aches. Also, flex in the middle of the day isn't the best.	10/14/2016 11:16 AM
571	Slow down a bit so that te students can understand the topic better.	10/14/2016 11:16 AM

580	1. Regulatting technology use among students 2. Maintaining balance with different courses 3. Giving students a balance of homework	10/14/2016 11:14 AM
581	Rather than stressing kids out about tests and test scores, stress the fact that learning the topic is more important because at this point most students are simply doing whatever it takes to get a good grade rather than trying to actually understand what is being taught.	10/14/2016 11:13 AM

629	studying more trying harder not stressing as much	10/14/2016 11:06 AM
630	Start school later. Have no homework but add another hour to the school time. Give extra help to people who need it.	10/14/2016 10:23 AM
631	Making IRLA easier, making math easier, and making off team clases a little more important	10/14/2016 10:23 AM
632	Maybe more on academics than electives.	10/14/2016 10:22 AM
633	science math and english	10/14/2016 10:21 AM
634	Grades should not be focused on because it creates an environment where students don't want to learn and are jsut doing things for the sake of avoiding confrontation with parents and stress that you put on your self. Math should not be as stressful there should be reviews at least before tests.	10/14/2016 10:19 AM
635	take out ALL TEST, Shorter Day, Longer Lunch	10/14/2016 10:19 AM
636	Making sure the kids learn in a friendly and encouraging environment Have more diverse and active clubs- One club that I joined, I quit after 3 meets because everyone would end up on their phones or their chromebook instead of doing the actual activities More projects that are up to date with the real world	10/14/2016 10:19 AM
637	Teaching teachers how technology can be used, more technology, more focus on reading and making reading fun	10/14/2016 10:18 AM

655	Students getting more sleep Expanding flex time more freedom	10/14/2016 10:05 AM
656	Computer class/cycle and other small classes should have more resources for the teachers, The School should find ways to make the school start time for middle school later, And the cycle classes should have more time.	10/14/2016 10:03 AM

## West Windsor-Plainsboro Regional School District: Student Survey Grades 6-8

657	we should have more time in classes , more time to go to locker and more table to site in lunch room.	10/14/2016 10:01 AM
658	Rethinking how they teach so that it is more efficient, and all the stuff i sald for question 30	10/14/2016 10:01 AM
659	- Lunch Food - Technology - Spend On Clubs	10/14/2016 10:00 AM
660	- making a couple more no homework days - making at least one religious holiday off for each religion for example for Muslims you could make Eid-Ul-Adha off - and last but not least I would focus on making kids understand it is not okay to make fun of others	10/14/2016 10:00 AM
661	The food in cafeteria should be more yummiar. The system out-side the school is not prepared such as the basketball courts are not enough Let the students to do there own way	10/14/2016 9:59 AM
662	1. Adding more Honors classes like an Honors IRLA or Honors Science or bringing back the Gifted and Talented Program. 2. Use wind/sun energy to power the schools and offices in the district. 3. Have teachers use less paper and save trees.	10/14/2016 9:59 AM
663	We need to improve the lesson sign out system, a pleasant smelling restroom and nothing else.	10/14/2016 9:58 AM
664	I would encourage students to do what they want, and be less stressful on them and give less homework, unllke anyone at my school does. And i would make sure they actually have a non-stressful school year.	10/14/2016 9:58 AM
665	1. Architecture 2. Medical 3. Engineering	10/14/2016 9:58 AM
666	1. Better anti-bulling rules 2. More sports 3. Noise control on buses!!!!	10/14/2016 9:58 AM
667	Making the schdol more bright and look more welcoming and appealing inside Give students a minute extra to get to class because 3 minutes isn't really enough And a broader range of food at lunch. Also the things i stated in the previous question (unblocking hangouts and music, and sexist dress codes)	10/14/2016 9:57 AM
668	Starling School at 8:30 A half hour recess and a half hour lunch More vegetarian food choices	10/14/2016 9:56 AM
669	I would focus on behavior, health, and lastly technology.	10/14/2016 9:56 AM

851	Improving our situation with the chromebooks and blocking, using different methods of teaching because some current ones are confusing, and just making schedule more convenient.	10/14/2016 9:24 AM
852	Is the BOE seeing this? Good. Because making students' curriculum equal by keeping some kids from achieving their full potential is wrong. I would expand the district's gifted programs as well as improve the quality of other courses. Yes, I agree that math is not the only important subject, but just eliminating programs doesn't help anyone. It only satisfies the egos of a few people because they don't like thinking that there are kids better at certain academics than their kids. The stress issue is real, but has anyone actually talked to A+E kids about coping with stress? Also, chromebooks do more bad than good. They are a huge waste of money that the district could use to help actually advance educational programs.	10/14/2016 9:24 AM

895	I would want the district to focus on the Chromebook freedom. For example, whenever the teacher assigns us to watch a video on YouTube, we have to go home and do it or we may not be able to do it at all because our parents or others are using the other electronic devices. Another area the district can focus on is the variety of sports and after school activities 6th graders can do after school. For example, 6th graders can only do track and field, we do not get to do any other sports like soccer or field hockey. The last thing I would want the district to focus on is not only focusing on math and science but also include language arts/literature and social studies. For example, there is A&E math and Science Olympiad, but there isn't anything for kids who's strong points are in language arts/literature and social studies.	10/11/2016 5:15 AM

925	Improving group work and communication between the whole grade (students and teachers and other staff) finding a way to get more out of the school day, and less hw	10/10/2016 4:06 PM
926	Academic goals, maybe help the classes to be more advanced so we can learn more. Also, some academic programs have been canceled such as CML, and a few years of A&E math, which is really unfair to the younger students since they don't get all the opportunities older students got when they were that age. It's weird, how education is decreasing over the years, when it should be getting better now we have all this great technology and tools to use. I still don't understand the reason to get rid of these since they are optional and not everyone has to do it. We should also add some similar classes for IRLA, Science, and Social Studies since they are just as important as math, if not more. Bathrooms and lockers, I really think we need to get better bathrooms and lockers. The lockers are very small, jam a lot, and hard to open (there's no handle!). Though otherwise, I like having my own locker at school. It's like having your own personalized mini room at school (could use some more space). Bathrooms are OK, but based on how people said Community bathrooms were much better than Grover bathrooms, I'd hate to see Grover's bathrooms. There's also a lot of inappropriate graffiti on the stall walls. Technology, I think the school's technology is great! I love having the advantages that chromebooks give us for school, but I think that we also shouldn't live our entire school year virtually. Chromebooks do make it easier to learn and do work, for example, now it's really easy to edit writing and access HW, but they do have some downsides. Using the computer too much is bad for a student's health, and makes it harder for them when we need to actually do something for real. For example, I'm so used to using the undo button when typing, that when I make a mistake in real life, the first thing I think is "undo". Then I realize you can't undo real life, and it makes me mad at myself. Kids should also live a real life while they can, since when they grow up to be adults, they'll spend most of their time on the computer, and never have much of a life in the real world. Like, now that I'm done with this awfully long survey, I can now do my HW next to a nice open window to the outdoors.	10/10/2016 4:02 PM
