October 2017

Dear Maurice Hawk Students and Family,

We are excited to announce that we will be expanding our Maurice Hawk Green Team to include students in first through third grade.

As members of the Green Team, students will get first-hand experience developing, administering, and informing others about Maurice Hawk's energy conservation strategies.

Through this opportunity, we aim to teach students that they can make a difference in their school and community while simultaneously empowering them to become the role models, leaders, and difference makers our society needs to flourish.

Responsibilities of Green Team members will include:

1. Strategizing how to most effectively educate members of our school about the importance of recycling and sustainability.
2. Taking practical steps to inform the members of our school of the recycling and sustainability program.
3. Monitoring and helping to administer the recycling and sustainability program within the classrooms and the cafeteria.
4. Discussing what students can do to become active citizens and leaders in our school and community.

If a student is interested in joining the Green Team, he or she should complete an application for admission that is available from their classroom teacher or http://www.west-windsor-plainsboro.k12.nj.us/schools/maurice_hawk_elementary/green_team

Student meetings will take place during lunch and recess during the school day. Though all interested students will be accepted, being a member of the Green Team takes commitment and hard work and may not be for everyone. But that's okay, there will be plenty more opportunities to help make a difference at Maurice Hawk.

The deadline for student applications will be Friday, October 27th.

Questions about the program can be emailed to Dr. Erin Falk at erin.falk@ww-p.org.

Building upon our tradition of excellence, the mission of the West Windsor-Plainsboro Regional School District is to empower all learners to thoughtfully contribute to a diverse and changing world with confidence, strength of character, and love of learning.

Return to MAURICE HAWK MAIN OFFICE by FRIDAY, OCTOBER 27th
